

IMPORTANT NOTICE

NOT FOR DISTRIBUTION IN OR INTO THE UNITED STATES EXCEPT TO QUALIFIED INSTITUTIONAL BUYERS (“QIBs”) AS DEFINED IN, AND IN COMPLIANCE WITH, RULE 144A UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE “SECURITIES ACT”) OR OTHERWISE THAN TO PERSONS TO WHOM IT CAN LAWFULLY BE DISTRIBUTED.

IMPORTANT: You must read the following disclaimer before continuing. The following disclaimer applies to the attached prospectus (the “Prospectus”). You are advised to read this disclaimer carefully before accessing, reading or making any other use of the attached Prospectus. In accessing the attached Prospectus, you agree to be bound by the following terms and conditions, including any modifications to them from time-to-time, each time you receive any information from us as a result of such access.

Confirmation of your Representation: You have accessed the attached Prospectus on the basis that you have confirmed your representation to the Issuer, the Kingdom and to the Joint Lead Managers (as defined in the attached Prospectus) that (1) you consent to delivery of the attached Prospectus and any amendments or supplements thereto by electronic transmission and agree to the terms set out herein, (2) either (A) you are a QIB (within the meaning of Rule 144A under the Securities Act) or (B) (i) you are outside the United States and, to the extent you purchase the securities described in the attached Prospectus, you will be doing so pursuant to Regulation S under the Securities Act, and (ii) the e-mail address to which the attached Prospectus has been delivered is not located in the United States of America (including the States and the District of Columbia), its territories, its possessions and other areas subject to its jurisdiction; and its possessions (including Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, Wake Island and the Northern Mariana Islands), (3) you will not transmit the attached Prospectus (or any copy of it or part thereof) or disclose, whether orally or in writing, any of its contents to any other person except with the consent of the Joint Lead Managers; and (4) you acknowledge that you will make your own assessment regarding any legal, taxation or other economic conditions with respect to your decision to subscribe for or purchase any of the securities.

The attached Prospectus has been made available to you in electronic format. You are reminded that documents transmitted in an electronic format may be altered or changed during the process of transmission and consequently none of the Issuer, the Kingdom, the Joint Lead Managers and their respective affiliates, directors, officers, employees, representatives and agents or any other person controlling the Issuer, the Kingdom, the Joint Lead Managers or any of their respective affiliates accept any liability or responsibility whatsoever in respect of any discrepancies between the document distributed to you in electronic format and the hard-copy version.

Restrictions: The attached Prospectus is being furnished in connection with an offering exempt from registration under the Securities Act. Nothing in this electronic transmission constitutes an offer of securities for sale in the United States.

ANY SECURITIES TO BE ISSUED HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE SECURITIES ACT, OR THE SECURITIES LAWS OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES AND MAY NOT BE OFFERED OR SOLD IN THE UNITED STATES UNLESS REGISTERED UNDER THE SECURITIES ACT OR PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, SUCH REGISTRATION. YOU ARE NOT AUTHORISED TO AND YOU MAY NOT FORWARD OR DELIVER THE ATTACHED PROSPECTUS, ELECTRONICALLY OR OTHERWISE, TO ANY OTHER PERSON OR REPRODUCE SUCH PROSPECTUS IN ANY MANNER WHATSOEVER. ANY FORWARDING, DISTRIBUTION OR REPRODUCTION OF THE ATTACHED PROSPECTUS IN WHOLE OR IN PART IS UNAUTHORISED.

FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS.

Under no circumstances shall this Prospectus constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of these Securities in any jurisdiction in which such offer, solicitation or sale would be unlawful.

The attached Prospectus is not being distributed to, and must not be passed on to, the general public in the UK. Rather, the communication of the attached Prospectus as a financial promotion is only being made to those persons falling within Article 12, Article 19(5) or Article 49 of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005, or to other persons to whom the attached Prospectus may otherwise be distributed without contravention of section 21 of the Financial Services and Markets Act 2000. This communication is being directed only at persons having professional experience in matters relating to investments and any investment or investment activity to which this communication relates will be engaged in only with such persons. No other person should rely on it.

The materials relating to the offering do not constitute, and may not be used in connection with, an offer or solicitation in any place where offers or solicitations are not permitted by law. No action has been or will be taken in any jurisdiction by the Joint Lead Managers, the Issuer or the Kingdom that would or is intended to, permit a public offering of the securities, or possession or distribution of the Prospectus or any other offering or publicity material relating to the securities, in any country or jurisdiction where action for that purpose is required. If a jurisdiction requires that the offering be made by a licensed broker or dealer and the Joint Lead Managers or any affiliate of the Joint Lead Managers is a licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by the Joint Lead Managers or such affiliate on behalf of the Issuer and the Kingdom in such jurisdiction.

You are reminded that the attached Prospectus has been delivered to you on the basis that you are a person into whose possession this Prospectus may be lawfully delivered in accordance with the laws of the jurisdiction in which you are located and you may not nor are you authorised to deliver this document, electronically or otherwise, to any other person. If you receive this document by e-mail, you should not reply by e-mail to this announcement. Any reply e-mail communications, including those you generate by using the “Reply” function on your e-mail software, will be ignored or rejected. If you receive this document by e-mail, your use of this email is at your own risk and it is your responsibility to take precautions to ensure that it is free from viruses and other items of a destructive nature.

THE KINGDOM OF BAHRAIN
acting through the Ministry of Finance

CBB INTERNATIONAL SUKUK COMPANY 6 S.P.C.

*(a single person company incorporated in the Kingdom of Bahrain
with limited liability whose proprietor is the Central Bank of Bahrain)*

U.S.\$850,000,000 TRUST CERTIFICATES DUE 20 MARCH 2025

Issue Price: 100%

The U.S.\$850,000,000 trust certificates due 20 March 2025 (the “**Certificates**”) of CBB International Sukuk Company 6 S.P.C. (in its capacity as trustee for and on behalf of the Certificateholders (as defined herein), the “**Trustee**”, as agent for and on behalf of the Certificateholders, the Sukuk Agent and as issuer of the Certificates, the **Issuer** (which expression shall be construed as including reference to Trustee and/or Sukuk Agent as the context requires) will be held on trust (the “**Trust**”) pursuant to a declaration of trust (the “**Declaration of Trust**”) dated on or about 20 September 2017 among the Issuer, the Kingdom of Bahrain acting through the Ministry of Finance (the “**Kingdom**”, or in its capacity as head lessor, the “**Head Lessor**”, or in its capacity as sub-lessee, the “**Sub-Lessee**”, or in its capacity as purchaser, the “**Purchaser**”) and The Law Debenture Trust Corporation p.l.c. (the “**Delegate**”). Pursuant to the Declaration of Trust, the Issuer will declare that it will hold the Trust Assets (as defined herein) upon trust absolutely for the holders of the Certificates (the “**Certificateholder**”) *pro rata* according to the face amount of Certificates held by each Certificateholder in accordance with the Declaration of Trust and the terms and conditions of the Certificates (the “**Conditions**”).

On 20 March and 20 September in each year, commencing on 20 March 2018 (each, a “**Periodic Distribution Date**”), the Issuer will pay Periodic Distribution Amounts (as defined herein) to Certificateholders calculated at the rate of 5.25% per annum on the outstanding face amount of the Certificates as at the beginning of the relevant Return Accumulation Period (as defined herein) on a 30/360 day basis.

The Issuer will pay such Periodic Distribution Amounts solely from the proceeds received in respect of the Trust Assets which include Rentals (as defined herein) by the Sub-Lessee under the Ijara Sub-Lease Agreement (as defined herein). Unless previously redeemed in the circumstances described in Condition 9.2, the Certificates will be redeemed on 20 March 2025 (the “**Scheduled Dissolution Date**”) at the Dissolution Distribution Amount (as defined herein). The Issuer will pay Dissolution Distribution Amounts solely from the proceeds received in respect of the Trust Assets which include payments by the Kingdom (acting in the relevant capacity) under the Ijara Head Lease Agreement and the Murabaha Agreement (as defined herein).

The Certificates are limited recourse obligations of the Issuer. An investment in the Certificates involves certain risks. For a discussion of these risks, see “Risk Factors”.

Except as set forth herein, all payments by each of the Issuer in respect of the Certificates and the Kingdom under the Transaction Documents will be made without any deduction or withholding for or on account of taxes of the Kingdom of Bahrain (“**Bahrain**”) or any political subdivision thereof or any authority therein or thereof having power to tax.

This Prospectus (this “**Prospectus**”) has been approved by the Central Bank of Ireland (the “**Central Bank**”) as competent authority under Directive 2003/71/EC, as amended including by Directive 2010/73/EU (the “**Prospectus Directive**”). The Central Bank only approves this Prospectus as meeting the requirements imposed under Irish and European Union (the “**EU**”) law pursuant to the Prospectus Directive. Application has been made to the Irish Stock Exchange plc for the Certificates to be admitted to the official list (the “**Official List**”) and to trading on the Irish Stock Exchange plc’s regulated market (the “**Main Securities Market**”). The Main Securities Market is a regulated market for the purposes of the Markets in Financial Instruments Directive (Directive 2004/39/EC). References in this Prospectus to Certificates being “**listed**” (and all related references) shall mean that such Certificates have been admitted to the Official List and have been admitted to trading on the Main Securities Market.

The Certificates have not been and will not be registered under the Securities Act or with any securities regulatory authority of any State or other jurisdiction of the United States and may not be offered, sold or delivered within the United States or to, or for the account or benefit of U.S. persons (as defined in Regulation S (“**Regulation S**”) under the U.S. Securities Act of 1933, as amended (the “**Securities Act**”)) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. Accordingly, the Certificates are being offered, sold or delivered: (a) in the United States only to persons reasonably believed to be qualified institutional buyers (“**QIBs**”) (as defined in Rule 144A (“**Rule 144A**”) under the Securities Act) in reliance on, and in compliance with, Rule 144A (the “**Rule 144A Certificates**”); and (b) to non U.S. persons in offshore transactions in reliance on Regulation S (the “**Regulation S Certificates**”). Each purchaser of the Certificates will be deemed to have made the representations described in “*Subscription and Sale*” and “*Transfer Restrictions*” and is hereby notified that the offer and sale of Certificates to it, if in the United States, is being made in reliance on the exemption from the registration requirements of the Securities Act provided by Rule 144A. In addition, until 40 days after the commencement of the offering, an offer or sale of any of the Certificates within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if the offer or sale is made otherwise than in accordance with Rule 144A. The Certificates are not transferable except in accordance with the restrictions described under “*Subscription and Sale*” and “*Transfer Restrictions*”.

On 2 June 2017, Standard & Poor’s Credit Market Services Europe Limited (“**Standard & Poor’s**”) rated Bahrain’s long-term foreign currency sovereign debt as BB- (Negative Outlook). On 12 June 2017, Fitch Ratings Ltd. (“**Fitch**”) rated Bahrain’s long-term foreign currency sovereign debt and local currency as BB+ (Negative Outlook). Each of Standard & Poor’s and Fitch is established in the EU, included in the list of credit rating agencies published by the European Securities and Markets Authority (“**ESMA**”) on its website (at <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with Regulation (EC) No 1060/2009 (as amended) (the “**CRA Regulation**”) and registered under the CRA Regulation. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

The Certificates will be offered and sold in denominations of U.S.\$200,000 and integral multiples of U.S.\$1,000 in excess thereof. The Regulation S Certificates will initially be represented by interests in a global unrestricted certificate in registered form (the “**Regulation S Global Certificate**”), without interest coupons, which will be deposited with a common depository for, and registered in the name of a nominee of, Euroclear Bank SA/NV (“**Euroclear**”) and Clearstream Banking S.A. (“**Clearstream, Luxembourg**”) on 20 September 2017 (the “**Issue Date**”). Beneficial interests in the Regulation S Global Certificates will be shown on, and transfers thereof will be effected only through, records maintained by Euroclear or Clearstream, Luxembourg. The Rule 144A Certificates will initially be represented by one or more global restricted certificates in registered form (the “**Rule 144A Global Certificate**”) and, together with the Regulation S Global Certificate, the “**Global Certificates**”), without interest coupons, which will be deposited with a custodian for, and registered in the name of a nominee of, The Depository Trust Company (“**DTC**”) on the Issue Date. Beneficial interests in the Rule 144A Global Certificates will be shown on, and transfers thereof will be effected only through, records maintained by DTC and its participants. See “*Clearing and Settlement*”. Individual definitive certificates in registered form (“**Individual Certificates**”) will only be available in certain limited circumstances as described herein.

Joint Lead Managers

BNP PARIBAS

CITIGROUP

GULF INTERNATIONAL BANK

J.P. MORGAN

**NATIONAL BANK OF
BAHRAIN**

The date of this Prospectus is 18 September 2017.

IMPORTANT NOTICES

This Prospectus comprises a prospectus for the purposes of Article 5 of the Prospectus Directive and for the purpose of giving information with regard to the Issuer, the Kingdom and the Certificates.

Each of the Issuer and the Kingdom accepts responsibility for the information contained in this Prospectus. To the best of the knowledge and belief of each of the Issuer and the Kingdom (having taken all reasonable care to ensure that such is the case) the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import and completeness of such information. None of the sources and websites referred to in this Prospectus form part of this Prospectus.

This Prospectus includes a map of Bahrain, statistical data and macroeconomic information regarding Bahrain for the periods indicated (comprising information on unemployment levels, the national income, the real Gross Domestic Product (“GDP”), the consumer price index (“CPI”) and inflation, price levels, average monthly wage rates, foreign direct investment levels, the balance of payments, the crude oil and oil refining industries, the banking industry, foreign reserves, the budget, domestic liquidity, Bahrain Bourse (BHB) (the “**Bahrain Bourse**”) transactions and the equity holdings of the Government of Bahrain (the “**Government**”) in local and foreign companies) and information regarding clearing and settlement of the Certificates under the following headings, “*Overview of The Kingdom of Bahrain*”, “*Balance of Payments and Foreign Trade*”, “*Monetary and Financial System*”, “*Public Finance*”, “*Indebtedness*” and “*Clearing and Settlement*”. This information has been extracted from information provided by:

- (i) the International Monetary Fund (in the case of “*Economy of The Kingdom of Bahrain*” and “*Monetary and Financial System*”);
- (ii) the Ministry of Finance (in the case of “*Economy of The Kingdom of Bahrain*”, “*Public Finance*” and “*Indebtedness*”);
- (iii) the Central Informatics Organisation (in the case of “*Economy of The Kingdom of Bahrain*” and “*Balance of Payments and Foreign Trade*”);
- (iv) the Central Bank of Bahrain (in the case of “*Economy of The Kingdom of Bahrain*”, “*Balance of Payments and Foreign Trade*” and “*Monetary and Financial System*”);
- (v) the General Organisation for Social Insurance and Civil Service Bureau (in the case of the “*Economy of The Kingdom of Bahrain*”);
- (vi) the National Oil and Gas Authority (in the case of “*Economy of The Kingdom of Bahrain*” and “*Balance of Payments and Foreign Trade*” and “*Public Finance*”);
- (vii) the Bahrain Bourse (in the case of “*Monetary and Financial System*”);
- (viii) the Ministry of Industry, Commerce and Tourism (in case of “*Economy of The Kingdom of Bahrain*”);
- (ix) the Nationality, Passports and Residences Affairs (in case of “*Economy of The Kingdom of Bahrain*”);
- (x) Bahrain Mumtalakat Holding Company B.S.C.(c) (in the case of “*Economy of The Kingdom of Bahrain*” and “*Public Finance*”);
- (xi) the Oil and Gas Holding Company B.S.C.(c) (in the case of “*Economy of The Kingdom of Bahrain*” and “*Public Finance*”);
- (xii) the Telecommunications Regulatory Authority (in case of “*Economy of The Kingdom of Bahrain*”);
- (xiii) the Survey & Land Registration Bureau (in the case of “*Overview of The Kingdom of Bahrain*”); and
- (xiv) DTC, Euroclear and Clearstream, Luxembourg (in the case of “*Clearing and Settlement*”).

Each of the Issuer and the Kingdom confirms that such information has been accurately reproduced and that, so far as it is aware, and is able to ascertain from information published by each of the relevant sources, no facts have been omitted which would render the reproduced information inaccurate or misleading.

None of the Joint Lead Managers (as such term is defined in “*Subscription and Sale*”), the Delegate, the Co-Sukuk Agent or the Agents (as defined herein) have independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by any of the Joint Lead Managers, the Delegate, the Co-Sukuk Agent or the Agents as to the accuracy or completeness of the information contained in this Prospectus or any other information provided by the Issuer or the Kingdom in connection with the Certificates. None of the Joint Lead Managers, the Delegate, the Co-Sukuk Agent or the Agents accept any liability in relation to the information contained in this Prospectus or any other information provided by the Issuer or the Kingdom in connection with the Certificates.

No person is or has been authorised by the Issuer or the Kingdom to give any information or to make any representation not contained in or not consistent with this Prospectus or any other information supplied in connection with the Certificates and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Kingdom, any of the Joint Lead Managers, the Delegate, the Co-Sukuk Agent or the Agents.

Neither this Prospectus nor any other information supplied in connection with the Certificates (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation by the Issuer, the Kingdom, any of the Joint Lead Managers, the Delegate, the Co-Sukuk Agent or the Agents that any recipient of this Prospectus or any other information supplied in connection with the Certificates should purchase any Certificates. Each investor contemplating purchasing any Certificates should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer and the Kingdom. Neither this Prospectus nor any other information supplied in connection with the issue of any Certificates constitutes an offer or invitation by or on behalf of the Issuer, the Kingdom or any of the Joint Lead Managers, the Delegate, the Co-Sukuk Agent or the Agents to any person to subscribe for or to purchase any Certificates.

Neither the delivery of this Prospectus nor the offering, sale or delivery of the Certificates shall in any circumstances imply that the information contained herein concerning the Issuer or the Kingdom is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Certificates is correct as of any time subsequent to the date indicated in the document containing the same. Each of the Joint Lead Managers, the Delegate, the Co-Sukuk Agent and the Agents expressly do not undertake to review the economic condition or affairs of the Issuer or the Kingdom during the life of the Certificates or to advise any investor in the Certificates of any information coming to their attention.

EACH PROSPECTIVE INVESTOR IS ADVISED TO CONSULT ITS TAX ADVISER, LEGAL ADVISER, BUSINESS ADVISER AND SHARI'A ADVISER AS TO TAX, LEGAL, BUSINESS, SHARI'A AND RELATED MATTERS CONCERNING THE PURCHASE OF THE CERTIFICATES.

The Certificates may not be a suitable investment for all investors. Each potential investor in the Certificates must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the Certificates, the merits and risks of investing in the Certificates and the information contained in this Prospectus or any applicable supplement;
- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Certificates and the impact the Certificates will have on its overall investment portfolio;
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Certificates, including where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understands thoroughly the terms of the Certificates; and
- (v) is able to evaluate possible scenarios for economic and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Certificates are legal investments for it, (ii) Certificates can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Certificates. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Certificates under any applicable risk-based capital or similar rules.

This Prospectus does not constitute an offer to sell or the solicitation of an offer to buy the Certificates in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Prospectus and the offer or sale of the Certificates may be restricted by law in certain jurisdictions. None of the Issuer, the Kingdom, the Joint Lead Managers, the Delegate, the Co-Sukuk Agent or the Agents represent that this Prospectus may be lawfully distributed, or that the Certificates may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Kingdom, the Joint Lead Managers, the Delegate, the Co-Sukuk Agent or the Agents which is intended to permit a public offering of the Certificates or distribution of this Prospectus in any jurisdiction where action for that purpose is required. Accordingly, the Certificates may not be offered or sold, directly or indirectly, and neither this Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Prospectus or the Certificates may come must inform themselves about, and observe, any such restrictions on the distribution of this Prospectus and the offering and sale of the Certificates. In particular, there are restrictions on the distribution of this Prospectus and the offer or sale of the Certificates in the United States, the European Economic Area (including the United Kingdom), the United Arab Emirates (excluding the Dubai International Financial Centre), the Dubai International Financial Centre, Singapore, Hong Kong, Malaysia, Bahrain and the Kingdom of Saudi Arabia. See “*Subscription and Sale*” and “*Transfer Restrictions*”.

The Shari’a Supervisory Committee of BNP Paribas, the Shariah Advisory Board of Citi Islamic Investment Bank E.C and Sheikh Dr. Mohamed Ali Elgari, Sheikh Nizam Yaquby and Sheikh Dr. Walid ibn Hady, the Shari’a advisors of J.P. Morgan Securities plc have approved that the Certificates are Shari’a-compliant. However, there can be no assurance that the transaction structure or the issue and trading of the Certificates will be deemed to be Shari’a-compliant by any other Shari’a board or Shari’a scholar. None of the Issuer, the Kingdom, the Joint Lead Managers, the Delegate, the Co-Sukuk Agent or the Agent makes any representation as to the Shari’a compliance of the Certificates and potential investors are reminded that, as with any Shari’a views, differences in opinion are possible. Potential investors should obtain their own independent Shari’a advice as to the compliance of the structure and the issue and trading of the Certificates with Shari’a principles.

In making an investment decision, investors must rely on their own examination of the Issuer, the Kingdom and the terms of the Certificates being offered, including the merits and risks involved. The Certificates have not been approved or disapproved by the U.S. Securities and Exchange Commission or any other securities commission or other regulatory authority in the United States, nor have the foregoing authorities passed upon or endorsed the merits of the offering of the Certificates or approved this Prospectus or confirmed the accuracy or determined the adequacy of the information contained in this Prospectus. Any representation to the contrary is a criminal offence in the United States.

None of the Joint Lead Managers, the Delegate, the Co-Sukuk Agent, the Agent, the Issuer or the Kingdom makes any representation to any investor in the Certificates regarding the legality of its investment under any applicable laws. Any investor in the Certificates should be able to bear the economic risk of an investment in the Certificates for an indefinite period of time. Each investor should consult with its own advisers as to the legal, tax, business, financial and related aspects of the purchase of the Certificates.

Prospective purchasers must comply with all laws that apply to them in any place in which they buy, offer or sell the Certificates or possess this Prospectus. Any consents or approvals that are needed in order to purchase the Certificates must be obtained prior to the deadline specified for any such consent or approval. None of the Issuer, the Joint Lead Managers, the Delegate, the Co-Sukuk Agent or the Agents are responsible for compliance with these legal requirements.

STABILISATION

In connection with the issue of the Certificates, Citigroup Global Markets Limited (the “**Stabilising Manager**”) (or any person acting on behalf of the Stabilising Manager) may over-allot the Certificates or effect transactions with a view to supporting the market price of the Certificates at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on the Issue Date and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the Certificates and 60 days after the date of the allotment of the Certificates. Any stabilisation action or over-allotment must be conducted by the Stabilising Manager (or any person acting on behalf of the Stabilising Manager) in accordance with all applicable laws and rules.

U.S. INFORMATION

This Prospectus is being submitted on a confidential basis in the United States to a limited number of QIBs for informational use solely in connection with the consideration of the purchase of Certificates. Its use for any other purpose

in the United States is not authorised. It may not be copied or reproduced in whole or in part nor may it be distributed nor any of its contents disclosed to anyone other than the prospective investors to whom it is originally submitted.

Certificates may be offered or sold within the United States or to or for the account of U.S. persons only to QIBs in transactions exempt from registration under the Securities Act in reliance on Rule 144A or any other applicable exemption. Each U.S. purchaser of Certificates is hereby notified that the offer and sale of Certificates to it may be being made in reliance upon the exemption from the registration requirements of Section 5 of the Securities Act provided by Rule 144A.

Each purchaser or holder of Rule 144A Certificates will be deemed, by its acceptance or purchase of such Rule 144A Certificates, to have made certain representations and agreements intended to restrict the resale or other transfer of such Rule 144A Certificates as set out in “*Subscription and Sale*” and “*Transfer Restrictions*”.

For a description of certain further restrictions on offers and sales of Certificates and distribution of this Prospectus, see “*Subscription and Sale*” and “*Transfer Restrictions*”.

VOLCKER RULE

The Issuer is not, and solely after giving effect to any offering and sale of the Certificates and the application of the proceeds thereof will not be, a “covered fund” for purposes of regulations adopted under Section 13 of the Bank Holding Company Act of 1956, as amended (commonly known as the Volcker Rule). In reaching this conclusion, although other statutory or regulatory exclusions and/or exemptions under the Investment Company Act of 1940, as amended (the “**Investment Company Act**”) and under the Volcker Rule and its related regulations may be available, the Issuer has relied on the determinations that (i) the Issuer would satisfy all of the elements of the exemption from registration under the Investment Company Act provided by Rule 3a-5 of the Investment Company Act, and, accordingly, (ii) the Issuer may rely on the exemption from the definition of a “covered fund” under the Volcker Rule made available to entities that do not rely solely on Section 3(c)(1) or Section 3(c)(7) of the Investment Company Act for their exclusion and/or exemption from registration under the Investment Company Act. Each investor is responsible for analysing its own position under the Volcker Rule.

SERVICE OF PROCESS AND ENFORCEMENT OF CIVIL LIABILITIES

Bahrain is a foreign sovereign state outside the United States and the United Kingdom, and a substantial portion of the assets of the Kingdom are located outside the United States and the United Kingdom. As a result, it may not be possible for investors to effect service of process within the United States and/or the United Kingdom upon the Kingdom or to enforce against it in the United States courts or courts located in the United Kingdom judgments obtained in United States courts or courts located in the United Kingdom, respectively, including judgments predicated upon the civil liability provisions of the securities laws of the United States or any state or territory within the United States.

A substantial part of the Kingdom’s assets are located in Bahrain. If the choice of law by the parties in relation to any applicable agreement relating to the transaction is English law, Bahrain’s courts are likely to apply English law as the governing law of the transaction at the request of a party, provided that (i) the relevant provisions of English law are proved, as a matter of evidence, by the parties relying on it; and (ii) such provisions are not contrary to Bahraini public order or morality.

The Kingdom, to the extent permitted by law and subject as set out below, has irrevocably and unconditionally waived and agreed not to raise with respect to the Certificates any right to claim sovereign or other immunity from jurisdiction or execution and any similar defence, and to the extent permitted by law, irrevocably and unconditionally consents to the giving of any relief or the issue of any process, including, without limitation, the making, enforcement or execution against any property or assets whatsoever of any order or judgment made or given in connection with any proceedings. The Kingdom’s waiver of sovereign immunity constitutes a limited and specific waiver for the purposes of the Certificates, and under no circumstances shall such waiver be interpreted as a general waiver by the Kingdom or a waiver of immunity in respect of: (a) property used by a diplomatic or consular mission of the Kingdom; (b) property of a military character and under the control of a military authority or defence agency of the Kingdom; or (c) property located in the Kingdom of Bahrain and dedicated to a public or governmental use (as distinct from property dedicated to a commercial use) by the Kingdom.

Investors should be aware that, pursuant to Article 251 of the Law of Civil and Commercial Procedure (Decree Law № (12) of 1971), state property may not be attached nor may execution be carried out against it, and in related proceeding brought in the courts of Bahrain to enforce or seek recognition of a judgment or award obtained outside of Bahrain, the waiver of immunity would not be given effect to the extent that it violates Article 251. See “*Risk Factors—Risks relating to the Certificates generally—Waiver of sovereign immunity*”.

The Kingdom has agreed that any dispute in relation to the Certificates may be referred to, and finally resolved by, arbitration in London, England under the London Court of International Arbitration Rules. However, before the arbitration tribunal has been constituted in respect of a claim asserted or brought by or against Certificateholder(s), such Certificateholder(s) may, by notice in writing to the Kingdom, require that the dispute be referred to the courts of England, which shall have non-exclusive jurisdiction to settle any such dispute. In these circumstances, each party has agreed to submit to the non-exclusive jurisdiction of the courts of England. Notwithstanding that a judgment may be obtained in an English court, there is no assurance that the Kingdom has or would at the relevant time have assets in the United Kingdom against which such a judgment could be enforced.

Bahrain has ratified the 1958 New York Convention on the Recognition and Enforcement of Foreign Arbitral Awards, and the party seeking to enforce the arbitration award must supply the duly authenticated original or a duly certified copy of the award and the original or a duly certified copy of the arbitration agreement. Enforcement of an arbitration award may be refused at the request of the party against whom it is invoked, if that party furnishes to the competent authority, where the recognition and enforcement is sought, proof that:

- (i) the party to the agreement was, under the law applicable to it, under some incapacity, or the said agreement is not valid under the law to which the parties have subjected to or failing any indication thereon under the laws of Bahrain; or
- (ii) the party against whom the award is invoked was not given proper notice of the appointment of the arbitrator or of the arbitration proceedings or was otherwise unable to present his case; or
- (iii) the award deals with a dispute not contemplated by or not falling within the terms of the submission to arbitration or it contains decisions on matters beyond the scope of the submission to arbitration. Provided that the decision on matters submitted to arbitration can be separated from those not so submitted, only that part of the award which contains decisions on matters not submitted to arbitration may be set aside; or
- (iv) the composition of the arbitral authority or the arbitral procedure was not in accordance with the agreement of the parties or, failing such agreement, was not in accordance with the laws of the country where the arbitration took place; or
- (v) the award has not yet become binding on the parties, or has been set aside or suspended by a competent authority of the country in which, or under the laws of which, that award was made.

Recognition and enforcement of an arbitral award may also be refused if the competent authority in Bahrain finds that the subject matter of the dispute is not capable of settlement by arbitration under the laws of Bahrain or the recognition or enforcement of the award would be contrary to the public policy of Bahrain.

There is limited reciprocity between Bahrain and other countries in relation to the recognition and enforcement of judgments. Bahrain's courts may enforce a foreign law judgment without re-examining the merits of the claim, provided that:

- (i) such court enforces judgments and orders rendered in Bahrain;
- (ii) the courts of Bahrain did not have jurisdiction in the matter in respect of which the order or judgment has been made and it was made by a foreign court of competent jurisdiction under the jurisdiction rules or laws applied by such court;
- (iii) the parties had been served with due notice to attend and had been properly represented;
- (iv) the judgment was final in accordance with the law of the court making it; and
- (v) the judgment did not conflict with any previous decision of the Bahrain courts and did not involve any conflict with public order or morality in Bahrain.

To date, there has been no reciprocity between England and Bahrain and the United States and Bahrain in relation to the recognition and enforcement of judgments. In order to enforce an English court judgment or a United States court judgment in the Bahrain courts, a fresh case must be filed in the Bahrain courts, which may accept the English court judgment or the United States court judgment as evidence of a debt.

Judicial precedents in Bahrain generally do not have binding effect on subsequent decisions except for decisions of the Constitutional Court. Although decisions rendered by the Court of Cassation do not have binding effect on lower courts,

the present practice is for the lower courts to adhere to the precedents and principles laid down by the Court of Cassation. There is no formal system of reporting court decisions in Bahrain except for those decisions of the Court of Cassation and the Constitutional Court.

In addition, no document will be admitted in evidence in the Bahrain courts unless they are submitted in Arabic or accompanied by a duly authenticated Arabic translation approved by the official translator of the courts of Bahrain, which will be the official text.

See “*Risk Factors—Risks relating to the Certificates generally—Enforcement risk*”.

NOTICE TO BAHRAIN RESIDENTS

The Central Bank of Bahrain (the “**CBB**”) and the Bahrain Bourse assume no responsibility for the accuracy and completeness of the statements and information contained in this Prospectus and expressly disclaim any liability whatsoever for any loss howsoever arising from reliance upon the whole or any part of the contents of this Prospectus. Each potential investor resident in Bahrain intending to subscribe for the Certificates (each, a “**potential investor**”) may be required to provide satisfactory evidence of identity and, if so required, the source of funds to purchase the Certificates within a reasonable time period determined by the Issuer, the Kingdom and the Joint Lead Managers. Pending the provision of such evidence, an application to subscribe for the Certificates will be postponed. If a potential investor fails to provide satisfactory evidence within the time specified, or if a potential investor provides evidence but none of the Issuer, the Kingdom or the Joint Lead Managers are satisfied therewith, its application to subscribe for Certificates may be rejected in which event any money received by way of application will be returned to the potential investor (without any additional amount added thereto and at the risk and expense of such potential investor). In respect of any potential investors, each of the Issuer and the Kingdom will comply with Bahrain’s Legislative Decree № (4) of 2001 with respect to the Prevention and Prohibition of the Laundering of Money and various Ministerial Orders issued thereunder including, but not limited to, Ministerial Order № (7) of 2001 with respect to Institutions’ Obligations Concerning the Prohibition and Combating of Money Laundering and Anti-Money Laundering and Combating of Financial Crime Module contained in the CBB Rulebook, Volume 6.

NOTICE TO KINGDOM OF SAUDI ARABIA RESIDENTS

This Prospectus may not be distributed in the Kingdom of Saudi Arabia (“**Saudi Arabia**”) except to such persons as are permitted under the Offers of Securities Regulations issued by the Capital Market Authority of the Kingdom of Saudi Arabia (the “**Capital Market Authority**”).

The Capital Market Authority does not make any representations as to the accuracy or completeness of this Prospectus, and expressly disclaims any liability whatsoever for any loss arising from, or incurred in reliance upon, any part of this Prospectus. Prospective purchasers of the Certificates should conduct their own due diligence on the accuracy of the information relating to the Certificates. If a prospective purchaser does not understand the contents of this Prospectus he or she should consult an authorised financial adviser.

NOTICE TO MALAYSIA RESIDENTS

The Certificates may not be offered for subscription or purchase and no invitation to subscribe for or purchase such Certificates in Malaysia may be made, directly or indirectly, and this Prospectus or any document or other materials in connection therewith may not be distributed in Malaysia other than to persons falling within any one of the categories of persons specified under Part 1 of Schedule 6 or Section 229(1)(b), Part 1 of Schedule 7 or Section 230(1)(b) and Schedule 8 or Section 257(3), read together with Schedule 9 or Section 257(3) of the Capital Market and Services Act 2007 of Malaysia. The Securities Commission of Malaysia shall not be liable for any non-disclosure on the part of the Issuer or the Kingdom and assumes no responsibility for the correctness of any statements made or opinions or reports expressed in this Prospectus.

CAUTIONARY STATEMENT REGARDING FORWARD LOOKING STATEMENTS

Some statements in this Prospectus may be deemed to be forward looking statements. Forward looking statements include statements concerning the Government’s plans, objectives, goals, strategies, future operations and performance and the assumptions underlying these forward looking statements. When used in this Prospectus, the words “anticipates”, “estimates”, “expects”, “believes”, “intends”, “plans”, “aims”, “seeks”, “may”, “will”, “should” and any similar expressions generally identify forward looking statements. These forward looking statements are contained in the sections entitled “*Risk Factors*”, “*Overview of The Kingdom of Bahrain*”, “*Economy of the Kingdom of Bahrain*”, “*Balance of*

Payments and Foreign Trade”, “*Monetary and Financial System*”, “*Public Finance*” and “*Indebtedness*” and other sections of this Prospectus. The Kingdom has based these forward looking statements on the Government’s current view with respect to future events and financial performance. Although the Government believes that the expectations, estimates and projections reflected in its forward looking statements are reasonable as of the date of this Prospectus, if one or more of the risks or uncertainties materialise, including those identified below or which have otherwise been identified in this Prospectus, or if any of the Government’s underlying assumptions prove to be incomplete or inaccurate, events relating to the Government and the Government’s actual results may be materially different from those expected, estimated or predicted.

The risks and uncertainties referred to above include, but are not limited to, the following:

External factors, such as:

- the impact of changes in the international prices of commodities, including in particular the prices of crude oil, natural gas and aluminium;
- global and regional conflicts, including recent developments involving the State of Qatar (“**Qatar**”);
- terrorism;
- interest rates in financial markets outside Bahrain;
- present and future exchange rates;
- investors’ perceptions of Bahrain;
- the impact of changes in the credit rating of Bahrain; and
- economic conditions in Bahrain’s major export markets.

Internal factors, such as:

- the volumes of crude oil, natural gas and aluminium exported from Bahrain;
- the impact of fiscal consolidation, diversification and removal of subsidies;
- domestic inflation;
- delays in projects and implementation of fiscal reform (including a failure to achieve estimated savings from subsidy reform);
- changes in political, social, legal or economic conditions in Bahrain;
- domestic terrorism and the domestic security situation;
- the level of foreign currency reserves;
- natural disasters; and
- the levels of foreign direct and portfolio investment.

Without limiting the generality of the foregoing, this Prospectus contains estimates of, and statements with respect to anticipated items of, public revenues and expenditures, and revenues and expenditures of Government-owned entities, for future periods. Any forward looking statements contained in this Prospectus speak only as at the date of this Prospectus. Without prejudice to any requirements under applicable laws and regulations, the Kingdom expressly disclaims any obligation or undertaking to disseminate after the date of this Prospectus any updates or revisions to any forward looking statements contained herein to reflect any change in expectations thereof or any change in events, conditions or circumstances on which any such forward looking statement is based.

Information included herein which is identified as being derived from information published by Bahrain or one of its agencies or instrumentalities is included herein on the authority of such publication as a public official document of

Bahrain. All other information herein with respect to Bahrain is included herein as a public official statement made on the authority of the Ministry of Finance of Bahrain.

CERTAIN DEFINED TERMS AND CONVENTIONS

Capitalised terms which are used but not defined in any particular section of this Prospectus will have the meaning attributed thereto in “*Terms and Conditions of the Certificates*” or any other section of this Prospectus.

Certain figures and percentages included in this Prospectus have been subject to rounding adjustments; accordingly figures shown in the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

See also “*Risk Factors—Risks relating to the Issuer—Reliability of statistical information*”.

The Certificates are development bonds for the purposes of Legislative Decree № (21) of 2017 on the Amendment of the Provisions of Legislative Decree № (15) of 1977 on the issuance of development bonds.

Exchange Rate Data

In this Prospectus, unless otherwise specified or the context otherwise requires, references to “\$”, “U.S.\$” and “U.S. Dollars” are to U.S. Dollars and references to “Bahraini Dinars” and “BD” are to the lawful currency for the time being of Bahrain.

This Prospectus contains a conversion of certain Bahraini Dinar amounts into Dollars at specified rates solely for the convenience of the reader. These conversions should not be construed as representations that the Bahraini Dinar amounts actually represent such Dollar amounts or could actually be converted into Dollars at the rate indicated.

The Bahraini Dinar has been pegged to the U.S. Dollar at a fixed exchange rate of BD 0.376 = U.S.\$1.00, and, unless otherwise indicated, U.S. Dollar amounts in this Prospectus have been converted from BD at this exchange rate.

References to a “billion” are to a thousand million.

Fiscal Data

Bahrain’s budget is prepared on a modified cash basis. This means that flows are recorded when cash is received or disbursed. Although non-monetary flows can be recorded, most accounting systems (including that used in Bahrain) using the modified cash basis do not record non-monetary flows because the focus is on cash management rather than resource flows. In addition, with respect to accruals, the time of recording may diverge significantly from the time of the economic activities and transactions to which they relate. For example, the interest paid on a zero-coupon bond would not be recorded until the bond matures, which could be many years after the expense was incurred. For this reason, together with the fact that a number of extra-budgetary transactions are only presented on a net basis, social security spending is sometimes recorded off-budget. Accordingly, actual Government funding and its aggregate subsidy bill may not be completely reflected in the budget, and off-budget expenses have a significant impact on the Government’s financial reserves. See “*Risk Factors—Risk factors relating to the Kingdom—Bahrain’s social spending is sometimes recorded off-budget, and Bahrain’s fiscal deficit and debt ratio may not be fully reflective of all of the Government’s obligations*” and “*Public Finance*”.

OVERVIEW

This overview does not purport to be complete and is taken from, and is qualified in its entirety by, the remainder of this Prospectus. It does not contain all the information investors may consider important in making their investment decision. Therefore, investors should read this entire Prospectus carefully, including, in particular, the section entitled “Risk Factors”.

References herein to a “Condition” are to the numbered condition corresponding thereto set out in the terms and conditions of the Certificates.

Overview of the Kingdom

Bahrain’s economy has a track record of continued growth and low inflation. In line with its priority to develop non-oil activities, such as manufacturing and financial services since the late 1960s, Bahrain has remained a regional leader in economic diversification. Bahrain is believed to have one of the most diverse economies in the Gulf Cooperation Council (the “GCC”), with the hydrocarbons sector accounting for only 19.3% of Bahrain’s real GDP in 2016. Although oil continues to play an important part in Bahrain’s economy, Bahrain also has an increasingly important financial services industry (acting as a financial centre for the Middle East and North Africa (the “MENA region”). Manufacturing, oil refining, aluminium production and tourism are also significant contributors to Bahrain’s GDP.

Bahrain’s real GDP grew by 5.4% in 2013, 4.4% in 2014, 2.9% in 2015, 3.0% in 2016 and 2.9% in the three months ended 31 March 2017. The International Monetary Fund (“IMF”) forecasts Bahrain’s real GDP to grow by 2.3% in 2017, 1.6% in 2018 and 1.7% in 2019. In 2013 and 2014, Bahrain generated a current account surplus, driven by a free market economy with no restrictions on capital movement and an attractive business environment. However, Bahrain generated current account deficits in 2015 and 2016, primarily due to a decrease of oil export receipts, as well as increases in workers’ remittances out of Bahrain. The non-oil sector has continued to grow, contributing 80.7% to Bahrain’s GDP in 2016 and recording year-on-year growth of 4.0% in 2016.

The following tables set forth certain summary statistics about the economy of Bahrain, public finance and public debt as at or for the periods indicated.

	<u>2013</u>	<u>2014</u>	<u>2015</u>	<u>2016</u>	<u>31 March 2017</u>
GDP at current prices (U.S.\$ millions) ⁽¹⁾⁽²⁾	32,539.6	33,387.7	31,125.9	32,167.4 31,709.9	8,457.4

Bahrain's 2017/2018 Budgets and Key Priorities

The principal goals of Bahrain's 2017/2018 budgets are: (i) strengthening fiscal discipline and reducing Government expenditures; (ii) maintaining basic salaries and continuing to support Bahrain's citizens; (iii) prioritising the diversification of revenue sources; and (iv) focusing on economic growth. See "*Public Finance*".

Bahrain's key priorities are set forth in its Vision 2030 (defined below), the National Development Strategy 2015-2018 and the Government Action Plan 2015-2018. These key priorities include:

- protecting Bahrain's security environment by strengthening the rule of law and enhancing democratic institutions;
- transforming its economy from oil-dependent to globally competitive, diverse and fuelled by private enterprise, high productivity sectors (such as financial services and industry) and establishing stable financial and monetary systems;
- doubling the disposable income of every household from 2008 levels by 2030 and supporting rising living standards by implementing reforms to education, healthcare, housing and labour market regulation;
- investing in Bahrain's port infrastructure and housing stock to provide modern transport, commodity and cargo terminals, as well as high quality and safe housing; and
- achieving sustainable development through efficient utilisation of resources and rationalising the operations of the Government to better respond to Bahrain's needs.

The key initiatives undertaken by Bahrain to further its priorities include:

- *Fiscal initiatives to consolidate and enhance the flexibility of Bahrain's finances*

Bahrain has adopted policies that prioritise fiscal sustainability and expand its efforts to diversify revenue streams, as well as to consolidate and enhance Bahrain's financial flexibility. The Government has adopted a three-pronged approach to achieve this goal: (a) developing non-oil streams of revenue; (b) increasing fees, such as fees for licences and services provided by the Civil Aviation Authority, visa fees, postal rates and traffic violation fees; (c) reallocating subsidies to lower-income segments of the population; and (d) controlling the growth of current public spending. In order to control the growth of current public spending, the Government has launched a fiscal sustainability framework and strategy and has established six ministerial teams, which seek to revise and reduce recurrent expenditures. See "*Public Finance—Fiscal Policy*."

- *Continuing the development of oil and gas capacity, including Bahrain Petroleum Company ("Bapco") modernisation programme and construction of pipeline with Saudi Arabia*

Bahrain plans to invest U.S.\$15.0 billion over the next two decades to develop oil and gas resources, including completing construction of a new pipeline between Bahrain and Saudi Arabia by 2018 to increase capacity and efficiency. As of 30 June 2017, U.S.\$518 million has been invested for the A-B pipeline, the Banagas expansion project and the Bahrain LNG project. See "*Economy of the Kingdom of Bahrain—Principal Sectors of the Economy—Mining—New A-B pipeline*". It is also working on the Bapco Modernisation Programme (defined below) with the aim of increasing its refining capacity at the Sitra oil refinery by a third and significantly improving its product mix. The Engineering, Procurement and Construction ("EPC") contracts tendering process commenced in May 2016, and bids to expand the Sitra oil refinery were received in December 2016. In April 2017, Bapco began negotiations with a number of international contractors to clarify their bids, with the EPC contracts expected to be awarded in the second half of 2017. The Sitra oil refinery expansion project is expected to cost approximately U.S.\$5.7 billion and be completed in 2021. See "*Economy of the Kingdom of Bahrain—Principal Sectors of the Economy—Mining—Refining*."

- *Developing non-oil streams of revenue, with a focus on financial services and international trade*

Bahrain is now one of the primary financial centres for the MENA region, with its financial sector being the largest non-oil contributor to GDP (accounting for 16.5% of GDP in 2016). Bahrain continues to place strong emphasis on attracting commercial, investment and Islamic banks to the country. As a member of the GCC, Bahrain is participating in a number of trade agreement negotiations, most notably with the European Union ("EU"), India and China. See "*Economy of the Kingdom of Bahrain—Principal Sectors of the Economy—Other Services—Trade*."

- *Expanding production capacity of Aluminium Bahrain B.S.C. (“Alba”)*

Aluminium is Bahrain’s largest non-oil export, and state-owned Alba is the world’s fourth largest producer of aluminium by individual smelter capacity. Alba is aiming to invest over U.S.\$3 billion to add a sixth potline (“**Line 6**”) in early 2019, which is expected to add approximately 540,000 tonnes to Alba’s existing capacity of 936,000 tonnes of aluminium per year. Alba successfully closed the first phase of financing in October 2016 and received U.S.\$1.5 billion of commitments from banks for financing Line 6. In April 2017, Alba also secured a commitment of approximately U.S.\$700 million from export credit agency (“**ECA**”) supported facilities in respect of Line 6, including two export credit facilities guaranteed by SERV Swiss Export Risk Insurance of U.S.\$310.4 million and €314.4 million, respectively, and a €50 million export credit facility guaranteed by Euler Hermes Deutschland AG. In July 2017, Alba announced that the concrete foundation of Line 6 had been laid. See “*Public Finance—Revenue—Alba.*”

- *Developing a skilled and flexible labour force and developing an entrepreneurial generation*

Bahrain has formulated strategic and operational plans to increase employability, job creation and social support. Under Vision 2030 the Government aims to provide a number of different training programmes in the areas of financial services, hotel trade and technical retail. See “*Economy of the Kingdom of Bahrain—Employment.*” As part of the Tamkeen programme, the Government seeks to assist Bahraini individuals and enterprises by providing programmes on career progression, business incubators, pre-seed capital support and international placements. See “*Economy of the Kingdom of Bahrain—Labour—Tamkeen.*”

- *Strengthen the regulatory framework to support private sector investment in the Bahraini real estate market*

The Government has sought to strengthen the legal and supervisory framework of the real estate industry by introducing a sophisticated regulatory regime. New legislation has been introduced to regulate the activities of developers and protect investor returns, as well as to establish a joint judicial and expert committee to overcome obstacles that may delay projects. The purpose of this new regulatory framework is to attract investment for housing projects and it contemplates close cooperation between the public and private sectors to deliver affordable housing to low and middle-income Bahraini families. Since 2015, 3,818 new housing units, have been delivered and occupied in Bahrain. Since 2012, Bahrain has also entered into a series of public private partnerships for the development of major housing projects. These projects include the construction and development of housing units, including the Al Madina Al Shamaliya, the East Hidd and the Al Dur (Southern Governorate) housing projects. The estimated cost of these projects is approximately U.S.\$2.6 billion, of which U.S.\$677 million is expected to be funded through the budget. See “*Economy of the Kingdom of Bahrain—Principal Sectors of the Economy—Other Services—Real Estate.*”

The Offering

Parties

Issuer, Head Lessee, Sub-Lessor and

Seller

CBB International Sukuk Company 6 S.P.C., a single person company incorporated in Bahrain under Article 76 of the Commercial Companies Law (Decree Law № 21/2001). The Issuer has been incorporated primarily for the purpose of participating in the transactions contemplated by the Transaction Documents to which it is a party.

Ownership of the Issuer

The Issuer is wholly-owned by the Central Bank of Bahrain.

Head Lessor, Sub-Lessee and

Purchaser

The Kingdom of Bahrain, acting through the Ministry of Finance, in its capacity as Head Lessee pursuant to the Ijara Head Lease Agreement, Sub-Lessee pursuant to the Ijara Sub-Lease Agreement and the Purchaser pursuant to the Murabaha Agreement.

Summary of the Structure and Transaction Documents

Summary of the Structure

An overview of the structure of the transaction and the principal cash flows is set out in the section entitled "*Structure Diagram and Cashflows*".

Summary of the Transaction Documents

A description of the principal terms of the significant Transaction Documents is set out in the section entitled "*Summary of the Principal Transaction Documents*".

Summary of the Certificates

Certificates	U.S.\$850,000,000 trust certificates due 20 March 2025.
Status of the Certificates	Each Certificate will evidence an undivided ownership interest in the Trust Assets (as defined below), subject to the terms of the Declaration of the Trust, the Agency Declaration and the Conditions and will be a limited recourse obligation of the Issuer. Each Certificate will rank <i>pari passu</i> , without any preference, with the other Certificates, issued in accordance with the Conditions.
Status of the Kingdom's Obligations	The payment obligations of the Kingdom (acting in any capacity) under the Transaction Documents are (subject to Condition 4) direct, unconditional and unsecured obligations of the Kingdom which rank <i>pari passu</i> , without any preference among themselves and, subject as aforesaid, with all other outstanding present and future unsecured and unsubordinated obligations of the Kingdom (save for such exceptions as may be provided by applicable legislation and subject to Condition 4).
Trust Assets	<p>Pursuant to the Declaration of Trust, the Issuer will declare that it will hold certain assets (the "Trust Assets") on trust for the benefit of the Certificateholders, consisting of:</p> <ul style="list-style-type: none">(a) all of the Issuer's rights, title, interest and benefit, present and future, in, to and under the Land Parcel;(b) all of the Issuer's rights, title, interest and benefit, present and future, in, to and under the Transaction Documents;(c) all monies standing to the credit of the Transaction Account (as defined herein) from time-to-time; and(d) all proceeds of the foregoing.
Issue Date	20 September 2017.
Issue Price	100% of the aggregate face amount of the Certificates.
Periodic Distribution Dates	Each of 20 March and 20 September in each year commencing on 20 March 2018 and, subject to Condition 7 (<i>Periodic Distributions</i>), ending on the Scheduled Dissolution Date.
Periodic Distribution Amount	On each Periodic Distribution Date, the Certificateholders will receive a Periodic Distribution Amount determined in accordance with Condition 7 (<i>Periodic Distributions</i>) representing a defined share of the Rental paid by the Sub-Lessee to the Sub-Lessor pursuant to the Ijara Sub-Lease Agreement in respect of the Land Parcel.
Scheduled Dissolution Date	20 March 2025.
Scheduled Dissolution of the Trust	Upon receipt by the Issuer (i) of the Termination Payment payable in accordance with the terms of the Ijara Head Lease Agreement, and (ii) any outstanding Deferred Purchase Price payable in accordance with the Murabaha Agreement, and unless the Certificates are previously redeemed or purchased and cancelled, the Issuer will apply the Termination Payment and any Deferred Purchase Price to redeem each Certificate at the Dissolution Distribution Amount and the Trust will be dissolved on the Issuer on the Scheduled Dissolution Date.

Dissolution Distribution Amount	<p>In relation to each Certificate, means the aggregate of:</p> <ul style="list-style-type: none"> (a) the outstanding face amount of such Certificate; and (b) all accrued and unpaid Periodic Distribution Amounts in respect of such Certificate.
Early Dissolution of the Trust	<p>The Trust may only be dissolved prior to the Scheduled Dissolution Date upon the occurrence of a Dissolution Event which is continuing. In such circumstances, the Certificates will be redeemed in accordance with Condition 13 and pursuant to the exercise of the Issuer's right to terminate the Ijara Head Lease Agreement, the Termination Payment payable under the Ijara Head Lease Agreement, together with any outstanding Deferred Purchase Price payable under the Murabaha Agreement, will be used to fund the redemption of the Certificates.</p>
Dissolution Events	<p>The Dissolution Events are described in Condition 13 (<i>Dissolution Events</i>). Following the occurrence of a Dissolution Event which is continuing, the Certificates may be redeemed in full at an amount equal to the Dissolution Distribution Amount in the manner described in Condition 13.</p>
Limited Recourse and Non-Petition.....	<p>Each Certificate will evidence an undivided ownership interest in the Trust Assets. No amount whatsoever shall be due and payable in respect of the Certificates except to the extent that funds for that purpose are available from the Trust Assets.</p> <p>The sole right of the Delegate and the Certificateholders against the Issuer or the Kingdom shall be to enforce their respective obligations under the Transaction Documents.</p> <p>Certificateholders will not be able to institute against, or join with any other person in instituting against, the Issuer any bankruptcy, reorganisation, arrangement or liquidation proceedings or other proceedings under any bankruptcy or similar law.</p>
Purchase of Additional Land Parcel and creation of a Murabaha Contract upon issuance of additional Certificates pursuant to Condition 21:.....	<p>In connection with any exercise by the Issuer of its rights under Condition 21 to issue additional Certificates, the Kingdom, may require the Issuer to:</p> <ul style="list-style-type: none"> (a) lease an Additional Land Parcel in accordance with the Ijara Head Lease Agreement and the relevant Supplemental Ijara Head Lease Agreement in consideration for the payment by the Issuer (as head lessee) to the Kingdom (as head lessor) of the Advance Rental specified in the relevant Supplemental Ijara Head Lease Agreement; and (b) create a Murabaha Contract with the Kingdom in accordance with the Murabaha Agreement pursuant to which the Kingdom will purchase commodities from the Issuer at a Deferred Purchase Price (as defined in the Murabaha Agreement).

Form and Denomination	The Certificates will be issued in registered form in denominations of U.S.\$200,000 and in integral multiples of U.S.\$1,000 in excess thereof. The Regulation S Certificates will be represented by the Regulation S Global Certificate and the Rule 144A Certificates will be represented by the Rule 144A Global Certificate, in each case without coupons. The Global Certificates will be exchangeable for Individual Certificates in the limited circumstances specified in the Global Certificates.
Initial Delivery of Certificates	On or before the Issue Date, the Regulation S Global Certificate will be deposited with Citibank Europe plc as common depository for, and registered in the name of a nominee of, Euroclear and Clearstream, Luxembourg and the Rule 144A Global Certificate will be deposited with Citibank, N.A., London Branch, as custodian for, and registered in the name of a nominee of, DTC.
Taxation	<p>All payments by or on behalf of the Issuer in respect of the Certificates will be made without withholding or deduction for or on account of any taxes imposed by Bahrain or any political subdivision thereof or any authority therein or thereof having power to tax in accordance with Condition 10, unless such withholding or deduction is required by law. In that event, the Issuer will, save in certain circumstances provided in Condition 7, be required to pay such additional amounts as will result in receipt by the Certificateholders of such amounts as would have been received by them had no such withholding or deduction been required.</p> <p>All payments by the Kingdom under the Transaction Documents to which it is a party are to be made without withholding or deduction for or on account of any taxes imposed by Bahrain or any political subdivision thereof or any authority therein or thereof having power to tax in accordance with Condition 10, unless such withholding or deduction is required by law. In that event, the Kingdom will, save in certain circumstances provided in Condition 10, be required to pay such additional amounts as will result in receipt by the Issuer of such amounts as would have been received by it had no such withholding or deduction been required.</p>
Negative Pledge	The Kingdom has undertaken a negative pledge provision as further described in Condition 4.
Cross-acceleration	The Kingdom Events (as defined herein) contain a cross-acceleration provision as further described in Condition 13.
Listing	Application has been made to the Irish Stock Exchange plc for the Certificates to be admitted to the Official List and for the Certificates to be admitted to trading on the Main Securities Market.
Selling Restrictions	There are restrictions on the offer, sale and transfer of the Certificates in the United States, the European Economic Area (including the United Kingdom), Bahrain, the United Arab Emirates (excluding the Dubai International Financial Centre), the Dubai International Financial Centre, Singapore, Hong Kong, Malaysia and the Kingdom of Saudi Arabia.
	See “ <i>Subscription and Sale</i> ” and “ <i>Transfer Restrictions</i> ”

Governing Law	<p>The Ijara Head Lease Agreement, the Ijara Sub-Lease Agreement and the Agency Declaration will be governed by, and construed in accordance with, Bahraini law.</p> <p>The Murabaha Agreement, the Declaration of Trust, the Costs Undertaking, the Agency Agreement and the Certificates (including any non-contractual obligations arising out of or in connection with the same), will be governed by, and construed in accordance with, English law.</p> <p>The Declaration of Trust, the Agency Agreement, the Agency Declaration, the Costs Undertaking, the Ijara Head Lease Agreement, the Ijara Sub-Lease Agreement, the Murabaha Agreement (together with all other agreements, offers, acceptances and confirmations entered into or delivered, as the case may be, in connection therewith) and any other agreements, deeds, undertakings or documents designated as such by the parties to the Transaction Documents and which can be entered into by the parties from time-to-time (together, the “Transaction Documents”).</p>
Use of Proceeds	<p>The net proceeds of the issue of the Certificates will be used in the following proportion: (i) no less than 51% to the Kingdom as the Advance Rental for the lease of the Land Parcel pursuant to the Ijara Head Lease Agreement, and (ii) the remaining of not more than 49% for the purchase of commodities to on-sell to the Kingdom pursuant to the Murabaha Agreement, such proceeds to be used for the Kingdom’s general budgetary purposes.</p>
Ratings	<p>Bahrain’s long-term foreign currency sovereign debt is rated BB- (Negative Outlook) by Standard & Poor’s. Bahrain’s long-term foreign and local currency sovereign debt is rated BB+ (Stable Outlook) by Fitch.</p> <p>A credit rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.</p> <p>In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued or endorsed by a credit rating agency established in the European Union and registered under the CRA Regulation (or is endorsed and published or distributed by subscription by such a credit rating agency in accordance with the CRA Regulation).</p>
Security Codes of the Certificates	<p>The Common Code and ISIN for the Regulation S Certificates and the Common Code, ISIN and CUSIP number for the Rule 144A Certificates are as follows:</p> <p><i>Regulation S Certificates</i> Common Code: 167585507 ISIN: XS1675855073</p> <p><i>Rule 144A Certificates</i> Common Code: 168181680 ISIN: US12480YAA73 CUSIP: 12480Y AA7</p>
Clearing	<p>Euroclear and Clearstream, Luxembourg (in the case of the Regulation S Certificates) and DTC (in the case of the Rule 144A Certificates).</p>

RISK FACTORS

Each of the Issuer and the Kingdom believes that the following factors may affect its ability to fulfil its obligations under the Certificates. All of these factors are contingencies which may or may not occur and neither the Issuer nor the Kingdom is in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with the Certificates are also described below.

Each of the Issuer and the Kingdom believes that the factors described below represent the principal risks inherent in investing in the Certificates, but the inability of the Issuer and the Kingdom to pay any amounts on or in connection with any Certificates may occur for other reasons which may not be considered significant risks by the Issuer and the Kingdom based on information currently available to it or which it may not currently be able to anticipate. Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

Risk factors relating to the Issuer

The Issuer has no operating history and must rely on payments by the Kingdom

The Issuer is a newly formed entity and has no operating history. The Issuer will not engage in any business activity other than the issuance of the Certificates, the lease of the Land Parcel as described herein, the acquisition of the commodities as described herein, acting in the capacity of trustee and sukuk agent and other activities incidental or related to the foregoing as required under the Transaction Documents.

The Issuer's only assets, which will be held on trust for Certificateholders, will be the Trust Assets, including its right to receive payments from the Kingdom (acting in the relevant capacities) under the Ijara Head Lease Agreement, Ijara Sub-Lease Agreement and the Murabaha Agreement. Therefore, the Issuer is subject to all of the risks to which the Kingdom is subject to the extent that such risks could limit the Kingdom's ability to satisfy in full and on a timely basis its obligations under the Transaction Documents. Investors should therefore carefully review the description of the Kingdom herein under "*Overview of The Kingdom of Bahrain*".

The ability of the Issuer to pay amounts due under the Certificates will primarily be dependent upon receipt by the Issuer from the Kingdom (acting in the relevant capacities) under the Ijara Head Lease Agreement, the Ijara Sub-Lease Agreement and the Murabaha Agreement. In the event of any shortfall in such amounts, the ability of the Issuer to meet its payment obligations under the Certificates may be adversely affected.

Risk factors relating to the Kingdom

Bahrain's economy remains significantly dependent on oil revenues and is vulnerable to external shocks, including the current low oil price environment

Although the Government has sought to promote the growth of the non-oil sector, Government revenues remain significantly dependent on oil revenues, with actual revenue from oil and gas accounting for approximately 75.7%, 78.1% and 86.2% of public revenue for the years ended 31 December 2016, 2015 and 2014, respectively. Over the same period, revenues from oil and gas have decreased by 9.9% to U.S.\$3.8 billion in 2016 from U.S.\$4.2 billion in 2015, as a result of low global oil prices. With Government budget break-even prices of U.S.\$121 per barrel in 2015 (based on the 2015 results) and U.S.\$132 per barrel in 2016 (based on the 2016 budget), a continued low oil price environment is expected to continue to have a significant negative effect on Bahrain's public finances and continue the trend of current account deficits that began in 2015. (The budget for 2015/2016 assumed an oil price of U.S.\$60, as compared to actual average prices of approximately U.S.\$52 per barrel in 2015 and U.S.\$44 in 2016.)

As a result, Bahrain remains susceptible to global oil prices. Moreover, Bahrain also has smaller oil reserves than a number of other GCC countries, and Bahrain shares a substantial portion of its reserves with Saudi Arabia. Bahrain's main source of oil is from the Abu Saafa oilfield, which is on the border with Saudi Arabia. Under a treaty with Saudi Arabia first signed in 1958, Bahrain is entitled to receive 50% of the output from the Abu Saafa field, although historically Bahrain has received significantly more than its 50% entitlement. However, no assurance can be given that Bahrain will continue to receive more than its 50% share of entitlement from the Abu Saafa oilfield, which further increases Bahrain's vulnerability to reductions in oil and gas revenues.

If Bahrain does not decrease public expenditure (or increase non-oil revenues), an environment of prolonged low oil prices may lead to a further widening in the fiscal deficit and adversely impact Bahrain's sovereign credit rating as well as its borrowing costs.

Bahrain has large fiscal deficits, its fiscal consolidation efforts may not be successful leading to an increase in public debt and debt financing costs

While revenues, in particular oil revenues, have declined, Government spending has been stable in recent years leading to a wider fiscal gap. Bahrain's budget deficit in 2016 was U.S.\$4.3 billion, as compared to U.S.\$4.0 billion in 2015, and is budgeted to be U.S.\$3.6 billion in 2017. Bahrain's budget deficit represented 13.5% of GDP in 2016, as compared to 13.0% in 2015 and is forecast by the Economic Development Board (the "EDB") to decrease to 8.8% of GDP in 2017, as a result of projected increases in both oil and non-oil revenues.

Bahrain's fiscal deficit has resulted in increases in its public debt and debt-to-GDP ratio. Total outstanding Government debt was U.S.\$23.6 billion, as at 31 December 2016, as compared to U.S.\$19.2 billion, as at 31 December 2015. The debt-to-GDP ratio was 75.4% as at 30 June 2017, as compared to 74.0% and 61.8% as at 31 December 2016 and 31 December 2015, respectively. It is forecast by Moody's Investors Service Limited ("Moody's") to approach 100% of GDP as at 31 December 2019. Real GDP growth is forecast by the IMF to be 2.3% in 2017 compared to 3.0% in 2016 and 2.9% in 2015.

Although the Government is seeking to reduce public spending through various fiscal consolidation programmes, there can be no assurance that their implementation will be in line with originally set out timeframes, that such measures will achieve targeted savings or that such measures will be sufficient to offset the recent increases in spending combined with below-trend income from oil revenues. The Government, in conjunction with the World Bank, is in the process of restructuring its subsidies programme. Accordingly, the Government has taken initial steps towards fiscal consolidation, including certain subsidy reforms in respect of fuel and utility tariffs, the streamlining of government entities, increasing taxes on tobacco, alcohol, energy drinks and soft drinks and increasing fees in order to cover the cost of the related government services. In particular, the Government has announced plans to introduce value added tax from 2018, with a grace period up to 2019. It has also raised unified gas prices by U.S.\$0.25 per year, which will continue until 2021 and is projected to realise savings of approximately U.S.\$930.9 million over six years. In addition, the removal of water and electricity subsidies are expected to generate savings of over U.S.\$456 million through 2019, and increases in the prices of marine petrol, diesel, kerosene, Mumtaz and Jayyed fuel are expected to generate savings of U.S.\$242 million through 2019. While the reduction of subsidies has contributed and may continue to contribute to an increase of some components affecting inflation, inflation remained low during the course of 2016, increasing by 2.7%. Inflation increased by 0.9% in the second quarter of 2017, as compared to the same period of 2016, however, housing, water and fuel prices rose by 3%.

The restructuring of the subsidies and incentives programmes may not result in expected savings and may have an adverse effect on economic growth and have been, and are likely to continue to be, subject to significant opposition or delays from the National Assembly or the public. For example, the adoption of the 2017 budget was delayed due, in part, to continuing debate regarding the restructuring of subsidies and efforts to reduce public spending. Despite the Government's attempts to achieve fiscal consolidation without a significant effect on living standards, there is a possibility that this may lead to social instability among the lower income sections of society. Any social instability may lead to a degree of political instability and have a negative impact on investors' perceptions of Bahrain. See also "*—Bahrain is subject to a number of on-going domestic political risks*".

A failure to reduce the budget deficit and/or public spending (and the corresponding effect on the size of Bahrain's public debt), and a failure to diversify the economy, could make the economy more susceptible to the risks associated with the sectors in which the economy is concentrated (for example, the oil industry), and any downturn in such sectors or the economy generally, could have an adverse effect on the economic and financial condition of Bahrain.

Bahrain's social spending is sometimes recorded off-budget, and Bahrain's fiscal deficit and debt ratio may not be fully reflective of all of the Government's obligations

Bahrain's budget is prepared on a modified cash basis. This means that flows are recorded when cash is received or disbursed. Although non-monetary flows can be recorded, most accounting systems (including that used in Bahrain) using the modified cash basis do not record non-monetary flows because the focus is on cash management rather than resource flows. In addition, with respect to accruals, the time of recording may diverge significantly from the time of the economic activities and transactions to which they relate. For example, the interest paid on a zero-coupon bond would not be recorded until the bond matures, which could be many years after the expense was incurred. For this reason, together with the fact that a number of extra-budgetary transactions are only presented on a net basis, social security spending is sometimes recorded off-budget. Accordingly, actual Government funding and its aggregate subsidy bill may not be completely reflected in the budget. Off-budget expenses have a significant impact on the Government's financial reserves

and, if the Government does not have the revenue to service these obligations, it could have an adverse effect on the economy of Bahrain and Bahrain's ability to satisfy its obligations under the Certificates.

The liability of the Government for borrowings (whether or not explicitly guaranteed by the Government) by state-owned entities has given rise to concerns about the level of transparency within Government finances when considering Bahrain as a creditor and may result in official Government figures further understating the level of Government debt and obligations.

Bahrain's economy is dependent on economic and other conditions of Saudi Arabia in particular, as well as the GCC countries

In addition to sharing oil production at the Abu Saafa oilfield with Saudi Arabia, Bahrain's economy is closely aligned and dependent on the economy of Saudi Arabia in particular, as well as the economies of the other GCC countries. This includes interest rates and trade and energy policies within the GCC. Based on the Central Informatics Organisation ("CIO") foreign trade data, non-oil exports to GCC countries amounted to 61.7% of total non-oil exports in 2016, and Saudi Arabia accounted for 33.7% of total non-oil exports. As for non-oil imports, 18.6% of non-oil imports in 2016 were from other GCC countries, and Saudi Arabia contributed 7.0% of total non-oil imports. As at 30 June 2017, non-oil exports to GCC countries amounted to 57.6% of total non-oil exports, and Saudi Arabia accounted for 27.4% of the total non-oil exports. As at 30 June 2017, 19.2% of total non-oil imports were from other GCC countries and Saudi Arabia accounted for 6.8% of total non-oil imports. Accordingly, Bahrain's economy may be adversely affected by any adverse change in the social, political or economic conditions in Saudi Arabia and the other GCC countries. Although Bahrain has sought to diversify its geographical economic dependence, there can be no assurance that such geographical diversification will be successful which could have a material adverse effect on the economy and financial condition of Bahrain.

Furthermore, Bahrain benefits from a U.S.\$7.5 billion development fund established in 2011 with contributions made by the non-donor GCC member states (the "**GCC Development Fund**"). The GCC Development Fund includes investments in key infrastructure projects across the manufacturing, energy, healthcare and education sectors. The GCC Development Fund was originally established with the aim of raising U.S.\$10 billion for Bahrain with preliminary commitments from four GCC member states. To date, U.S.\$7.5 billion has been allocated to Bahrain by three GCC member states. Of the U.S.\$7.5 billion, as of 30 June 2017, U.S.\$6.6 billion was allocated to projects, U.S.\$3.3 billion of contracts were awarded and U.S.\$1.2 billion was actually paid from the GCC Development Fund. The GCC Development Fund is intended to stimulate economic growth and is expected to be used in furtherance of development goals set out in Vision 2030, and, in particular, on important infrastructure projects. See "*Public Finance—Government Budget*" for a description of the priority projects to be financed through the GCC Development Fund, which is in addition to the Government project budget allocations. Under the terms of the GCC Development Fund, the Government has to coordinate with the Saudi Fund for Development (representing the Government of the Kingdom of Saudi Arabia) (the "**Saudi Fund**"), the Kuwait Fund for Arab Economic Development (representing the Government of the State of Kuwait ("**Kuwait**")) (the "**Kuwait Fund**"), and the Abu Dhabi Fund for Development (representing the Government of the United Arab Emirates) (the "**Abu Dhabi Fund**") to finalise the planned projects. Any adverse change in the amount or rate at which funding under the GCC Development Fund is deployed could have an adverse effect on Bahrain's growth prospects or further increase Bahrain's budget deficit if Bahrain is required to turn to other funding sources to meet its development and other requirements.

Bahrain is subject to a number of on-going domestic political risks

Although Bahrain has not experienced any significant political or security disruptions in recent years, the ongoing political stasis and tensions with opposing political and social groups continue to impact investor perceptions of Bahrain's political stability and foreign investment flows.

Following widespread protests that occurred in February and March 2011 (as described further under "*Overview of the Kingdom of Bahrain—Constitution and Government*"), the Government has been unable to reach a political accommodation with certain political groups. His Majesty the King and His Royal Highness the Crown Prince initiated several rounds of national dialogue in 2011, 2013 and 2014 despite repeated withdrawals by opposition groups. In September 2014, a national dialogue framework document was produced, which laid out key steps for political reform. His Majesty the King signed into law a set of reforms to the distribution of electoral districts, and all political groups were encouraged to participate in the November 2014 parliamentary elections.

However, certain opposition groups decided to boycott the November 2014 parliamentary elections. Nevertheless, 52.6% of eligible voters cast their vote and independent candidates won 37 of 40 seats. On 11 June 2016, His Majesty King Hamad bin Isa Al-Khalifa issued an amendment to the country's political society law, banning the use of religion in political societies. On 17 July 2016, Bahrain's High Civil Court dissolved Al Wafaq National Islamic Society citing attempts to undermine the constitution, support for terrorism, slander of the judiciary and incitement of lawless action. Bahrain's Second High Civil Court of Appeals and Court of Cassation rejected appeals from Al Wafaq National Islamic

Society against its dissolution in September 2016 and February 2017, respectively. However, the Government reiterated its intention to continue its cooperation with political societies within the bounds of the law, including the ban on the use of religion in political societies. In May 2017, Bahrain's High Civil Court ordered the dissolution of the National Democratic Action Society for violations of the law on political associations.

In May 2017, the police in Bahrain arrested 286 people in Diraz as part of an operation to arrest militants and dangerous persons. During the course of the operation, five people were killed, and there were a few acts of violence. In July 2017, 60 persons were charged by the relevant judicial authority (including 24 *in absentia*) with forming a terrorist organisation, and using weapons and explosives, as well as being trained with the aim of carrying out terrorist attacks that target police officers and civilians. Judicial procedures are ongoing and the court is expected to reconvene in October 2017.

Although Bahrain's security situation has stabilised over the past few years, since January 2017, there have been a number of protests in various villages, and there can be no assurance that further protests or unrest will not occur in the future. In the event that political unrest should take place, such a development could have an adverse material impact on foreign direct investment in Bahrain or on the country's reputation in the region, including its standing as a regional leader in the financial services sector. An unsettled political environment may also have negative implications on Bahrain's fiscal accounts and future growth trajectory. While the Government has already begun to implement a broader strategy to diversify its revenue base and cut expenditures further, progress has been hampered by political and religious factionalism. The lack of a broad political consensus that encompasses Bahrain's various political and religious groups may undermine the Government's ability to implement the full extent of its fiscal readjustment programme, and may hinder its efforts to reverse the rise in public debt in the near term.

Political instability in Bahrain and in the region may have a material adverse effect on Bahrain's economy and adversely affect the trading price of the Certificates. See also "*—Bahrain is located in a region that has been subject to on-going geo-political and security concerns*".

Bahrain is located in a region that has been subject to on-going geo-political and security concerns

Bahrain is located in a region that is strategically important and parts of the region have, at times, experienced political instability. For example, the region is currently subject to a number of armed conflicts, including those in Yemen, Syria, Iraq and Palestine, as well as the multinational conflict with Islamic State. Bahrain, along with other Arab states, is currently participating in the Saudi-led intervention in Yemen, which began in 2015 and is ongoing. The intervention was in response to requests for assistance from the Yemeni government. See "*Overview of the Kingdom of Bahrain—International Relations—GCC*". In addition, tensions have persisted between Bahrain and Iran regarding alleged interference by Iran in Bahrain's domestic affairs, which resulted in Bahrain recalling its ambassador to Iran on 1 October 2015 and subsequently announcing the severance of diplomatic ties with Iran on 4 January 2016. There have also been a number of domestic violent incidents in Bahrain that have been alleged by the Bahraini government to be linked to Iran, which has also increased tensions between Iran, Bahrain and a number of other GCC countries.

More generally, since 2011, the prospect of a nuclear Iran has been at the centre of international geopolitical discourse. The comprehensive agreement between the U.N. Security Council's five permanent members plus Germany ("**P5+1**") and Iran that was reached on July 2015 (the "**Joint Comprehensive Plan of Action**") conditions international economic sanctions relief, mainly United States and EU sanctions, on Iranian nuclear capabilities reduction and supervision by the International Atomic Energy Agency (the "**IAEA**"). After the IAEA confirmed that Iran met the relevant requirements of the Joint Comprehensive Plan of Action, certain economic sanctions were lifted on 16 January 2016 with a view to improving Iran's position in the international community. However, certain other sanctions remain in place and the United States imposed certain additional sanctions on Iran in July 2017 relating to Iran's ballistic missile programme, human rights matters, arms sales and Iran's Revolutionary Guard Corps. Any continuation or increase in international or regional tensions regarding Iran could have a destabilising impact on the Gulf region, including with respect to Bahrain.

On 5 June 2017, three GCC countries – Saudi Arabia, the United Arab Emirates (the "**UAE**") and Bahrain – as well as Egypt and Yemen – severed diplomatic ties with Qatar, cut trade and transport links and imposed sanctions on evidence grounded on Qatar's support to terrorist and extremist organisations, including Qatar's meddling in other countries' internal affairs. Measures taken by the affected countries included the closure of land, sea and air links to Qatar, and requesting certain Qatari officials, residents and visitors to leave the territories of the affected countries. In order to resolve the situation, the affected countries have expressed a willingness to discuss a restoration of ties and the lifting of the other boycott measures on the condition that Qatar commits to agreements it signed, cease support of terrorist and extremist organisations and stop interfering in other countries' affairs. Diplomatic efforts to end the crisis are being undertaken by Kuwait and several other countries.

These recent and ongoing developments, along with terrorist acts, acts of maritime piracy and other forms of instability in the region (that may or may not directly involve Bahrain), may contribute to instability in the Middle East and

surrounding regions and may have a material adverse effect on Bahrain's attractiveness for foreign investment and capital, its ability to engage in international trade and, consequently, its economy and financial condition.

Bahrain's sovereign credit ratings are subject to revision and downgrade

Ratings are an important factor in establishing the financial strength of debt issuers and are intended to measure an issuer's ability to repay its obligations based upon criteria established by the rating agencies. On 2 June 2017, Standard & Poor's affirmed Bahrain's BB- rating, but revised Bahrain's outlook from stable to negative reflecting Standard & Poor's view that Bahrain's net external asset position could weaken or net government debt could grow at a rate faster than expected. On 12 June 2017, Fitch revised Bahrain's outlook from stable to negative while affirming its long-term foreign sovereign credit rating and local currency issuer default rating at BB+. The Fitch report noted that while Bahrain is generally committed to reforming its fiscal strategy, the revision to Bahrain's outlook reflects the increase in government net debt and widening budget deficit. On 28 July 2017, Moody's downgraded Bahrain's long-term issuer ratings to B1 from Ba2 and assigned a negative outlook reflecting Moody's view that the Government's credit profile, including government debt burden and debt affordability, may weaken in the coming years, despite the steps that have been taken towards fiscal consolidation.

These ratings reflect the current opinion of the relevant rating agencies, and one or more of the ratings could be downgraded or withdrawn in the future. Rating agencies may increase the frequency and scope of ratings reviews, revise their criteria or take other actions that may negatively impact Bahrain's ratings. In addition, changes to the process or methodology of issuing ratings, or the occurrence of events or developments affecting Bahrain, could make it more difficult for Bahrain to achieve ratings that it would otherwise have expected.

The Issuer cannot be certain that a credit rating will remain for any given period of time or that a credit rating will not be affirmed or withdrawn entirely by the relevant rating agency if, in its judgement, circumstances in the future so warrant. The Issuer has no obligation to inform Certificateholders of any such revision, downgrade or withdrawal.

The ratings may not reflect the potential impact of all risks related to structure, market, macro-economic performance and geo-politics and other factors that may affect the value of the Certificates. A credit rating is not a recommendation to buy, sell, or hold securities and may be revised, suspended or withdrawn by its assigning rating agency at any time.

In general, European-regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by ESMA on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings is set out on the cover page of this Prospectus.

The rating downgrades by Standard & Poor's on 9 December 2016, by Fitch on 28 June 2016 and by Moody's on 28 July 2017 and the outlook downgrades by Standard & Poor's on 2 June 2017 and by Fitch on 12 June 2017 any further decline in Bahrain's credit rating or outlook could have a material adverse effect on its cost of borrowing and could limit its access to debt capital markets. A downgrade may also adversely affect the market value of the Certificates. Furthermore, any unsolicited ratings may not benefit from Government input but could also negatively impact Bahrain's cost of borrowing. Whilst the Government is continuing to monitor and manage the risk of further credit ratings downgrades or negative changes in outlook, there can be no assurance that its efforts in this respect will be sufficient or successful.

Investing in securities involving emerging markets such as Bahrain generally involves a higher degree of risk

Investing in securities involving emerging markets, such as Bahrain, generally involves a higher degree of risk than investments in securities of issuers from more developed countries. Bahrain's economy is susceptible to future adverse effects similar to those suffered by other emerging market countries. International investors' reactions to the events occurring in one emerging market country sometimes appear to demonstrate a "contagion" effect, in which an entire region or class of investment is disfavoured by international investors, Bahrain could be adversely affected by negative economic or financial developments in other emerging market countries. Key factors affecting the environment include the timing and size of increases in interest rates in the United States, further evidence of a slowdown in China and geo-political tensions in the Middle East, as well as on-going tensions between Russia and Ukraine.

Accordingly, there can be no assurance that the market for securities bearing emerging market risk, such as the Certificates, will not be affected negatively by events elsewhere, especially in emerging markets. Generally, investment in emerging markets is only suitable for sophisticated investors who fully appreciate the significance of the risk involved.

Bahrain's efforts to further diversify its economy may not be successful

Bahrain's economy remains highly dependent on the oil industry and the Government has been working towards increasing oil and gas production over the past few years. It is expected that these efforts will continue in the foreseeable future. See "*Economy of the Kingdom of Bahrain—Principal Sectors of the Economy—Mining—Oil Production*". The Government has set out a comprehensive economic vision for Bahrain ("**Vision 2030**") to outline a path for the development of Bahrain's economy, as described in "*Overview of The Kingdom of Bahrain—Vision 2030*." Vision 2030 is based on realigning Bahrain's economy from an oil-driven economy to a more diversified, competitive economy, predominantly focused on the finance, tourism, healthcare and industrial sectors. However, there can be no assurance that Bahrain's efforts to diversify its economy and reduce its dependence on oil will be successful or that Bahrain's priority projects will have the desired effect of boosting productivity and improving revenues.

Bahrain may not be successful in addressing certain social policy concerns and failure to appropriately address such concerns may have an adverse impact on the financial condition of Bahrain

A principal social policy concern in Bahrain is housing. The Government is seeking to invest in the housing sector, although such investment is expected to take several years to reduce the current shortage of affordable housing and the success of the Government's current social housing initiatives will depend, in part, on finding suitable partners in the private sector to aid in real estate and infrastructure development. See "*Economy of the Kingdom of Bahrain—Principal Sectors of the Economy—Other Services—Real Estate*".

Another social policy concern is unemployment. The level of unemployment among Bahraini nationals was 4.3% in 2013, 3.8% in 2014 and 3.4% in 2015. Bahrain employs a significant number of expatriate workers. According to the Labour Market Regulatory Authority ("**LMRA**"), as at 31 March 2017, 79.6% of employees in Bahrain registered at the Civil Service Bureau and the Social Insurance Organisation were expatriate workers. See "*Overview of The Kingdom of Bahrain—Location and Population*". In recent years, the Government has followed a policy of aiming to increase the number of Bahraini nationals in employment. There are no assurances that this policy will be successful or that it will not have an impact on the financial condition of Bahrain.

A crisis in the financial services and banking sectors could have an adverse effect on Bahrain's economy

The Government has made concerted efforts over the past decade to encourage the growth of its financial services and banking sectors, and Bahrain is one of the primary financial centres for the Middle East and North Africa. In 2016, the financial services sector was the single largest non-oil contributor to the Bahraini economy, accounting for 16.5% of real GDP. The global economic downturn, which started in 2007, has impacted some financial institutions in Bahrain, including Arcapita Bank, which filed for Chapter 11 bankruptcy protection in 2012. On 17 September 2013, Arcapita Bank exited Chapter 11 proceedings after agreeing to a plan to dispose of its assets over time to pay off creditors. As at April 2015, Arcapita Bank had divested approximately 14 investments to raise U.S.\$2.4 billion. The CBB is Arcapita Bank's largest creditor holding approximately U.S.\$232.5 million of the bank's debt as at 30 June 2017.

Bahraini banks are major lenders to the Government. As at 31 December 2016, approximately 83% of domestic public debt was held by Bahraini banks, and Bahraini banks had outstanding loans to the Government of U.S.\$780.3 million, as compared to U.S.\$790.2 million, as at 31 December 2015. This is in addition to the reserves and deposits maintained by the commercial banks with the CBB. The ratio of CBB reserves to banking sector assets was 0.66% as at 31 December 2016 (as compared to 0.65% as at 31 December 2015).

Furthermore, factors adversely affecting the asset quality, liquidity, capital adequacy or profitability of banks operating in Bahrain may add further pressure on the banking industry. While the loan to deposit ratio, the ratio of non-performing loans to gross loans and the ratio of liquid assets to total assets, which are key indicators of the state of the Bahraini banking sector, have remained broadly stable in recent years, any subsequent global or regional deterioration in the global financial services sector (including global commodity prices) could have an adverse impact on Bahrain's economy, its extractive, financial, real estate and manufacturing sectors, and/or its credit rating and adversely affect the trading price of the Certificates. See "*Monetary and Financial System—The Banking Sector*". In addition, any sustained outflows of capital from Bahrain as a result of deteriorating global and/or regional financial conditions could place considerable pressure on the Bahraini Dinar's fixed exchange rate against the U.S. Dollar.

Bahrain's currency may be subject to depreciation

Since 2001, the Bahraini Dinar has been formally pegged to the U.S. Dollar at a rate of BD 0.376 = U.S.\$1.00, having been previously informally pegged at the same rate since 1980. Any failure of the CBB to maintain this peg and the depreciation of the Bahraini Dinar against the U.S. Dollar (or other foreign currencies) may adversely affect the financial condition of Bahrain, as well as Bahrain's ability to repay its debt denominated in currencies other than the Bahraini Dinar, including amounts due under the Certificates. The value of the Bahraini Dinar is impacted by a number of factors which are outside of Government control. Neither the Government nor the CBB have taken any steps to end the peg or devalue the Bahraini Dinar. However, there can be no assurance that there will not be a need for a devaluation as a result of internal or external factors. In particular, Bahrain's gross foreign reserves have decreased in recent years from U.S.\$6,055.1 million and U.S.\$3,393.9 million, as at 31 December 2014 and 2015, respectively, to U.S.\$2,446.7 million as at 31 December 2016 and U.S.\$1,942.3 million as at 30 June 2017. In addition, the CBB is a significant lender to the Government, which may impact the ability of the CBB to maintain the peg.

There is a risk that a depreciation of the Bahraini Dinar could result in reduced revenues in the balance of payments or outflows of capital from Bahrain, each of which could have a material adverse effect on Bahrain's economy. Although a devaluation of the Bahraini Dinar could make exports, particularly aluminium (as further described below), more competitive in international markets, it may not be sufficient to mitigate the impact of a devaluation.

Bahrain has significant plans to expand its oil and gas capacities, and these plans are subject to construction and financing risks. Moreover, nogaholding may not pay any dividends to the Government in 2016 or in future years

Although Bahrain continues to seek to diversify its economy, the oil sector (crude petroleum, natural gas and quarrying) represents a significant part of GDP (19.3% of real GDP as at 31 December 2016, compared to 19.8% of real GDP for the year ended 31 December 2015 and 20.4% for the year ended 31 December 2014) and a critical component of Government finances. See also "*—Bahrain's economy remains significantly dependent on oil revenues and is vulnerable to external shocks, including the current low oil price environment*". Bahrain is engaged in a number of significant projects to enhance its oil and gas sector, and any delay or increase in costs of these projects may have a negative impact on Bahrain's public finances, may adversely affect the economy of Bahrain and may affect the ability of the Issuer to satisfy its obligations under the Certificates. Bahrain's projects to expand its oil and gas capabilities may also result in nogaholding not paying dividends to the Government in future years. See "*Public Finance*" for details of the Government's diversification efforts.

Bahrain, with the Saudi Arabian Oil Company ("**Saudi Aramco**"), is currently in the process of constructing a new pipeline between Bahrain and Saudi Arabia, which is expected to carry around 360,000 barrels per day ("**bpd**") of crude oil between Bahrain and Saudi Arabia (with a maximum of 400,000 bpd). This will replace the existing pipeline that carries 235,000 bpd. Bahrain plans to steadily increase its own oil production over the next 20 years. See "*Economy of the Kingdom of Bahrain—Principal Sectors of the Economy—Mining—Oil Production*". Because Saudi Arabia's Al Robaya Holding Company was awarded both the EPC contract in relation to the pipeline in Saudi Arabia, and onshore in Bahrain and the National Petroleum Construction Company of the UAE was awarded the offshore EPC contract, managing delays in relation to the completion of the pipeline may be outside of Bahrain's control. See "*Economy of the Kingdom of Bahrain—Principal Sectors of the Economy—Mining—Oil Production*". Further, the Bahrain Petroleum Company B.S.C.(c) ("**Bapco**") is presently working on the Bapco Modernisation Programme, as described below. Any delay in the construction of the pipeline or delays in the work relating to the Bapco Modernisation Programme may affect Bahrain's growth and revenue generation strategy and impact the Issuer's ability to satisfy its obligations under the Certificates.

The pipeline between Saudi Arabia and Bahrain will be fully funded by The Oil and Gas Holding Company B.S.C. (c) ("**nogaholding**"). nogaholding has obtained a multi-bank Murabaha Financing Facility of U.S.\$570 million from a group of 10 international, regional and local banks. The proceeds from the facility are proposed to be utilised to fund the construction of the oil pipeline between Saudi Arabia and Bahrain and other projects.

In 2015, although dividends were declared, nogaholding did not receive a cash dividend from its operating companies, however, it paid a U.S.\$150 million dividend to the Government. Given the medium- to long-term nature of the ongoing projects, as well as in respect of any future projects, and the need to fund its respective equity requirements, nogaholding did not pay dividends in 2013 or 2016. Nogaholding is in discussions with the Government in respect of any dividends to be paid to the Government in 2017 and in the next several years, as it embarks on the Bapco Modernisation Programme. In 2015, nogaholding did not receive dividends from two of its portfolio companies, Banagas and Banagas Expansion Company, due to falling oil prices and the equity requirements of those portfolio companies. nogaholding also did not receive dividends from Banagas and Banagas Expansion Company in 2016.

Bapco is presently working on a modernisation programme with the aim of increasing its refining capacity at the Sitra oil refinery by a third, significantly improving its product mix and reducing sulphur content, which is expected to occur over a period of five years and estimated to cost approximately U.S.\$5 billion (the “**Bapco Modernisation Programme**”). The Bapco Modernisation Programme includes plans for the construction of a new refining plant. The EPC contracts tendering process commenced in May 2016, and bids to expand the Sitra oil refinery were received in December 2016. In April 2017, Bapco began negotiations with a number of international contractors to clarify their bids, with the EPC contracts expected to be awarded in the second half of 2017 (although no financing is yet in place).

Any delay in the completion of the Saudi Arabia / Bahrain pipeline or the Bapco Modernisation Programme, as a result of construction delays or other issues, including as a result of projects not being completed to specification, or the inability to obtain sufficient financing, may adversely affect Bahrain’s growth and revenue generation strategy and impact the Issuer’s ability to satisfy its obligations under the Certificates.

Increases in commercial tariffs of natural gas and diesel may impact the economy

Starting from 1 April 2015, the commercial tariff of natural gas increased to U.S.\$2.50 per one million British Thermal Units (“**mmbtu**”). Under a multi-phased readjustment programme, the price of natural gas will increase by 25 cents per mmbtu each year, until it reaches U.S.\$4.00 per mmbtu by 1 April 2021. The Government has also introduced a four-year phased programme for the increase in prices of diesel, where the price of diesel payable by consumers in 2019 would be U.S.\$0.48 per litre. However, there can be no assurances that these increases will be sufficient or will not have an adverse effect on the economy of Bahrain, which may impact Bahrain’s ability to satisfy its obligations under the Certificates.

The prices of aluminium are cyclical, and sustained low prices may impact the economy

Bahrain’s revenues are influenced by global aluminium prices through its ownership of Alba. Alba’s exports also accounted for approximately 11.5% of Bahrain’s total exports and 30.1% of its total non-oil exports in 2015. The cyclical aluminium industry has historically experienced significant shifts in global demand and price volatility. Over the past few years, the market has faced overcapacity and declining prices; however 2015 saw the major producers begin work to restore supply-side discipline by cutting production. While aluminium prices declined significantly in 2015 (by 10.9%) and continued to decline in 2016 (by 3.6%), aluminium prices have recovered in the first six months of 2017, reaching a high of U.S.\$1,921.2 per million tonnes in April 2017, as compared to a year average per million tonnes of U.S.\$1,644.7 and U.S.\$1,604.2 per million tonnes in 2015 and 2016, respectively. The recent slow-down in the global economic growth has also curtailed demand in the short-term. Further declining domestic demand in China and Russia has led to excess supply in the market. As prices fall, demand and sentiment is expected to rise in the medium-term. These circumstances make price forecasts for Alba’s products difficult to predict. Despite weak international markets, Alba has generated significant profits for the Government, and its exports have continued to contribute to Bahrain’s balance of payments account. There can be no assurance that this trend will continue, and sustained low demand or low prices could have an adverse effect on Government revenues or the economy.

Alba’s competitive position in the global aluminium market is dependent on its continued access to sufficient gas supplies on attractive terms from its sole supplier, Bapco. Although Alba expects to remain highly competitive globally following the conclusion of a long-term agreement with Bapco for the supply of gas on favourable terms (which is not due to expire until April 2021), as well as through reductions in production costs, efficiency improvement programmes, and maximising output of value-added products which attract higher premiums, no assurances can be given that Alba will maintain or improve its competitive position. Decisions by Bapco to change the terms under which it supplies gas to Alba or Alba’s inability to lock in a long-term alternative gas supplier on commercially attractive terms could have a material adverse effect on Alba’s business, financial condition, results of operations and prospects.

Ongoing global geopolitical tensions, particularly those within the MENA region, can lead to factors that could affect Alba’s performance. For example, the on-going civil war in Yemen could lead to disruption off its coast at the Bab al-Mandab gateway, which Alba relies on for shipments of incoming raw materials required for aluminium production and through which it ships a small portion of its finished product to customers outside of the GCC to Europe, the United States and Asia. Disruption to this shipping channel could require Alba to seek out alternative shipping routes, which may be more costly and less efficient.

Restructuring of Gulf Air

The Government is an indirect shareholder of Gulf Air B.S.C. (c) (“**Gulf Air**”) through its shareholdings in Bahrain Mumtalakat Holding Company B.S.C. (c) (“**Mumtalakat**”). See “*Public Finance—Revenue—Mumtalakat*”. Mumtalakat owns 100% of Gulf Air Group Holding B.S.C. (c), which, in turn, owns 100% of Gulf Air. Gulf Air has historically relied on material financial support from its shareholder to cover its operating losses and various funding needs.

Since January 2012, Mumtalakat and the Government have been working with Gulf Air and its strategic advisers to review and reformulate its strategy in light of the changed circumstances and to implement a strategy focused on reducing costs and rationalising business operations. A five-year business plan detailing the restructuring of Gulf Air's operations, along with a detailed assessment of the Government funding required to complete the restructuring, was considered, analysed and presented to the Government and a parliamentary sub-committee. The five-year plan received final approval from the leadership of Bahrain and, pursuant to Legislative Decree № (54) of 2012, the Government began transferring funds to the airline to support its restructuring. In November 2012, a new board of directors and an executive restructuring committee were appointed at Gulf Air to manage the implementation of its restructuring. The restructuring plan remains subject to modification to allow the board of directors to react to changes in the global aviation industry, for example fluctuations in oil prices. From 2013 to 2016, Gulf Air received a total of U.S.\$771 million (U.S.\$253 million in 2013, U.S.\$199 million in 2014 and U.S.\$173 million in 2015, U.S.\$146 million in 2016) from the Government, with the expectation to receive BD 30 million in each of 2017 and 2018.

Although Gulf Air's losses from operations have decreased during the course of the five-year restructuring plan from U.S.\$488.8 million in 2012 to U.S.\$82.6 million in 2015, there could be a further need for additional direct material financial support or any other form of credit support to be extended by the Government to Gulf Air beyond that financial support provided for by Legislative Decree № (39) of 2010 and Legislative Decree № (54) of 2012. If the operational and strategic restructuring of Gulf Air fails to succeed and improve Gulf Air's financial performance, there can be no assurance that Gulf Air will repay any direct material financial support or any other form of credit support that it receives from the Government.

Reliability of statistical information

The statistical information contained in this Prospectus has been produced by the Ministry of Finance, the CBB, the CIO and certain other named sources. Such statistical information may differ from statistics produced by similar sources in Western Europe and the United States for a variety of reasons, including the use of different definitions and different cut-off times. The Managers have not separately investigated the accuracy of such statistical information and no assurance can be given that any such information, where it differs from that provided by other sources, is more accurate or reliable. Where specified, certain statistical information has been estimated based on information currently available and should not be relied upon as definitive or final. Such information may be subject to future adjustment. In addition, in certain cases, the information is not available for recent periods and, accordingly, has not been updated. The information for past periods should not be viewed as indicative of current circumstances or periods not presented.

Risks relating to the Certificates generally

The terms of the Certificates may be modified or waived without the consent of all the Certificateholders

The terms and conditions of the Certificates contain provisions for calling meetings of Certificateholders to consider matters affecting their interests generally and for the passing of written resolutions of Certificateholders without the need for a meeting. Such provisions are commonly referred to as "collective action clauses". These provisions permit defined majorities to bind all Certificateholders including Certificateholders who did not attend and vote at the relevant meeting or sign the relevant written resolution and Certificateholders who voted in a manner contrary to the majority.

In the future, the Issuer and the Kingdom may issue securities which contain collective action clauses in the same form as the collective action clauses in the terms and conditions of the Certificates. If this occurs, the Certificates could be capable of aggregation with any such future securities, meaning that a defined majority of the holders of such securities (when taken in the aggregate) would be able to bind all holders of all the relevant aggregated series of securities, including the Certificates.

Any modification or actions relating to any Reserved Matter (as defined in the terms and conditions of the Certificates), including in respect of payments and other important terms, may be made (a) to the Certificates with the consent of the holders of 75% of the aggregate face amount of the outstanding Certificates, and (b) to multiple series of securities which may be issued by the Issuer (including the Certificates) or the Kingdom, as the case may be with the consent of both (i) the holders of at least two thirds of the aggregate face amount of all outstanding securities being aggregated and (ii) the holders of at least 50% in aggregate face amount of the outstanding securities of each series being aggregated. In addition, under certain circumstances, including the satisfaction of the Uniformly Applicable condition (as more particularly described in the terms and conditions of the Certificates), any such modification or action relating to any Reserved Matter may be made to multiple series of the Issuer's securities (including the Certificates) or the Kingdom's securities, as the case may be, with the consent of 75% of the aggregate face amount of the outstanding securities of all affected series, without requiring a particular percentage of the holders of any individual affected securities to vote in favour of or approve any proposed modification or action. Any modification or action proposed by the Issuer or the Kingdom, as the case may be, may, at the option of the Issuer or the Kingdom, as the case may be, be made in respect of certain series of securities

only and, for the avoidance of doubt, the collective action provisions may be used for different groups of two or more securities simultaneously. At the time of any proposed modification or action, the Issuer or the Kingdom, as the case may be will be obliged, inter alia, to specify which method or methods of aggregation will be used by the Issuer or the Kingdom, as the case may be.

There is therefore a risk that the terms and conditions of the Certificates may be amended, modified or waived in circumstances whereby the holders of securities voting in favour of or signing a written resolution in respect of an amendment, modification or waiver may be holders of different series of securities and, as such, the majority of Certificateholders would not necessarily have voted in favour of or signed a written resolution in respect of such amendment, modification or waiver. In addition, there is a risk that the provisions allowing for aggregation across multiple series of securities may make the Certificates less attractive to purchasers in the secondary market on the occurrence of a Dissolution Event or in a distress situation. Further, any such amendment, modification or waiver in relation to the Certificates may adversely affect their trading price.

The Declaration of Trust may be modified without notice to Certificateholders

The Declaration of Trust contains provisions permitting the Delegate from time-to-time without any consent or sanction of the Certificateholders to (a) agree to make any modification to the Declaration of Trust or any other Transaction Document if, in the opinion of the Delegate such modification is (i) of a formal, minor or technical nature, or (ii) made to correct a manifest error, or (iii) not materially prejudicial to the interests of the Certificateholders or (b) (i) agree to any waiver or authorisation of any breach or proposed breach of, any of the Conditions or any of the provisions of this Declaration of Trust or any other Transaction Document, or (ii) determine that any Dissolution Event or Potential Dissolution Event shall not be treated as such, provided that such waiver, authorisation or determination is in the opinion of the Delegate not materially prejudicial to the interests of the Certificateholders. Unless the Delegate otherwise decides, any such modification, waiver, authorisation or determination shall as soon as practicable thereafter be notified to the Certificateholders in accordance with Condition 16 and shall in any event be binding upon the Certificateholders.

Effects of the Volcker Rule on the Issuer

The Issuer is relying on an exclusion or exemption under the Investment Company Act other than the exclusions contained in Section 3(c)(1) and Section 3(c)(7). The Issuer was structured so as not to constitute a “covered fund” for purposes of the regulations adopted under Section 13 of the Bank Holding Company Act of 1956, as amended (commonly known as the Volcker Rule). The Volcker Rule generally prohibits “banking entities” (which is broadly defined to include U.S. banks and bank holding companies and many non-U.S. banking entities, together with their respective subsidiaries and other affiliates) from (i) engaging in proprietary trading, (ii) acquiring or retaining an ownership interest in or sponsoring a “covered fund” and (iii) entering into certain relationships with such funds. Under the Volcker Rule, unless otherwise jointly determined by specified federal regulators, a “covered fund” does not include an issuer that satisfies all of the elements of the exemption from registration under the Investment Company Act provided by Rule 3a-5 of the Investment Company Act. The Volcker Rule became effective on 1 April 2014, but was subject to a conformance period for certain funds which concluded on 21 July 2015. The general effects of the Volcker Rule remain uncertain. Any prospective investor in the Certificates, including a U.S. or foreign bank or a subsidiary or other affiliate thereof, should consult its own legal advisers regarding such matters and other effects of the Volcker Rule.

The Certificates are limited recourse obligations

The Certificates represent an undivided ownership interest solely in the Trust Assets. Recourse to the Issuer in respect of the Certificates is limited to the Trust Assets and proceeds of such Trust Assets are the sole source of payments on the relevant Certificates as set out in the Transaction Documents. Upon the occurrence of a Dissolution Event, the sole rights of each of the Delegate and, through the Delegate, the Certificateholders will be against the Issuer and the Kingdom to perform their respective obligations under the Transaction Documents. Certificateholders will otherwise have no recourse to any assets of the Issuer or the Kingdom in respect of any shortfall in the expected amounts due under the relevant Trust Assets. Reflecting the limited recourse nature of the Certificates, Certificateholders will also not be able to petition for, or join any other person in instituting proceedings for, the reorganisation, liquidation, winding up or receivership of the Issuer as a consequence of such shortfall or otherwise.

The Kingdom is obliged to make certain payments under the Transaction Documents directly to the Issuer, and the Delegate will have direct recourse against the Kingdom to recover such payments due to the Issuer pursuant to the Transaction Documents. In the absence of default by the Delegate, investors have no direct recourse to the Kingdom and there is no assurance that the net proceeds of the realisation of, or enforcement with respect to, the Trust Assets will be sufficient to make all payments due in respect of the Certificates. After enforcing or realising the Trust Assets and distributing the net proceeds of such Trust Assets in accordance with Condition 5.2 (*Application of Proceeds from Trust Assets*), the obligations of the Issuer in respect of the Certificates shall be satisfied and neither the Delegate nor any

Certificateholder may take any further steps against the Issuer to recover any further sums in respect of such Certificates and the right to receive any such sums unpaid shall be extinguished. Furthermore, the Issuer, the Delegate and the Certificateholders shall only be entitled to deal with the Trust Assets as expressly permitted by the Transaction Documents and the sole right of the Delegate and the Certificateholders against the Issuer or the Kingdom shall be to enforce the Kingdom's obligations under the Transaction Documents.

Risks relating to the Murabaha Contracts

Taxation risk

The Issuer will, pursuant to the terms of the Murabaha Transactions (as defined in the Conditions), acquire from time-to-time commodities from certain suppliers for subsequent on-sale to the Kingdom under the Murabaha Agreement. Upon purchasing commodities and prior to on-selling such commodities from the Issuer (in its capacity as Seller), the Kingdom (in its capacity as Purchaser) will for a limited period assume the legal and beneficial title to the commodities. It is possible that the acquisition of the commodities, or the disposal thereof, may be, or may by virtue of a change in law become, subject to increased taxation. To the extent that taxation costs arise in respect of the Purchaser's acquisition, ownership or disposition of the commodities, there may be a material adverse effect on the Purchaser's ability to perform its obligations (including payment obligations) under the Murabaha Agreement and, in turn, in respect of the Certificates.

Price Fluctuation Risk

The price at which a commodity changes hands is determined as a function of its market as a whole, and both under- and over-supply of a commodity can have significant implications for the price at which it is traded. If, after the Purchaser has purchased any commodities, the market for the commodities becomes over-supplied or flooded, the price at which the commodities can be on-sold or traded subsequently may be adversely affected. Similarly, if after the Purchaser has purchased the commodities, additional governmental or import or export licences become applicable to the market for the commodities, the price at which the commodities can be sold or traded subsequently may also be adversely affected. The effect of such price fluctuations may have a material adverse impact on the Purchaser's ability to secure satisfactory on-sale prices for the commodities and, in turn, have a material adverse effect on the Purchaser's ability to perform its obligations (including payment obligations) under the Murabaha Agreement and, in turn in respect of the Certificates.

Commodity Risk

Upon purchasing commodities from the Seller and prior to selling the commodities to an independent third party purchaser, the Purchaser will for a limited period assume the operational risks associated with taking ownership of the commodities. These risks include, without limitation, that:

- (a) the commodities may suffer damage of a nature that reduces their value whilst in storage or during transit;
- (b) the Purchaser's storage and/or transfer of the commodities may cause environmental damage, such as pollution, leakage or contamination, which may breach environmental laws or regulations making the Purchaser susceptible to legal or financial recourse;
- (c) the commodities may be liable to theft and or vandalism; and
- (d) the commodities may be damaged by terrorist attacks, natural disasters, fire or other catastrophic events that are beyond the control of the Purchaser.

To the extent that these risks are not mitigated, or fully covered, by any insurance taken out in respect of the commodities, the occurrence of any of these events may have a material adverse effect on the value of the commodities and/or the Purchaser's ability to on-sell the commodities which may, in turn, affect the Purchaser's ability to perform its obligations (including payment obligations) under the Murabaha Agreement and, in turn in respect of the Certificates.

Change of law

The structure of the Certificate issue is based on English law and administrative practices in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible change to English law or administrative practices after the date of this Prospectus and any such change could materially adversely impact the value of any Certificates affected by it.

Change of tax law

Statements in this Prospectus concerning the taxation of investors are of a general nature and are based upon current law and practice in the jurisdictions stated. Such law and practice is, in principle, subject to change, possibly with retrospective effect, and this could adversely affect investors.

In addition, any change in legislation or in practice in a relevant jurisdiction could adversely impact (i) the ability of the Issuer to service the Certificates and (ii) the market value of the Certificates.

Enforcement risk

Bahrain is a foreign sovereign state outside the United Kingdom, and a substantial portion of the assets of the Kingdom are located outside the United Kingdom. As a result, it may not be possible for investors to enforce against it in courts located in the United Kingdom judgments obtained courts located in the United Kingdom.

A substantial part of the Kingdom's assets are located in Bahrain. If the choice of law by the parties in relation to any applicable agreement relating to the transaction is English law, Bahrain's courts are likely to apply English law as the governing law of the transaction at the request of a party, provided that (i) the relevant provisions of English law are proved, as a matter of evidence, by the parties relying on it; and (ii) such provisions are not contrary to Bahraini public order or morality.

Ultimately, the payments under the Certificates are dependent upon the Kingdom making payments to the Issuer in the manner contemplated under the Transaction Documents. If the Kingdom fails to do so, it may be necessary to bring an action against it to enforce its obligations and/or to claim damages, as appropriate, which may be costly and time consuming.

The Kingdom has irrevocably agreed that the Declaration of Trust, the Agency Agreement, the Costs Undertaking, the Murabaha Agreement, the terms and conditions of the Certificates, and any non-contractual obligations arising out of, or in connection with, them are governed by, and shall be construed in accordance with, English law.

Any dispute in relation to the Declaration of Trust, the Agency Agreement, the Costs Undertaking, the Murabaha Agreement, the terms and conditions of the Certificates, and any non-contractual obligations arising out of or in connection with them, may be referred to arbitration in London, England under the London Court of International Arbitration Rules. However, before the arbitration tribunal has been constituted in respect of a claim asserted or brought by or against a Certificateholder, such Certificateholder may, by notice in writing to the Kingdom, require that the dispute may be referred to the courts of England (who shall have non-exclusive jurisdiction to settle any such dispute). In these circumstances, each party irrevocably agrees to submit to the non-exclusive jurisdiction of the courts of England. Notwithstanding that a judgment may be obtained in an English court, there is no assurance that the Kingdom has or would at the relevant time have assets in the United Kingdom against which such a judgment could be enforced.

Bahrain has ratified the 1958 New York Convention on the Recognition and Enforcement of Foreign Arbitral Awards, and the party seeking to enforce the arbitration award must supply the duly authenticated original or a duly certified copy of the award and the original or a duly certified copy of the arbitration agreement. Enforcement of the arbitration award may be refused at the request of the party against whom it is invoked, if that party furnishes to the competent authority, where the recognition and enforcement is sought, proof that:

- (i) the party to the agreement was, under the law applicable to it, under some incapacity, or the said agreement is not valid under the law to which the parties have subjected to or failing any indication thereon under the laws of Bahrain; or
- (ii) the party against whom the award is invoked was not given proper notice of the appointment of the arbitrator or of the arbitration proceedings or was otherwise unable to present his case; or
- (iii) the award deals with a dispute not contemplated by or not falling within the terms of the submission to arbitration or it contains decisions on matters beyond the scope of the submission to arbitration. Provided that the decision on matters submitted to arbitration can be separated from those not so submitted, only that part of the award which contains decisions on matters not submitted to arbitration may be set aside; or
- (iv) the composition of the arbitral authority or the arbitral procedure was not in accordance with the agreement of the parties or, failing such agreement, was not in accordance with the laws of the country where the arbitration took place; or

- (v) the award has not yet become binding on the parties, or has been set aside or suspended by a competent authority of the country in which, or under the laws of which, that award was made.

Recognition and enforcement of an arbitral award may also be refused if the competent authority in Bahrain finds that the subject matter of the dispute is not capable of settlement by arbitration under the laws of Bahrain or the recognition or enforcement of the award would be contrary to the public policy of Bahrain.

There is limited reciprocity between Bahrain and other countries in relation to the recognition and enforcement of judgments. Bahrain's courts may enforce a foreign court judgment without re-examining the merits of the claim, provided that:

- (i) such court enforces judgments and orders rendered in Bahrain;
- (ii) the courts of Bahrain did not have jurisdiction in the matter in respect of which the order or judgment has been made and it was made by a foreign court of competent jurisdiction under the jurisdiction rules or laws applied by such court;
- (iii) the parties had been served with due notice to attend and had been properly represented;
- (iv) the judgment was final in accordance with the law of the court making it; and
- (v) the judgment did not conflict with any previous decision of the Bahrain courts and did not involve any conflict with public order or morality in Bahrain.

As there has been no reciprocity between England and Bahrain, the courts of Bahrain are unlikely to enforce an English judgment without requesting that a fresh case is filed in the Bahrain courts which may lead to the possibility that the Bahrain courts may re-examine the merits of the claim although the Bahrain courts may also accept the English court judgment as evidence of a debt. The choice by the parties of English law as the governing law of the transaction will be recognised by the courts of Bahrain provided that the provisions thereof are (i) proved, as a matter of evidence, by the party relying on it and (ii) not contrary to Bahraini public order and morality.

Generally where provisions relating to interest payments are provided for in an agreement, the courts in Bahrain may give effect to such a provision so long as the agreement between the parties which provides for payment of interest is a commercial agreement relating to commercial activities.

Judicial precedents in Bahrain generally do not have binding effect on subsequent decisions except as a directive for decisions of the Constitutional Court. Although decisions rendered by the Court of Cassation do not have binding effect on lower courts, the present practice is for the lower courts to adhere to the precedents and principles laid down by the Court of Cassation. There is no formal system of reporting court decisions in Bahrain except for those decisions of the Court of Cassation and the Constitutional Court.

In addition, no document will be admitted in evidence in the Bahrain courts unless they are submitted in Arabic or accompanied by a duly authenticated Arabic translation approved by the official translator of the courts of Bahrain, which will be the official text.

Waiver of sovereign immunity

The Kingdom, to the extent permitted by law and subject as set out below, has irrevocably and unconditionally waived and agreed not to raise with respect to the Certificates any right to claim sovereign or other immunity from jurisdiction or execution and any similar defence, and to the extent permitted by law, irrevocably and unconditionally consents to the giving of any relief or the issue of any process, including, without limitation, the making, enforcement or execution against any property or assets whatsoever of any order or judgment made or given in connection with any proceedings. The Kingdom's waiver of sovereign immunity constitutes a limited and specific waiver for the purposes of the Certificates, and under no circumstances shall such waiver be interpreted as a general waiver by the Kingdom or a waiver of immunity in respect of: (a) property used by a diplomatic or consular mission of the Kingdom; (b) property of a military character and under the control of a military authority or defence agency of the Kingdom; or (c) property located in the Kingdom of Bahrain and dedicated to a public or governmental use (as distinct from property dedicated to a commercial use) by the Kingdom.

Investors should be aware that, pursuant to Article 251 of the Law of Civil and Commercial Procedure (Decree Law № (12) of 1971), state property may not be attached nor may execution be carried out against it, and in related proceeding

brought in the courts of Bahrain to enforce or seek recognition of a judgment or award obtained outside of Bahrain, the waiver of immunity would not be given effect to the extent that it violates Article 251.

Claims for specific enforcement

In the event that the Issuer and the Kingdom fails to perform its obligations under any Transaction Document, the potential remedies available to the Issuer and the Delegate (as the case may be) include obtaining an order for specific enforcement of the relevant obligations or a claim for damages. There is no assurance that any court would order specific performance of a contractual obligation.

The amount of damages, which a court may award in respect of a breach, will depend upon a number of possible factors including an obligation on the Issuer and the Certificateholders to mitigate any loss arising as a result of the breach. No assurance is provided on the level of damages which a court may award in the event of a failure by the Issuer to perform its obligations under the Transaction Documents.

Transfers of Certificates are restricted, which may adversely affect the value of the Certificates

The Certificates are being offered and sold pursuant to an exemption from registration under the Securities Act and applicable state securities laws of the United States. The Certificates have not been and will not be registered under the Securities Act or any United States state securities laws. Therefore the Certificates may not be transferred or sold in the United States except pursuant to an exemption from, or a transaction not subject to the registration requirements of the Securities Act and applicable United States state securities laws, or pursuant to an effective registration statement, and Certificateholders may be required to bear the risk of investment in the Certificates for an indefinite period of time. The Certificates contain provisions that restrict the Certificates from being offered, sold or otherwise transferred except pursuant to the exemptions available pursuant to Rule 144A and Regulation S, or other exceptions, under the Securities Act. Furthermore, the Certificates are not registered or qualified Certificates under any other country's securities laws. It is the obligation of each Certificateholder to ensure that its offers and sales of Certificates within the United States and other countries comply with applicable securities laws.

Risks related to the market generally

There is currently no secondary market for the Certificates and there may be limited liquidity for Certificateholders

There can be no assurance that a secondary market for the Certificates will develop or, if a secondary market does develop, that it will provide the Certificateholders with liquidity of investment or that it will continue for the life of the Certificates. Therefore, investors may not be able to sell their Certificates easily or at a price that will provide them with a yield comparable to similar interests that have a developed secondary market. The market value of the Certificates may fluctuate and a lack of liquidity, in particular, can have a severe adverse effect on the market value of the Certificates. Accordingly, the purchase of the Certificates is suitable only for investors who can bear the risks associated with a lack of liquidity in the Certificates and the financial and other risks associated with an investment in the Certificates.

There is no assurance that the Certificates will be Shari'a-compliant

The Shari'a Supervisory Committee of BNP Paribas, the Shariah Advisory Board of Citi Islamic Investment Bank E.C. and Sheikh Dr. Mohamed Ali Elgari, Sheikh Nizam Yaquby and Sheikh Dr. Walid ibn Hady, the Shari'a advisors of J.P. Morgan Securities plc have approved that the Certificates are Shari'a-compliant. However, there can be no assurance that the transaction structure or the issue and trading of the Certificates will be deemed to be Shari'a-compliant by any other Shari'a board or Shari'a scholar. None of the Issuer, the Kingdom or the Joint Lead Managers makes any representation as to the Shari'a compliance of the Certificates and potential investors are reminded that, as with any Shari'a views, differences in opinion are possible. Potential investors should obtain their own independent Shari'a advice as to the compliance of the structure and the issue and trading of the Certificates with Shari'a principles.

Exchange rate risks and exchange controls

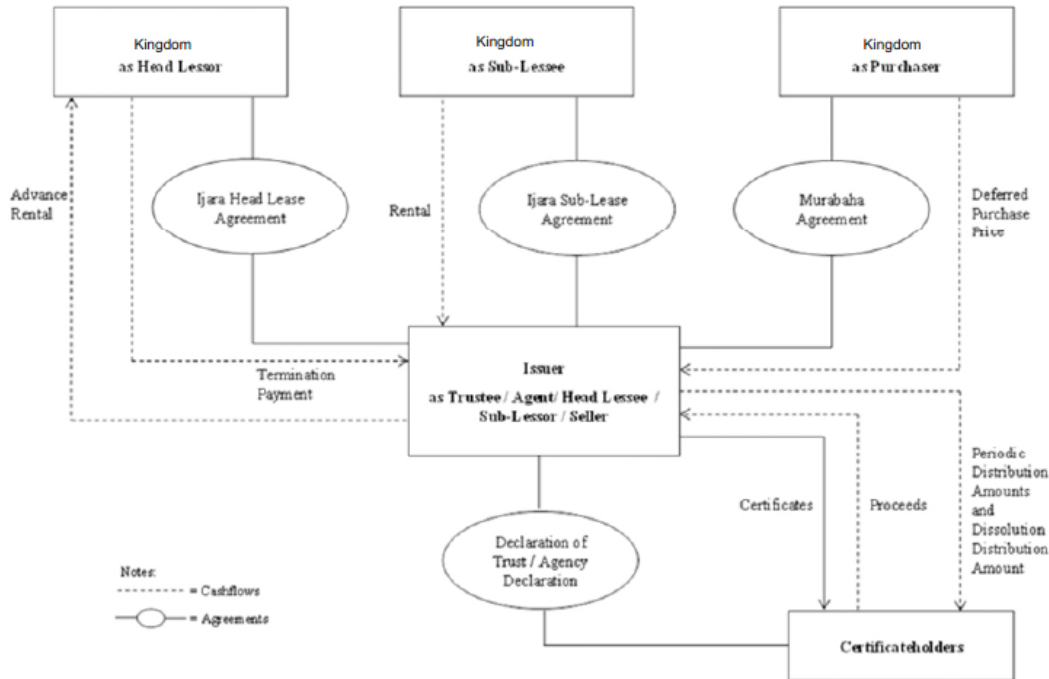

The Issuer will make payments to Certificateholders in U.S. Dollars. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than U.S. Dollars. These include the risk that exchange rates may significantly change (including changes due to devaluation of U.S. Dollars or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to U.S. Dollars would decrease (i) the Investor's Currency-equivalent yield on the Certificates, (ii) the Investor's Currency-equivalent value of the principal payable on the Certificates, and (iii) the Investor's Currency-equivalent market value of the Certificates.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Certificates. As a result, the payments received by investors may be adversely affected.

STRUCTURE DIAGRAM AND CASHFLOWS

Set out below is a simplified structure diagram and description of the principal cash flows underlying the transaction. Potential investors are referred to the “Terms and Conditions of the Certificates” and the detailed descriptions of the relevant Transaction Documents set out elsewhere in this Prospectus for a fuller description of certain cash flows and for an explanation of the meaning of certain capitalised terms used below.

Structure Diagram

Principal cash flows

Payments by the Certificateholders and the Issuer

On the Issue Date, the Certificateholders will pay the issue price in respect of the Certificates to the Issuer and the Issuer will use such proceeds of the issue of the Certificates (the “**Proceeds**”) to:

- acquire from the Kingdom, a 100 year leasehold interest in one or more land parcels which are earmarked for development (the “**Land Parcel**”), in consideration for the payment by the Issuer to the Kingdom on the Issue Date of an advance rental amount (the “**Advance Rental**”) which shall be not less than 51% of the Proceeds. Such head lease will be granted pursuant to the Ijara Head Lease Agreement (as defined herein); and
- acquire from a supplier (through a commodity agent) certain commodities, with a cost price (the “**Commodity Purchase Price**”) which shall not exceed 49% of the Proceeds, which the Issuer will on-sell to the Kingdom pursuant to the Murabaha Agreement in consideration for a deferred purchase price (the “**Deferred Purchase Price**”) to be paid by the Purchaser on the Scheduled Dissolution Date or otherwise in accordance with the Murabaha Agreement. The Deferred Purchase Price will be equal to the sum of (i) the Commodity Purchase Price and (ii) a profit amount (being an amount equal to 10% of the Commodity Purchase Price). The commodities will then be independently on-sold by the Kingdom to a supplier for an amount equal to the Commodity Purchase Price.

Periodic Distribution Payments

The Issuer will, with effect from the Issue Date, lease the Land Parcel to the Kingdom, acting as Sub-Lessee, for a lease term equal to the tenor of the Certificates in consideration for the payment by the Sub-Lessee to the Sub-Lessor of a periodic rental amount (the “**Rental**”) pursuant to the Ijara Sub-Lease Agreement. On each Periodic Distribution Date,

the Sub-Lessee will pay to the Sub-Lessor the Rental which is intended to be sufficient to fund the Periodic Distribution Amounts payable by the Issuer under the Certificates and shall be applied by the Issuer for that purpose.

Dissolution Payment

On the Scheduled Dissolution Date or any earlier date of redemption upon the enforcement following the occurrence of a Dissolution Event (as defined herein), the Dissolution Distribution Amount payable by the Issuer to the Certificateholders will be funded by the Kingdom paying to the Issuer:

- (a) a termination payment (the “**Termination Payment**”), being an amount equal to the outstanding face amount of the Certificates less the Deferred Purchase Price, payable as a result of the termination of the Ijara Head Lease Agreement upon such redemption;
- (b) the Deferred Purchase Price, which will become immediately due and payable under the Murabaha Agreement; and
- (c) any accrued and unpaid Rental under the Ijara Sub-Lease Agreement.

TERMS AND CONDITIONS OF THE CERTIFICATES

The following is the text of the terms and conditions of the Certificates which will be endorsed on each Certificate in definitive form (if issued) and incorporated by reference into the Global Certificates issued in respect of the Certificates.

The U.S.\$850,000,000 trust certificates due 20 March 2025 (the “**Certificates**”) will be issued by CBB International Sukuk Company 6 S.P.C. (the “**Issuer**”) on 20 September 2017 (the “**Issue Date**”) and represent an undivided ownership interest in the Trust Assets (as defined in Condition 5.1) held on trust (the “**Trust**”) by the Issuer in its capacity as trustee (the “**Trustee**”) for and on behalf of the holders of such Certificates (the “**Certificateholders**”) pursuant to a declaration of trust (the “**Declaration of Trust**”) dated on or about the Issue Date made between the Issuer, the Trustee, the Kingdom of Bahrain, acting through the Ministry of Finance (the “**Kingdom**”), and The Law Debenture Trust Corporation p.l.c. as the delegate of the Issuer (the “**Delegate**”, which expression shall include all persons for the time being the delegate or delegates under the Declaration of Trust).

Pursuant to an agency declaration (the “**Agency Declaration**”) dated on or about the Issue Date, the Issuer will act as agent (the “**Sukuk Agent**”) for and on behalf of the Certificateholders and The Law Debenture Trust Corporation p.l.c. will act as a co-agent for and on behalf of Certificateholders (the “**Co-Sukuk Agent**”). Each Certificateholder by its acquisition and holding of its interest in a Certificate agrees to the appointment of each of the Sukuk Agent and the Co-Sukuk Agent as its agent pursuant to the terms of the Agency Declaration.

In these Conditions, each reference to the Issuer shall be construed as including references to the Trustee and/or the Sukuk Agent as the context so requires.

Payments relating to the Certificates will be made pursuant to an agency agreement (the “**Agency Agreement**”) dated on or about the Issue Date made between the Issuer, the Delegate, Citibank, N.A., London Branch as principal paying agent (in such capacity, the “**Principal Paying Agent**” and, together with and any further or other paying agents appointed from time-to-time in respect of the Certificates, the “**Paying Agents**”) and as transfer agent (in such capacity, the “**Transfer Agent**”) and Citigroup Global Markets Deutschland A.G. as registrar (in such capacity, the “**Registrar**”). The Paying Agents, the Registrar and the Transfer Agents are together referred to in these Conditions as the “**Agents**”. References to the Agents or any of them shall include their successors.

The Kingdom will execute a costs undertaking (the “**Costs Undertaking**”) on or about the Issue Date in favour of, *inter alia*, the Issuer, the Delegate, the Co-Sukuk Agent and each Agent.

These Conditions include summaries of, and are subject to, the detailed provisions of the Transaction Documents (as defined in Condition 5.1). In these Conditions, words and expressions defined and rules of construction and interpretation set out in the Declaration of Trust shall, unless defined herein or the context otherwise requires, have the same meanings herein. Copies of the Transaction Documents are available for inspection and/or collection during normal business hours at the specified offices of the Principal Paying Agent. The Certificateholders are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Transaction Documents.

Each initial Certificateholder, by its acquisition and holding of its interest in a Certificate, shall be deemed to authorise and direct the Issuer (including in its capacities as trustee and sukuk agent for and on behalf of the Certificateholders), (i) to apply the sums paid by it in respect of the Certificates in the following proportion: (A) no less than 51% to the Kingdom as the Advance Rental for the lease of the Land Parcel (as defined in Condition 5.1), and (B) the remaining of not more than 49% for the purchase and the subsequent sale of commodities to the Kingdom pursuant to the Murabaha Agreement (as defined in Condition 5.1), and (ii) to enter into each Transaction Document to which it is a party, subject to the provisions of the Declaration of Trust and these Conditions.

1. Form, Denomination and Title

1.1 Form and denomination

The Certificates are issued in registered form in face amounts of U.S.\$200,000 and integral multiples of U.S.\$1,000 in excess thereof (an “authorised denomination”).

Each Certificate in definitive form will be numbered serially with an identifying number which will be recorded on the relevant Certificate and in the register of Certificateholders (the “**Register**”).

1.2 **Title**

Title to the Certificates passes only by registration in the Register kept by the Registrar. The holder (as defined below) of any Certificate will (except as otherwise required by law or as ordered by a court of competent jurisdiction) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any interest or any writing on, or the theft or loss of, the physical Certificate representing such Certificates) and no person will be liable for so treating the holder of any Certificates. In these Conditions, "Certificateholder" and (in relation to a Certificate) "holder" have the further meanings given thereto in the Declaration of Trust.

2. **Registration and Transfer of Certificates**

2.1 **Registration**

The Issuer will cause the Register to be kept at the specified office of the Registrar on which will be entered the names and addresses of the holders of the Certificates and the particulars of the Certificates held by them and of all transfers and redemption of the Certificates.

2.2 **Transfers**

Certificates may, subject to the terms of the Agency Agreement and to Conditions 2.3 and 2.4, be transferred in whole or in part in an authorised denomination by lodging the relevant Certificate in definitive form (with the form of application for transfer in respect thereof duly executed and duly stamped where applicable) at the specified office of the Registrar or any Transfer Agent.

No transfer of a Certificate will be valid unless and until entered on the Register. A Certificate may be registered only in the name of, and transferred only to, a named person (or persons, not exceeding four in number).

The Registrar will within seven business days (as defined in Condition 8), in respect of any duly made application for the transfer of a Certificate, deliver a new Certificate in definitive form to the transferee (and in the case of a transfer of part only of a Certificate) deliver a Certificate in definitive form for the untransferred balance to the transferor) at the specified office of the Registrar or (at the risk of, if mailed at the request of, the transferee or, as the case may be, the transferor otherwise than by ordinary mail, at the expense of the transferee or, as the case may be, the transferor) mail the Certificate in definitive form by uninsured mail to such address as the transferee or, as the case may be, the transferor may request.

2.3 **Formalities free of charge**

Such transfer will be effected without charge subject to (i) the person making such application for transfer paying or procuring the payment of any taxes, duties and other governmental charges in connection therewith, (ii) the Registrar being satisfied with the documents of title and/or identity of the person making the application and (iii) the regulations referred to in Condition 2.5.

2.4 **Closed periods**

Neither the Issuer nor the Registrar will be required to register the transfer of any Certificate (or part thereof) (i) during the period of 15 days ending on and including the day immediately prior to the Scheduled Dissolution Date or (ii) during the period of 15 days ending on (and including) any Record Date (as defined in Condition 8) in respect of any payment of Periodic Distribution Amounts in respect of the Certificates.

2.5 **Regulation**

All transfers of Certificates and entries on the Register will be made subject to the detailed regulations concerning transfers of Certificates scheduled to the Agency Agreement. The regulations may be changed by the Issuer, with the prior written approval of the Registrar and the Delegate. A copy of the current regulations will be made available by the Registrar to any Certificateholder who requests in writing a copy of such regulations.

3. Status, Limited Recourse And Non-Petition

3.1 Status

Each Certificate evidences an undivided ownership interest in the Trust Assets, subject to the terms of the Declaration of Trust and these Conditions, and is a limited recourse obligation of the Issuer. Each Certificate ranks *pari passu*, without any preference or priority, with the other Certificates.

The payment obligations of the Kingdom (acting in any capacity) under the Transaction Documents are (subject to Condition 4) direct, unconditional and unsecured obligations of the Kingdom which rank pari passu, without any preference among themselves and, subject as aforesaid, with all other outstanding present and future unsecured and unsubordinated obligations of the Kingdom (save for such exceptions as may be provided by applicable legislation and subject to Condition 4).

3.2 Limited Recourse and Non-Petition

The proceeds of the Trust Assets are the sole source of payments in respect of the Certificates. Save as provided in the next sentence, the Certificates do not represent an interest in or obligation of any of the Issuer, the Kingdom (acting in any capacity under the Transaction Documents), the Delegate, the Co-Sukuk Agent or any Agent. Accordingly, Certificateholders, by subscribing for or acquiring the Certificates, acknowledge that they will have no recourse to any assets of the Issuer (other than the Trust Assets), the Kingdom (to the extent that the Kingdom fulfils all of its obligations under the Transaction Documents to which it is a party), the Delegate or the Co-Sukuk Agent in respect of any shortfall in the expected amounts from the Trust Assets to the extent the Trust Assets have been exhausted, following which all obligations of the Issuer shall be extinguished.

The Kingdom (acting in all capacities under the Transaction Documents) is obliged to make certain payments under the Transaction Documents directly to the Issuer and the Delegate and/or the Co-Sukuk Agent, as the case may be, will have direct recourse against the Kingdom to recover such payments in accordance with the Transaction Documents.

The net proceeds of realisation of, or enforcement with respect to, the Trust Assets may not be sufficient to make all payments due in respect of the Certificates. If, following the distribution of such proceeds, there remains a shortfall in payments due under the Certificates, subject to Condition 14, no holder of Certificates will have any claim against the Issuer (to the extent the Trust Assets have been exhausted), the Kingdom (acting in any capacity under the Transaction Documents and to the extent that the Kingdom fulfils all of its obligations under the Transaction Documents to which it is a party), the Delegate or the Co-Sukuk Agent or against any assets (other than the Trust Assets to the extent not exhausted) in respect of such shortfall and any unsatisfied claims of Certificateholders shall be extinguished.

The Issuer, the Delegate, the Co-Sukuk Agent and the Certificateholders shall only be entitled to deal with the Trust Assets as expressly permitted by the Transaction Documents and the sole right of the Delegate, the Co-Sukuk Agent and the Certificateholders against the Issuer or the Kingdom shall be to enforce their respective obligations under the Transaction Documents.

Certificateholders will not be able to institute against, or join with any other person in instituting against, the Issuer any bankruptcy, reorganisation, arrangement or liquidation proceedings or other proceedings under any bankruptcy or similar law.

3.3 Agreement of Certificateholders

By purchasing Certificates, each Certificateholder is deemed to have agreed that notwithstanding anything to the contrary contained in these Conditions or any Transaction Document:

- (a) no amount whatsoever shall be due and payable by or on behalf of the Issuer except to the extent funds are available therefor from the Trust Assets and further agrees that no recourse shall be had for the payment of any amount owing hereunder or under any Transaction Document, whether for the payment of any fee or other amount hereunder or any other obligation or claim arising out of or based upon any Transaction Document, against the Issuer to the extent the Trust Assets have been exhausted following which all obligations of the Issuer and the Trustee shall be extinguished; and

- (b) no recourse (whether by institution or enforcement of any legal proceeding or assessment or otherwise) in respect of any breaches of any duty, obligation or undertaking of the Issuer arising under these Conditions or otherwise in connection with the Certificates by virtue of any law, statute or otherwise shall be had against any officer or director of the Issuer in their capacity as such and any and all personal liability of every such officer or director in their capacity as such for any breaches by the Issuer of any such duty, obligation or undertaking is hereby expressly waived and excluded to the extent permitted by law.

4. Negative Pledge

Pursuant to the Ijara Sub-Lease Agreement, the Kingdom has undertaken that, so long as any Certificate remains outstanding (as defined in the Declaration of Trust), the Kingdom will not create, or have outstanding, any mortgage, charge, lien, pledge or other security interest, upon the whole or any part of its present or future undertaking, assets or revenues to secure any Relevant Indebtedness, or any guarantee or indemnity in respect of any Relevant Indebtedness, without at the same time or prior thereto according to the Kingdom's obligations under the Ijara Head Lease Agreement, Ijara Sub-Lease Agreement and the Murabaha Agreement equally and rateably therewith the same security as is created or subsisting to secure any such Relevant Indebtedness, guarantee or indemnity or such other security as shall be approved by an Extraordinary Resolution (as defined in the Declaration of Trust) of the Certificateholders. For the avoidance of any doubt, the right of holders of Shari'a-compliant certificates to require the issuer thereof to sell the relevant underlying asset(s) to the Kingdom (or any person on its behalf) following a default thereunder, however described, shall not of itself comprise a security interest for the purposes of the foregoing.

In these Conditions, "**Relevant Indebtedness**" means (i) any present or future indebtedness which is in the form of, or represented or evidenced by, bonds, debentures, notes or other similar instruments; or (ii) any present or future obligations (whether incurred as principal or surety and including, for the avoidance of doubt, any such obligation which is (or is intended to be) in compliance with the principles of Shari'a) in respect of monies borrowed or raised (whether or not evidenced by bonds, debentures, notes or other similar instruments (including Shari'a-compliant certificates)) which, in each case, for the time being are, or are capable of being, quoted, listed or dealt in or traded on any stock exchange or over-the-counter or other securities market and are denominated or payable, or which at the option of the relevant holder thereof may be payable, in a currency other than the lawful currency of Bahrain.

5. Trust

5.1 Summary of the Trust

The Issuer (in such capacity, the "**Head Lessee**") will enter into an ijara head lease agreement (the "**Ijara Head Lease Agreement**") on or about the Issue Date with the Kingdom (in such capacity, the Head Lessor). Pursuant to the Ijara Head Lease Agreement, the Head Lessee will acquire a 100 year leasehold interest in one or more land parcels (the "**Land Parcel**"). The Issuer (in such capacity, the "**Sub-Lessor**") will sub-lease the Land Parcel for a term of seven years and six months to the Kingdom (in such capacity, the Sub-Lessee) for the payment by the Sub-Lessee to the Sub-Lessor of a periodic rental amount (the "**Rental**") pursuant to an ijara sub-lease agreement (the "**Ijara Sub-Lease Agreement**") dated on or about the Issue Date.

The Issuer will purchase certain commodities from a supplier (through a commodity agent), which the Issuer (in such capacity, the "Seller") will on-sell to the Kingdom (in such capacity, the "Purchaser") for a deferred purchase price (the "Deferred Purchase Price") pursuant to a murabaha agreement (the "Murabaha Agreement") dated on or about the Issue Date.

The Issuer has established a transaction account (the "**Transaction Account**") in the name of the Issuer with the Principal Paying Agent into which the Kingdom (acting in all its capacities under the Transaction Documents) will deposit all amounts due to the Issuer under the Transaction Documents.

Pursuant to the Declaration of Trust, the Issuer holds certain assets (the "**Trust Assets**") consisting of:

- (a) all of the Issuer's rights, title, interest and benefit, present and future, in, to and under the Land Parcel;
- (b) all of the Issuer's rights, title, interest and benefit, present and future, in, to and under the Transaction Documents;

- (c) all monies standing to the credit of the Transaction Account from time-to-time; and
- (d) all proceeds of the foregoing,

on trust absolutely for the holders of the Certificates pro rata according to the face amount of Certificates held by each holder in accordance with the terms of the Declaration of Trust and these Conditions.

The Ijara Head Lease Agreement, the Ijara Sub-Lease Agreement, the Murabaha Agreement (together with all other agreements, offers, acceptances and confirmations entered into or delivered, as the case may be, in connection therewith), the Declaration of Trust, the Agency Declaration, the Costs Undertaking and the Agency Agreement are together referred to in these Conditions as the “Transaction Documents”.

5.2 Application of Proceeds from Trust Assets

On each Periodic Distribution Date and on any Dissolution Date (as defined in Condition 9.1), the Principal Paying Agent shall apply the monies standing to the credit of the Transaction in the following order of priority:

- (a) *first*, to the Delegate and the Co-Sukuk Agent in respect of all amounts owing to each of them under the Transaction Documents in their capacities as Delegate and Co-Sukuk Agent, respectively;
- (b) *second*, to the Principal Paying Agent for application in or towards payment *pari passu* and rateably of all Periodic Distribution Amounts due and unpaid;
- (c) *third*, only if such payment is made on a Dissolution Date, to the Principal Paying Agent for application in or towards payment *pari passu* and rateably of the Dissolution Distribution Amount;
- (d) *fourth*, only if such payment is made on a Dissolution Date, to the Kingdom.

6. Covenants

The Issuer covenants that for so long as any Certificate is outstanding, it shall not:

- (a) incur any indebtedness in respect of borrowed money whatsoever (including by way of any analogous Islamic financing transaction), or give any guarantee or indemnity in respect of any obligation of any person or issue any shares (or rights, warrants or options in respect of shares or securities convertible into or exchangeable for shares) other than those in issue as at the Issue Date except, in all cases, as contemplated in the Transaction Documents;
- (b) secure any of its present or future indebtedness for borrowed money by any lien, pledge, charge or other security interest upon any of its present or future assets, properties or revenues (other than those arising by operation of law);
- (c) sell, lease, transfer, assign, participate, exchange or otherwise dispose of, or pledge, mortgage, hypothecate or otherwise encumber (by security interest, lien (statutory or otherwise), preference, priority or other security agreement or preferential arrangement of any kind or nature whatsoever or otherwise) (or permit such to occur or suffer such to exist), any part of (i) its title to the Land Parcel or any interest therein except pursuant to the Ijara Sub-Lease Agreement or as otherwise contemplated in the Transaction Documents or (ii) its interests in any of the other Trust Assets except pursuant to the Transaction Documents;
- (d) use the proceeds of the Certificates for any purpose other than as stated in the Transaction Documents;
- (e) (except as contemplated in the Transaction Documents) amend or agree to any amendment of any Transaction Document to which it is a party or its Memorandum and Articles of Association, or enter into any other agreement; provided that if, in the opinion of the Issuer, any such amendment may introduce into any Transaction Document or the Issuer’s Memorandum and Articles of Association an element incompatible with Shari’a principles, the Issuer may only agree to such amendment with the prior consent of Certificateholders holding at least 51% of the face amount of the Certificates then outstanding;

- (f) exercise its option (described in Condition 8.2) under the Ijara Sub-Lease Agreement except in its capacity as Trustee or Agent;
- (g) (except as contemplated in the Transaction Documents) act as trustee in respect of any trust other than the Trust or in respect of any parties other than the Certificateholders;
- (h) have any subsidiaries or employees;
- (i) redeem or purchase any of its shares or pay any dividend or make any other distribution to its shareholders;
- (j) put to its directors or shareholders any resolution for or appoint any liquidator for its winding up or any resolution for the commencement of any other bankruptcy or insolvency proceeding with respect to it; and
- (k) enter into any contract, transaction, amendment, obligation or liability other than the Transaction Documents to which it is a party or as expressly permitted or required thereunder or engage in any business or activity other than:
 - (i) as provided for or permitted in the Transaction Documents;
 - (ii) the ownership, management and disposal of the Trust Assets as provided in the Transaction Documents; and
 - (iii) such other matters which are incidental thereto.

7. Periodic Distributions

7.1 Periodic Distribution Amounts and Periodic Distribution Dates

Subject to Conditions 5.2 and 8, the Principal Paying Agent shall distribute to holders of the Certificates, *pro rata* to their respective holdings, out of amounts transferred to the Transaction Account, a distribution in relation to the Certificates on each Periodic Distribution Date equal to the applicable Periodic Distribution Amount. The “**Periodic Distribution Amount**” payable on each Periodic Distribution Date shall be U.S.\$26.25 per U.S.\$1,000 in face amount of the Certificates. For this purpose, “**Periodic Distribution Date**” means each of 20 March and 20 September in each year commencing on 20 March 2018 and, subject to Condition 7.3, ending on the Scheduled Dissolution Date (as defined below).

7.2 Calculation of Periodic Distribution Amounts payable other than on a Periodic Distribution Date

If a Periodic Distribution Amount is required to be calculated in respect of a period of less than a full Return Accumulation Period (the “**Relevant Period**”), the Periodic Distribution Amount shall be calculated by applying the rate of 5.25% *per annum* to the face amount of the Certificates and multiplying such sum by the Day Count Fraction, and rounding the resultant figure to the nearest cent, half a cent being rounded upwards or otherwise in accordance with applicable market convention.

For these purposes, “**Day Count Fraction**” means, in respect of the calculation of a Periodic Distribution Amount in relation to the Certificates in accordance with this Condition 7.2, the number of days in the period from (and including) the most recent Periodic Distribution Date to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with twelve 30-day months) divided by 360.

The period from and including the Issue Date to but excluding the first Periodic Distribution Date and each successive period from and including a Periodic Distribution Date to but excluding the next succeeding Periodic Distribution Date is called a “**Return Accumulation Period**”.

7.3 Cessation of Accrual

No further amounts will be payable on any Certificate from and including its due date for redemption, unless default is made in payment of the Dissolution Distribution Amount in which case Periodic Distribution Amounts will continue to accrue in respect of the Certificates in the manner provided in this Condition 7.

8. Payments

8.1 Payments in respect of the Certificates

Payment of the Dissolution Distribution Amount other than on a Periodic Distribution Date will be made to the persons shown in the Register at the close of business on the Record Date, subject to the surrender of the relevant Certificate at the specified office of any Paying Agent. Payments of any Periodic Distribution Amounts due on a Periodic Distribution Date will be made to the persons shown in the Register at close of business on the Record Date. For this purpose, “**Record Date**” means the 15th business day, in New York City and the place of the specified office of the Registrar, before the due date for the relevant payment. Each such payment will be made by transfer to a U.S.\$ account maintained by the payee with a bank in New York City.

8.2 Payments subject to Applicable Laws

All payments are subject in all cases to any applicable fiscal or other laws and regulations, but without prejudice to the provisions of Condition 10. No commissions or expenses shall be charged to the Certificateholders in respect of such payments.

8.3 Delay in Payment

Certificateholders will not be entitled to any payment for any delay after the due date in receiving the amount due as a result of the due date not being a business day. In these Conditions, “**business day**” means a day on which commercial banks and foreign exchange markets are open in the relevant city and (where such surrender is required by these Conditions) in the place of the specified office of the relevant Paying Agent to whom the relevant Certificate is surrendered.

8.4 Agents

The names of the initial Agents and their initial specified offices are set out at the end of these Conditions. The Issuer reserves the right at any time, with the prior written approval of the Delegate to vary or terminate the appointment of any Agent and to appoint additional or other Agents provided that (a) it will at all times maintain a Principal Paying Agent and a Registrar (which may be the same entity); and (b) there will at all times be a Paying Agent in a jurisdiction within Europe. Notice of any termination or appointment and of any changes in specified offices will be given to Certificateholders by the Issuer in accordance with Condition 16 and the Agency Agreement.

In acting under the Agency Agreement and in connection with the Certificates, the Agents act solely as agents of the Issuer and (to the extent provided therein) the Delegate and do not assume any obligations towards or relationship of agency or trust for or with any of the Certificateholders.

9. Capital Distributions of the Trust

9.1 Scheduled Dissolution

Unless the Certificates are previously redeemed or purchased and cancelled, the Issuer will redeem each Certificate at the Dissolution Distribution Amount on the Periodic Distribution Date falling on 20 March 2025 (the “**Scheduled Dissolution Date**”). Upon payment in full of the Dissolution Distribution Amount to the Certificateholders, the Trust will terminate, the Certificates shall cease to represent interests in the Trust Assets and no further amounts shall be payable in respect thereof and the Issuer shall have no further obligations in respect thereof.

In these Conditions, “**Dissolution Date**” means any of the Scheduled Dissolution Date and any date specified by the Delegate in accordance with Condition 13 and “**Dissolution Distribution Amount**”, in relation to a Certificate, means its outstanding face amount plus all accrued and unpaid Periodic Distribution Amounts in respect of such Certificate.

9.2 Dissolution Following a Dissolution Event

Upon the occurrence of a Dissolution Event (as defined in Condition 13) which is continuing, the Certificates may be redeemed at the Dissolution Distribution Amount and the Trust dissolved as more particularly specified in Condition 13.

9.3 **No other Dissolution**

The Issuer shall not be entitled to redeem the Certificates or dissolve the Trust, otherwise than as provided in this Condition 9, Condition 12 and Condition 13.

9.4 **Cancellations**

All Certificates which are redeemed will forthwith be cancelled and accordingly may not be held, reissued or resold.

10. **Taxation**

All payments in respect of the Certificates shall be made free and clear of, and without withholding or deduction for or on account of, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of Bahrain or any political sub-division or authority therein or thereof having power to tax, unless such withholding or deduction is required by law. In that event the Issuer shall pay such additional amounts as will result in receipt by the Certificateholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable in respect of any Certificate:

- (a) to a holder, or to a third party on behalf of a holder, if such holder is liable to such taxes, duties, assessments or governmental charges in respect of such Certificate by reason of his having some connection with Bahrain other than the mere holding of the Certificate; or
- (b) surrendered (where surrender is required) for payment more than 30 days after the Relevant Date except to the extent that the holder of it would have been entitled to such additional amounts on surrender of such Certificate for payment on the last day of such period of 30 days.

In this Condition, “**Relevant Date**” means whichever is the later of (i) the date on which such payment first becomes due and (ii) if the full amount payable has not been received by the Principal Payment Agent, the Delegate or the Co-Sukuk Agent on or prior to such due date, the date on which, the full amount having been so received, notice to that effect shall have been given to the Certificateholders. In these Conditions, references to the Dissolution Distribution Amount or any Periodic Distribution Amount payable in respect of a Certificate shall be deemed to include any additional amounts which may be payable under this Condition.

The Ijara Head Lease Agreement, the Ijara Sub-Lease Agreement and the Murabaha Agreement each provide that payments thereunder by the Kingdom (acting in the relevant capacity) shall be made free and clear of, and without withholding or deduction for or on account of, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within Bahrain or any political subdivision thereof or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law and, in that event, provide for the payment by the Kingdom (acting in the relevant capacity) of additional amounts as will result in receipt by the Issuer of such amounts as would have been received by it had no such withholding or deduction been required. Further, the Ijara Sub-Lease Agreement provides that, if the Issuer is required to make any payment under the Certificates after deduction or withholding for any taxes as required by applicable law, the Kingdom (in its capacity as Sub-Lessee) will pay to the Issuer on demand an additional amount of Rental to enable the Issuer to pay such additional amounts to the Certificateholders as will result in receipt by the Certificateholders of such amounts as would have been received by them had no such withholding or deduction been required.

11. **Prescription**

The right to receive distributions in respect of the Certificates will be forfeited unless claimed within periods of ten years (in the case of the Dissolution Distribution Amount) and five years (in the case of Periodic Distributions Amount from the appropriate Relevant Date in respect thereof, subject to the provisions of Condition 8.

12. **Purchase of Certificates**

The Issuer or the Kingdom may at any time purchase Certificates in any manner and at any price. Any such Certificates purchased by or on behalf of the Issuer or the Kingdom may, at the option of the Kingdom, be surrendered for cancellation by surrendering the relevant Certificate to the Registrar. Such Certificates so purchased while held by or on behalf of the Issuer or the Kingdom, as the case may be, shall not entitle the

holder to vote at any meetings of the Certificateholders and shall not be deemed to be outstanding for the purposes of calculating quorums at meetings of the Certificateholders or for the purposes of Conditions 13 and 14.

13. **Dissolution Events**

Upon the occurrence of any of the following events ("**Dissolution Events**"):

- (a) a default is made for more than 14 days in the payment of any Periodic Distribution Amount on the due date for payment thereof or default is made for more than 7 days in the payment of the Dissolution Distribution Amount on the due date for payment thereof;
- (b) the Issuer defaults in performance or observance of or compliance with any of its other obligations or undertakings in respect of the Certificates and/or the Transaction Documents to which it is a party and either such default is not capable of remedy or such default (if capable of remedy) is not remedied within 30 days after written notice of such default shall have been given to the Issuer by or on behalf of the Delegate;
- (c) a Kingdom Event occurs;
- (d) the Issuer repudiates any Transaction Document to which it is a party or does or causes to be done any act or thing evidencing an intention to repudiate any Transaction Document to which it is a party; or
- (e) at any time it is or will become unlawful for the Issuer to perform or comply with any of its obligations under the Transaction Documents or any of the obligations of the Issuer under the Transaction Documents are not or cease to be legal, valid, binding and enforceable, the Delegate shall promptly, following it becoming aware thereof, give notice of the occurrence of such Dissolution Event to the holders of Certificates in accordance with Condition 16 with a request to such holders to indicate if they wish the Certificates to be redeemed and the Trust to be dissolved. If so directed or requested to do so in writing or by an Extraordinary Resolution, by the holders of, not less than 25% of the aggregate face amount of the Certificates then outstanding (each, a "**Dissolution Notice**"), the Delegate shall (subject in each case to being indemnified and/or secured and/or prefunded to its satisfaction) give notice to the Issuer, the Kingdom and all the holders of the Certificates in accordance with Condition 16 that the Certificates are to be redeemed in full at the Dissolution Distribution Amount on the date specified in such notice. Upon payment in full of such amounts, the Trust will terminate, the Certificates shall cease to represent the Trust Assets and no further amounts shall be payable in respect thereof and the Issuer and the Trustee shall have no further obligations in respect thereof. For the avoidance of doubt, pursuant to the Declaration of Trust, the Delegate is not obliged to monitor whether a Dissolution Event or a Kingdom Event has occurred and is entitled to assume, in the absence of written notice from the Issuer to the contrary, that no Dissolution Event or Kingdom Event has occurred,

As set out in the Ijara Sub-Lease Agreement, each of the following events or circumstances shall constitute a "**Kingdom Event**":

- (a) *default is made by the Kingdom in the payment of any amount payable by it pursuant to any Transaction Document to which it is a party and the failure continues for a period of 14 days; or*
- (b) *the Kingdom defaults in performance or observance of or compliance with any of its other obligations or undertakings in respect of the Transaction Documents and either such default is not capable of remedy or such default (if capable of remedy) is not remedied within 30 days after service by the Delegate on the Kingdom of written notice requiring the same to be remedied; or*
- (c) *any Relevant Indebtedness of the Kingdom shall become due and payable prior to the stated maturity thereof following a default or any security therefor becomes enforceable or the Kingdom fails to make repayment of any such Relevant Indebtedness at the maturity thereof or at the expiration of any grace period originally applicable thereto or any guarantee of any Relevant Indebtedness of any other person shall not be honoured when due and called*

upon and, in any such case, the amount of the Relevant Indebtedness shall be greater than U.S.\$30,000,000 (or its equivalent in any other currency or currencies); or

- (d) if a moratorium is declared on the payment of all or any Relevant Indebtedness of the Kingdom, or the Kingdom repudiates all or any of its Relevant Indebtedness or is, or admits that it is, unable to pay all or any of its Relevant Indebtedness as it falls due, or the Kingdom commences negotiations or proceedings with a view to the general adjustment of all or any of its Relevant Indebtedness; or*
- (e) (i) the validity of any of the Transaction Documents is contested by the Kingdom or the Kingdom shall deny any of its obligations under the Transaction Documents or as a result of any change in, or amendment to, the laws or regulations in Bahrain, which change or amendment takes place after 18 September 2017, (ii) it becomes unlawful for the Kingdom to perform or comply with any of its obligations under or in respect of any of the Transaction Documents or (iii) any of such obligations becomes unenforceable or invalid; or*
- (f) Bahrain ceases to be a member of the IMF or eligible to use the general resources of the IMF pursuant to Article 26 of the IMF Articles of Agreement; or*
- (g) there is, or there will be, a compulsory acquisition, confiscation or expropriation of all or any part of the Land Parcel by a governmental authority which, in any such case, renders the head lease granted in the Ijara Head Lease Agreement and/or the sub-lease granted in the Ijara Sub-Lease Agreement null and void; or*
- (h) the Issuer ceases to be wholly owned by the Central Bank of Bahrain.*

In this Condition, “**IMF**” means the International Monetary Fund or any of its successor entities.

14. Enforcement and Exercise of Rights

- 14.1 Following the distribution in full of the proceeds of the Trust Assets in respect of the Certificates to the Certificateholders in accordance with these Conditions and the Declaration of Trust, the Issuer shall not be liable for any further sums and, accordingly, Certificateholders may not take any action against the Issuer or any other person to recover any such sum in respect of the Certificates or Trust Assets.
- 14.2 The Delegate shall not be bound in any circumstances to take any action to enforce or to realise the Trust Assets or take any action, step or proceedings against the Issuer and/or the Kingdom under any Transaction Document unless directed or requested to do so by a Dissolution Notice and only then if it shall be indemnified and/or secured and/or prefunded to its satisfaction against all liabilities to which it may thereby render itself liable or which it may incur by so doing.
- 14.3 No Certificateholder shall be entitled to proceed directly against the Issuer or the Kingdom unless the Delegate, having become bound so to proceed, fails to do so within a reasonable period of becoming so bound and such failure is continuing. The Delegate and the Certificateholders shall only be entitled to deal with the Trust Assets as expressly permitted by the Transaction Documents and the sole right of the Trustee, the Delegate and the Certificateholders against the Issuer or the Kingdom shall be to enforce their respective obligations under the Transaction Documents to which they are a party.
- 14.4 The foregoing paragraphs in this Condition are subject to this paragraph. After enforcing or realising the Trust Assets and distributing the proceeds of the Trust Assets in accordance with Condition 5.2 and the Declaration of Trust, the obligations of the Issuer in respect of the Certificates shall be satisfied and no Certificateholders may take any further steps against the Issuer, the Delegate or any other person to recover any further sums in respect of the Certificates and the right to receive any sums unpaid shall be extinguished.

In these Conditions, “**Delegate**” shall be construed as including a reference to the Co-Sukuk Agent and “**Trust Asset**” shall be construed as including a reference to the Specified Asset, in each case, as the context so requires in accordance with these Conditions, the Declaration of Trust and the Agency Declaration.

15. Replacement of Certificates

Should any Certificate be lost, stolen, mutilated, defaced or destroyed it may be replaced at the specified office of the relevant Registrar subject to all applicable laws and stock exchange or other relevant authority requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may require (provided that the requirement is reasonable in light of prevailing market practice). Mutilated or defaced Certificates must be surrendered before replacements will be issued.

16. Notices

Notices to Certificateholders will be sent to them by first class mail (airmail if overseas) at their respective addresses on the Register, and will be deemed to have been given on the second weekday (being a day other than a Saturday or a Sunday) after the date of mailing. In addition, the Issuer shall also ensure that notices are duly given or published in a manner which complies with the rules and regulations of any listing authority, stock exchange and/or quotation system (if any) by which the Certificates have then been admitted to listing, trading and/or quotation.

17. Meetings of Certificateholders; Written Resolutions

17.1 Convening Meetings of Certificateholders; Conduct of Meetings of Certificateholders; Written Resolutions

- (a) The Issuer, the Kingdom or the Delegate may convene a meeting of the Certificateholders at any time in respect of the Certificates in accordance with the Declaration of Trust. The Issuer, the Kingdom or the Delegate, as the case may be, will determine the time and place of the meeting, provided that, in the case of a meeting convened by the Issuer or the Kingdom, the time and place of such meeting shall be subject to the prior written approval of the Delegate. The Issuer, the Kingdom or the Delegate, as the case may be, will notify the Certificateholders of the time, place and purpose of the meeting not less than 21 and not more than 45 days before the meeting (in each case exclusive of the day on which the notice is given and the day on which the meeting is to be held).
- (b) The Delegate will convene a meeting of Certificateholders if the holders of at least 10% in face amount of the outstanding Certificates (as defined in the Declaration of Trust and described in Condition 17.1(a)) have delivered a written request to the Delegate setting out the purpose of the meeting. The Delegate will agree the time and place of the meeting with the Issuer and will notify the Certificateholders within 10 days of receipt of such written request of the time and place of the meeting, which shall take place not less than 21 and not more than 45 days after the date on which such notification is given (in each case exclusive of the day on which the notice is given and the day on which the meeting is to be held).
- (c) The Delegate will set the procedures governing the conduct of any meeting in accordance with the Declaration of Trust. If the Declaration of Trust does not include such procedures, or additional procedures are required, the Issuer, the Kingdom and the Delegate will agree such procedures as are customary in the market and in such a manner as to facilitate any multiple series aggregation, if in relation to a Reserved Matter the Issuer or the Kingdom, as the case may be, proposes any modification to the terms and conditions of, or action with respect to, two or more series of securities issued by it.
- (d) The notice convening any meeting will specify, *inter alia*,
 - (i) the date, time and location of the meeting;
 - (ii) the agenda and the text of any Extraordinary Resolution to be proposed for adoption at the meeting;
 - (iii) the record date for the meeting, which shall be no more than five business days before the date of the meeting;

- (iv) the documentation required to be produced by a Certificateholder in order to be entitled to participate at the meeting or to appoint a proxy to act on the Certificateholder's behalf at the meeting;
 - (v) any time deadline and procedures required by any relevant international and/or domestic clearing systems or similar through which the Certificates are traded and/or held by Certificateholders;
 - (vi) whether Condition 17.2, or Condition 17.3, or Condition 17.4 shall apply and, if relevant, in relation to which other series of securities it applies;
 - (vii) if the proposed modification or action relates to two or more series of securities issued by the Issuer and contemplates such series of securities being aggregated in more than one group of securities, a description of the proposed treatment of each such group of securities;
 - (viii) such information that is required to be provided by the Issuer or the Kingdom, as the case may be, in accordance with Condition 17.6;
 - (ix) the identity of the Aggregation Agent and the Calculation Agent, if any, for any proposed modification or action to be voted on at the meeting, and the details of any applicable methodology referred to in Condition 17.7; and
 - (x) any additional procedures which may be necessary and, if applicable, the conditions under which a multiple series aggregation will be deemed to have been satisfied if it is approved as to some but not all of the affected series of securities.
- (e) In addition, the Declaration of Trust contains provisions relating to Written Resolutions. All information to be provided pursuant to Condition 17.1(d) shall also be provided, *mutatis mutandis*, in respect of Written Resolutions.
- (f) A “**record date**” in relation to any proposed modification or action means the date fixed by the Issuer or the Kingdom, as the case may be, for determining the Certificateholders and, in the case of a multiple series aggregation, the holders of securities of each other affected series that are entitled to vote on a Multiple Series Single Limb Extraordinary Resolution or a Multiple Series Two Limb Extraordinary Resolution, or to sign a Multiple Series Single Limb Written Resolution or a Multiple Series Two Limb Written Resolution.
- (g) An “**Extraordinary Resolution**” means any of a Single Series Extraordinary Resolution, a Multiple Series Single Limb Extraordinary Resolution and/or a Multiple Series Two Limb Extraordinary Resolution, as the case may be.
- (h) A “**Written Resolution**” means any of a Single Series Written Resolution, a Multiple Series Single Limb Written Resolution and/or a Multiple Series Two Limb Written Resolution, as the case may be.
- (i) Any reference to “**securities**” means any trust certificates (including the Certificates), bonds, debentures or other securities issued by the Issuer or the Kingdom, as the case may be, in one or more series with an original stated maturity of more than one year.
- (j) “**Securities Capable of Aggregation**” means those securities which include or incorporate by reference this Condition 17 and Condition 18 or provisions substantially in these terms which provide for the securities which include such provisions to be capable of being aggregated for voting purposes with other series of securities.

17.2 **Modification of this Series of Certificates only**

- (a) Any modification of any provision of, or any action in respect of, these Conditions or any Transaction Document in respect of the Certificates may be made or taken if approved by a Single Series Extraordinary Resolution or a Single Series Written Resolution as set out below.
- (b) A “**Single Series Extraordinary Resolution**” means a resolution passed at a meeting of Certificateholders duly convened and held in accordance with the procedures prescribed by the

Issuer or the Kingdom, as the case may be, and the Delegate pursuant to Condition 17.1 by a majority of:

- (i) in the case of a Reserved Matter, at least 75% of the aggregate face amount of the outstanding Certificates; or
 - (ii) in the case of a matter other than a Reserved Matter, more than 50% of the aggregate face amount of the outstanding Certificates.
- (c) A **“Single Series Written Resolution”** means a resolution in writing signed or confirmed in writing by or on behalf of the holders of:
- (i) in the case of a Reserved Matter, at least 75% of the aggregate face amount of the outstanding Certificates; or
 - (ii) in the case of a matter other than a Reserved Matter more than 50% of the aggregate face amount of the outstanding Certificates.

Any Single Series Written Resolution may be contained in one document or several documents in the same form, each signed or confirmed in writing by or on behalf of one or more Certificateholders.

- (d) Any Single Series Extraordinary Resolution duly passed or Single Series Written Resolution approved shall be binding on all Certificateholders, whether or not they attended any meeting, whether or not they voted in favour thereof and whether or not they signed or confirmed in writing any such Single Series Written Resolution, as the case may be.

17.3 **Multiple Series Aggregation – Single limb voting**

- (a) In relation to a proposal that includes a Reserved Matter, any modification to the terms and conditions of, or any action with respect to, two or more series of Securities Capable of Aggregation may be made or taken if approved by a Multiple Series Single Limb Extraordinary Resolution or by a Multiple Series Single Limb Written Resolution as set out below, provided that the Uniformly Applicable condition is satisfied.
- (b) A **“Multiple Series Single Limb Extraordinary Resolution”** means a resolution considered at separate meetings of the holders of each affected series of Securities Capable of Aggregation, duly convened and held in accordance with the procedures prescribed by the Issuer or the Kingdom, as the case may be, and the Delegate pursuant to Condition 17.1, as supplemented if necessary, which is passed by a majority of at least 75% of the aggregate face amount of the outstanding securities of all affected series of Securities Capable of Aggregation (taken in aggregate).
- (c) A **“Multiple Series Single Limb Written Resolution”** means each resolution in writing (with a separate resolution in writing or multiple separate resolutions in writing distributed to the holders of each affected series of Securities Capable of Aggregation, in accordance with the documentation applicable to each relevant series of securities) which, when taken together, has been signed or confirmed in writing by or on behalf of the holders of at least 75% of the aggregate face amount of the outstanding securities of all affected series of Securities Capable of Aggregation (taken in aggregate). Any Multiple Series Single Limb Written Resolution may be contained in one document or several documents in substantially the same form, each signed or confirmed in writing by or on behalf of one or more Certificateholders or one or more holders of each affected series of securities.
- (d) Any Multiple Series Single Limb Extraordinary Resolution duly passed or Multiple Series Single Limb Written Resolution approved shall be binding on all Certificateholders and holders of each other affected series of Securities Capable of Aggregation, whether or not they attended any meeting, whether or not they voted in favour thereof, whether or not any other holder or holders of the same series voted in favour thereof and whether or not they signed or confirmed in writing any such Multiple Series Single Limb Written Resolution, as the case may be.
- (e) The **“Uniformly Applicable”** condition will be satisfied if:
- (i) the holders of all affected series of Securities Capable of Aggregation are invited to exchange, convert, or substitute their securities, on the same terms, for (i) the same new

instrument or other consideration or (ii) a new instrument, new instruments or other consideration from an identical menu of instruments or other consideration; or

- (ii) the amendments proposed to the terms and conditions of each affected series of Securities Capable of Aggregation would, following implementation of such amendments, result in the amended instruments having identical provisions (other than provisions which are necessarily different, having regard to different currency of issuance).
- (f) Any modification or action proposed under Condition 17.3(a) above may be made in respect of some series only of the Securities Capable of Aggregation and, for the avoidance of doubt, the provisions described in this Condition 17.3 may be used for different groups of two or more series of Securities Capable of Aggregation simultaneously.

17.4 **Multiple Series Aggregation – Two limb voting**

- (a) In relation to a proposal that includes a Reserved Matter, any modification to the terms and conditions of, or any action with respect to, two or more series of Securities Capable of Aggregation may be made or taken if approved by a Multiple Series Two Limb Extraordinary Resolution or by a Multiple Series Two Limb Written Resolution as set out below.
- (b) A “**Multiple Series Two Limb Extraordinary Resolution**” means a resolution considered at separate meetings of the holders of each affected series of Securities Capable of Aggregation, duly convened and held in accordance with the procedures prescribed by the Issuer or the Kingdom, as the case may be, and the Delegate pursuant to Condition 17.1, as supplemented if necessary, which is passed by a majority of:
 - (i) at least 66 ⅔% of the aggregate face amount of the outstanding securities of affected series of Securities Capable of Aggregation (taken in aggregate); and
 - (ii) more than 50% of the aggregate face amount of the outstanding securities in each affected series of Securities Capable of Aggregation (taken individually).
- (c) A “**Multiple Series Two Limb Written Resolution**” means each resolution in writing (with a separate resolution in writing or multiple separate resolutions in writing distributed to the holders of each affected series of Securities Capable of Aggregation, in accordance with the documentation applicable to each relevant series of securities) which, when taken together, has been signed or confirmed in writing by or on behalf of the holders of:
 - (i) at least 66 ⅔% of the aggregate face amount of the outstanding securities of all the affected series of Securities Capable of Aggregation (taken in aggregate); and
 - (ii) more than 50% of the aggregate face amount of the outstanding securities in each affected series of Securities Capable of Aggregation (taken individually).

Any Multiple Series Two Limb Written Resolution may be contained in one document or several documents in substantially the same form, each signed or confirmed in writing by or on behalf of one or more Certificateholders or one or more holders of each affected series of Securities Capable of Aggregation.
- (d) Any Multiple Series Two Limb Extraordinary Resolution duly passed or Multiple Series Two Limb Written Resolution approved shall be binding on all Certificateholders and holders of each other affected series of Securities Capable of Aggregation, whether or not they attended any meeting, whether or not they voted in favour thereof, whether or not any other holder or holders of the same series voted in favour thereof and whether or not they signed or confirmed in writing any such Multiple Series Two Limb Written Resolution, as the case may be.
- (e) Any modification or action proposed under paragraph 17.4(a) above may be made in respect of some series only of the Securities Capable of Aggregation and, for the avoidance of doubt, the provisions described in this Condition 17.4 may be used for different groups of two or more series of Securities Capable of Aggregation simultaneously.

Reserved Matters

In these Conditions, “**Reserved Matter**” means any proposal:

- (a) to change the date, or the method of determining the date, for payment of the Dissolution Distribution Amount, any Periodic Distribution Amount or any other amount in respect of the Certificates, to reduce or cancel the Dissolution Distribution Amount, any Periodic Distribution Amount or any other amount payable on any date in respect of the Certificates or to change the method of calculating the Dissolution Distribution Amount, any Periodic Distribution Amount or any other amount payable in respect of the Certificates on any date;
- (b) to change the currency in which any amount due in respect of the Certificates is payable or the place in which any payment is to be made;
- (c) to change the majority required to pass an Extraordinary Resolution, a Written Resolution or any other resolution of Certificateholders or the number or percentage of votes required to be cast, or the number or percentage of Certificates required to be held, in connection with the taking of any decision or action by or on behalf of the Certificateholders or any of them;
- (d) to change this definition, or the definition of Extraordinary Resolution, Single Series Extraordinary Resolution, Multiple Series Single Limb Extraordinary Resolution, Multiple Series Two Limb Extraordinary Resolution, Written Resolution, Single Series Written Resolution, Multiple Series Single Limb Written Resolution or Multiple Series Two Limb Written Resolution;
- (e) to change the definition of securities or Securities Capable of Aggregation;
- (f) to change the definition of Uniformly Applicable;
- (g) to change the definition of outstanding or to modify the provisions of Condition 17.1;
- (h) to change the legal ranking of the Certificates;
- (i) amend the obligation of the Issuer or the Kingdom to pay additional amounts under Condition 10;
- (j) to change any provision of the Certificates describing circumstances in which Certificates may be declared due and payable prior to their scheduled maturity date, as set out in Condition 13;
- (k) to change the law governing the Certificates, the arbitration provisions, the courts to the jurisdiction of which each of the Issuer and the Kingdom has submitted in the Certificates, any of the arrangements specified in the Certificates to enable proceedings to be taken or the Kingdom’s waiver of immunity, in respect of actions or proceedings brought by any Certificateholder, as set out in Condition 23;
- (l) to impose any condition on or otherwise change the Issuer’s obligation to make payments of any amount in respect of the Certificates, including by way of the addition of a call option;
- (m) except as permitted by any Transaction Document, to release any agreement guaranteeing or securing payments under the Certificates or to change the terms of any such guarantee or security;
- (n) to amend any of the Issuer’s or the Kingdom’s covenants in the Declaration of Trust and (in the case of the Kingdom only) in the Ijara Sub-Lease Agreement or any of the Kingdom’s covenants to make a payment under any other Transaction Document; or
- (o) to exchange or substitute all the Certificates for, or convert all the Certificates into, other obligations or securities of the Issuer, the Kingdom or any other person, or to modify any provision of these Conditions, the Certificates, the Declaration of Trust or any other Transaction Document in connection with any exchange or substitution of the Certificates for, or the conversion of the Certificates into, any other obligations or securities of the Issuer, the Kingdom or any other person,

which would result in the Conditions as so modified being less favourable to the Certificateholders which are subject to the Conditions as so modified than:

- (i) the provisions of the other obligations or securities of the Issuer, the Kingdom or any other person resulting from the relevant exchange or substitution or conversion; or
- (ii) if more than one series of other obligations or securities results from the relevant exchange or substitution or conversion, the provisions of the resulting series of securities having the largest aggregate face amount.

17.6 **Information**

Prior to or on the date that the Issuer or the Kingdom proposes any Extraordinary Resolution or Written Resolution pursuant to Condition 17.2, Condition 17.3 or Condition 17.4, the Issuer or the Kingdom, as the case may be, shall publish in accordance with Condition 18 and provide the Delegate with the following information:

- (a) a description of the Issuer's and the Kingdom's economic and financial circumstances which are, in the Issuer's and the Kingdom's opinion, relevant to the request for any potential modification or action, a description of the Issuer's or the Kingdom's, as the case may be, existing debts and a description of its broad policy reform programme and provisional macroeconomic outlook;
- (b) if the Issuer or the Kingdom shall at the time have entered into an arrangement for financial assistance with multilateral and/or other major creditors or creditor groups and/or an agreement with any such creditors regarding debt relief, a description of any such arrangement or agreement. Where permitted under the information disclosure policies of the multilateral or such other creditors, as applicable, copies of the arrangement or agreement shall be provided;
- (c) a description of the Issuer's or the Kingdom's proposed treatment of external securities that fall outside the scope of any multiple series aggregation and its intentions with respect to any other securities and its other major creditor groups; and
- (d) if any proposed modification or action contemplates securities being aggregated in more than one group of securities, a description of the proposed treatment of each such group, as required for a notice convening a meeting of the Certificateholders in Condition 17.1(d)(vii).

17.7 **Claims Valuation**

For the purpose of calculating the face value of the Certificates and any affected series of securities which are to be aggregated with the Certificates in accordance with Condition 17.3 and Condition 17.4, the Issuer or the Kingdom, as the case may be, may appoint a Calculation Agent. The Issuer or the Kingdom, as the case may be, shall, with the approval of the Aggregation Agent and any appointed Calculation Agent, promulgate the methodology in accordance with which the Calculation Agent will calculate the face value of the Certificates and such affected series of securities. In any such case where a Calculation Agent is appointed, the same person will be appointed as the Calculation Agent for the Certificates and each other affected series of securities for these purposes, and the same methodology will be promulgated for each affected series of securities.

17.8 **Manifest error, etc.**

The Certificates, these Conditions and the provisions of the Declaration of Trust or any other Transaction Document may be amended without the consent of the Certificateholders to correct a manifest error. In addition, the parties to the Declaration of Trust may agree to modify any provision thereof, but none of the Issuer, the Kingdom or the Delegate shall agree, without the consent of the Certificateholders, to any such modification unless, in the opinion of the Delegate, it is of a formal, minor or technical nature or it is not materially prejudicial to the interests of the Certificateholders.

17.9 **Certificates controlled by the Issuer or the Kingdom**

For the purposes of (i) determining the right to attend and vote at any meeting of Certificateholders, or the right to sign or confirm in writing, or authorise the signature of, any Written Resolution, (ii) this Condition 17 and (iii) Condition 13, any Certificates which are for the time being held by or on behalf of the Issuer, the

Kingdom or by or on behalf of any person which is owned or controlled directly or indirectly by the Issuer or the Kingdom or by any public sector instrumentality of the Issuer or the Kingdom shall be disregarded and be deemed not to remain outstanding, where:

- (a) “**public sector instrumentality**” means the Central Bank of Bahrain or any department, ministry or agency of the Kingdom or any corporation, trust, financial institution or other entity owned or controlled by the Kingdom or any of the foregoing; and
- (b) “**control**” means the power, directly or indirectly, through the ownership of voting securities or other ownership interests or through contractual control or otherwise, to direct the management of or elect or appoint a majority of the board of directors or other persons performing similar functions in lieu of, or in addition to, the board of directors of a corporation, trust, financial institution or other entity.

A Certificate will also be deemed to be not outstanding if the Certificate has previously been cancelled or delivered for cancellation or held for reissuance but not reissued or, where relevant, the Certificate has previously been called for redemption in accordance with its terms or previously become due and payable at maturity or otherwise and the Issuer has previously satisfied its obligations to make all payments due in respect of the Certificate in accordance with its terms.

In advance of any meeting of Certificateholders, or in connection with any Written Resolution, the Issuer or the Kingdom, as the case may be, shall provide to the Delegate a copy of the certificate prepared pursuant to Condition 18.4 which includes information on the total number of Certificates which are for the time being held by or on behalf of the Issuer or the Kingdom, as the case may be, or by or on behalf of any person which is owned or controlled directly or indirectly by the Issuer or the Kingdom or by any public sector instrumentality of the Issuer or the Kingdom and, as such, such Certificates shall be disregarded and deemed not to remain outstanding for the purposes of ascertaining the right to attend and vote at any meeting of Certificateholders or the right to sign, or authorise the signature of, any Written Resolution in respect of any such meeting. The Delegate shall make any such certificate available for inspection during normal business hours at its specified office and, upon reasonable request, will allow copies of such certificate to be taken.

17.10 **Publication**

The Issuer or the Kingdom, as the case may be, shall publish all Extraordinary Resolutions and Written Resolutions which have been determined by the Aggregation Agent to have been duly passed in accordance with Condition 18.7.

17.11 **Exchange and Conversion**

Any Extraordinary Resolutions or Written Resolutions which have been duly passed and which modify any provision of, or action in respect of, the Conditions may be implemented at the option of the Issuer or the Kingdom by way of a mandatory exchange or conversion of the Certificates and each other affected series of securities, as the case may be, into new Shari’a-compliant securities containing the modified terms and conditions if the proposed mandatory exchange or conversion of the Certificates is notified to Certificateholders at the time notification is given to the Certificateholders as to the proposed modification or action. Any such exchange or conversion shall be binding on all Certificateholders.

18. **Aggregation Agent; Aggregation Procedures**

18.1 **Appointment**

The Issuer or the Kingdom, as the case may be, will appoint an Aggregation Agent to calculate whether a proposed modification or action has been approved by the required face amount outstanding of Certificates, and, in the case of a multiple series aggregation, by the required face amount of outstanding securities of each affected series of securities. In the case of a multiple series aggregation, the same person will be appointed as the Aggregation Agent for the proposed modification of any provision of, or any action in respect of, these Conditions, the Declaration of Trust or any other Transaction Document in respect of the Certificates and in respect of the terms and conditions or documentation in respect of each other affected series of securities. The Aggregation Agent shall be independent of the Issuer and the Kingdom.

18.2 **Extraordinary Resolutions**

If an Extraordinary Resolution has been proposed at a duly convened meeting of Certificateholders to modify any provision of, or action in respect of, these Conditions and other affected series of securities, as the case may be, the Aggregation Agent will, as soon as practicable after the time the vote is cast, calculate whether holders of a sufficient portion of the aggregate face amount of the outstanding Certificates and, where relevant, each other affected series of securities, have voted in favour of the Extraordinary Resolution such that the Extraordinary Resolution is passed. If so, the Aggregation Agent will determine that the Extraordinary Resolution has been duly passed.

18.3 **Written Resolutions**

If a Written Resolution has been proposed under the terms of these Conditions to modify any provision of, or action in respect of, these Conditions and the terms and conditions of other affected series of securities, as the case may be, the Aggregation Agent will, as soon as reasonably practicable after the relevant Written Resolution has been signed or confirmed in writing, calculate whether holders of a sufficient portion of the aggregate face amount of the outstanding Certificates and, where relevant, each other affected series of securities, have signed or confirmed in writing in favour of the Written Resolution such that the Written Resolution is passed. If so, the Aggregation Agent will determine that the Written Resolution has been duly passed.

18.4 **Certificate**

For the purposes of Condition 18.2 and Condition 18.3, the Issuer and the Kingdom will provide a certificate to the Aggregation Agent up to three days prior to, and in any case no later than, with respect to an Extraordinary Resolution, the date of the meeting referred to in Condition 18.2, Condition 18.3 or Condition 18.4, as applicable, and, with respect to a Written Resolution, the date arranged for the signing of the Written Resolution.

The certificate shall:

- (a) list the total face amount of Certificates and, in the case of a multiple series aggregation, the total face amount of each other affected series of securities outstanding on the record date; and
- (b) clearly indicate the Certificates and, in the case of a multiple series aggregation, securities of each other affected series of securities which shall be disregarded and deemed not to remain outstanding as a consequence of Condition 17.1 on the record date identifying the holders of the Certificates and, in the case of a multiple series aggregation, securities of each other affected series of securities.

The Aggregation Agent may rely upon the terms of any certificate, notice, communication or other document believed by it to be genuine.

18.5 **Notification**

The Aggregation Agent will cause each determination made by it for the purposes of this Condition 18 to be notified to the Delegate, the Issuer and the Kingdom as soon as practicable after such determination. Notice thereof shall also promptly be given to the Certificateholders.

18.6 **Binding nature of determinations; no liability**

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 18 by the Aggregation Agent and any appointed Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Kingdom, the Delegate and the Certificateholders and (subject as aforesaid) no liability to any such person will attach to the Aggregation Agent or the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

18.7 Manner of publication

The Issuer and the Kingdom will publish all notices and other matters required to be published pursuant to the Declaration of Trust including any matters required to be published pursuant to Condition 13, Condition 17 and this Condition 18:

- (a) through the systems of Clearstream Banking S.A., Euroclear Bank SA/NV and DTC and/or any other international or domestic clearing system(s) through which the Certificates are for the time being cleared;
- (b) in such other places and in such other manner as may be required by applicable law or regulation; and
- (c) in such other places and in such other manner as may be customary.

19. Indemnification and Liability of the Delegate, the Co-Sukuk Agent and the Issuer

19.1 The Declaration of Trust contains provisions for the indemnification of the Delegate in certain circumstances and for its relief from responsibility, including provisions relieving it from taking any action, step or proceeding unless indemnified and/or secured and/or prefunded to its satisfaction. The Agency Declaration contains provisions for the indemnification of the Co-Sukuk Agent in certain circumstances and for its relief from responsibility, including provisions relieving it from taking any action, step or proceeding unless indemnified and/or secured and/or prefunded to its satisfaction.

19.2 Neither the Delegate nor the Co-Sukuk Agent makes any representation or assumes any responsibility for the validity, sufficiency or enforceability of the obligations of the Kingdom under the Transaction Documents and shall not under any circumstances have any liability or be obliged to account to the Certificateholders in respect of any payments which should have been made by the Kingdom but are not so paid and shall not in any circumstances have any liability arising from the Trust Assets other than as expressly provided in the Conditions, the Declaration of Trust or the Agency Declaration.

20. Currency Indemnity

U.S. Dollars is the sole currency of account and payment for all sums payable by the Issuer under or in connection with the Certificates, including damages. Any amount received or recovered in a currency other than U.S. Dollars (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction or otherwise) by any Certificateholder in respect of any sum expressed to be due to it from the Issuer shall only constitute a discharge to the Issuer to the extent of the U.S. Dollar amount which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that U.S. Dollar amount is less than the U.S. Dollar amount expressed to be due to the recipient under any Certificate, the Issuer shall indemnify it against any loss sustained by it as a result. In any event, the Issuer shall indemnify the recipient against the cost of making any such purchase. For the purposes of this Condition, it will be sufficient for the Certificateholder to demonstrate that it would have suffered a loss had an actual purchase been made. These indemnities constitute a separate and independent obligation from the Issuer's other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Certificateholder and shall continue in full force and effect despite any other judgment, order, claim or proof for a liquidated amount in respect of any sum due under any Certificate or any other judgment or order.

21. Further Issues

The Issuer shall be at liberty from time-to-time without the consent of the Certificateholders to create and issue additional Certificates having the same terms and conditions as the outstanding Certificates on terms and conditions which are the same in all respects save for the date and amount of the first payment of the Periodic Distribution Amount and the date from which Periodic Distribution Amounts start to accrue and so that the same shall be consolidated and form a single series with the outstanding Certificates. Any additional Certificates which are to form a single series with the outstanding Certificates previously constituted by the Declaration of Trust shall be constituted by a deed supplemental to the Declaration of Trust. References in

these Conditions to the Certificates include (unless the context requires otherwise) any other certificates issued pursuant to this Condition and forming a single series with the Certificates.

22. Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Certificates under the Contracts (Rights of Third Parties) Act 1999.

23. Governing Law and Jurisdiction

23.1 The Declaration of Trust, the Agency Agreement, the Certificates and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law.

23.2 Subject to Condition 23.3, any dispute arising out of or in connection with the Certificates (including a dispute regarding the existence, validity or termination of the Certificates and any dispute relating to any non-contractual obligations arising out of or in connection with the Certificates) (a “**Dispute**”) shall be referred to and finally resolved by arbitration under the LCIA Rules (the “**Rules**”) which Rules (as amended from time-to-time) are deemed to be incorporated by reference into this Condition 23.2. The number of arbitrators shall be three. The claimant (or claimants jointly) shall nominate one arbitrator for appointment by the LCIA Court. The defendant (or defendants jointly) shall nominate one arbitrator for appointment by the LCIA Court. Both arbitrators shall jointly nominate a further arbitrator who shall be the chairman of the tribunal. In the event that the claimant (or claimants jointly) or the defendant (or defendants jointly) or both fail to nominate an arbitrator within the time limits specified by the Rules, such arbitrator(s) shall be appointed by the LCIA Court. In the event that the party-nominated arbitrators fail to nominate the third arbitrator within 15 days of the appointment of the second arbitrator, such arbitrator shall be appointed by the LCIA Court. The claimant parties and/or the defendant parties shall be treated as two separate sides for the purposes of Article 8.1 of the Rules. The seat, or legal place, of arbitration shall be London, England and the language of the arbitration shall be English. Any request for arbitration may be served on the agent for service of process as outlined below.

23.3 Before the arbitration tribunal has been constituted in respect of a claim asserted or brought by or against the Delegate or a Certificateholder (only where permitted to do so in accordance with the terms of the Declaration of Trust) the Delegate or the Certificateholder, as the case may be, may by notice in writing to the Issuer and the Kingdom require that a Dispute be heard by the courts of England. All parties agree that the English courts will have non-exclusive jurisdiction to settle such Dispute and submit to the non-exclusive jurisdiction of the English courts in connection with the Certificates and any non-contractual obligations arising out of or in connection with them and waive any objection to the English courts on grounds of inappropriate or inconvenient forum or otherwise with regard to proceedings in connection with the Certificates.

23.4 In the Declaration of Trust, each of the Issuer and the Kingdom has irrevocably appointed Law Debenture Corporate Services Limited of Fifth Floor, 100 Wood Street, London EC2V 7EX as its agent in England to receive service of process in any proceedings being brought in England based on any of the Certificates pursuant to Condition 23.2 and/or Condition 23.3. Each of the Issuer and the Kingdom agrees that failure by a process agent to notify the Issuer of the process will not invalidate proceedings concerned or service of the process. If, for any reason, the Issuer does not have such an agent in England, it will promptly appoint a substitute process agent and notify the Delegate of such appointment. Nothing herein shall affect the right to serve process in any other manner permitted by law.

23.5 Each of the Issuer, the Kingdom, the Delegate and the Certificateholders agrees that an arbitral award or judgment or order of an English or other court, in connection with a Dispute, shall be binding on it and may be enforced against it in the courts of any competent jurisdiction.

23.6 Under the Declaration of Trust, the Kingdom has irrevocably and unconditionally waived and agreed not to raise with respect to the transactions contemplated by the Declaration of the Trust and/or the other Transaction Documents any right to claim sovereign or other immunity from jurisdiction or execution and any similar defence, and to the extent permitted by law and subject as set out below, irrevocably and unconditionally consents to the giving of any relief or the issue of any process, including, without limitation, the making, enforcement or execution against any property or assets whatsoever of any order or judgment made or given in connection with any proceedings. The Kingdom’s waiver of sovereign immunity shall constitute a limited and specific waiver for the purposes of the Declaration of Trust and/or the other Transaction Documents, and under no circumstances shall such waiver be interpreted as a general waiver by the Kingdom or a waiver of immunity in respect of: (a) property used by a diplomatic or consular mission of

the Kingdom; (b) property of a military character and under the control of a military authority or defence agency of the Kingdom; or (c) property located in the Kingdom of Bahrain and dedicated to a public or governmental use (as distinct from property dedicated to a commercial use) by the Kingdom.

23.7 Each of the Issuer, the Kingdom and the Delegate has irrevocably agreed in the Declaration of Trust that if any proceedings are brought by or on behalf of a party under the Declaration of Trust and in respect of the Certificates it will:

- (a) not claim any judgment interest under, or in connection with, such proceedings; and
- (b) to the fullest extent permitted by law, waive all and any entitlement it may have to judgment interest awarded in its favour as a result of such proceedings.

For the avoidance of doubt, nothing in this Condition 23.7 shall be construed as a waiver of rights in respect of any Rental, the Termination Payment, Periodic Distribution Amounts, the Dissolution Distribution Amount (as defined in the Transaction Documents), the Deferred Purchase Price or any other amounts payable by the Kingdom (in any capacity) or the Issuer (in any capacity) pursuant to the Transaction Documents and/or the Conditions, howsoever such amounts may be described or recharacterised by any court.

SUMMARY OF PROVISIONS RELATING TO THE CERTIFICATES WHILE IN GLOBAL FORM

The Global Certificates contain the following provisions which apply to the Certificates in respect of which they are issued whilst they are represented by the Global Certificates, some of which modify the effect of the terms and conditions of the Certificates. Terms defined in the terms and conditions of the Certificates have the same meaning in the terms below.

The Global Certificates

The Certificates will be evidenced on issue by the Regulation S Global Certificate (deposited with, and registered in the name of a nominee for, a common depository for Euroclear and Clearstream, Luxembourg) and the Rule 144A Global Certificate (deposited with a custodian for, and registered in the name of Cede & Co. as nominee of DTC).

Beneficial interests in the Regulation S Global Certificate may be held only through Euroclear or Clearstream, Luxembourg at any time. See “*Clearing and Settlement—Book-Entry Ownership*”. By acquisition of a beneficial interest in a Regulation S Global Certificate, the purchaser thereof will be deemed to represent, among other things, that it is not located in the United States.

Beneficial interests in the Rule 144A Global Certificate may only be held through DTC at any time. See “*Clearing and Settlement—Book-Entry Ownership*”. By acquisition of a beneficial interest in the Rule 144A Global Certificate, the purchaser thereof will be deemed to represent, among other things, that it is a QIB and that, if in the future it determines to transfer such beneficial interest, it will transfer such interest in accordance with the procedures and restrictions contained in the Declaration of Trust. See “*Transfer Restrictions*”.

Beneficial interests in each Global Certificate will be subject to certain restrictions on transfer set forth therein and in the Declaration of Trust, and with respect to Rule 144A Certificates, as set forth in Rule 144A, and the Rule 144A Global Certificate will bear the legend set forth thereon regarding such restrictions set forth under “*Transfer Restrictions*”. A beneficial interest in the Regulation S Global Certificate may be transferred to a person who takes delivery in the form of an interest in the Rule 144A Global Certificate in denominations greater than or equal to the minimum denominations applicable to interests in the Rule 144A Global Certificate and only upon receipt by the Registrar of a written certification (in the form provided in the Agency Agreement) to the effect that the transferor reasonably believes that the transferee is a QIB and that such transaction is in accordance with any applicable securities laws of any state of the United States or any other jurisdiction. Beneficial interests in the Rule 144A Global Certificate may be transferred to a person who takes delivery in the form of an interest in the Regulation S Global Certificate and in accordance with Regulation S.

Any beneficial interest in the Regulation S Global Certificate that is transferred to a person who takes delivery in the form of an interest in the Rule 144A Global Certificate will, upon transfer, cease to be an interest in the Regulation S Global Certificate and become an interest in the Rule 144A Global Certificate, and, accordingly, will thereafter be subject to all transfer restrictions and other procedures applicable to beneficial interests in the Rule 144A Global Certificate for as long as it remains such an interest. Any beneficial interest in the Rule 144A Global Certificate that is transferred to a person who takes delivery in the form of an interest in the Regulation S Global Certificate will, upon transfer, cease to be an interest in the Rule 144A Global Certificate and become an interest in the Regulation S Global Certificate and, accordingly, will thereafter be subject to all transfer restrictions and other procedures applicable to beneficial interests in the Regulation S Global Certificate for so long as it remains such an interest. No service charge will be made for any registration of transfer or exchange of Certificates, but the Registrar may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith. Except in the limited circumstances described below, owners of beneficial interests in Global Certificates will not be entitled to receive physical delivery of the Individual Certificates. No Certificates will be issued in bearer form.

Legends

The holder of an Individual Certificate may transfer the Certificates evidenced thereby in whole or in part in the applicable minimum denomination by surrendering it at the specified office of the Registrar or any Transfer Agent, together with the completed form of transfer thereon. Upon the transfer, exchange or replacement of a Rule 144A Individual Certificate bearing the legend referred to under “*Transfer Restrictions*”, or upon specific request for removal of the legend on a Rule 144A Individual Certificate, the Issuer will deliver only Rule 144A Individual Certificates that bear such legend, or will refuse to remove such legend, as the case may be, unless there is delivered to the Issuer and the Registrar such satisfactory evidence, which may include an opinion of counsel, as may reasonably be required by the Issuer that neither the legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

Amendments to Terms and Conditions of the Certificates

Each Global Certificate contains provisions that apply to the Certificates that they evidence, some of which modify the effect of the terms and conditions of the Certificates. The following is a summary of those provisions:

Payments

Payments of any Dissolution Distribution Amount and Periodic Distribution Amount in respect of Certificates evidenced by a Global Certificate will be made against presentation for endorsement by the Principal Paying Agent and, if no further payment falls to be made in respect of the relevant Certificates, surrender of such Global Certificate to or to the order of the Principal Paying Agent or the Registrar as shall have been notified to the relevant Certificateholders for such purpose. A record of each payment so made will be endorsed in the appropriate schedule to the relevant Global Certificate, which endorsement will be prima facie evidence that such payment has been made in respect of the relevant Certificates.

Cancellation

Cancellation of any Certificate required by the terms and conditions of the Certificates to be cancelled will be effected by reduction in the principal amount of the applicable Global Certificate.

Exchange for Individual Certificates

For so long as the Certificates are represented by a Global Certificate and the Global Certificate is held on behalf of DTC, Euroclear and/or Clearstream, Luxembourg, the registered holder of the Global Certificate shall, except as ordered by a court of competent jurisdiction or as required by law, be treated as the owner thereof (the “**Registered Holder**”). Each person (other than another clearing system) who is for the time being shown in the records of any such clearing system as entitled to a particular aggregate face amount of such Certificates (the “**Accountholders**”) (in which regard any certificate or other document issued by a clearing system as to the aggregate face amount of such Certificates standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated as the Certificateholder in respect of the aggregate face amount of such Certificates standing to its account in the records of DTC, Euroclear or Clearstream, Luxembourg, as the case may be, other than for the purpose of payments in respect thereof, the right to which shall be vested solely in the Registered Holder, as against the Trustee and an Accountholder must look solely to DTC, Euroclear or Clearstream, Luxembourg, as the case may be, for its share of each payment made to the Registered Holder, and the expressions “Certificateholder” and “holder of Certificates” and related expressions shall be construed accordingly. In addition, holders of beneficial interests in a Global Certificate will not have a direct right to vote in respect of the relevant Certificates. Instead, such holders will be permitted to act only to the extent that they are enabled by the relevant clearing system and its participants to appoint appropriate proxies.

So long as all the Certificates are represented by a Global Certificate and the Global Certificate is held on behalf of DTC, Euroclear and/or Clearstream, Luxembourg or any other clearing system, as the case may be, notices may be given by delivery of the relevant notice to those clearing systems for communication to their Accountholders or otherwise to the holder of the Global Certificate rather than by publication as required by the Conditions except that, so long as the Certificates are listed, traded or quoted on any stock exchange or securities market, notices shall also be published in accordance with the rules of the relevant listing authority, stock exchange, securities market and/or quotation system. Any such notice shall be deemed to have been given on the day on which such notice is delivered to the relevant clearing systems.

Whilst any of the Certificates held by a Certificateholder are represented by a Global Certificate, notices to be given by such Certificateholder may be given (where applicable) through DTC, Euroclear and/or Clearstream, Luxembourg and otherwise in such manner as the Registrar and DTC, Euroclear or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

Exchange

Interests in the Regulation S Global Certificate will be exchangeable, free of charge to the holder, in whole but not in part, for Individual Certificates if (i) it is held by or on behalf of a clearing system and such clearing system is closed for business for a continuous period of 14 calendar days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so, by the holder giving notice to the Registrar or (ii) the Issuer would suffer a material disadvantage in respect of the Certificates as a result of a change in the laws or regulations (taxation or otherwise) of any jurisdiction referred to in Condition 10 of the terms and conditions of the Certificates which would not be suffered were the Certificates in definitive form, by the Issuer giving notice to the Registrar and the Certificateholders, in each case of its intention to exchange interests in the Regulation S Global Certificate for Individual Certificates on or after the Exchange Date (as defined below) specified in the notice.

Interests in the Rule 144A Global Certificate will be exchangeable, free of charge to the holder, in whole but not in part, for Individual Certificates if (i) DTC or its successor depositary notifies the Issuer that it is no longer willing or able to discharge properly its responsibilities as depositary with respect to the Rule 144A Global Certificate or ceases to be a “clearing agency” registered under the United States Exchange Act of 1934, or is at any time unable to act as such, and the Issuer is unable to locate a qualified successor within 90 days of receiving notice of such ineligibility on the part of such depositary or (ii) the Issuer would suffer a material disadvantage in respect of the Certificates as a result of a change in the laws or regulations (taxation or otherwise) of any jurisdiction referred to in Condition 10 of the terms and conditions of the Certificates which would not be suffered were the Certificates in definitive form, by the Issuer giving notice to the Registrar and the Certificateholders, in each case of its intention to exchange interests in the Global Certificate for Individual Certificates on or after the Exchange Date (as defined below) specified in the notice.

The Registrar will not register the transfer of, or exchange of interests in, a Global Certificate for Individual Certificates for a period of 15 calendar days ending on the date for any payment of any Periodic Distribution Amount or the Dissolution Distribution Amount in respect of the Certificates.

“**Exchange Date**” means a day falling not later than 60 calendar days after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Registrar or the relevant Paying Agent is located.

Delivery

If any of the events in paragraph (i) or (ii) of “*Exchange for Individual Certificates—Exchange*” above occurs, the relevant Global Certificate shall be exchangeable in full for Individual Certificates and the Issuer will, free of charge to the Certificateholders (but against such indemnity as the Registrar or any relevant Paying and Agent may require in respect of any tax or other duty of whatever nature which may be levied or imposed in connection with such exchange), cause sufficient Individual Certificates to be executed and delivered to the Registrar for completion and despatch to the relevant Certificateholders. A person having an interest in a Global Certificate must provide the Registrar with (i) a written order containing instructions and such other information as the Issuer and the Registrar may require to complete, execute and deliver such Individual Certificates and (ii) in the case of the Rule 144A Global Certificate only, a fully completed, signed certification substantially to the effect that the exchanging holder is not transferring its interest at the time of such exchange or, in the case of simultaneous sale pursuant to Rule 144A, a certification that the transfer is being made in compliance with the provisions of Rule 144A to a QIB. Individual Certificates issued in exchange for an interest in the Rule 144A Global Certificate shall bear the legend applicable to transfers pursuant to Rule 144A, as set out under “*Transfer Restrictions*”.

CLEARING AND SETTLEMENT

The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC, Euroclear or Clearstream, Luxembourg (together, the “Clearing Systems”) currently in effect. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None of the Issuer, the Kingdom or any other party to the Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Certificates held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

The Clearing Systems

Custodial and depository links are to be established between DTC, Euroclear and Clearstream, Luxembourg to facilitate the initial issue of the Certificates and cross-market transfers of the Certificates associated with secondary market trading. See “—Book-Entry Ownership” and “—Settlement and Transfer of Certificates”. Investors may hold their interests in a Global Certificate directly through DTC, Euroclear or Clearstream, Luxembourg if they are accountholders (“**Direct Participants**”) or indirectly (“**Indirect Participants**” and, together with Direct Participants, “Participants”) through organisations which are accountholders therein.

Euroclear and Clearstream, Luxembourg

Euroclear and Clearstream, Luxembourg each hold securities for their customers and facilitate the clearance and settlement of securities transactions through electronic book-entry transfer between their respective accountholders. Indirect access to Euroclear and Clearstream, Luxembourg is available to other institutions which clear through or maintain a custodial relationship with an accountholder of either system. Euroclear and Clearstream, Luxembourg provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg also deal with domestic securities markets in several countries through established depository and custodial relationships. Euroclear and Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective customers may settle trades with each other. Their customers are worldwide financial institutions including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations.

DTC

DTC has advised the Issuer as follows: DTC is a limited purpose trust company organised under the laws of the State of New York, a “banking organisation” under the laws of the State of New York, a member of the U.S. Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial code and a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its Participants and facilitate the clearance and settlement of securities transactions between Participants through electronic computerised book-entry changes in accounts of its Participants, thereby eliminating the need for physical movement of certificates. Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations. Indirect access to DTC is available to others, such as banks, securities brokers, dealers and trust companies, that clear through or maintain a custodial relationship with a DTC Direct Participant, either directly or indirectly.

Investors may hold their interests in the Rule 144A Global Certificate directly through DTC if they are Direct Participants in the DTC system, or as Indirect Participants through organisations which are Direct Participants in such system.

Under the rules, regulations and procedures creating and affecting DTC and its operations (the “Rules”), DTC makes book-entry transfers of Rule 144A Certificates represented by the Rule 144A Global Certificate among Direct Participants on whose behalf it acts with respect to Rule 144A Certificates and receives and transmits distributions of principal and interest on the Rule 144A Certificates. The Rules are on file with the Securities and Exchange Commission. Direct Participants and Indirect Participants with which beneficial owners of Rule 144A Certificates have accounts with respect to the Rule 144A Certificates similarly are required to make book-entry transfers and receive and transmit such payments on behalf of their beneficial owners. Accordingly, although beneficial owners who hold Rule 144A Certificates through Direct Participants or Indirect Participants will not possess Rule 144A Certificates, the Rules, by virtue of the requirements described above, provide a mechanism by which Participants will receive payments and will be able to transfer their interest in respect of the Rule 144A Certificates.

DTC has advised the Issuer that it will take any action permitted to be taken by a holder of Certificates only at the direction of one or more Direct Participants and only in respect of such portion of the aggregate principal amount of the Rule 144A Global Certificate as to which such Participant or Participants has or have given such direction. However, in the

circumstances described under “*Summary of Provisions Relating to The Certificates While in Global Form—Exchange for Individual Certificates*”, DTC will cause its custodian to surrender the Rule 144A Global Certificate in exchange for Individual Certificates (which will bear the legend applicable to transfers pursuant to Rule 144A).

Payments through DTC

Payments of the Dissolution Distribution Amount and any Periodic Distribution Amounts in respect of a Global Certificate registered in the name of, or in the name of a nominee for, DTC will be made to the order of such nominee as the registered holder of such Certificate.

Book-Entry Ownership

Euroclear and Clearstream, Luxembourg

The Regulation S Global Certificate evidencing Regulation S Certificates will have an ISIN and a Common Code and will be registered in the name of a nominee for, and deposited with a common depository on behalf of, Euroclear and Clearstream, Luxembourg.

The address of Euroclear is 1 Boulevard du Roi Albert II, B-1210 Brussels, Belgium, and the address of Clearstream, Luxembourg is 42 Avenue JF Kennedy, L-1855, Luxembourg.

DTC

The Rule 144A Global Certificate evidencing the Rule 144A Certificates will have an ISIN, Common Code and a CUSIP number and will be deposited with a custodian (the “Custodian”) for, and registered in the name of Cede & Co. as nominee of, DTC. The Custodian and DTC will electronically record the face amount of the Certificates held within the DTC System.

The address of DTC is 55 Water Street, New York, New York 10041, United States of America.

Relationship of Participants with Clearing Systems

Each of the persons shown in the records of DTC, Euroclear or Clearstream, Luxembourg as the holder of a Certificate evidenced by a Global Certificate must look solely to DTC, Euroclear or Clearstream, Luxembourg (as the case may be) for its share of each payment made by the Issuer to the holder of such Global Certificate and in relation to all other rights arising under such Global Certificate, subject to and in accordance with the respective rules and procedures of DTC, Euroclear or Clearstream, Luxembourg (as the case may be). The Issuer expects that, upon receipt of any payment in respect of Certificates evidenced by a Global Certificate, the common depository by whom such Certificate is held, or nominee in whose name it is registered, will immediately credit the relevant Participants’ or account holders’ accounts in the relevant clearing system with payments in amounts proportionate to their respective beneficial interests in the face amount of the relevant Global Certificate as shown on the records of the relevant common depository or its nominee. The Issuer also expects that payments by Direct Participants in any clearing system to owners of beneficial interests in any Global Certificate held through such Direct Participants in any clearing system will be governed by standing instructions and customary practices. Save as aforesaid, such persons shall have no claim directly against the Issuer in respect of payments under on the Certificates for so long as the Certificates are evidenced by such Global Certificate and the obligations of the Issuer will be discharged by payment to the registered holder of such Global Certificate in respect of each amount so paid. None of the Issuer, the Delegate, the Co-Sukuk Agent, the Fiscal Agent or any other Paying and Transfer Agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of ownership interests in any Global Certificate or for maintaining, supervising or reviewing any records relating to such ownership interests.

Settlement and Transfer of Certificates

Subject to the rules and procedures of each applicable clearing system, purchases of Certificates held within a clearing system must be made by or through Direct Participants, which will receive a credit for such Certificates on the clearing system’s records. The ownership interest of each actual purchaser of each such Certificate (the “**Beneficial Owner**”) will in turn be recorded on the Direct and Indirect Participants’ records.

Beneficial Owners will not receive written confirmation from any Clearing System of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which such Beneficial Owner entered into the transaction.

Transfers of ownership interests in Certificates held within the Clearing System will be effected by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates evidencing their ownership interests in such Certificates, unless and until interests in any Global Certificate held within a Clearing System are exchanged for Individual Certificates.

No Clearing System has knowledge of the actual Beneficial Owners of the Certificates held within such Clearing System and their records will reflect only the identity of the Direct Participants to whose accounts such Certificates are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers. Conveyance of notices and other communications by the clearing systems to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners, will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time-to-time.

The laws of some jurisdictions may require that certain persons take physical delivery in definitive form of securities. Consequently, the ability to transfer interests in a Global Certificate to such persons may be limited. As DTC can only act on behalf of Direct Participants, who in turn act on behalf of Indirect Participants, the ability of a person having an interest in a Rule 144A Global Certificate to pledge such interest to persons or entities that do not participate in DTC, or otherwise take actions in respect of such interest, may be affected by a lack of a physical certificate in respect of such interest.

Trading between Euroclear and/or Clearstream, Luxembourg Participants

Secondary market sales of book-entry interests in the Certificates held through Euroclear or Clearstream, Luxembourg to purchasers of book-entry interests in the Certificates held through Euroclear or Clearstream, Luxembourg will be conducted in accordance with the normal rules and operating procedures of Euroclear and Clearstream, Luxembourg and will be settled using the procedures applicable to conventional Eurobonds.

Trading between DTC Participants

Secondary market sales of book-entry interests in the Certificates between DTC Participants will occur in the ordinary way in accordance with DTC rules and will be settled using the procedures applicable to United States corporate debt obligations in DTC's Same-Day Funds Settlement system in same-day funds, if payment is effected in U.S. Dollars, or free of payment, if payment is not effected in U.S. Dollars. Where payment is not effected in U.S. Dollars, separate payment arrangements outside DTC are required to be made between the DTC participants.

Trading between DTC seller and Euroclear/Clearstream, Luxembourg Purchaser

When book-entry interests in Certificates are to be transferred from the account of a DTC Participant holding a beneficial interest in the Rule 144A Global Certificate to the account of a Euroclear or Clearstream, Luxembourg accountholder wishing to purchase a beneficial interest in the Regulation S Global Certificate (subject to the certification procedures provided in the Agency Agreement), the DTC participant will deliver instructions for delivery to the relevant Euroclear or Clearstream, Luxembourg accountholder to DTC by 12 noon, New York time, on the settlement date. Separate payment arrangements are required to be made between the DTC Participant and the relevant Euroclear or Clearstream, Luxembourg Participant. On the settlement date, the custodian of the Rule 144A Global Certificate will instruct the Registrar to (i) decrease the amount of Certificates registered in the name of Cede & Co. and evidenced by the Rule 144A Global Certificate and (ii) increase the amount of Certificates registered in the name of the nominee of the common depositary for Euroclear and Clearstream, Luxembourg and evidenced by the Regulation S Global Certificate. Book-entry interests will be delivered free of payment to Euroclear or Clearstream, Luxembourg, as the case may be, for credit to the relevant accountholder on the first business day following the settlement date.

Trading between Euroclear/Clearstream, Luxembourg seller and DTC Purchaser

When book-entry interests in the Certificates are to be transferred from the account of a Euroclear or Clearstream, Luxembourg accountholder to the account of a DTC Participant wishing to purchase a beneficial interest in the Rule 144A Global Certificate (subject to the certification procedures provided in the Agency Agreement), the Euroclear or Clearstream, Luxembourg Participant must send to Euroclear or Clearstream, Luxembourg delivery, free of payment instructions, by 7:45 p.m., Brussels or Luxembourg time, one business day prior to the settlement date. Euroclear or Clearstream, Luxembourg, as the case may be, will in turn transmit appropriate instructions to the common depositary for Euroclear and Clearstream, Luxembourg and the Registrar to arrange delivery to the DTC Participant on the settlement date. Separate payment arrangements are required to be made between the DTC Participant and the relevant Euroclear or Clearstream, Luxembourg accountholder, as the case may be. On the settlement date, the common depositary for Euroclear and Clearstream, Luxembourg will (i) transmit appropriate instructions to the custodian of the Rule 144A

Global Certificate who will in turn deliver such book-entry interests in the Certificates free of payment to the relevant account of the DTC Participant and (ii) instruct the Registrar to (a) decrease the amount of Certificates registered in the name of the nominee of the common depositary for Euroclear and Clearstream, Luxembourg and evidenced by the Regulation S Global Certificate and (b) increase the amount of Certificates registered in the name of Cede & Co. and evidenced by the Rule 144A Global Certificate.

Although DTC, Euroclear and Clearstream, Luxembourg have agreed to the foregoing procedures in order to facilitate transfers of beneficial interests in Global Certificates among Participants and accountholders of DTC, Euroclear and Clearstream, Luxembourg, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Delegate, the Co-Sukuk Agent or any Agent will have any responsibility for the performance by DTC, Euroclear, Clearstream, Luxembourg or their respective Direct or Indirect Participants of their respective obligations under the rules and procedures governing their operations.

Settlement of Pre-issue Trades

It is expected that delivery of Certificates will be made against payment therefore on the Issue Date, which could be more than three business days following the date of pricing. Under Rule 15c6-1 under the Exchange Act, trades in the United States secondary market generally are required to settle within three business days (T+3), unless the parties to any such trade expressly agree otherwise.

Accordingly, purchasers who wish to trade Certificates in the United States on the date of pricing or the next succeeding business days until three days prior to the Issue Date will be required, by virtue of the fact the Certificates initially will settle beyond T+3, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Settlement procedures in other countries will vary.

Purchasers of Certificates may be affected by such local settlement practices and purchasers of Certificates between the relevant date of pricing and the Issue Date should consult their own advisers.

USE OF PROCEEDS

The Issuer will use the net proceeds of the issue of the Certificates, amounting to approximately U.S.\$848,000,000, on the Issue Date in the following proportion: (i) no less than 51% to the Kingdom as the Advance Rental payable for the lease of the Land Parcel pursuant to the Ijara Head Lease Agreement; and (ii) the remaining of not more than 49% for the purchase of commodities to on-sell to the Kingdom pursuant to the Murabaha Agreement, such proceeds to be used for the Government's general budgetary purposes.

DESCRIPTION OF THE ISSUER

History

The Issuer was incorporated as a single person company in Bahrain on 17 August 2017 under Article 76 of the Commercial Companies Law (Decree Law № 21 of 2001, as amended) (the “**Companies Law**”) with its registered office at Central Bank of Bahrain, King Faisal Highway, Diplomatic Area, Block 317, Road 1702, Building 96, Manama, Bahrain. The Issuer is registered with № 115515 in the Commercial Register established by the Ministry of Industry Commerce and Tourism of Bahrain. Pursuant to Article 3 of the Issuer’s articles of association (the “**Articles of Association**”), the Issuer has been formed for the purpose of participating in the transactions contemplated by the Transaction Documents.

Pursuant to Article 76 of the Companies Law, as the Issuer is wholly-owned by the Kingdom through the CBB, the provisions of the Companies Law do not apply, unless otherwise stated in the Articles of Association.

The authorised and issued share capital of the Issuer is BD 1,000 divided into five ordinary shares of par value BD 200 each and is fully paid up. The Issuer’s ordinary shares are owned by its proprietor, the CBB. The Issuer has no subsidiaries.

Business Activity

Since its establishment, the Issuer has not engaged in any material activities other than those regarding or incidental to the issue of the Certificates and the matters contemplated in this Prospectus and the Transaction Documents and the authorisation of its entry into the other transactions and documents referred to in this Prospectus to which it is or will be a party.

The Issuer has no prior operating history or prior business and will not have any substantial liabilities other than in connection with the issue of the Certificates. The Issuer has no subsidiaries and no employees.

The Issuer will not engage in any material activities other than those relating or incidental to the issue of the Certificates and the matters contemplated in this Prospectus and the Transaction Documents to which it is or will be a party.

As at the Issue Date, after giving effect to the transactions contemplated by the Transaction Documents, the total equity of the Issuer will be BD 1,000, consisting of five issued and paid shares.

Board and Management

The directors of the Issuer and their principal occupations are as follows:

Director	Principal Occupation
Abdulrahman Mohamed A. Aziz A. Rahman Al Baker	Employed with the Central Bank of Bahrain
Hesa Abdulla Husain Abdulla Al Sada	Employed with the Central Bank of Bahrain
Yusuf Ahmed Hasan Abdulla Al Tamimi	Employed with the Central Bank of Bahrain

The business address of each of the directors is Central Bank of Bahrain, PO Box 27, Manama, Bahrain.

Conflicts

There are no potential conflicts of interest between any duties to the Issuer of the directors listed above and their private interests or other duties.

Financial Statements

Since the date of its incorporation, no financial statements of the Issuer have been prepared. The fiscal year of the Issuer will end on 31 December of each year, beginning in 2017. The Issuer will prepare and file its annual audited accounts but is not required to, and does not intend to, publish annual audited accounts. The Issuer will not prepare any interim accounts.

Capitalisation

As at the date of this Prospectus, the capitalisation of the Issuer is BD 1,000. Following the issue of the Certificates, the capitalisation of the Issuer will be BD 1,000. There has been no material change in the capitalisation of the Issuer since the date of incorporation.

SUMMARY OF THE PRINCIPAL TRANSACTION DOCUMENTS

The following is a summary of certain provisions of the principal Transaction Documents and is qualified in its entirety by reference to the detailed provisions of the principal Transaction Documents. Copies of the Transaction Documents will be available for inspection and/or collection at the offices of the Principal Paying Agent. Potential investors are referred to the “Structure Diagram and Cashflows” and the “Terms and Conditions of the Certificates” where certain capitalised terms used in this summary are defined.

Ijara Head Lease Agreement

The Ijara Head Lease Agreement will be entered into on or about the Issue Date between the Issuer (in its capacity as Head Lessee), the Kingdom (in its capacity Head Lessor), the Delegate and the Co-Sukuk Agent and will be governed by Bahraini law.

Pursuant to the Ijara Head Lease Agreement, the Head Lessor will lease to the Head Lessee the Land Parcel for a lease term of 100 years commencing on the Issue Date in consideration for the Advance Rental, which shall be payable on the Issue Date.

On the Scheduled Dissolution Date or any earlier date of redemption following the occurrence of a Dissolution Event, the head lease pursuant to the Ijara Head Lease Agreement will be terminated and the Termination Payment will be immediately due and payable by the Head Lessor to the Head Lessee.

Further, in connection with any exercise by the Issuer of its rights under Condition 21, the Head Lessor will lease to the Head Lessee an Additional Land Parcel for a lease term commencing on the relevant Issue Date and expiring on the same expiry date as the existing head lease term in consideration for a further Advance Rental, which shall be payable on the relevant Issue Date.

All payments by the Head Lessor under the Ijara Head Lease Agreement shall be paid in full without any deduction or withholding (whether in respect of set-off, counterclaim, duties, taxes, charges or otherwise) and, in the event that there is any deduction or withholding for or on account of tax, the Head Lessor shall pay all additional amounts as will result in the receipt by the Head Lessee of such net amounts as would have been received by it if no deduction or withholding had been made. The payment obligations of the Head Lessor under the Ijara Head Lease Agreement are (subject to Condition 4) direct, unconditional and unsecured obligations of the Head Lessor and shall at all times rank *pari passu*, without any preference among themselves and, subject as aforesaid, with all other outstanding present and future unsecured and unsubordinated obligations of the Head Lessor (save for such exceptions as may be provided by applicable legislation and subject to Condition 4).

Ijara Sub-Lease Agreement

The Ijara Sub-Lease Agreement will be entered into on or about the Issue Date between the Issuer (in its capacity as Sub-Lessor), the Kingdom (in its capacity as Sub-Lessee), the Delegate and the Co-Sukuk Agent and will be governed by Bahraini law.

Pursuant to the Ijara Sub-Lease Agreement, the Sub-Lessor shall sub-lease to the Sub-Lessee the Land Parcel on the basis of consecutive six-month rental periods for a cumulative period commencing on the Issue Date and ending on the Scheduled Dissolution Date unless the Lease is terminated on an earlier date as a result of the occurrence of a Dissolution Event.

On the date of any relevant Supplemental Ijara Head Lease Agreement, a replacement Ijara Sub-Lease Agreement shall be executed in the manner provided in the Ijara Sub-Lease Agreement (pursuant to a notice given by the Sub-Lessor to the Sub-Lessee). The existing Land Parcel and the Additional Land Parcel, will be leased by the Sub-Lessee under the replacement Ijara Sub-Lease Agreement.

All payments by the Sub-Lessee under the Ijara Sub-Lease Agreement shall be paid in full without any deduction or withholding (whether in respect of set-off, counterclaim, duties, taxes, charges or otherwise) and, in the event that there is any deduction or withholding for or on account of tax, the Sub-Lessee shall pay all additional amounts as will result in the receipt by the Sub-Lessor of such net amounts as would have been received by it if no deduction or withholding had been made. The payment obligations of the Sub-Lessee under the Ijara Sub-Lease Agreement are (subject to Condition 4) direct, unconditional and unsecured obligations of the Sub-Lessee and shall at all times rank *pari passu*, without any preference among themselves and, subject as aforesaid, with all other outstanding present and future unsecured and unsubordinated obligations of the Sub-Lessee (save for such exceptions as may be provided by applicable legislation and subject to Condition 4).

The Sub-Lessee will be required to pay the Rentals to the Sub-Lessor on each Rental Payment Date or any earlier date on which the sub-lease of the Land Parcel is terminated in accordance with the terms of the Ijara Sub-Lease Agreement. The Rental payable by the Sub-Lessee to the Sub-Lessor under the Ijara Sub-Lease Agreement shall be used by the Issuer for the payment of each Periodic Distribution Amount payable on the Periodic Distribution Date.

The Sub-Lessee has covenanted and undertaken to the Sub-Lessor that that from the date thereof until the satisfaction in full of its obligations under the Ijara Sub-Lease Agreement and the Related Documents, the Sub-Lessee shall not sell, assign, pledge, mortgage, charge, encumber, dispose of, part with possession of or otherwise deal with the Land Parcel or any part thereof or any interest therein. In the event of any breach of this provision, the Sub-Lessor may (but shall not be bound), without prejudice to any other right or remedy it has under the Ijara Sub-Lease Agreement or by law, request that the Sub-Lessee disburse any such funds as are required to pay to any third party such sum as is necessary to procure the release of, or reacquire from a third party, the Land Parcel from or under any purported sale, assignment, pledge, mortgage, charge, encumbrance or disposition.

Murabaha Agreement

The Murabaha Agreement will be entered into on or about the Issue Date between the Issuer (in its capacity as Seller) and the Kingdom (in its capacity as Purchaser) and will be governed by English law.

Pursuant to the Murabaha Agreement, the Seller shall enter into a commodity purchase transaction with the Purchaser using no more than 49% of the Proceeds. The Seller shall agree and undertake that, on the receipt of a purchase order (the “**Purchase Order**”) from the Purchaser, the Seller shall sell to the Purchaser on the Issue Date and on the terms set out in the Purchase Order shall certain commodities at the Commodity Purchase Price. Following the purchase of the commodities by the Seller from the Supplier for Purchase (as defined in the Murabaha Agreement), and provided that the Seller has acquired title to, and actual or constructive possession of, the commodities, the Seller shall deliver to the Purchaser by no later than the Issue Date a letter of offer and acceptance (the “**Letter of Offer and Acceptance**”) indicating the Seller’s acceptance of the terms of the Purchase Order made by the Purchaser and detailing the terms of the offer for the sale of the commodities to the Purchaser from the Seller by no later than the Issue Date.

Pursuant to the Murabaha Agreement, the Purchaser shall irrevocably and unconditionally undertake to accept the terms of, countersign and deliver to the Seller any Letter of Offer and Acceptance delivered to it in accordance with the Murabaha Agreement and (as a result of the Seller having acted on the request of the Purchaser set out in the Purchase Order) purchase the commodities acquired by the Seller for the Deferred Purchase Price.

As soon as the Purchaser has countersigned the Letter of Offer and Acceptance, a murabaha contract (a “**Murabaha Contract**”) shall be created between the Seller and the Purchaser upon the terms of the Letter of Offer and Acceptance and incorporating the terms and conditions set out in the Murabaha Agreement, the Seller shall sell and the Purchaser shall buy the commodities on the terms set out in the Letter of Offer and Acceptance and ownership of and all risks in and to the relevant commodities shall immediately pass to and be vested in the Purchaser, together with all rights and obligations relating thereto.

In the case of an issuance of additional Certificates pursuant to Condition 21, a further Murabaha Contract shall be created between the Seller and the Purchaser in accordance with the terms of the Murabaha Agreement pursuant to which the Purchaser will purchase further commodities from the Seller at a Deferred Purchase Price (as defined in the Murabaha Agreement).

Declaration of Trust

The Declaration of Trust will be entered into on or about the Issue Date between the Issuer, the Trustee, the Kingdom and the Delegate and will be governed by English law.

Pursuant to the Declaration of Trust, the Trustee shall declare the Trust for the benefit of the Certificateholders, over, *inter alia*, all of the its rights, title, interest and benefit, present and future, in, to and under the Land Parcel, all of its rights, title, interest and benefit, present and future, in, to and under the Transaction Documents, all monies standing to the credit of the Transaction Account from time-to-time and all proceeds of the foregoing (the “**Trust Assets**”).

Pursuant to the Declaration of Trust, the Trustee will, in relation to the Certificates, *inter alia*:

- (a) hold the Trust Assets on trust absolutely for the Certificateholders as owners and beneficiaries pro rata according to the face amount of Certificates held by each by each Certificateholder; and

- (b) act as trustee in respect of the Trust Assets, distribute the income from the Trust Assets and perform its duties in accordance with the provisions of the Declaration of Trust.

In the Declaration of Trust, the Trustee will irrevocably and unconditionally delegate to the Delegate all of the rights, powers, trusts, authorities and discretions vested in the Trustee by the Declaration of Trust (including but not limited to the authority to request instructions from any Certificateholders and the power to make any determinations as permitted by the Declaration of Trust and any of the other Transaction Documents (provided that no obligations, duties or covenants of the Issuer or the Trustee pursuant to the Declaration of Trust or any other Transaction Document shall be imposed on the Delegate by virtue of this delegation) and make such distributions from the Trust Assets as the Issuer is bound to make in accordance with the Declaration of Trust. The appointment of the Delegate by the Trustee is intended to be in the interests of the Certificateholders and does not affect the Trustee's continuing role and obligations as trustee.

Pursuant to the Declaration of Trust, the Kingdom will also undertake to the Trustee that it will indemnify the Trustee if any of the Termination Payment, each Deferred Purchase Price and any accrued but unpaid Rental, respectively, is not paid in accordance with the provisions of the Ijara Head Lease Agreement, the Murabaha Agreement and the Ijara Sub-Lease Agreement, respectively, whether as a result of a dispute or challenge, or for any other reason whatsoever, and the Kingdom shall (as an independent, severable and separately enforceable obligation) fully indemnify the Trustee for the purpose of redemption in full of the outstanding Certificates and, accordingly, the amount payable under any such indemnity claim will equal the Indemnity Amount (as defined in the Declaration of Trust).

Agency Declaration

The Agency Declaration will be executed on or about the Issue Date between the Issuer, the Sukuk Agent and the Co-Sukuk Agent and will be governed by Bahraini law.

Pursuant to the Agency Declaration, the Sukuk Agent shall, act as agent for and on behalf of the Certificateholders with respect to the Specified Assets (as defined in the Agency Declaration) and in such capacity declare that it shall hold the Specified Assets as agent for and on behalf of the Certificateholders *pro rata* according to the face amount of Certificates held by each Certificateholder, in accordance with the Agency Declaration and the Conditions. The Issuer shall unconditionally and irrevocably appoint the Co-Sukuk Agent as its co-agent with all of the rights, powers, authorities and discretions vested in the Sukuk Agent by the Agency Declaration (including but not limited to the authority to request instructions from any Certificateholders and the power to make any determinations as permitted by the Agency Declaration and any of the other Transaction Documents (provided that no obligations, duties, liabilities or covenants of the Issuer or the Sukuk Agent pursuant to the Agency Declaration or any other Transaction Document shall be imposed on the Co-Sukuk Agent by virtue of the appointment) and make such distributions from the Trust Assets as the Issuer is bound to make in accordance with the Agency Declaration.

Agency Agreement

The Agency Agreement will be executed on or about the Issue Date between the Issuer, the Delegate and the Agents and will be governed by English law.

Pursuant to the Agency Agreement, provision will be made for, *inter alia*, payment of all sums due in respect of the Certificates by the relevant Agent as agent on behalf of the Issuer.

Costs Undertaking

The Costs Undertaking will be executed on or about the Issue Date by the Kingdom in favour of, *inter alia*, the Issuer, the Delegate, the Co-Sukuk Agent and each Agent and will be governed by English law.

Pursuant to the Costs Undertaking, the Kingdom will, *inter alia*, undertake to pay certain fees and expenses of, and indemnify against certain losses of, *inter alia*, the Issuer, the Trustee, the Delegate, the Co-Sukuk Agent and each Agent.

Pursuant to the Costs Undertaking, the Kingdom will also undertake to and for the benefit of the Trustee that it will indemnify the Trustee if any of the Termination Payment, each Deferred Purchase Price and any accrued but unpaid Rental, respectively, is not paid in accordance with the provisions of the Ijara Head Lease Agreement, the Murabaha Agreement and the Ijara Sub-Lease Agreement, respectively, whether as a result of a dispute or challenge, or for any other reason whatsoever, and the Kingdom shall (as an independent, severable and separately enforceable obligation) fully indemnify the Trustee for the purpose of redemption in full of the outstanding Certificates and, accordingly, the amount payable under any such indemnity claim will equal the Indemnity Amount (as defined in the Costs Undertaking).

Shari'a Compliance

Each Transaction Document provides that, to the extent permitted by law, each of the Issuer (to the extent it is a party to the relevant Transaction Document) and the Kingdom of Bahrain, acting through the Ministry of Finance, (to the extent it is a party to the relevant Transaction Document), as the case may be, agrees that it has accepted the Shari'a compliant nature of the Transaction Documents to which it is a party; and:

- it shall not claim that any of its obligations under the Transaction Documents to which it is a party (or the provision thereof) is *ultra vires* or not compliant with the principles of Shari'a;
- it shall not take any steps or bring any proceedings in any forum to challenge the Shari'a compliance of the Transaction Documents to which it is a party; and
- to the extent permitted by law, none of its obligations under the Transaction Documents to which it is a party shall in any way be diminished, abrogated, impaired, invalidated or otherwise adversely affected by any finding, declaration, pronouncement, order or judgment of any court, tribunal or other body that the Transaction Documents to which it is a party are not compliant with the principles of Shari'a.

OVERVIEW OF THE KINGDOM OF BAHRAIN

Location and Population

Bahrain is an archipelago made up of 36 islands with a total land surface area of 760 square kilometres situated in the Arabian Gulf. The islands are about 24 kilometres from the east coast of Saudi Arabia and 28 kilometres from Qatar. The largest island, Bahrain Island, comprises nearly 91.3% of the total land area of Bahrain and is linked to mainland Saudi Arabia by a 25-kilometre causeway. The capital of Bahrain, Manama, is on Bahrain Island. Bahrain's other significant islands include the southern archipelago called Hawar, near the coast of Qatar, Muharraq Island (“**Muharraq**”) (which is Bahrain's second largest city and where Bahrain's international airport and the country's main port, Khalifa Bin Salman Port at Hidd, are located) and Sitra (a mainly industrial island). Muharraq and Sitra are connected to Bahrain Island by causeways.

Source: Survey & Land Registration Bureau, Kingdom of Bahrain

Most of Bahrain is low-lying barren desert, with the highest point being approximately 134 metres above sea level, although the northern part of the country has been extensively urbanised and cultivated. Average rainfall in Bahrain is 47 millimetres *per annum*. Most of Bahrain is surrounded by the relatively shallow part of the Arabian Gulf known as the Gulf of Bahrain. Bahrain obtains its drinking water from underground freshwater deposits and, increasingly, from desalination plants.

Bahrain's last census, in April 2010, recorded a population of 1,234,571, of whom 46% are Bahraini nationals, the remaining being principally expatriate workers. According to the 2010 census, approximately 70.2% of the population

are Muslim, with small minorities of Christians, Hindus and Jews also present. Arabic is the official language, although English is widely used and understood for business purposes.

The population is highly urbanised, with up to 89% of the population living in towns and cities. According to the 2010 census, nearly 31.8% of the population is under the age of 15. A census is held in Bahrain every ten years. The national education system is well established (adult literacy is 93.7% according to the 2010 census). Bahrain's life expectancy for men and women is 76 and 80 years, respectively. This is among the highest in the Arabian Gulf region.

According to 2014 data collected by the CIO, Bahrain had a population of 1.315 million of which 48.0% were Bahraini nationals and 52.0% were principally expatriate workers. The population of Bahrain is estimated to have increased to 1.358 million in 2015.

History

The earliest record of Bahrain dates back to the third millennium BC, when it was known as Dilmun. Dilmun was a successful station for tradesmen in the Arabian Gulf and its thriving community was closely linked to that in Mesopotamia. Around 600 BC, Bahrain became part of the expanding Babylonian empire, at a time when the island was known by the Greek name of Tylos. The island became known for its wealth of pearls and it enjoyed considerable prosperity. In the seventh century AD, Islam was introduced to Bahrain.

The islands changed hands many times in the following centuries. In the mid-eighteenth century, the Al Khalifa family arrived from Al Zubara. They, together with their allies, assumed control of the islands and the family has remained in power ever since. See "*Overview of The Kingdom of Bahrain—Constitution and Government*". During the nineteenth century, Bahrain became the British Empire's political headquarters in the Gulf. Oil was discovered in Bahrain in 1932 (which coincided with the collapse of Bahrain's pearl industry). Bahrain was the first country to discover oil in the region.

On 15 August 1971, Bahrain declared its independence from the United Kingdom. Upon independence, the late His Highness Sheikh Sir Isa bin Salman Al Khalifa assumed the position of Emir as head of state, while his brother, His Excellency Sheikh Khalifa bin Salman Al Khalifa, became prime minister. In 1972, a constituent assembly was formed, and, in May 1973, a constitution was published. In December 1973, a 44-person national assembly (the "**National Assembly**") was established, comprising 30 elected members. The then-National Assembly was dissolved in August 1975 following disagreement between the National Assembly and the Emir. In the early 1990s, political tensions increased despite limited reforms by the Government including the establishment of a consultative council (the "**Consultative Council**").

In 1981, Bahrain, together with Saudi Arabia, the UAE, Qatar, the Kuwait and Oman, established the GCC. See "*—International Relations—GCC*".

When His Highness Sheikh Sir Isa bin Salman Al Khalifa died in March 1999, his son, His Majesty Sheikh Hamad bin Isa Al Khalifa, came to power. The new Emir (as he was previously referred to) embarked on a programme of political reform, released political prisoners, permitted the return of exiles and eliminated emergency laws and courts. He also introduced a new national charter, the National Action Charter (the "**NAC**"), which sought to establish a new national assembly that was to be part appointed and part elected. It also paved the way for Bahrain to become a constitutional monarchy and for His Majesty Sheikh Hamad bin Isa Al Khalifa to be proclaimed king of Bahrain. The NAC was approved in a national referendum in February 2001, in which 98.4% of the voters voted in favour of it. At the same time the state security law, which had been introduced in 1975, was repealed.

Constitution and Government

Under a new constitution adopted in February 2002 (the "**Constitution**") pursuant to the NAC, Bahrain is a hereditary constitutional monarchy with a democratic system of government. The system of government rests on a separation of the legislative, executive and judicial authorities. The legislative authority is vested in His Majesty the King and the National Assembly, in accordance with the Constitution. Executive authority is vested in His Majesty the King, together with the council of ministers (the "**Council of Ministers**"), which is the collective decision-making body of the Government, comprising all Government ministers. Ministerial and judicial rulings are issued in the King's name, in accordance with the Constitution. The Constitution also declares the state religion to be Islam, with Islamic Shari'a as a principal source for legislation.

Under the Constitution, His Majesty the King is entitled to appoint the prime minister and other ministers. His Majesty the King is the supreme commander of the Bahrain Defence Force. His Majesty the King has power to conclude treaties on behalf of Bahrain, and any amendments to the Constitution require the approval of His Majesty the King.

The National Assembly and Elections

The Constitution provides for a National Assembly comprised of two chambers: the consultative council (the “**Shura Council**”) and the chamber of deputies (the “**Chamber of Deputies**”). Each chamber has 40 members. The members of the Chamber of Deputies are elected in national elections, whereas the members of the Shura Council are appointed by His Majesty the King. Members of the Chamber of Deputies and Shura Council each serve four-year terms.

Legislation is initiated in the Chamber of Deputies, and draft laws are considered by the Shura Council, which has the power to comment on and suggest alterations to proposed legislation. New laws may only be passed when approved by both chambers and ratified by His Majesty the King.

The Chamber of Deputies represents a wide range of political opinion in Bahrain and plays a significant role in the development of the democratic process. The first election to the Chamber of Deputies was held in 2002, albeit with only moderate participation by some political groups. The last three elections held in 2006, 2010 and 2014 experienced active participation from the major political groupings, albeit with boycotts by certain groups. In accordance with the Constitution, the next elections are expected in 2018.

The most recent parliamentary elections held in November 2014 saw 52.6% of eligible voters cast their votes. While a few opposition political societies, including Al Wefaq National Islamic Society, boycotted the elections, independent candidates won 37 of 40 seats. On 11 June 2016, His Majesty King Hamad bin Isa Al-Khalifa issued an amendment to the country’s political society law, banning the use of religion in political societies. On 17 July 2016, Bahrain’s High Civil Court dissolved Al Wefaq National Islamic Society citing attempts to undermine the Constitution, support for terrorism, slander of the judiciary and incitement of lawless action. However, the Government reiterated its intention to continue its cooperation with political societies within the bounds of the law, including the ban on the use of religion in political societies. See “*Risk Factors—Risk factors relating to the Kingdom—Bahrain is subject to a number of on-going domestic political risks*”

The Government

The cabinet (the “**Cabinet**”) is appointed by His Majesty the King. The Cabinet is headed by the prime minister, who, at the date of this Prospectus, is His Royal Highness Prince Khalifa bin Salman Al Khalifa (the “**Prime Minister**”). On 17 September 2015, His Majesty the King announced a downsizing of the Cabinet with the specific objective of achieving fiscal consolidation. The downsizing of the Cabinet involved merging ministries and governmental institutions in order to decrease expenditure and enhance performance. The Cabinet will focus to a greater degree on the country’s emerging financial challenges as a result of lower oil prices. To respond to those challenges, it will take a set of economic measures to support Bahrain’s economic growth.

The Prime Minister is responsible for much of the day-to-day running of the country. In accordance with the Constitution, His Majesty the King’s eldest son, His Royal Highness Prince Salman bin Hamad Al Khalifa, is the crown prince (the “**Crown Prince**”), the First Deputy Prime Minister and commander-in-chief of the Bahrain Defence Force.

The Ministry of Finance

The Ministry of Finance is responsible for formulating and implementing the financial policies of Bahrain within the overall vision of the Government. This entails, amongst other things, the preparation of the state general budget in coordination with other ministries and public entities. The state general budget aims to reflect the financial and economic objectives of Bahrain, with a focus on improving living standards and increasing levels of economic growth.

The Ministry of Finance is currently focused on implementing the Government’s fiscal consolidation policies which aim to decrease public spending whilst promoting the progress and diversification of public investment. It also manages the public debt and maintains its levels within internationally approved limits. See “*Public Finance—Fiscal Policy*”.

In order to enhance economic and financial bilateral relations with other countries, the Ministry of Finance has entered into, and is in the process of negotiating, a number of bilateral and multilateral agreements to provide a legal framework for these relationships. These agreements include, among others, agreements on the promotion and protection of investments, agreements on the avoidance of double taxation, free trade agreements and memoranda of understanding on financial and economic cooperation. See “*—International Relations*”.

The Judiciary

The judiciary is enshrined under the Constitution as an independent and separate branch of the Government. The Constitution is upheld by the Constitutional Court, independent of both the executive and legislative branches. The Minister of Justice oversees the administration of the court system, but does not exercise a judicial function.

Bahrain has a dual-court system, consisting of civil courts and Shari'a courts. The Shari'a courts deal only with personal law matters relating to Muslims, such as marriage, divorce and inheritance. These courts do not have jurisdiction over commercial matters. The civil court system consists of courts of first instance, which deal with all civil, commercial and criminal matters. The court of appeal hears all appeals and is the highest appellate authority in the country on issues of facts. The Court of Cassation is the final appellate authority and decides on issues of law. The Constitutional Court decides on the constitutionality of laws and regulations enacted by the legislature.

Certain Political Developments

On 14 February 2011, protests and demonstrations were held in Bahrain, protesting against the Government (the "**February-March 2011 Protests**"). On 1 June 2011, in the aftermath of the February-March 2011 Protests, His Majesty the King announced the launch of the National Consensus Dialogue (the "**Dialogue**"). The purpose of the Dialogue was to provide a forum for Bahraini society, including Bahraini citizens and expatriates, to present its views and proposals for future reform in Bahrain. The Dialogue commenced on 2 July 2011 and ended on 25 July 2011. Participants included political societies, civil and non-governmental organisations, expatriate societies and representatives of many religious groups. See "*Risk Factors—Risk factors relating to the Kingdom—Bahrain is subject to a number of on-going domestic political risks*".

The Dialogue's recommendations were collated into a report. Reforms recommended by the Dialogue included increased parliamentary scrutiny over the Government and enabling the Prime Minister to select his government, subject to the approval of the elected parliament; granting parliament greater legislative and monitoring powers; ensuring non-sectarianism in all civil and political organisations; and oversight of funding of political societies; economic reforms (including faster implementation of Vision 2030); the creation of independent authorities to assess the quality of government services and implementation of management policies and financial transparency (governance) in ministries and institutions, in line with international standards; the establishment of mechanisms to manage the expenditure of government institutions; implementation of youth programmes, a national strategy for non-governmental organisations (including corporate social responsibility programmes) and better implementation of legislation on security and peace; the formation of the Supreme Judiciary Council by appointment rather than election; judicial training on human rights issues; laws protecting the freedom of expression and assembly; and initiatives to improve foreign workers' rights, including establishing a minimum wage.

The Council of Ministers formed a ministerial sub-committee to oversee the implementation programme. On 3 October 2011, the ministerial sub-committee presented its report to His Royal Highness, Prime Minister Prince Khalifa bin Salman Al Khalifa. The proposed constitutional changes were then sent to parliament and were approved by the parliament on 30 April 2012.

His Majesty the King ratified the constitutional changes on 3 May 2012. The constitutional amendments provided for:

- increased powers of the National Assembly: in particular by granting it enhanced democratic scrutiny over the Government;
- parliamentary approval of new Governments: the Constitution has been amended so that a new Government will need to secure the approval of the democratically elected parliament;
- Chamber of Deputies to preside over the National Assembly: responsibility for presiding over the National Assembly has been transferred from the Chairman of the Shura Council to the Chairman of the Chamber of Deputies;
- greater legislative and monitoring powers for the Chamber of Deputies: ministers will be required to be answerable to appointed representatives; and
- measures to create more efficient law-making procedures: these measures will help address and overcome delays in ratification, and gaps in implementation, of legislation.

The Bahrain Independent Commission of Inquiry ("**BICI**") was established on 29 June 2011 pursuant to Royal Order № 28 of 2011. The BICI was developed in consultation with the Office of the United Nations ("**UN**") High Commissioner

for Human Rights and was commended by the UN Secretary General and Amnesty International, together with the governments of the United Kingdom and the United States. The BICI was asked to determine whether the events of February-March 2011 Protests (and thereafter) involved violations of international human rights law and norms and to make the recommendations that it deems appropriate. Professor Mahmoud Cherif Bassiouni, an expert in international criminal and human rights law, heads the BICI. The BICI was granted access to government officials, records and facilities, as well as the right to conduct confidential interviews with any complainant or witness. The BICI's report, published on 23 November 2011, contained a detailed narrative regarding the events that had taken place and presented a series of recommendations involving comprehensive, structural reform and a process of national reconciliation. The Government pledged to implement the BICI recommendations in their entirety.

In implementing the first BICI recommendation, a high-level National Commission was set up, chaired by the speaker of the upper house of parliament and including independent representatives from across Bahraini society, to monitor and oversee the Government's progress in implementing the BICI recommendations.

On 20 March 2012, this National Commission presented its report on the implementation of the BICI recommendations. The report found that the Government had made substantial progress towards fully implementing the BICI recommendations, with the most important issues already addressed and clear procedures in place to complete those recommendations that remain outstanding. Since March 2012, the Government has continued to follow these procedures.

The second round of the Dialogue commenced on 10 February 2013. It represented the continuation of the Dialogue from July 2011 aimed at building on the achievements of the previous Dialogue in order to achieve further national consensus. Prior to the suspension of the second round of the Dialogue in 2014, the participants met on a weekly basis. Due to the withdrawal of the coalition of six opposition societies, the remaining participants have agreed to suspend the Dialogue while keeping the door open to resume the Dialogue should the coalition of six opposition societies decide to return.

In May 2017, the police in Bahrain arrested 286 people in Diraz as part of an operation to arrest militants and dangerous persons. During the course of the operation, five people were killed, and there were a few acts of violence. In July 2017, 60 persons were charged by the relevant judicial authority (including 24 *in absentia*) with forming a terrorist organisation, and using weapons and explosives, as well as being trained with the aim of carrying out terrorist attacks that target police officers and civilians. Judicial procedures are ongoing and the court is expected to reconvene in October 2017.

See "*Risk Factors—Risk factors relating to the Kingdom—Bahrain is subject to a number of on-going domestic political risks*".

International Relations

GCC

Bahrain's principal objectives in its foreign policy have traditionally been to maintain cordial relations with its neighbouring countries.

The GCC was established in Abu Dhabi on 25 May 1981. The original union comprised of Bahrain, Kuwait, Oman, Qatar, Saudi Arabia and the UAE. The unified economic agreement among the countries of the GCC was signed on 11 November 1981 in Abu Dhabi.

Customs and Monetary Union

The creation of a customs union began in 2003 and was completed and fully operational on 1 January 2015. On 1 January 2008 the six GCC countries declared the creation of a common market in the GCC region. In January 2015, the common market was further integrated, allowing full equality among GCC citizens to work in the government and private sectors, social insurance and retirement coverage, real estate ownership, capital movement, access to education, health and other social services in all member states. However, some barriers remained in the free movement of goods and services. The coordination of taxation systems, accounting standards, and civil legislation is currently in progress. The interoperability of professional qualifications, insurance certificates and identity documents is also underway.

Bahrain, Saudi Arabia, Qatar and Kuwait approved a monetary union pact in December 2009. As a consequence of the monetary union pact, a GCC Monetary Council (the "**GCC MC**") was established in Riyadh, holding its inaugural meeting in March 2010. At this meeting, H.E. Mohammed Al-Jasser (former Chairman of the Saudi Arabian Monetary Agency) was elected as chairman for a term of one year with H.E. Rasheed Al Maraj (Governor of the CBB) as vice chairman. In 2014, H.E. Sheikh Abdullah S. Al-Thani, Governor of Qatar Central Bank, was elected chairman, and H.E. Dr. Mohammad Y. Al-Hashel, Governor of the Central Bank of Kuwait, was elected vice chairman. The GCC MC's primary strategic aim is to provide the foundation, and act as a precursor institution, for the establishment of a GCC

Central Bank (the “GCC CB”). The GCC MC set itself the primary task of consulting with GCC member countries in order to draft the legal and organisational framework that will underpin the GCC CB. The board of directors of the GCC MC met six times a year during the period 2011-2016 and has met three times in 2017.

Security

A key objective of the GCC is to develop a comprehensive security strategy for the GCC countries. In 1984, the GCC decided to create a joint military force of 10,000 soldiers divided into two brigades, called the Peninsula Shield Force, based in Saudi Arabia near the Kuwaiti and Iraqi borders. The Peninsula Shield Force is composed of infantry, armour, artillery and combat support elements from each of the GCC countries. During the February-March 2011 Protests, Saudi Arabia and the UAE sent ground troops to Bahrain in order to support the Government, and Kuwait sent a navy unit. Kuwait and Oman refrained from sending ground troops.

In September 2014, GCC members Saudi Arabia, Bahrain, the UAE and Qatar, as well as pending member Jordan, commenced cooperative air operations against Islamic State in Syria. GCC countries have also pledged other support, including provision of operating training facilities for Syrian rebels in Saudi Arabia and allowing the use of their airbases by other countries fighting Islamic State.

Bahrain, along with other Arab states, is currently participating in the Saudi Arabian led intervention in Yemen, which began in 2015 in response to requests for assistance from the Yemeni government and is ongoing.

Qatar

In 2001, the International Court of Justice settled a long-standing territorial dispute between Bahrain and Qatar and, as a result, relations between the two countries had improved until the recent developments described below. Bahrain and Qatar have agreed to build a 40-kilometre toll-operated causeway called the Qatar-Bahrain Friendship Bridge (linking both countries), which is anticipated to be the longest fixed link in the world. No date has been set for construction work to commence, due to delays resulting from cost and design problems; the status of the causeway is unclear given the current state of relations between Bahrain and Qatar.

On 5 June 2017, three GCC countries – Saudi Arabia, the UAE and Bahrain – as well as Egypt and Yemen – severed diplomatic ties with Qatar, cut trade and transport links and imposed sanctions on evidence grounded on Qatar’s support to terrorist and extremist organisations, including Qatar’s meddling in other countries’ internal affairs. Measures taken by the affected countries included the closure of land, sea and air links to Qatar, and requesting certain Qatari officials, residents and visitors to leave the territories of the affected countries. In order to resolve the situation, the affected countries have expressed a willingness to discuss a restoration of ties and the lifting of the other boycott measures on the condition that Qatar commits to agreements it signed, cease support of terrorist and extremist organisations and stop interfering in other countries’ affairs. Diplomatic efforts to end the crisis are being undertaken by Kuwait and several other countries.

See “*Risk Factors—Risk factors relating to the Kingdom—Bahrain is located in a region that has been subject to ongoing geo-political and security concerns*”.

Other Countries

Bahrain has bilateral trade and economic agreements with over 40 countries, including: China, France, India and the United Kingdom. Bahrain has Free Trade Agreements with Singapore and EFTA (comprised of Iceland, Liechtenstein, Norway and Switzerland) and Duty Free Access with the 17 Arab states party to the Greater Arab Free Trade Agreement (GAFTA). Bahrain has also signed: (a) Promotion and Protection of Investment Agreements with 34 countries; (b) Avoidance of Double Taxation Treaties with 41 countries; (c) Reciprocal Exemption of International Air Transport Agreements with 6 countries; and (d) Economic, Trade and Technical Co-operation Agreements with 32 countries.

On 28 May 2014, Bahrain entered into the Agreement for the Promotion and Protection of Investment with Tajikistan. In 2015, Bahrain entered into the Avoidance of Double Tax Agreement with Cyprus and the Avoidance of Double Tax Convention with Portugal.

United States

Bahrain enjoys good relations with the United States, which has the headquarters of its Gulf naval force on the island. In 2002, the U.S. designated Bahrain a “major non-NATO ally”.

Bahrain was also the first Gulf country to have a Free Trade Agreement with the United States. Negotiations were commenced in 2004, and the agreement was implemented in 2006.

European Union

Bahrain enjoys good relations with the EU. The EU established bilateral relations with GCC countries through the 1988 Cooperation Agreement. The 1988 Cooperation Agreement provides for annual joint councils/ministerial meetings (between EU and GCC foreign ministers), and for joint cooperation committees at senior official level. The 1988 Cooperation Agreement allowed for the development of closer cooperation on issues such as energy, transport, research and innovation, and the economy. The most recent EU-GCC ministerial meeting was held in Brussels on 18 July 2016. The GCC delegation was led by H.E. Adel Al-Jubeir, Minister of Foreign Affairs of the Kingdom of Saudi Arabia (as GCC rotating president), and the EU delegation was led by H.E. Federica Mogherini, High Representative of the European Union for Foreign Affairs and Security Policy and Vice President of the European Commission. The GCC Secretariat was represented by H.E. Dr. Abdul Latif bin Rahed Al-Zayani, GCC Secretary General.

The GCC was in discussions with the EU concerning a trade agreement between the GCC and the EU. Negotiations were suspended in 2009 to enable the GCC to complete a study on the cost benefit of such agreements, and this study is still being considered. Further informal contacts have taken place between the parties and both remain committed to concluding the agreement.

The EU's ICI fund for cooperation with high-income countries is the framework for financial cooperation between the EU and the Gulf region (and other high-income countries). Amongst other projects, the ICI has financed the EU-GCC Clean Energy Network for cooperation among various players in the EU and the GCC on clean energy.

United Kingdom

Bahrain has entered into a number of trade and tax related agreements and memoranda of understanding with the United Kingdom, including the Agreement for Avoidance of Double Taxation, the Agreement for Promotion and Protection of Investment, the Friendship Treaty, the Memorandum of Understanding for the Economic, Trade and Technical Co-operation, the Memorandum of Understanding on Capacity Building Expertise and the Memorandum of Understanding on Mutual Assistance and Organised Crime.

Bahrain is working with the United Kingdom on the construction of the United Kingdom's new permanent military base, the HMS Juffair at Mina Salman Port, in Bahrain. This military base is being developed to support Royal Navy deployments in the Gulf through the creation of a permanent base. It will improve existing onshore facilities at Mina Salman Port and provide the Royal Navy with a forward operating base and a place to plan, store equipment for naval operations and will provide accommodation for Royal Navy personnel.

Russia

Bahrain has an agreement with the Russian Federation for Economic, Trade and Technical Co-operation and recently signed a Promotion and Reciprocal Protection of Investment Agreement.

India

Bahrain concluded the Tax Information Exchange Agreement with India. There are also other agreements in place with India, including the Agreement for Economic, Trade and Technical Co-operation.

China

Bahrain is involved in strategic dialogue with China and has entered into a number of trade and tax related agreements with China, including the Agreement for Economic, Trade and Technical Co-operation, the Agreement for Avoidance of Double Taxation and the Agreement for Promotion and Protection of Investment. In May 2017, following a visit from the Chinese business delegation, the EDB signed memoranda of understanding with the China Hi-Tech Transfer Centre, Shenzhen Belt and Road Economy and Technology Cooperation Association, and Shenzhen Cross-Border E-Commerce Association, which are aimed at developing the economic ties between China and Bahrain and are expected result in increased trade with, and investment from, China.

International Organisations

Bahrain is a founding member of the World Trade Organisation and is a member of many other international organisations including the UN, the IMF, the World Bank Group (International Bank for Reconstruction and Development), the

International Centre for Settlement of Investment Disputes, the International Finance Corporation, the International Labour Organisation (“ILO”), the Multilateral Investment Guarantee Agency, the Organisation of Islamic Cooperation, the Global Forum on Transparency and Exchange of Information for Tax Purposes, and a member of a number of regional organisations such as the Arab League, the Arab Monetary Fund, the Organisation of Arab Petroleum Exporting Countries, the Islamic Development Bank, and the GCC. In addition, a number of international programmes, including the UN Industrial Development Programme have their regional office in Bahrain and the Middle East and North Africa Financial Action Task Force (“MENAFATF”) have their headquarters in Bahrain.

A two-day Bahrain International Conference on the Arab Court for Human Rights was held in May 2014. The conference was attended by more than 240 local, regional and international experts in human rights and judicial systems. The conference was part of ongoing efforts to discuss and finalise the articles of association necessary to establish the Pan-Arab Court, ahead of submission to the Arab League for ratification.

Bahrain has put in place measures to facilitate foreign nationals to conduct business in Bahrain. Bahrain implemented a new visa policy which allows visas to be obtained online or upon arrival in the country. Online visa eligibility has been extended to 113 nationalities.

Vision 2030

In October 2008, the Government approved a long-term vision document called Vision 2030 (“**Vision 2030**”). Vision 2030’s objective is to further diversify Bahrain’s economy into a globally competitive economy led by private enterprise and predominantly based on high productivity sectors, including finance, services, logistics, tourism and industry. The economic vision sets out the aspirations for Bahrain’s economy, government and society in accordance with the guiding principles of sustainability, competitiveness and fairness. The key priority areas of Vision 2030 are taken into account during each budget process and the Government continues to implement its objectives. As part of Vision 2030, the Government sets out four-year programmes that are approved by the legislative authority. The Government, with the support of the EDB, monitors the progress of initiatives agreed under the four year programme. In March 2013, His Royal Highness the Crown Prince was appointed as the First Deputy Prime Minister and is supporting His Royal Highness the Prime Minister’s efforts to ensure the efficiency and effectiveness of the Government’s performance, which will underpin its activities undertaken to achieve its economic vision.

Bahrain has implemented educational reforms to help ensure that the population develops the skills necessary to implement the Vision 2030 objectives. These include the establishment of the Bahrain Teachers’ College and the creation of the Education and Training Quality Authority (“**BQA**”) in 2008. The BQA reviews and publicly reports on the quality of education and training institutions, with a view to raising standards of education and training in Bahrain. The BQA also publishes reports on the quality of educational and vocational institutions covering private and public schools, universities and vocational courses. The BQA has also reviewed individual degree courses provided by universities.

During 2011 and 2012, the EDB worked on the development of secondary technical and vocational paths with the establishment of a specialised technical college, as well as collaborating with the University of Bahrain and the Bahrain Training Institute on plans to enhance institutional development. Since then, the EDB has been working closely with a number of government institutions including the Ministry of Labour, Ministry of Education and the First Deputy Prime Minister’s office on the development and implementation of a long term educational reform plan.

The Government has introduced a number of measures aimed at encouraging entrepreneurship. In 2016, Bahrain implemented the Sijilat Commercial Registration Portal, which is designed to simplify the process of business registration, streamline licensing requirements and ensure transparency of procedures and co-ordination between all relevant organisations. The Government has also worked on removing the majority of the residual restrictions on foreign ownership of Bahraini companies. In addition, the Bahraini authorities have supported the development of a growing network of incubators and accelerators, typically with international partners, to encourage growth in Bahrain’s fintech and start-up industry. In 2017, the CBB launched a regulatory sandbox that permits fintech firms to test and experiment their banking ideas and solutions. Partnerships have been established with foreign entities in Europe and South-East Asia. A U.S.\$100 million fund of funds to support technology start-ups is currently being established. Other programmes are also available to existing companies to achieve sustainable growth and expand their footprint beyond Bahrain.

In addition, in order to improve access to international markets and empower the micro, small and medium enterprises sector in Bahrain, the Bahraini authorities are working to establish an Export Development Centre (the “**EDC**”). The project is designed to encourage Bahrain-based companies to expand their operations beyond the local market. The EDC is expected to advise businesses on export opportunities for their products and provide training in export procedures.

Vision 2030 also contains plans for infrastructure development and investment in real estate and housing. See “*The Economy of the Kingdom of Bahrain—Principal Sectors of the Economy—Other Services—Transport and Construction*” and “*The Economy of the Kingdom of Bahrain—Principal Sectors of the Economy—Other Services—Real Estate*”.

The Bahrain Economic Development Board (EDB)

The EDB is the economic development agency in Bahrain. In 2015, the EDB undertook a strategic review which was reviewed and approved by the EDB Board of Directors, chaired by His Royal Highness the Crown Prince. The EDB’s mandate was tightened to focus on attracting and encouraging inward investment and helping foster an environment to help meet that goal. The EDB currently targets five priority sectors for investment promotion: financial services, manufacturing, logistics, information and communications technology (“**ICT**”) and tourism. These are all areas aligned with Bahrain’s strengths, including human capital, high quality regulation and connectivity. These sectors offer investable assets and products and are seen as having high potential in several sub-segments for above-trend growth. In order to facilitate the implementation of its strategy, the EDB has expanded its international footprint through a presence in 10 markets. International companies have recently been investing and expanding in Bahrain, and in recent years, a number of banks have opened branches in Bahrain, including, Bank of Khartoum, Cairo Amman Bank, JS Bank and Turkiye Finans. In May 2017, MasterCard opened its first office in Bahrain and the Armada Group began construction on a regional logistics centre in the Bahrain Logistics Zone, which is estimated to cost U.S.\$50 million and is expected to create more than 400 jobs.

National Development Strategy 2015-2018

The Government is currently implementing the National Development Strategy 2015-2018 (the “NDS”), which was drafted in collaboration with Government ministries and agencies. The strategy reviews Bahrain’s socio-economic performance and evaluates the overall strategic context in which future policy must be drafted. The strategy focuses on Bahrain’s resources and reviews areas for development, articulating seven national strategic priorities that are designed to achieve sustainable and inclusive development through efficient utilisation of Bahrain’s resources. In line with the Vision 2030, the strategy continues efforts to ensure economically and ecologically sustainable growth and further streamlines Government operations to better respond to the needs of citizens and the economy. The NDS was prepared concurrently with the Government Action Plan 2015-2018, which embodies its central message and will be used to implement the NDS.

Government Action Plan 2015-2018

The Government has introduced the Government Action Plan 2015-2018, which focuses on capitalizing on Bahrain’s resources and capabilities. The GAP is based on the economic plan devised by the EDB, the findings of the National Audit Court report and other key international indicators and statistics, as well as other development considerations. The GAP’s objective is to maintain a strong and diverse economy with stable financial and monetary systems which are resilient against global economic challenges. This is expected to be achieved through increased public-private sector partnerships and a series of strategic programmes designed to invest in key resources and sectors that act as drivers for sustainable economic growth.

The six core priorities of the GAP are: sovereignty and the rule of law, economy and finance, human development and social services, infrastructure, environment and urban development and government performance. The progress of the GAP will be routinely assessed against key performance indicators, integrated into development of the Government’s budget and against key elements of the UN’s Post-2015 Development Agenda.

ECONOMY OF THE KINGDOM OF BAHRAIN

Introduction

Bahrain enjoys a strong, diverse and competitive economy. Bahrain has moved to diversify its economy away from a dependence on oil. Although oil continues to play an important part in Bahrain's economy - in particular from the offshore Abu Saafa Field, which Bahrain shares with Saudi Arabia and the onshore Bahrain Field - Bahrain also has an increasingly important financial services industry (acting as a financial centre for the MENA region). Manufacturing, oil refining, aluminium production and tourism are also significant contributors to GDP. In 2016, Bahrain was ranked 48 out of 138 countries worldwide (compared to 39 out of 140 countries in 2015) for its overall global competitiveness ranking in the World Economic Forum's *Global Competitiveness Report 2016/2017*.

The EDB is the leading organisation for the promotion of economic development in Bahrain. It is currently actively targeting five sectors for development: manufacturing; logistics; information and communications technology; financial services and tourism. The office of the First Deputy Prime Minister is responsible for development of the education and healthcare services sectors.

In line with its priority to develop non-oil activities, such as manufacturing and financial services since at least the late 1960s, Bahrain has remained a regional leader in economic diversification. Bahrain is believed to have one of the most diverse economies in the GCC, as the hydrocarbons sector only accounted for 19.3% of real GDP in 2016. This proportion has fallen from 43.6% in 2000 despite the positive absolute growth in hydrocarbons extraction. Four sectors of the economy – hydrocarbons, financial services, manufacturing and government services – each generated more than 10% of GDP in 2016. Apart from the relatively flat hydrocarbons sector, the other three sectors have been important contributors to growth, each growing at a compound average annual rate of more than 5% since 2000. While the largest sectors have been instrumental in reshaping the Bahraini economy, diversification in the Kingdom is increasingly driven by a group of medium-sized sectors, in particular, social and personal services (principally composed of private education and health care), as well as construction, which have each posted double-digit compound annual average growth rates since 2000. Transportation and communications has had an annual average pace of 8% over the same period, followed by hotels and restaurants at 7.9%. These four sectors taken together have sharply increased their GDP share from a collective 9.8% in the year 2000 to 18.1% in 2006 and 22.6% in 2016. Each of these sectors, with the partial exception of construction, are characterised by relatively limited direct or indirect dependence on oil, and their growth is linked to demographic, regulatory, and connectivity drivers that are at the heart of Bahrain's competitiveness.

Manufacturing: Bahrain has a highly developed manufacturing sector, with significant contributions from aluminium and steel, oil refining and food processing. Subsectors, such as food processing, fast-moving consumer goods and other high-value downstream activities have experienced relatively high growth within the sector. Bahrain considers manufacturing to be a strategic sector, has invested in industrial parks, such as the Bahrain International Investment Park, and is in the process of developing an aluminium downstream park.

Logistics: Bahrain's strategic goal is to provide logistics services for the larger GCC market and the northern Arabian Gulf. Currently, Bahrain is host to several global logistics companies, which operate across the GCC, including DHL, Agility and Aramex. Bahrain's current logistics strategy aims to further reduce cargo travel time from Bahrain across the GCC region by improving customs procedures, as well as expanding the Bahrain Logistics Zone in the Hidd area. Bahrain is also undertaking major infrastructure projects, including dredging the Bahrain Approach Channel, developing a new passenger terminal building at Bahrain International Airport and expanding rail connections to other GCC countries.

ICT: Bahrain has a high quality modern telecommunications system, currently operated by the Bahrain Telecommunications Company B.S.C. ("**Batelco**"), Zain Bahrain B.S.C. (C) ("**Zain**") and Saudi Telecommunications Company ("**STC**") through its "**Viva**" operations. See "**Other Services—Telecommunications**". The sector is regulated by the Telecommunications Regulatory Authority ("**TRA**"), which has created a mature regulatory environment that has been consistently ranked among the best in the MENA region, and is ranked 28 out of 143 countries in the Network Readiness Index prepared by the World Economic Forum. The TRA regularly publishes Bahrain's National Telecommunications Plans, which includes details of Bahrain's intention to complete a national fibre optic national broadband network capable of delivering ultrafast broadband to 95% of all households and 100% of all businesses in Bahrain by the end of 2018. The TRA has also committed to create an independent infrastructure provider, with the purpose of enhancing efficiency and provision of service to all companies in Bahrain that provide telecommunications services and online content.

Financial Services: Bahrain has a well-developed banking insurance and fund industry, driven by a comprehensive regulatory framework set by the Bahrain's sole financial regulator, the CBB. Bahrain has the largest concentration of Islamic finance institutions in the GCC region, including Islamic banks, Takaful and Retakaful firms and professional bodies and associations setting global standards for the industry. Capitalising on Bahrain's 9,000-strong highly-skilled

and bilingual local workforce in financial services, the EDB has prioritised its development efforts to focus on deepening Bahrain's ancillary financial services and building on its financial technology sector, including payment services.

Tourism: Visitor numbers continue to grow with Bahrain being a particularly popular destination for GCC visitors. The number of hotel rooms in the Kingdom has doubled over the past five years, with occupancy rates averaging 48% in 2015. The Bahrain Tourism Strategy 2015-2018 has focused on a number of initiatives, including the development of public waterfront developments, improving access to culture and antiquity sites, as well as large scale development projects from the private and public sector, which include re-developing Hawar Island and building several mixed-use projects.

Healthcare: Bahrain is expanding its healthcare industry, with the aim of becoming a leading healthcare destination in the region by investing in the cardiac and oncology treatment centres. This investment strategy aligns with Bahrain's fiscal policy to increase its non-oil revenue. See "*Public Finance—Project Expenditure.*"

Education: Annual investment in education in Bahrain increased from U.S.\$446.8 million in 2006 to U.S.\$900.3 million in 2015 (a 101.5% increase in investment) and the number of public schools increased from 204 schools in 2006 to 281 schools in 2015 (a 37.7% increase in public schools). Private schools have increased from 60 schools in 2006 to 75 schools in 2015 (a 25% increase). Five schools have been funded through the GCC Development Fund, amounting to U.S.\$85 million, four of which will be completed by the end of 2016 with the last school to be completed by 2018.

Bahrain's economic development is supported by strong infrastructure which has been developed by the Government since the 1970s through continued public capital investment (being U.S.\$669.4 million in 2013, U.S.\$571.8 million in 2014, U.S.\$618.1 million in 2015 and U.S.\$555.3 million in 2016).

In addition to direct Government capital expenditure, a number of additional projects are funded through development funds and grants. A number of major projects have been identified and approved by the Government, including major housing projects amounting to U.S.\$2.2 billion, electricity and water projects amounting to U.S.\$1.1 billion, roads and sewerage projects amounting to U.S.\$0.9 billion, airport improvement projects amounting to U.S.\$0.8 billion and a number of other projects focussing on education, health, social development, youth, sports and industry which are expected to be funded by grants received from the GCC Development Fund. See "*Public Finance—Government budget.*"

Expenditures relating to projects funded by these grants are not recorded in the budget as capital expenditure. Amounts relating to the GCC Development Fund are received from the Saudi Fund, the Kuwait Fund and the Abu Dhabi Fund. Details of the amounts to be provided by these entities are set out in "*Public Finance—Government Budget.*"

Gross Domestic Product

Oil is the largest contributor to GDP (19.3% for the year ending as at 31 December 2016) and the financial services sector is the single largest non-oil contributor to GDP (16.5% for the year ending as at 31 December 2016), reflecting the importance of trade and finance to the domestic economy.

A table setting out Bahrain's GDP by economic activity based on constant 2010 prices and by percentage contribution is provided in "*—Principal Sectors of the Economy.*" below.

The following table sets out the GDP of Bahrain for the periods indicated, both as a total and on a per capita basis, and both in current prices and constant 2010 prices for the periods indicated.

	As at 31 December				As at 31
	2013	2014	2015	2016	March 2017 ⁽¹⁾
GDP at current prices (U.S.\$ millions) ⁽²⁾	32,539.6	33,387.7	31,125.9	32,167.4	8,457.4
GDP at constant 2010 prices (U.S.\$ millions) ⁽²⁾	28,674.4	29,921.8	30,778.9	31,709.9	8,052.8

- (1) Figures are for the period January - March 2017.
- (2) Using the fixed conversion rate of BD 0.376 = U.S.\$1.00.
- (3) Assuming a population of 1,253,191 in 2013, 1,315,000 in 2014, 1,364,000 in 2015 and 1,432,726 in 2016.
- (4) No GDP per capita figures published for quarterly GDP.
- (5) With respect to the percentage change for a quarter, the figure represents the percentage change between the relevant quarter in 2017 as compared to the same quarter in 2016
- (6) Growth between March 2016 and March 2017.

Source: Central Informatics Organisation

Direct government consumption constituted approximately 17.6% of current GDP in 2015, an increase from 16.1% of GDP in 2014. Government consumption also affects private consumption since the Government is the country's major employer and promoter of capital projects. In addition, Government procurement contracts are a major source of work for many private companies in Bahrain. Government consumption has increased (in nominal terms) since 2000 to reach U.S.\$5,491.4 million in 2015. Investment is affected by the oil sector with gross fixed capital formation and stock building being influenced by periods of fluctuating oil prices. Government investment was 4.1% (U.S.\$1.3 billion) of GDP in 2013, 3.9% (U.S.\$1.3 billion) in 2014 and 4.1% (U.S.\$1.3 billion) in 2015. These figures do not include amounts from the GCC Development Fund.

The following table sets out GDP in current prices (using the expenditure approach) and in percentage terms for the periods indicated.

	2013		2014		2015	
	(U.S.\$ millions) ⁽¹⁾	(%)	(U.S.\$ millions) ⁽¹⁾	(%)	(U.S.\$ millions) ⁽¹⁾	(%)

Source: Central Informatics Organisation

The following is a description of the principal sectors of the economy based on percentage contribution to GDP for the relevant periods.

Mining

Oil Production

Bahrain has the smallest oil reserves of the GCC countries and daily average crude oil production of 47,714 bpd in 2013, 48,930 bpd in 2014, 50,602 bpd in 2015 and 48,353 bpd in 2016 from its only onshore oilfield, Awali. In 2009, the National Oil and Gas Authority of Bahrain (“**NOGA**”) signed a development and production sharing agreement (the “**DPSA**”) with Occidental Petroleum and Mubadala Development Company Oil and Gas (Bahrain Field) LLC (“**Mubadala**”) to increase production from its existing onshore field. The DPSA was terminated on 30 June 2016 with the consent of all the partners due to the uncertain economic conditions resulting from recent declines in oil prices. The Bahrain Field operations have reverted to Government control. Bahrain plans to continue with the long term field development plan envisaged in DPSA through investment over the next two decades to develop oil and gas resources and meet domestic energy needs.

Tatweer Petroleum. In November 2009, Occidental, Mubadala, nogaholding (the investment holding company of the Government, which invests in various oil and gas companies in which the Government has a strategic interest) (together the “**Joint Venture Partners**”) and NOGA announced the creation of a new state-owned joint operating company, Tatweer Petroleum-Bahrain Field Development Company WLL (“**Tatweer Petroleum**”). nogaholding acquired 100% of the equity in Tatweer Petroleum on 1 July 2016, and, in doing so, nogaholding incurred exit expenses (consisting principally of running costs and capital expenditure) capped at U.S.\$150 million in respect of its former Joint Venture Partners. Tatweer Petroleum is responsible for operating of the Awali Field including the Khuff Gas Reservoir. Tatweer Petroleum’s production and development activities are under way, with its team largely comprised of individuals from the state-owned Bapco, together with employees from both Occidental and Mubadala. The company also continues to hire additional local employees. Tatweer Petroleum drilled a total of 62 wells in 2015 and 38 in 2016, which has increased the total number of active oil wells at the Bahrain Field to 1,038. It is expected to drill 64 new oil wells in 2017. In addition, there were a total of 11 appraisal projects that were under evaluation as at 31 December 2016.

Tatweer Petroleum’s strategic aim is to increase the production of oil from the onshore field. Tatweer Petroleum increased crude oil production from 2011’s daily average of 42,510 bpd to 50,602 bpd in 2015. Actual production in 2016 averaged 48,353 bpd, which was higher than the 2016 forecast daily average of 47,570 bpd. The increase in production in 2012 to 2016 has largely been achieved due to faster, more efficient and more productive wells being drilled. The significant drilling and maintenance work is intended to ensure that production continues to increase. These new wells targeted the cretaceous Ahmadi and Mauddud reservoirs.

Tatweer Petroleum has continued to focus on developing its production capabilities at the Awali oilfield and improving production efficiency through new facilities and automated systems, with improvements such as:

- continuing the enhanced oil recovery (“**EOR**”) programme, with new technologies being introduced at the Awali oilfield such as water flooding and steam injection;
- executing and implementing the new technologies related to the artificial lift methods being used in the field; and
- completion of the solar power plant at its headquarters in May 2016.

The new Tatweer Petroleum central control facility was completed in March 2015.

Abu Saafa Oilfield. Bahrain also exports crude oil from the Abu Saafa Oilfield, which is located offshore between Bahrain and Saudi Arabia. Under a treaty signed with Saudi Arabia in 1958, Bahrain is entitled to receive 50% of the output from this field, although historically Bahrain has received significantly more than its 50% entitlement. Bahrain’s share in the Abu Saafa production amounted to 149,708 bpd in 2013, 153,637 bpd in 2014, 150,942 bpd in 2015 and 153,512 bpd in 2016. In 2016, Bahrain processed about 257,766 bpd of crude oil from the Bahrain Field and Saudi Arabia at its refinery in Sitra.

The table below sets out the average daily crude oil produced or refined by Bahrain for the periods indicated.

	<u>2012</u>	<u>2013</u>	<u>2014</u> (bpd)	<u>2015</u>	<u>2016</u>
Crude oil from Bahrain Field	45,446	47,714	48,930	50,602	48,353
Crude oil from Saudi Arabia ⁽¹⁾	219,027	215,297	208,262	215,648	209,413
Total Crude Oil Processed in Refinery	<u>264,473</u>	<u>263,011</u>	<u>257,192</u>	<u>266,250</u>	<u>257,766</u>
Crude oil from Abu Saafa ⁽²⁾	127,666	149,708	153,637	150,942	153,512

Notes:

- (1) Bapco imports crude oil from Saudi Arabia to be refined at its refinery in Bahrain.
(2) Crude oil produced at Abu-Saafa is exported as crude oil.

Source: National Oil and Gas Authority

Refining

Bahrain has an oil refinery at Sitra operated by Bapco. The Sitra oil refinery has a nameplate capacity of 267,000 bpd. The refinery was established in 1936 as the first refinery in the gulf region and a capacity of 10,000 bpd. Frequent investments and improvements to the facility, as well as to systems and operations have been made to comply with the highest industry safety standards, meet market demands, achieve high reliability, implement cost efficiencies and improve workforce productivity. The refinery produces a full range of products, with the most valuable being middle distillates which constitute about 58% of the refinery production.

Bapco recently completed a U.S.\$1.2 billion Strategic Investment Program (“SIP”), where several new units were added to ensure continued profitability, including the upgrading of low value fuel oil to more valuable low sulphur Euro 5 (10 ppm sulphur) diesel and the production of Group III base oils. In addition to these new processing facilities, environmental projects were also executed as part of the SIP.

In 2010, the Government announced the Bapco Modernisation Program, which will be the company’s single largest investment in its long history, and consists of a group of related projects managed in a co-ordinated way to maximise benefits. One of the key objectives of the Bapco Modernisation Program is to improve the product slate by upgrading the refinery residue, thereby improving gross margins and remaining competitive under a wider range of feedstock and product prices and market conditions. The larger and more complex refinery with increased exports of higher value products is expected to generate positive cash flow for the Kingdom of Bahrain. Bapco will also benefit from a more energy efficient facility, better equipped to meet more stringent environmental compliance regulatory standards and goals.

The table below provides details of Bahrain’s oil refining industry for the periods indicated.

	<u>2012</u>	<u>2013</u>	<u>2014</u> (bpd)	<u>2015</u>	<u>2016</u>
Refined oil production	276,239	273,870	274,612	276,676	266,713
Local sales of refined products	25,743	26,888	27,553	28,712	29,169
Exports ⁽¹⁾	248,151	242,517	248,892	249,176	224,893

Note:

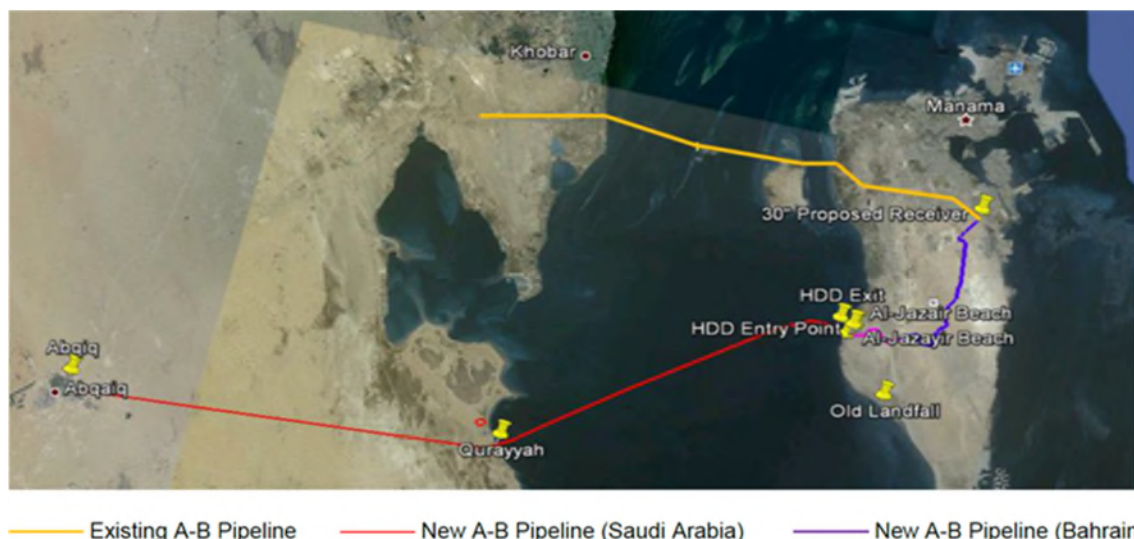

- (1) Includes exports by Bapco.

Source: National Oil and Gas Authority

New A-B pipeline

As part of Bapco’s Modernisation Programme, a new 112 km long 30-inch A-B pipeline, with a maximum nameplate capacity of 400,000 bpd, will be constructed. This will replace the existing 235,000 bpd pipeline built in 1945 and will run partly onshore and offshore. The pipeline will link the Sitra Refinery to Saudi Aramco’s plant at Abqaiq, in eastern Saudi Arabia. Abqaiq is Saudi Aramco’s largest oil processing facility and the largest crude oil stabilisation plant in the world. The facilities receive sour crude oil from gas-oil separation plants, process it into sweet crude oil and then transport it. Fibre optic cable will also be laid alongside the pipeline for data communication purposes.

The map below shows the planned location of the new A-B pipeline.

The front-end engineering design of the pipeline was completed in 2014 by Worley Parsons of Australia. Contracts for the 43-km long onshore Saudi Arabia stretch of the pipeline and the 41-km offshore stretch were awarded to Al Robaya Holding Company of Saudi Arabia and UAE’s National Petroleum Construction Company, respectively. The construction contract for the 28-km onshore Bahrain stretch was awarded to Ramsis Engineering Company of Bahrain. The new pipeline is set to be completed in 2018, at which point decommissioning of the existing pipeline will commence.

The portion of the new pipeline in Bahrain will be owned by the Saudi Bahrain Pipeline Company, a wholly-owned subsidiary of Bapco, and Saudi Aramco will own the portion of the pipeline in Saudi Arabia. The pipeline will be subject to a leasing agreement between Bapco and the Saudi Bahrain Pipeline Company, pursuant to which Bapco will lease the portion of the pipeline in Bahrain from Saudi Bahrain Pipeline Company. Saudi Aramco does not require Bapco to enter into a leasing arrangement with respect to the portion of the pipeline in Saudi Arabia.

Bapco will operate and maintain the Bahraini portion of the pipeline, while Saudi Aramco will operate and maintain the Saudi and offshore portion of the pipeline, with Saudi Aramco receiving reimbursement from Bapco for any costs incurred in such operation and maintenance activities. All operation and maintenance activities will be governed by a separate operation and maintenance agreement.

The cost of the pipeline, which is expected to be U.S.\$330 million, is being entirely funded by nogaholding, and in March 2016, Bapco obtained a multi-bank murabaha financing facility of U.S.\$570 million from a group of 10 international, regional and local banks, with part of the proceeds from the facility being utilised to fund the construction of the oil pipeline between Saudi Arabia and Bahrain.

Gas

In July 2017, the operation of the gas distribution business in Bahrain was moved from Bapco into Tatweer, with the intention of ultimately having the business managed by new gas distributor, expected to be a wholly-owned subsidiary of nogaholding. Tatweer currently manages and distributes gas from the Khuff Gas Reservoir to end-user customers including Bapco’s oil refinery.

The table below provides details of Bahrain’s gas production for the periods indicated.

	<u>2012</u>	<u>2013</u>	<u>2014</u>	<u>2015</u>	<u>2016</u>
	<i>(billion cubic feet)</i>				
Natural gas production.....	448.8	481.6	521.6	519.6	499.9
Associated gas production	142.9	197.9	206.8	232.1	243.9
Total gas production	<u>591.7</u>	<u>679.5</u>	<u>728.4</u>	<u>751.6</u>	<u>743.8</u>

Source: National Oil and Gas Authority

Although Bahrain's gas reserves are relatively small, total gas production (*i.e.*, natural gas from the Khuff Gas Reservoir and the associated gas production) has gradually increased over the years, from 393.0 billion cubic feet in 1998 to 743.8 billion cubic feet in 2016.

Gas is sold directly to the following principal domestic consumers: Bahrain's power stations (which accounted for 43%, 44%, 44% and 43% of total gas utilisation in 2013, 2014, 2015 and 2016, respectively), followed by Alba (which accounted for 27%, 25%, 26% and 26% of total gas utilisation in 2013, 2014, 2015 and 2016, respectively), Gulf Petrochemical Industries Company ("**GPIC**") (which accounted for 9%, 8%, 8% and 9% of total gas utilisation in 2013, 2014, 2015 and 2016, respectively), and the Sitra oil refinery (which accounted for, 10%, 10%, 11% and 10% of total gas utilisation in 2013, 2014, 2015 and 2016, respectively).

The table below provides details of the percentage of Bahrain's Khuff gas sold directly to Bapco's principal domestic consumers for the periods indicated. (The table below does not account for re-injected gas.)

	<u>2012</u>	<u>2013</u>	<u>2014</u>	<u>2015</u>	<u>2016</u>
	<i>(Percentage of total quantity sold)</i>				
Electricity Directorate	44	43	44	44	43
ALBA.....	27	27	25	26	26
Bapco	11	10	10	11	10
GPIC	9	9	8	8	9
Others.....	9	11	12	12	12

Source: Bapco

The other principal use of the natural gas produced from the Khuff Gas Reservoir is for oil field injection, which accounted for 24%, 25%, 28% and 28% of oil field injection in 2013, 2014, 2015 and 2016, respectively.

Bapco completed the drilling of three of the eight Khuff gas wells before transferring management of the Awali field to Tatweer, as part of a U.S.\$200 million Government programme to boost natural gas production in Bahrain by an additional 500 million cubic feet per day in order to meet Bahrain's growing demand for natural gas for power generation and local industries. Tatweer drilled five additional wells as part of this project and constructed gas processing facilities. The Khuff gas drilling programme started in early 2009 and completed in March 2011. All the wells are equipped with seven-inch diameter production tubing, which enhances production capacity compared to previous wells equipped with five-inch diameter production tubing. In addition to the eight new wells, the programme also included the maintenance of five previously-drilled wells for the Khuff reservoir.

Associated Gas. Associated Gas, which is produced with crude oil, is distributed to all seven compressor stations operated by Bahrain National Gas Company ("**Banagas**"). Banagas extracts propane, butane for export and naphtha, which is transported to the refinery by pipeline. Residue gas from Banagas subsequently enters the national gas system at a pressure lower than Khuff gas and is sold to local customers who can accommodate the lower pressure. The Government aims to increase its production volume of associated gas in connection with its strategic aim to increase its oil production.

Bahrain Gas Plant Project. As a result of the increased exploration and development of the Bahrain Field by Tatweer, the volume of associated gas produced from the Bahrain Field has increased to 650 million cubic feet per day, which is beyond the existing capacity of Banagas and Tawseah. The additional gas is currently being re-injected into the Bahrain Field. Tawseah is therefore engaged in the construction of a new gas processing facility and associated storage, designated as the Bahrain Gas Plant Project.

The new gas processing facility will have a nameplate processing capacity of 350 million cubic feet per day to receive the additional associated gas and refinery off-gas and recover propane, butane and naphtha. The Bahrain Gas Plant Project will include the installation of a new pipeline that will transport the associated gas and refinery off-gas from the Bahrain Field to the new facility and return the residue gas to the Bahrain Field, a new gas processing train adjacent to the existing gas processing facilities of Banagas and Tawseah, as well as the construction of a new pipeline that will transport butane to the Sitra storage area, the installation of new pipelines that that will transport the refinery off-gas from the existing refinery off-gas pipeline to Tatweer compressor stations, expansion of the Sitra storage area by construction of additional storage tanks to accommodate the additional processed propane and butane, as well as the construction of a 66 kV electric substation adjacent to the existing Central Gas Plant.

There are two engineering, procurement, and construction contracts, one for the construction of the new gas processing facility and related facilities and one of the expansion of the storage facilities at Sitra. On 27 January 2016, Japan's JGC Corporation signed a U.S.\$355 million contract for the construction of the new gas processing facility and related facilities. On 5 October 2016, JGC Gulf International (part of JGC Corporation) was awarded a U.S.\$98.7 million contract

by Tawseah for the expansion of the storage facilities at Sitra. The construction of the new gas processing facility and related facilities and the expansion of the storage facilities at Sitra is expected to be completed in 2018.

The project is being financed by a mixture of Shari'a compliant and commercial debt financing provided by international and regional banks, as well as a shareholder loan extended to Tawseah by the Company.

In addition, a non-associated gas dehydration facility to remove water from gas from the Bahrain field is currently being constructed by Petrofac following the award of a U.S.\$84.5 million contract signed on 1 September 2015. Construction began in June 2016 and completion is expected in 2018. This project is the part of a series of planned gas capacity projects scheduled through to 2026 and is part of Tatweer's commitment to secure the delivery of natural gas to meet a growing domestic market.

Bahrain LNG Terminal Project. As part of its diversification of energy supply programme to reduce its dependence on oil, the Government has also focused on alternative sources of energy. For example, the Government aims to supplement available natural gas by importing liquefied natural gas ("LNG") through its Bahrain LNG import terminal ("**Bahrain LNG Terminal Project**"). The Bahrain LNG Terminal Project will form a key part of the energy infrastructure of Bahrain. It is expected to give Bahrain security of supply that it needs to meet its growth in demand for natural gas to fuel large industrial projects, to generate power and water and to increase oil recovery. The Bahrain LNG import terminal is expected to allow Bahrain to handle any potential shortages of gas and will allow Bahrain to supplement domestic gas supplies with gas from LNG.

The terminal will be located offshore and will comprise a Floating Storage Unit ("FSU"), a regasification platform, onshore receiving facilities and associated utilities and infrastructure. NOGA and nogaholding have successfully appointed a consortium of Teekay (Canada), Samsung C&T (South Korea) and GIC (Kuwait) for the development of the terminal on a build, own, operate and transfer basis. The LNG terminal will be owned and operated by Bahrain LNG W.L.L, a newly joint venture owned 30% by nogaholding and 70% by the consortium.

The construction of the terminal will be undertaken by GS Engineering & Construction Corp., and the FSU will be constructed by Daewoo Ship Building & Marine Engineering Co. GS Engineering & Construction Corp. commenced construction work in the first quarter of 2017, including construction of the breakwater, dredging activities and the ground piling works for the LNG jetty and associated platform. Bahrain LNG has also commenced the first two zones of required dredging in the planned location of the offshore facilities of the Bahrain LNG Terminal and the channel leading to the Khalifa Bin Salman port shipping channel and the ship turning basin. Daewoo Ship Building & Marine Engineering Co. has commenced construction work on the FSU, which is scheduled for delivery in September 2018. It is expected that the construction of the Bahrain LNG Terminal will be completed in 2019.

The Bahrain LNG Terminal has been project financed on a limited recourse basis and Bahrain LNG has U.S.\$741 million in international financing in place from a syndicate of nine international and regional banks, supported by the Korea Trade Insurance Corporation.

Financial Services

Bahrain is one of the major financial centres in the MENA region. It benefited significantly when financial institutions left Lebanon during Lebanon's 1975-1990 civil war, and its success is due, in part, to its geographical location between east and west time zones and its proximity to Kuwait and Saudi Arabia. Financial services remains the largest non-oil component of the real economy, accounting for approximately 16.6%, 16.4%, 16.3% and 16.5% of real GDP in 2013, 2014, 2015, and 2016, respectively. In the first quarter of 2017, the financial services sector accounted for approximately 16.9% of real GDP.

Pursuant to Vision 2030, Bahrain continues its economic diversification efforts by placing an emphasis on attracting commercial and investment banks, Islamic banks and other financial firms to the area.

The Bahraini legal system is seen as a sound system for settling disputes. In a move aimed at attracting more foreign investors and reinforcing Bahrain's status as a "commercial hub" for the region, an independent arbitration centre for commercial disputes was unveiled in January 2010. The Bahrain Chamber of Dispute Resolution (the "**Chamber**"), which is a joint initiative between Bahrain's Ministry of Justice and the New York-based American Arbitration Association, acts as arbitrator between parties that voluntarily present their grievances, and agree to accept its ruling as a final and binding resolution.

The Chamber has been developed as a means by which parties to a dispute can avoid the delays and uncertainty arising from using national courts. It has the authority to arbitrate cases where the claim is for more than BD 500,000 and involves an international party or a party licensed by the CBB. The Chamber's rulings are not subject to challenge in Bahrain once

they are handed down, but the parties involved can still seek alternative legal redress through foreign courts where local law permits such a legal challenge and the parties involved opt to do so.

The Chamber, which costs between U.S.\$6.6 million and U.S.\$8.0 million per year to run, is intended to serve regional needs in the GCC, Iraq, Yemen and Iran, as well as other parts of the world. Disputes arising after 4 January 2010 can be heard by the Chamber. As of December 2014, 125 cases were filed with the total value of claims exceeding U.S.\$2.3 billion.

The banking system in Bahrain is overseen by the CBB, which is the sole banking regulator in Bahrain, and is comprised of conventional banks and Islamic banks. See “*Monetary and Financial System*”.

In November 2016, the Trust Law Bahrain (Legislative Decree № (23) of 2016) replaced the Bahrain Financial Trusts Law 2006. The Trust Law sets out the range of specialised services that can be offered by financial institutions in Bahrain and permits companies and individuals to hold both conventional and Islamic assets situated anywhere in the world for employees’ or their spouses’ benefit. It also formally recognises trusts established and governed by foreign laws. Recently, the CBB approved the first real estate investment trust to be established in Bahrain. The CBB operates a secure Trust Registry Office relating to trusts established under the Trust Law Bahrain.

Bahrain also has an established insurance sector and a stock exchange, both of which are regulated by the CBB. The Bahrain Bourse (formerly known as the Bahrain Stock Exchange) commenced operations in June 1987; and in late 2010 by virtue of the Royal Decree № (60) of 2010 was established as a shareholding company and renamed the Bahrain Bourse.

Manufacturing

The manufacturing sector accounted for 15.0% of GDP in 2016. The discovery of oil in the early 1930s was the spur for industrialisation in Bahrain. The principal manufacturing facilities in Bahrain are an aluminium smelter operated by Alba, an oil refinery operated by Bapco at Sitra and the petrochemicals complex operated by GPIC. Other areas of manufacturing include ship repair, iron palletising facilities, light engineering facilities and textile production.

Aluminium

The Alba aluminium smelter, with a capacity of 936,000 tonnes per year, is one of the largest aluminium smelters in the world and produces in excess of 900,000 tonnes of aluminium *per annum*. The Alba aluminium smelter is the world’s fourth largest producer of aluminium by individual smelter capacity. 69.38% of Alba’s share capital is held by Bahrain through Mumtalakat (established by royal decree dated 26 July 2006) and 20.62% of its share capital is held by Saudi Basics Industries Corporation (“**SABIC**”). In November 2010, Mumtalakat conducted a global offering of a portion of its ordinary shares in Alba. Alba’s ordinary shares are listed on the Bahrain Bourse and global depository receipts representing such shares have been listed on the London Stock Exchange under the symbol “ALBH” since 30 November 2010. See “*Public Finance—Revenue—Alba*”.

Bahrain’s largest non-oil export is aluminium, which is smelted at the Alba aluminium smelter, estimated by the CIO to have accounted for 7.2% of total exports and 17.9% of total non-oil exports in 2013, 7.9% of total exports and 20.8% of total non-oil exports in 2014, 12.0% of total exports and 22.5% of total non-oil exports in 2015 and 10.4% of total exports and 19.5% of total non-oil exports in 2016.

There are a number of other aluminium-based industries in Bahrain, including plants which produce approximately 165,000 tonnes per year of rolled products, 180,000 tonnes per year of aluminium cables, and 25,000 tonnes per year of extruded aluminium products. In addition, a coke-calcinating plant operated by Alba with a capacity of 550,000 tonnes per year began production in January 2002. The majority of its production is used by Alba and the balance is exported.

Alba entered into an agreement with NOGA to set the price of gas for the period 2015-2021. This agreement was reached to help curb rising heating costs incurred in the aluminium manufacturing process. Effective 1 April 2015, gas prices increased from U.S.\$2.25 per mmbtu (gross heating value) to U.S.\$2.50 per mmbtu and will thereafter increase at a rate of U.S.\$0.25 per mmbtu (gross heating value) per annum until the price reaches U.S.\$4.00 per mmbtu on 1 April 2021.

The table below sets out gas prices based on the above agreement at the dates indicated.

	<u>1 April 2015</u>	<u>1 April 2016</u>	<u>1 April 2017</u>	<u>1 April 2018</u>	<u>1 April 2019</u>	<u>1 April 2020</u>	<u>1 April 2021</u>
Price (in U.S.\$).....	2.50	2.75	3.00	3.25	3.50	3.75	4.00

Line 6 is expected to begin production in early 2019 and is expected to add approximately 540,000 tonnes to Alba's existing capacity of 936,000 tonnes of aluminium per year. On 1 August 2016, Alba announced that GE and GAMA Consortium were appointed as the EPC contractor for its Power Station 5. External financing for Line 6 has been fully secured. In October 2016, Alba entered into a U.S.\$1.5 billion syndicated term-loan facility, comprising of a conventional facility and an Islamic facility. In April 2017, Alba secured commitments of approximately U.S.\$700 million from ECA supported facilities. Any outstanding amounts payable will be financed by Alba.

Petrochemicals

Gulf Petrochemicals Industries Company (“**GPIC**”) is an equally-owned joint venture company between the Government of Bahrain (one-third ownership through nogaholding), Saudi Arabia Basic Industries Company (one-third ownership) and Petrochemical Industries Company of Kuwait (one-third ownership), which was established in 1979 and started production in 1985. GPIC owns a petrochemical and fertiliser complex at Sitra producing 1,200 metric tonnes of ammonia per day, 1,700 metric tonnes of urea per day and 1,200 metric tonnes of methanol per day. In 1995, a sulphur derivatives plant was commissioned by National Chemical Industries Corporation. This plant has a capacity of 9,000 tonnes per year of sodium sulphite and 6,000 tonnes per year of metabisulphite and uses feedstock from the refinery operated by Bapco.

Other Services

Transport and Construction

Air Transportation

The Ministry of Transportation and Telecommunications and the Bahrain Airport Company developed the Airport Modernisation Programme, which is a comprehensive project begun in 2014 to enhance the Bahrain International Airport and includes the construction of advanced aerobridges, high-tech security scanning machines and the expansion of the duty free area.

Construction on the Bahrain International Airport passenger terminal began in February 2016 (the “**BIA Passenger Terminal**”) and is expected to be completed by 2020. Once completed the BIA Passenger Terminal will be four times the size of the current airport (approximately 206,000 m²) and will be able to accommodate approximately 14 million passengers *per annum*. The project will also include multi-storey car parks and access roads along with a central utilities complex, new aircraft stands and taxi lanes. Advanced technology will be introduced throughout aimed at facilitating passenger flow and maintaining efficiency and speed while ensuring sustainable operations. In 2015 a number of contracts were awarded and tenders announced and in January 2016, the project's main contractor agreement was awarded to a joint venture between the UAE's Arabtec and Turkey's TAV Construction. The joint venture is contracted to complete the main construction works at the new airport, consisting principally of building the new passenger terminal. The total cost of construction is estimated to be approximately U.S.\$1 billion, with work expected to continue from the second half of 2017 through 2019. As part of the airport modernisation, air cargo is also expected to reach 1 million metric tonnes *per annum* over the next decade, from 219,000 metric tonnes in 2015. Bahrain Airport Company is currently in the process of developing a comprehensive air cargo strategy to facilitate the growth of existing tenants and attract new ones, in particular, suppliers of perishable goods and cold foods.

Road Transportation

A new public transport network was announced in 2015 which aims to modernise and upgrade public transport services. The network is intended to further improve the standard of living of all citizens and residents by providing safe, accessible and high quality public transportation in line with global standards and Bahrain's Economic Vision 2030. The Bahrain Public Transport Company was appointed as a new operator for the project under a 10-year concession agreement to operate Bahrain's new public transport network.

A new bus network is now in full operation, and includes 141 new buses operating on 32 routes to destinations not previously covered, including to Bahrain University, Mina Salman and Amwaj Islands, as well as several express links serving Manama, Muharraq and Bahrain International Airport. The bus network is intended to have a dual role in the future as the feeder for light rail and mainline rail services, as well as providing nationwide coverage.

Ports and Sea Transportation

The Khalifa Bin Salman Port (“**KBSP**”), inaugurated on 11 November 2009 and privately managed by APM Terminals, is the first multi-functional facility that is focused on import, export and re-exports and value added services in the Kingdom. The KBSP occupies an area of 110 hectares of reclaimed land and is located in the north-east of Bahrain, 13 kilometres from Bahrain airport. It is also linked to the road leading to the King Fahad Causeway. The KBSP has a current

total capacity of one million twenty-foot equivalent units (“TEUs”) which, if required, can be increased to handle 2.5 million TEUs.

The King Fahad Causeway, completed in 1986, is a 25-kilometre causeway that links Bahrain to the largest market in the GCC, Saudi Arabia. The causeway has brought significant economic benefits for both countries. The feasibility study for a second causeway linking Bahrain and Saudi Arabia called the “King Hamad Causeway” is complete, and the second causeway is expected to have a road and rail link between Saudi Arabia and Bahrain and connect to the proposed GCC rail network, which will accommodate freight and passengers and is scheduled for completion by 2023. The GCC rail network is also planned to connect to a proposed light rail urban transit network in Bahrain, which is aimed at reducing congestion. Bids for the preliminary design and functional specification of the rail urban transit network were received in March 2016 and the construction phase was put out to tender in April 2017.

In 2010, the Ministry of Works completed the first phase of dredging the Bahrain Approach Channel (“BAC”), which leads to the KBSP and other port facilities in Bahrain. Phase two of the project is currently underway. Prior to the first phase of dredging, vessels approaching Bahrain’s port facilities had to navigate via the natural approach channel, which had a draught-limiting depth of approximately 12.8 metre Chart Datum (“CD”), therefore restricting the access of larger vessels to port facilities, and today stands at 13.6 metre CD. The second phase of dredging the BAC aims to increase draught-limiting depth to a minimum of 15 metre CD which will facilitate port access for ships up to 15,000 TEUs. Following completion of the second phase of dredging in the third quarter of 2016, volumes are expected to increase to one million TEUs over the next 10 years.

The Public Commission for the Protection of Marine Resource, Environment and Wildlife (the “**Marine Commission**”) has invested in the design and construction of four fishing harbours in Askar, Hidd, Malkiya and Tubli and a jetty in Hawar. The Askar harbour will accommodate 150 small boats, together with a cafeteria, community hall, shops, prayer room, maintenance workshops, fisheries office and store and offices for the coastguard.

After the collapse of the existing jetty on Hawar Islands, the Marine Commission decided to build a new jetty. The new jetty will accommodate 20 boats, a coastguard jetty for two boats, a jetty for the hotel ferries, harbour master’s office and accommodation for the coastguard adjacent to the hotel on Hawar Island.

Bahrain has invested U.S.\$21.3 million in the Tubli Wastewater Treatment Plant Upgrade Project which aims to upgrade the secondary treatment unit at Tubli STP to improve the quality of water and the 100,000m³/day overflow to Tubli Plant. The project deploys proprietary reactor units to improve the quality of waters discarded in Tubli Bay.

The Ministry of Works signed the build-own-operate contract for the Muharraq sewage treatment plant in 2011. The plant is expected to have an initial design capacity of approximately 100,000 cubic metres per day. The project has two phases. The first phase involved the construction of the sewage treatment plant and a gravity sewer trunk main, and was completed in 2015. This link is expected to enable effluent to be fed from an existing wastewater pumping station to the new plant. When the plant is fully operational, phase two will begin and is expected to last no longer than a year, during which time a series of connection sewers will be built to link existing wastewater pumping stations directly into the sewer trunk main. In addition, a limited local connection network will also feed directly into the plant.

The Bahrain Authority for Culture and Antiquities has invested in a 1,001 seat theatre designed for plays, music and dance at the Bahrain National Theatre, which opened in November 2012. Built on approximately 12,000 m² area overlooking the sea, the facilities include a 150 seat studio theatre, changing rooms, a coffee shop and administrative offices, as well as an external car parking and an art garden.

Healthcare

Bahrain is expanding its healthcare industry, with the aim of becoming a leading healthcare destination in the region through planned projects for the development of state of the art oncology and cardiac treatment centres. Planned projects include the launch of new specialised medical centres managed by world renowned experts using the latest treatments, medical techniques and technology available to enhance medical care in Bahrain and in the region as a whole. Improving the health sector is amongst the Government’s top priorities and aligns with Bahrain’s fiscal policy of economic diversification. See “*Public Finance—Fiscal Policy*” for more details on Bahrain’s economic diversification plans.

The oncology treatment centre opened in May 2016. It includes 120 beds and provides both in and outpatient facilities, palliative care bone marrow transplant and the latest radiotherapy treatments (including linear accelerator and standard, stereotactic and proton beam). The total cost of the project is estimated at U.S.\$54.0 million.

The cardiac treatment centre will consist of 148 beds situated in a new site in Awali, adjacent to the existing Awali Hospital. It will include imaging, CSSD and a chest pain clinic. The total cost of the project is estimated at U.S.\$150 million and will be funded by the Abu Dhabi Fund and is expected to be completed in 2019.

Telecommunications

Telecommunications revenues, together with transport revenues, represented approximately 7.3% of real GDP in 2016. Bahrain has a high quality modern telecommunications system, currently operated by Batelco, Zain and STC through its “Viva” operations. Batelco, a listed entity on the Bahrain Bourse, is 77.23% owned by the Government through Mumtalakat and the Social Insurance Organisation (“SIO”) (formerly the General Organisation for Social Insurance and the Pension Fund Commission, which merged in February 2008).

Mumtalakat and SIO directly own shares in Batelco of 36.67%, and 20.56% respectively. In addition, Mumtalakat and SIO own 20.0% of shares in Batelco through Amber Holding Company (“Amber”). Amber itself is a wholly-owned subsidiary of Hawar Holding Company, which is, in turn, owned by Mumtalakat (33.33%) and SIO (66.67%). Batelco shares are traded on the Bahrain Bourse. Zain began operations in December 2003 following the implementation of the law passed on 5 November 2002 permitting competition in the telecommunications sector.

Viva became the third mobile operator in Bahrain and commenced commercial operations in February 2010. STC Group is one of the leading telecommunications groups in the MENA region with more than 160 million subscribers to its service worldwide through nine countries.

The Telecommunications Regulatory Authority (“TRA”) was established by Legislative Decree № (48) of 2002 promulgating the Telecommunications Law. The TRA is an independent body and its duties and powers include protecting the interests of subscribers and users of telecommunications services and promoting effective and fair competition among established and new licensed operators. The TRA’s vision is to develop Bahrain as the region’s most modern communications hub and to facilitate the development of the market. Its mission is to protect the interests of subscribers and users of telecommunications services and maintain effective and fair competition between established and new entrants to the telecommunications market of Bahrain. Two “National Communications” plans, each one lasting three years, set out strategies for the future of the telecommunications sector in Bahrain. The first National Communication plan, signed in 2003, set out the liberalisation objectives, the short term role of the TRA, licensing strategies aimed at a *de facto* monopoly, the establishment of the Bahrain Internet Exchange (“BIX”), the Government’s role as shareholder and the corporate governance of BATELCO. The second National Communication plan, signed in 2008, set out the overall objectives of Government policy for the telecommunications sector, an initiative to help provide better service, continuing to develop the potential of competition, creating the right climate for investors, enhancing the use of the internet and broadband among all users and developing the regulatory environment to take account of convergence.

Bahrain has a strong mobile sector. Mobile prices tend to be low compared to other GCC countries, and LTE (4G) coverage is extensive. At the end of December 2015, there were approximately 2.5 million mobile subscriptions in Bahrain, representing a penetration rate of 185%. At the end of December 2016, there were 3.0 million mobile subscriptions in Bahrain, representing a penetration rate of 213%

At the end of December 2016, there were approximately 2.4 million broadband subscriptions, a 22% increase compared to December 2015. Broadband penetration reached 172% at the end of December 2016 compared to 146% at the end of December 2015. Growth of broadband subscriptions is driven by the growth of mobile broadband subscriptions. Mobile broadband subscribers represented 93% of total broadband subscribers at the end of December 2016.

The Government believes that a single national broadband network infrastructure to deliver ultra-fast broadband products and services is preferable and more efficient for a country of the size, population distribution and topology of Bahrain. This single network is expected to be owned by an entity that shall be legally and functionally separated from Batelco and which will supply wholesale products and services to all licensed operators in the Kingdom on a non-discriminatory basis. It will be awarded the right to deploy the national broadband network and to supply wholesale products and services.

The telecommunications sector revenue grew by 4.7% to reach BD 450 million in 2015 compared with BD 430 million in 2014. The compounded annual growth rate of the telecommunications sector revenue was 4.6% between 2010 and 2015. The 2016 ICT Development Index of the International Telecommunication Union ranked Bahrain at 29 out of 167 countries. Bahrain has ranked 11th globally in the telecommunications infrastructure index according to the United Nations’ e-Government Readiness Report 2016 published in July 2016. According to the Global Information Technology Report 2016 issued by the World Economic Forum in Geneva, in collaboration with INSEAD University’s Business School, in early July 2016, Bahrain ranked 24th globally in the information and communication technologies usage sub-index, which measures the readiness of the three pillars (individuals, business and the government) to use information and communication technologies. The Global Information Technology Report 2016, published by the World Economic

Forum, ranked Bahrain 4th globally in terms of mobile broadband subscriptions and 5th in terms of mobile phone subscriptions.

Real Estate

Bahrain is currently seeing the implementation of the largest infrastructure investment pipeline in its history and its priority development projects currently total approximately U.S.\$32.5 billion. The Government has introduced a housing units delivery programme and access to housing finance to assist with the design and construction of housing units and to improve access to financing in relation to the acquisition of housing. The real estate projects pipeline reflects the strong structural demand drivers of demographic growth and economic diversification.

Real estate activity in Bahrain has benefited from significant regulatory reform in recent years, most notably the approval of Law № 27 of 2017 promulgating the Regulation of the Real Estate Sector (“**Law № 27**”). Among other things, Law № 27 addresses the issue of regularising infrastructure development for new areas. Under Law № 27, all new projects are required to pay infrastructure development fees of BD 12 per square metre of rentable or sellable space. The effective rate of the levy is estimated at roughly 3% of the total value of the project and failure to pay the levy may lead to a prison sentence of up to two years and fines of up to BD 50,000. Developers of illicit projects may also face fines of up to BD 100,000. Law № 27 also established a new regulatory authority to license real estate agents, resolve disputes, monitor deals and oversee the progress of projects. In addition, only written agreements are to be recognised by law. The law sets up a new regulatory authority to license real estate agents, resolve disputes, monitor deals, oversee the progress of projects and various other matters.

In December 2014, Bahrain enacted the Stalled Projects Law, which granted the Government the authority to restructure stalled development projects. The Stalled Projects Law established a joint judicial and expert committee, the Stalled Property Development Projects Settlement Committee (the “**Project Committee**”), with a remit to investigate and resolve issues facing delayed projects and develop plans to take projects forward. The Project Committee has the authority to request comprehensive proposals from a developer for completing a stalled project and providing stakeholders with investment returns. In certain circumstances, the Project Committee may appoint new management and invite new investors to participate in the development in order to complete a project. The Project Committee’s decisions have legal and binding effect subject to a right of appeal at the Court of Cassation. The committee has overseen the relaunch of nearly all the projects that stalled in the wake of the 2008 global financial crisis.

Housing Units Delivery Programme

Historically, the Ministry of Housing (“**MoH**”) has designed and constructed housing units through awarding EPC contracts. This EPC model is expected to be replaced with the Mazaya Programme described below. Most of the projects currently under implementation by the MoH using the EPC model are housing projects approved under the GCC Development Fund. A total amount of U.S.\$2,336 million has been allocated under the GCC Development Fund since 2011; U.S.\$350 million from the Saudi Fund, U.S.\$996 million from the Kuwait Fund; and U.S.\$990 million from the UAE Fund.

The MoH has also procured social housing units through turn-key projects, principally with Diyar Al Muharraq, the owner of an artificial island in the archipelago in Bahrain which develops social housing on 12 square kilometres of land it owns and which includes access to high-quality amenities, including restaurants, retail outlets and parks.

The MoH signed its first public private partnership agreement with the real estate and infrastructure development company, NASEEJ, on 2 January 2012 for the development of 2,450 social housing units and 367 affordable homes across two different locations: North Bahrain New Town and Al Lawzi. This project is under implementation and is expected to complete in the second half of 2017.

Access to housing finance

The Mazaya programme social housing finance scheme is a support programme to assist citizens in getting access to private financing to be able to buy housing either from developers or other citizens. The Mazaya programme provides citizens with a monthly mortgage payment subsidy to bridge the difference between the monthly mortgage repayment to be made to the commercial bank and the mortgage payment by the citizen based on 25% of his income. To ensure commitment towards the purchase of the house and to lower the risk for banks, the citizen has to pay 10% of the unit price as a down payment. Approved commercial banks provide mortgages, while the housing units are provided commercially by the market and certified by MoH. The Mazaya programme is designed to enhance the participation of private developers and banks in boosting the provision of housing at a time of rapidly growing demand. The administrative coordination of the program is undertaken by Eskan Bank, a fully Government-owned housing bank.

Since 2015, 3,818 new housing units have been delivered and occupied in Bahrain and 9,387 housing units have been allocated to named beneficiaries. A further 3,787 housing units are currently under construction, 1,321 housing units have been tendered for construction and a further 7,487 housing units are planned. The 26,250 housing units to be delivered under the Government's 2015-2018 housing programme, consist of: 6,699 units in Al Madina Al Shamaliya (north Bahrain new town), 2,827 units in the East Hidd housing development, 796 units in the East Sitra housing development, 3,624 units in the Al Ramli development, 1,560 units in the Southern City housing development, 3,143 units in Diyar all Muharraq and 7,601 units in minor developments elsewhere. The MoH is currently overseeing a major expansion of the nation's real estate stock and anticipates developing an additional 17,195 housing units under the Government's 2019 housing programme.

In addition to these extensive social housing projects, the private sector has invested approximately U.S.\$15 billion in Bahrain, in particular:

- Diyar Al Muharraq is a master development project with a value of U.S.\$3.2 billion, of which U.S.\$1.6 billion has been spent to date. The project is planned as a mix of residential and commercial properties consisting of up to 30,000 individual housing units and a variety of retail and commercial enterprises.
- Bahrain Bay, a mixed use, urban, waterfront development consisting of 32 plots which includes residential, commercial, hotels and community facilities. The project is estimated to cost U.S.\$2.5 billion, of which U.S.\$0.5 billion has been spent;
- Dilmunia Island, another mixed use development, consisting of residential, commercial, hotels and community facilities with a total reclaimed area of 125 hectares. The project is estimated to cost U.S.\$1.8 billion, of which U.S.\$0.28 billion has been spent;
- The Avenues Bahrain Mall, which is estimated to cost U.S.\$0.3 billion; and
- Marsa Al Seef, a self-contained waterfront city consisting of residential and leisure components as well as commercial opportunities. The project is estimated to cost U.S.\$2.5 billion.

Trade

The trade sector accounted for 4.4% of GDP in 2016. Bahrain has signed several significant international trade agreements. Bahrain also concluded a Free Trade Agreement with the United States in 2004, a first for a GCC country. As a block, the GCC is working on trade agreements with the EU and other countries such as India and China. The GCC signed a free trade agreement with Singapore that came into force in September 2013. Bahrain is also working to boost trade with Japan, one of its top trade partners. See "*Balance of Payments and Foreign Trade*".

Bahrain is one of the members of the GCC common market. See "*Overview of The Kingdom of Bahrain—International Relations—GCC*". The GCC has a uniform 5% import tax rate (with some exemptions and a special tax for tobacco of 100% and alcohol of 100%). Bahraini exports to the GCC are exempt from tax and are therefore more competitive than from other non-GCC countries (with no free trade agreements). Bahrain trades heavily with the GCC, in particular with Saudi Arabia.

Based on CIO statistics, non-oil exports to GCC countries amounted to 61.7% of total non-oil exports in 2016, where Saudi Arabia accounted for 33.7% of total non-oil exports. As for non-oil imports, 18.6% of total non-oil imports in 2016 were from other GCC countries and Saudi Arabia contributed 7.0% of total non-oil imports. In June 2017, non-oil exports to GCC countries amounted to 57.6% of total non-oil exports, where Saudi Arabia contributed 27.4% of the total non-oil exports. As at 30 June 2017, 19.2% of total non-oil imports were from other GCC countries and Saudi Arabia accounted for 6.8% of total non-oil imports.

The table below sets out Bahrain's non-oil imports to the GCC countries.

	As at 31 December				As at 30
	2013	2014	2015	2016	June 2017
	<i>(U.S.\$ millions, except percentages)</i>

Source: Central Information Organisation

The GCC tax agreement has also been particularly appealing for those foreign investors whose main market is the GCC but who prefer Bahrain's business and social environment. These companies make employment contributions to Bahrain in addition to their export contributions.

Bahrain has been chosen to host the GCC headquarters of one of India's leading business and policymaking bodies to promote bilateral trade. The Confederation of Indian Industry (CII) established an office in Manama in September 2014 to increase its presence in the region.

Tourism, Hotels and Restaurants

Tourism has long been recognised as an important part of the economy in Bahrain. Bahrain has a growing tourism industry with several large-scale tourist developments under construction. Tourism in Bahrain involves several different types of activities ranging from leisure events, business events and heritage cultural events. Tourism (Hotels and Restaurants) grew by 1.8% in 2016, 3.1% in 2015 and 3.8% in 2014. The tourism industry (Hotels and Restaurants) contributed 2.3% of GDP in each of 2016, 2015, 2014 and 2013 and 2.5% during the first quarter of 2017. Data from the World Travel and Tourism Council ("WTTC") put the direct contribution of the travel and tourism sector to Bahrain's GDP at 4.7% in 2016 and forecast it to rise by 5.5% per year during the period 2017-2027. The total contribution (including indirect and induced) of travel and tourism to GDP was estimated by the WTTC at 9.9% of GDP in 2016. Hotel occupancy averaged 41%, 45%, 48% and 40% in 2013, 2014, 2015 and 2016, respectively.

Tourism-related activities are focused around hotel accommodation, retail facilities and restaurants. Bahrain aims to develop its tourism industry by developing a more holistic tourism offering. Bahrain has hosted Formula One races since 2004 and the contract was extended beyond the preliminary six-year period. The Formula One race in 2011 was cancelled due to the political unrest that occurred in the earlier part of the year. Bahrain has been, however, reinstated to the Formula One race schedule since 2012 and has hosted the fourth race of each season.

The Government is also taking steps to restore historical sites and is working on a number of initiatives relating to preservation of heritage and protection of archaeological sites. It has been involved with UNESCO in a large-scale excavation programme, resulting in a number of discoveries relating to the ancient Dilmun civilisation. The main

archaeological site is named Saar (named after the closest modern village) and is divided into two distinct zones: a residential zone and a cemetery. Dilmun was one of the most important ancient civilisations of the region and is believed to have existed in the third millennium BC. It is thought to have been a hub on a major trading route between Mesopotamia and the Indus Valley in South Asia.

The Bahrain Authority for Culture and Antiquities is also working on the maintenance and restoration of Al Khamis Mosque. Al Khamis Mosque is believed to have been built during the caliphate of Umayyad Caliph Umar II. The plan is to develop a walking area around the mosque to allow visitors to walk around and appreciate the architectural design of the mosque. A visitor's centre will also be developed.

Bahrain's tourism industry benefits from Bahrain's geography, open culture and liberal regulation. Three of the GCC capitals—Riyadh, Kuwait City and Doha, as well as the main population centres of Saudi Arabia's Eastern Province, are located within a radius of approximately 400 km around Bahrain and within a convenient distance for day trips.

Saudi nationals are the principal tourists to Bahrain with the causeway linking the two countries facilitating this movement. In 2016, 12.2 million visitors crossed the causeway to enter Bahrain. Bahrain and Saudi Arabia have agreed to build a second bridge, with both road and railway links. See "*—Transport and Construction—Ports and Sea Transportation*". Bahrain aims to continue being a destination of choice, particularly for Saudi tourists travelling to Bahrain for retail shopping and weekend breaks. It is anticipated that such tourism from Saudi Arabia will continue to increase, as will the growth in the number of foreign visitors to Bahrain for business travel, despite considerable competition from Dubai for tourists from the West. In order to accommodate tourists and foreign visitors to Bahrain, Bahrain had 118 hotels in 2016, of which 17 were considered five star.

The table below sets out arrivals through the ports of the Kingdom of Bahrain for the indicated periods.

	<u>2013</u>	<u>2014</u>	<u>2015</u> <i>(number of arrivals)</i>	<u>2016</u>	<u>H1 2017⁽¹⁾</u>

Note:

(1) Arrivals data is only for the period between January 2017 and June 2017.

Source: Nationality Passport and Residence Affairs.

Shopping forms an essential part of tourism in Bahrain and there are a number of modern malls and designer boutiques where the latest fashions and international goods are available. Bahrain has approximately 20 malls, which vary in size, capacity and range of products and services offered. Increasingly, the newer malls are located away from the capital (Manama) to serve different areas of the country. As part of the Government's strategy to increase the accessibility of government services outside of Manama, post offices, utility bill payments and enquiry desks are increasingly common in shopping malls across the country. The two main malls in Bahrain are Bahrain City Centre and Al-Seef Mall.

Privatisation

In 2002, the Government passed a privatisation law which, among other matters, established procedures for determining privatisation policy, identified the sectors to be targeted for privatisation and detailed the use of privatisation proceeds. As set out in Vision 2030, privatisation remains a priority for the Government and includes a focus on deregulation in order to encourage private investment in schools, hospitals and other public services. This is part of the Government's strategy to make the private sector the key driver of Bahrain's economic growth. In 2014, His Royal Highness the Prime Minister issued an edict for establishment of a privatisation committee, to be set up under the chairmanship of a minister, to be appointed by the Cabinet, with membership from the Ministry of Finance, the Bahrain Economic Development Board and the Civil Service Bureau. The committee will submit proposals on privatisation plans, study similar proposals by the Government and follow up on privatisation procedures, including launching tenders and awarding them according to the provisions of the Legislative Decree № 36 of 2002 with respect to Regulating Government Tenders, Procurement and Purchases (as amended), and its implementing regulations.

The total proceeds raised from privatisations in Bahrain between 1989 and 2000 amounted to less than U.S.\$79.8 million. Since then, privatisations have accelerated. In particular, in 2007, Hidd power plant was privatised, generating U.S.\$738 million and the privatisation of the Seef Properties generated U.S.\$72 million for the Government. In November 2010, Mumtalakat conducted a global offering of a portion of its ordinary shares in Alba. The ordinary shares are listed on the

Bahrain Bourse and global depositary receipts representing such shares are listed on the London Stock Exchange. See “*Public Finance—Revenue—Alba*” and “*PUBLIC FINANCE—Manufacturing—Aluminium*”.

Currently 90% of Bahrain’s electricity and water is produced by the private sector and the Ministry of Works has received proposals from six organisations for a consultancy contract in respect of the planned expansion of the Tubli sewage treatment plant, which is also expected to be a Public Private Partnership (“**PPP**”) project. The Government is also encouraging private sector investment in other sectors such as utilities, education and healthcare and has privatised its public transport system. The King Hamad University Hospital, established in late 2011, is managed by the Bahrain Defence Force and will be used as a teaching hospital for the neighbouring, privately run medical university. The role of private investment in the health sector is expected to further benefit from the Supreme Council of Health’s plans to establish a national health insurance system.

In recent years, the PPP model has also been successfully applied to the provision of social and affordable housing. In 2012, the Ministry of Housing signed a five-year U.S.\$553.2 million PPP agreement with the real estate and infrastructure development company, NASEEJ, for the development of 3,110 social housing units and over 1,000 affordable homes across three different locations: In 2016, the Ministry of Housing and Eskan Bank launched a U.S.\$3.5 billion housing development programme. See “*—Real Estate—Housing Units Delivery Programme*”.

GCC Common Market

See “*—Other Services—Trade*” and “*Overview of The Kingdom of Bahrain—International Relations—GCC*”.

Employment

Bahrain has a high proportion of non-Bahrainis among its working population (77.2% in 2014, 78.1% in 2015, 80.0% in 2016 and 79.6% in the first quarter of 2017). The Government has sought to implement a policy in recent years of increasing the number of Bahraini nationals in employment, principally through specialised training. A number of different training programmes are offered in the financial services, hotel trade and technical fields, and more recently, in the retail trade area. The employment of Bahraini nationals who have completed these types of training courses is encouraged by the Government. The Government has also implemented a policy of restricting certain sectors of employment to Bahraini nationals exclusively. These sectors include truck drivers, machine operators and unskilled workers in Government ministries.

The unemployment rate among Bahraini nationals has declined rapidly due to focused Government reforms. In 2006, the Government launched an ambitious labour market reform programme based on four pillars: the National Employment Project (“**NEP**”), the LMRA, the Labour Fund and the Unemployment Insurance Programme. The reform programme sought to stimulate investment and technological change, as well as education and training of the Bahraini labour force. Since the launch of the programme, the unemployment rate for Bahraini nationals has been reduced from 15.0% in 2005 to 3.8% in 2014, 3.5% in 2015 and 4.3% in 2016.

In accordance with Vision 2030, the Government aims to ensure that all residents and citizens are treated equally under the law and in accordance with human rights, including ensuring equal access to services and support for adequate job training. In addition, the Government aims to create a level playing field in the job market for Bahrainis through immigration reform and the revision of labour laws. In implementing this vision, the Government, through the Ministry of Labour, issued a decision in April 2009 to abolish the sponsorship system for foreign employees which restricted employees from transferring into new jobs without their employer’s approval. The decision, which came into effect in August 2009, allows foreign employees to transfer from one job to another independent of their sponsors, and lifts all restrictions that were previously applicable to employees under the sponsorship programme.

The NEP programme uses career-related assessment, which is designed to tailor evaluation to individuals’ specific attributes and to provide accurate information about a person’s capabilities, desires and future career. Following establishment of the NEP, Ministry of Labour officials have been encouraging private organisations to provide better quality training for their employees. The aim is to raise the productivity and performance of the companies. The Cabinet has also approved the formation of a Supreme Committee for Human Resources Development and the Ministry of Labour also implemented a wage subsidy to private companies.

In order to provide financial support to unemployed Bahraini nationals, the Government levies a 1% fee on salaries to pay for an unemployment scheme. Deductions commenced on 1 July 2007, with unemployment benefits becoming payable to those eligible from September 2007.

Other labour market reforms have also taken place. In 2007, a bureau for employed Bahrainis in Qatar and an office for the recruitment of Bahrainis in the UAE were established.

The Government issued a new labour law pursuant to legislative decree № (36) of 2012 dated 12 August 2012 (the “**New Labour Law**”). The New Labour Law complements the provisions of Labour Law № 23 of 1976 and is aimed at increasing worker protections in a manner consistent with ILO guidance. The New Labour Law provides that all domestic workers are required to be employed under contractual terms in line with all private sector employees and have increased annual, maternity and sick leave entitlements. Employees will now also be entitled to compensation for any delays in payment. Fines will be imposed on employers who fail to comply with the provisions of the New Labour Law.

Tamkeen

Tamkeen was established by the EDB to regulate and improve the labour market in Bahrain. It is a semi-autonomous independent authority which formulates strategic and operational plans to enhance the overall prosperity of Bahrain by investing in Bahraini employability, job creation and social support. Tamkeen is funded solely by the fees collected by the LMRA and its main objectives are to support Bahraini nationals to become employees of choice, to support high quality private sector job creation and to help the private sector cope with the impact of labour market reform. To achieve these objectives, Tamkeen aims to (i) increase the competitiveness of Bahraini nationals by reducing the cost of their employment relative to expatriates, investing in skill development and tackling employment barriers with regard to both current employers and new employees to the market through a combination of financial incentives and training and (ii) support private sector competitiveness and productivity by issuing grants to support the hiring of management and operations consultants, assisting in the purchase of new and upgraded equipment and helping businesses improve their marketing techniques. The aim is to decrease private sector reliance on expatriate labour by building the management and technical know-how of Bahraini nationals. See “*Overview of The Kingdom of Bahrain—Vision 2030*”.

In 2016, Tamkeen provided U.S.\$28.8 million of labour market investment to Bahraini individuals (excluding unemployment insurance) and U.S.\$70.3 million to support businesses and institutions in Bahrain (excluding unemployment insurance for businesses). Tamkeen provided U.S.\$49.4 million of unemployment insurance (for both individuals and businesses) in 2016.

Tamkeen enhanced its support of the Bahraini labour market in 2016 by further expanding the scope of its programmes aimed at both individuals and businesses. Tamkeen continued to provide individuals with opportunities to specialise and grow in various professional fields. Tamkeen’s programmes and operations are aligned with its 2015-2017 strategy to maximise benefits to its customers and promote macro-economic growth. Some of Tamkeen’s programmes were briefly suspended and re-launched with revised criteria.

The schemes Tamkeen operates are aimed at individuals and enterprises. The schemes available to assist individual Bahrainis include:

- *Tamkeen Professional Certifications Scheme*: supports eligible candidates in attaining professional qualifications.
- *Tamkeen Basic Skills Certification Scheme*: aims to help Bahrainis acquire or enhance their core skill-set making them more employable or enhancing their performance at their current jobs.
- *Mashroo3i Business Awards*: targets young Bahraini students and engages them in a business plan competition. This competition helps them learn about preparing business plans and business prototypes.
- *A9eel Programme*: a nationwide work ethics campaign. The main objective is to encourage work attitudes aimed at leading to improved employee productivity, thus contributing to the economic development of Bahrain.

The schemes available to assist Bahraini enterprises include:

- *Enterprise Support Programme*: assists and supports Bahraini enterprises in developing their businesses and maintaining sustainability.
- *Training & Wage Support*: addresses skill deficiencies that hinder the career progression opportunities of employees.
- *International Placement Programme*: supports employers in the private sector to improve their productivity by encouraging growth and development of employees through exposure to international work experience.
- *Business Incubator Scheme*: Tamkeen, in association with the Bahrain Business Incubator Centre (the “**BBIC**”), a subsidiary of Bahrain Development Bank (the “**BDB**”), has launched the Business Incubator Scheme to support

start-up businesses and existing enterprises by subsidising a percentage of rental charges of industrial units at the BBIC and helping these enterprises develop their businesses

- *Finance Scheme:* Tamkeen, in partnership with financial institutions, offers both start-up and existing enterprises easy access to capital needed through financial packages that comply with Islamic Sharia’h.
- *Feasibility Study Support Scheme:* Tamkeen and BDB offer a scheme to provide support to businesses to prepare an independent feasibility study. Such studies give a professional assessment of the business, covering technical feasibility, profitability and financial viability.
- *Pre-Seed Capital Support Scheme:* Tamkeen partners up with BDB to offer a scheme that targets innovative and creative business ideas which could be developed further into successful business ventures.

Tamkeen had LMRA fee income of approximately U.S.\$249.0 million and total expenditure of approximately U.S.\$197.6 million in 2016. As at 31 December 2016, Tamkeen had served more than 140,000 customers; more than 100,000 Bahraini individuals and 39,500 enterprises.

Wages

The LMRA has developed a database of wage information (relating to Bahraini nationals only) based on ILO best practices and standards. There is no official minimum wage level in Bahrain although the concept has been debated in the past by the LMRA. The Ministry of Labour recommends that a Bahraini employee’s minimum wage should be no less than BD 250 per month and BD 400 for Bahraini employees with a university degree.

The table below sets out median monthly wage rates for Bahraini nationals working in the public and private sector for the periods indicated.

	2014	2015	2016	Q1 2017
		(U.S.\$) ⁽¹⁾		
Public sector.....	1,760.6	1,789.9	1,821.8	1,848.4
Private sector.....	989.4	1,026.6	1,063.8	1,085.1
		(% change) ⁽²⁾		
Public sector.....	2.3	1.7	1.8	1.5
Private sector.....	1.9	3.8	3.6	4.3

Notes:

(1) Using the fixed conversion rate of BD 0.376 = U.S.\$1.00.

(2) Percentage change reflects year-on-year comparison of wage levels.

Source: LMRA, Kingdom of Bahrain

In 2014, there was a 2.3% and 1.9% increase in the median monthly wages in the public and private sector respectively. In 2015, there was a 1.7% and 3.8% increase in the median monthly wages in the public and private sector, respectively, compared to the end of 2014. In 2016, there was a 1.8% and 3.6% increase in the median monthly wages in the public and private sector, respectively, compared to the end of 2015.

In the first quarter of 2017, the median monthly wages in the public sector increased by 1.5%, and the private sector witnessed an increase of 4.3% compared to the end of 2016.

See “*Monetary and Financial System—Inflation*”.

Current Account

Bahrain has a free market economy, with no restrictions on capital movements, foreign exchange, foreign trade or foreign investment. Bahrain's current account was in surplus in 2013 (U.S.\$2,409.8 million) and 2014 (U.S.\$1,523.1 million), before turning to deficits in 2015 (U.S.\$752.1 million) and 2016 (U.S.\$1,492.8 million). The EDB forecasts that the current account will remain in deficit in 2017, 2018 and 2019. As a percentage of current GDP, Bahrain recorded current account surpluses of 7.4% in 2013 and 4.6% in 2014 and deficits of 2.4% in 2015 and 4.6% in 2016. The deficit in the current account in 2015 and 2016 was primarily due to a decrease in export receipts, primarily due to lower international oil prices and increased workers' remittances from Bahrain, which were partially offset by reduced imports during 2015 and 2016.

Bahrain's economy is dependent on imports, as evidenced by import/current GDP ratios of 65.4%, 59.3%, 50.5% and 42.2% in each of 2013, 2014, 2015 and 2016, respectively. Its principal imports are crude oil (purchased from Saudi Arabia for processing at the Sitra oil refinery) and alumina (purchased from Australia for processing at the Alba smelter).

Its principal exports are crude oil, refined oil products and aluminium exports by Alba. Although aluminium prices have been less volatile than those for oil, fluctuations in recent years have affected Bahrain's trade balance.

Bahrain's services account balance has been positive in each of the preceding seven years ending 2016. The principal source of revenue in the services sector is income from financial services (including insurance) and travel.

The activities of Bahrain's significant wholesale banking industry give rise to high levels of income credits and debits. Other income debits include the repatriation of profits by foreign firms located in Bahrain.

Bahrain has a high outflow of funds as expatriate workers remit savings and earnings to their home countries. In 2013, there was a U.S.\$91.5 million increase in remittances, which led to an outflow of U.S.\$2,166.0 million. In 2014, there was a U.S.\$198.4 million increase in remittances, which led to an outflow of U.S.\$2,364.4 million. In 2015, there was a U.S.\$2.9 million increase in remittances, which led to an outflow of U.S.\$2,367.3 million. In 2016, there was a U.S.\$24.2 million increase in remittances, which led to an outflow of U.S.\$2,391.5 million.

Capital and Financial Accounts

Within the capital and financial accounts, Bahrain has experienced gradually increasing levels of foreign direct investment. Bahraini entities are also active investors abroad, as shown by the direct investment figures. Total direct investment recorded a net inflow of U.S.\$3,196.0 million in 2013, U.S.\$1,913.0 million in 2014, a net outflow of U.S.\$1,293.9 million in 2015, and a net inflow of U.S.\$111.7 million in 2016. In 2015, direct investment flows abroad were U.S.\$496.8 million while direct investment inflows to Bahrain were U.S.\$797.1 million. In 2016, direct investment flows abroad were U.S.\$170.2 million while direct investment inflows to Bahrain were U.S.\$281.9 million. Portfolio investments (which principally comprises debt and equity securities issued by banks) demonstrated net outflows of U.S.\$4,505.3 million in 2013, U.S.\$700.3 million in 2014, U.S.\$106.9 million in 2015, and a net inflow of U.S.\$1,834.3 million in 2016. Other investments (principally comprising bank loans and cash deposits) demonstrated outflows of U.S.\$1,066.0 million in 2013, U.S.\$2,888.6 million in 2014, U.S.\$542.0 million in 2015 and U.S.\$2,373.1 million in 2016.

Balance of Payments

In 2013, Bahrain's balance of payments showed a surplus of U.S.\$142.6 million, which was equivalent to 0.4% of GDP in 2013. In 2014, Bahrain's balance of payments showed a surplus of U.S.\$721.3 million, which was equivalent to 2.2% of GDP in 2014. In 2015, Bahrain's balance of payments showed a deficit of U.S.\$2,656.9 million, which is equivalent to 8.5% of GDP in 2015. In 2016, Bahrain's balance of payments showed a deficit of U.S.\$1,103.5 million, which is equivalent to 3.4% of GDP in 2016. The reduction in the deficit was primarily due to an increase in the surplus of the capital and financial accounts, which was partially offset by an increase in the current account deficit, which increased from (U.S.\$752.1 million) in 2015 to (U.S.\$1,492.8 million) in 2016.

Foreign Trade

Bahrain's major import is crude oil which is piped to the Sitra oil refinery from Saudi Arabia. Although in terms of volume oil imports have been relatively stable, in terms of price they have varied considerably. This variation in price reflects market-based movements in the price charged by Saudi Arabia for oil.

See "*Economy of the Kingdom of Bahrain —Principal Sectors of the Economy—Other Services—Trade*".

The table below provides details of Bahrain's crude oil imports for each of the periods indicated.

	2013	2014	2015	2016
Imports of oil (U.S.\$ millions) ⁽¹⁾	8,486.2	7,440.2	3,933.0	3,147.3
As a percentage of total imports.....	39.9%	37.6%	25.0%	23.2%

Note:

(1) Using the fixed conversion rate of BD 0.376 = U.S.\$1.00.

Source: CBB

The majority of Bahrain's major exports are petroleum-related, consisting of petroleum products from the Sitra oil refinery, petrochemical products from the petrochemical complex operated by GPIC and revenues derived from the sale of Bahrain's share of the crude oil produced at the Abu Saafa oil field. For a summary of oil production and refinery figures, see the tables under "*Economy of the Kingdom of Bahrain—Principal Sectors of the Economy*".

The largest non-oil export of Bahrain is aluminium (which is smelted at Alba aluminium smelter). Based on CIO foreign trade data, aluminium was 7.2% of total exports and 17.9% of total non-oil exports in 2013, 7.9% of total exports and 20.8% of total non-oil exports in 2014, 12.0% of total exports and 22.5% of total non-oil exports in 2015, and 10.4% of total exports and 19.5% of total non-oil exports in 2016.

MONETARY AND FINANCIAL SYSTEM

Role of the Central Bank of Bahrain

The CBB is an independent public sector organisation constituted under its own law, the Central Bank of Bahrain and Financial Institutions Law of 2006. It was created on 7 September 2006. The CBB is responsible for maintaining monetary and financial stability in Bahrain. It succeeded the Bahrain Monetary Agency (the “BMA”), which had previously carried out central banking and regulatory functions since its establishment in 1973 (shortly after Bahrain secured full independence from the United Kingdom).

The CBB inherited the BMA’s wide range of responsibilities. The CBB implements Bahrain’s monetary and foreign exchange rate policies, manages the Government’s reserves and debt issuance, issues the national currency and oversees payments and settlement systems. It is also the sole regulator of Bahrain’s financial sector, covering the full range of banking, insurance, investment business and capital markets activities.

The CBB is the sole banking regulator in Bahrain. Established in 2006 as a successor to the BMA, the CBB performs the role of financial agent to the Government, a role which principally entails advising the Government in relation to financial matters generally, as well as administering Government debt. In particular, the main functions of the CBB are:

- to arrange and implement the issuance of currency;
- to maintain monetary and financial stability; and
- to supervise and construct the regulatory framework applicable to financial institutions.

The CBB is also responsible for regulating conduct in Bahrain’s capital markets. In 2002, the legislative and regulatory authority and supervision of the Bahrain Bourse was transferred from the Ministry of Commerce to the CBB, which regulates and supervises all the Bahrain Bourse’s activities. The CBB is not directly accountable to the National Assembly and is independent of the Government but is accountable to the Minister of Finance. There are seven members of the board of directors of the CBB, including an independent chairman, each of whom is appointed by royal decree. The Governor of the CBB serves for a five-year term (the current governor was reappointed in February 2015).

Both the GCC and Bahrain have experienced the repercussions of global market turmoil since 2007. In light of such events, the CBB took a proactive role similar to many other central banks and introduced two measures to improve market liquidity: interest rate cuts and the opening of a new foreign exchange swap facility. These adjustments helped to ensure that short-term financial assistance was available to banks at reasonable rates against a wider range of collateral and allowed banks to obtain Bahraini Dinar in return for U.S. Dollars, as required. Additionally, in March 2009, the mandatory reserve ratio was lowered from 7% to 5% following a significant decline in inflationary pressures on consumer and asset prices. This required reserve ratio has remained unchanged since 2012.

Monetary and Exchange Rate Policy

Bahrain’s monetary and exchange rate policy was previously managed by the BMA pursuant to the Bahrain Monetary Agency Law (Law № 23 of 1973) and is now managed by the CBB. The objective of Bahrain’s monetary policy is to facilitate the fixed exchange rate regime. In 2001, the BMA formally pegged the Bahraini Dinar to the U.S. Dollar at a rate of $BD\ 0.376 = U.S.\$1.00$. This rate had in fact been used in practice since 1980, even though, in principle, the Bahraini Dinar had been pegged to the IMF’s special drawing rights (“SDR”). This policy is consistent with Bahrain’s current and capital accounts and fits in with the regional framework of U.S. Dollar-pegged exchange rates as the pricing of oil and gas is in U.S. Dollars. The currencies of all GCC countries (except Kuwait) are formally pegged to the U.S. Dollar.

The CBB Monetary Policy Committee (“MPC”) meets on a weekly basis throughout the year to closely evaluate economic and financial developments, monitor liquidity conditions in order to provide recommendations for monetary policy instruments and set interest rates on facilities offered by the CBB to the banking sector. With its regular meetings and recommendations submitted to H.E. the Governor, the MPC played a vital role in the CBB’s efforts to mitigate the effects of the global financial crisis on Bahrain.

Money Supply

The following table sets out an analysis of Bahrain's domestic liquidity as at the dates indicated.

	At 31 December			As at 30 June 2017	% Change Dec. 2016 - June 2017 (%)
	2014	2015	2016		
	<i>(U.S.\$ millions)⁽¹⁾</i>

- (4) Includes net foreign assets held by both the CBB and the retail banks
- (5) year on year percentage change
- (6) % change December 2016 to June 2017

Source: CBB

Money supply growth has been stimulated by a growth in savings. Broad money (M2) growth was mainly due to increases in private sector deposits in both domestic and foreign currency.

As at 30 June 2017, M3 increased by U.S.\$950.2 million, or 3.0%, from U.S.\$31,972.9 million as at 31 December 2016 to U.S.\$32,923.1 million as at 30 June 2017. General government deposits (with both the CBB and the retail banks) increased by U.S.\$108.8 million, or 2.2%, from U.S.\$4,930.6 million as at 31 December 2016 to U.S.\$5,039.4 million as at 30 June 2017. Government deposits accounted for 15.3% of M3 as at 30 June 2017. The growth in M3 was mainly due to an increase in domestic assets. Between 31 December 2016 and 30 June 2017, total domestic assets increased by U.S.\$1,392.0 million, or 4.4%, to U.S.\$32,752.9 million. In contrast, net foreign assets (held by both the CBB and retail banks) decreased by U.S.\$441.8 million, or 72.2%, to U.S.\$170.2 million.

Inflation

The CBB maintains the Bahraini Dinar's peg against the U.S. Dollar, which has provided price stability over the years, and as a result managed to keep inflation relatively stable. As Bahrain has no significant domestic production, its inflation (as measured by CPI) has been mainly affected by the cost of imports. Until 2008, Bahrain recorded moderate consumer

price increases in the range of 3% to 4%. However, during the years 2009, 2010 and 2011, consumer price rises declined, particularly in 2011, when the inflation rate was negative 0.4%. This was mainly due to a reduction in consumer spending. In 2013, 2014, 2015 and 2016, there was a reversal of the deflationary trend seen over the preceding three years, and consumer prices increased.

The table below shows the CPI and inflation for the periods indicated.

	2013	2014	2015	2016
CPI (2006=100).....	118.5	121.6	123.9	127.3
Inflation Rate.....	3.3%	2.6%	1.9%	2.7%

Source: Central Informatics Organisation

In 2013, the CPI increased by 3.3% to 118.5 primarily due to increases in the prices of housing, water, electricity, gas and other fuels, furnishings and household equipment. In 2014, the CPI increased by 2.6% to 121.6 primarily due to increases in the prices of housing, water, electricity, gas and other fuels and education. In 2015, the CPI increased by 1.9% to 123.9, primarily due to increases in the prices of housing, water, electricity gas and other fuels, alcoholic beverages and tobacco. This increase continued through 2016 as the CPI rose by 2.7% to 127.3, primarily due to increases in the prices of alcoholic beverages, tobacco and transportation.

The CPI for Bahrain includes 12 broad categories of consumer goods that are representative of consumption patterns in the economy. These components are: food and non-alcoholic beverages; alcoholic beverages and tobacco; clothing and footwear; housing, water, electricity, gas and other fuels; furnishing, household equipment and routine household maintenance; health care services; transport; communication; recreation and culture; education; restaurants; and miscellaneous goods and services.

Inflation data is collected and calculated on a monthly basis by the CIO.

The table below shows the CPI during each month in the period 1 January 2017 to 30 June 2017 and inflation when comparing the CPI in each of those months to the corresponding months in the previous year:

	January 2017	February 2017	March 2017	April 2017	May 2017	June 2017
CPI (2006=100).....	127.0	127.5	127.7	128.7	128.4	129.2
Year on year charge	0.8%	0.4%	0.8%	0.9%	0.7%	1.0%

Source: Central Informatics Organisation

The main contribution to the year-on-year CPI fluctuation for the six month period ended on 30 June 2017 was an increase in the prices of alcoholic beverages and tobacco transportation and housing, water, electricity, gas and other fuels.

Foreign Direct Investment

Bahrain benefits from its reputation as a favourable business environment. Bahrain generally has had a stable economic history. In 2016, 65.6% of its financial sector employees were Bahraini citizens, as compared to 65.1% in 2015, which demonstrates a level of local talent and a relative lack of reliance on the need to attract foreign expatriate workers from abroad). In 2016, the banking sector contributed to 53.4% of the total employment in the financial sector and 75.8% of employees in the banking sector were Bahraini citizens, as compared to 75.1% in 2015.

The cost of conducting business in Bahrain is relatively low when compared to other countries in the MENA region. There are also significant and established wholesale banking, insurance and reinsurance and fund management industries (including industries ancillary to these, such as audit firms) and an efficient and robust legal and regulatory framework.

The table below sets out Bahrain's foreign direct investment for the periods indicated.

	2013	2014	2015	2016
	<i>(U.S.\$ millions)</i>			
Direct Investment (net)	(7,063.8)	(8,101.1)	(13,035.6)	(13,812.0)
Outward FDI flow	10,751.1	10,671.6	14,625.0	14,795.2
Inward FDI flow	17,814.9	18,772.6	27,659.6	28,607.2

Source: CBB

Bahrain's net international investment position, comprised of Bahrain's outstanding international assets and liabilities, amounted to U.S.\$24.1 billion at the end of 2016, as compared to U.S.\$24.6 billion and U.S.\$25.4 billion at the end of 2015 and 2014, respectively.

The EDB promotes foreign direct investment in Bahrain in order to further diversify Bahrain's economy and encourage productivity-driven growth. Bahrain is a regional pioneer of diversification in the GCC context and derives more than 80% of its GDP from the non-oil sector, with its financial services sector particularly benefitting from foreign direct investment. The EDB is an independent public sector organisation constituted under its own law which is headed by the Crown Prince and consists of seven ministers and seven prominent business leaders. In recent years, the principal source of foreign direct investment has been reinvested earnings by Bahrain's significant offshore banking sector.

Bahrain attracted U.S.\$28.6 billion of inward foreign direct investment in 2016, compared to U.S.\$27.7 billion in 2015. The financial services industry attracts significant foreign direct investment in Bahrain, and a number of international financial institutions have offices in Bahrain. Bahrain's strong regulatory environment provides a base for all types of banking and financial services. A number of Islamic finance global oversight bodies are also located in Bahrain. See "—*Islamic Banks*". Additionally, manufacturing, professional and industrial services, as well as logistics, have also attracted foreign investment in Bahrain. Bahrain's central location and attractive lifestyle, supply of skilled labour, as well as bilateral trade and economic agreements, make it an attractive location for foreign investments in the above sectors.

Furthermore, Bahrain's inward foreign direct investment in 2016 was approximately 90% of current GDP, was the highest in the GCC and was above the global average. According to the UN, in the West Asia region, the average inward foreign direct investment stocks in 2016 as a percentage of current GDP was 22.7%. In the first six months of 2017, foreign investors created 1,500 new jobs in Bahrain and 1,600 for the year ended 31 December 2016.

Foreign Reserves

The table below shows the foreign reserves held by the CBB as at the dates indicated.

	As at 31 December				As at 30
	2013	2014	2015	2016	June 2017
	<i>(U.S.\$ millions)</i>				
Foreign exchange ⁽¹⁾	5,037.8	5,757.4	3,108.8	2,169.9	1,655.9
SDRs	199.6	187.9	179.8	87.1	90.3
Reserve position in the IMF	109.6	103.2	98.7	183.1	189.5
Total gross foreign reserves	5,347.0	6,048.5	3,387.3	2,440.1	1,935.7
Gold	6.6	6.6	6.6	6.6	6.6
Total gross foreign reserves (including gold) ...	5,353.6	6,055.1	3,393.9	2,446.7	1,942.3

Note:

(1) Pursuant to Article 19 of the Central Bank of Bahrain and Financial Institutions Law, foreign reserves permanently maintained by the CBB shall not be less than 100% of the value of the currency in circulation. As at 30 June 2017, BD 728.0 million of notes and coins were in circulation.

Source: CBB and IMF

Bahrain's foreign reserves are held abroad and primarily invested in fixed income instruments and money markets. These investments are generally U.S. Dollar-denominated and are invested in low credit risk securities such as government or government-secured instruments. Total gross foreign reserves (including gold) decreased from U.S.\$3,393.9 million as at 31 December 2015 to U.S.\$2,446.7 million as at 31 December 2016. The decrease was due to the decline in all components of total gross foreign reserves, except for gold, which remained stable at U.S.\$6.6 million. Total gross foreign reserves (including gold) decreased from U.S.\$2,446.7 million as at 31 December 2016 to U.S.\$1,942.3 million as at 30 June 2017.

As at 31 December 2013, 2014, 2015 and 2016, Bahrain's gross foreign reserves were U.S.\$5,353.6 million, U.S.\$6,055.1 million, U.S.\$3,393.9 million and U.S.\$2,446.7 million, respectively, and were estimated by the CBB to be sufficient to

finance 3.0, 3.7, 2.6, and 2.2 months of obligations in respect of imports of goods, respectively. As at 30 June 2017, Bahrain's gross foreign reserves were U.S.\$1,942.3 million. On 28 July 2017, Moody's downgraded Bahrain's long-term issuer rating to B1 from Ba2, noting foreign exchange reserves at the CBB to be low following the decline over the last two years. See "Risk Factors—Risk factors relating to the Kingdom—Bahrain's sovereign credit rating is subject to revision and downgrade".

The Banking Sector

Prior to 2006, the BMA categorised its licensed banking institutions, being (i) full commercial banks; (ii) offshore banking units; or (iii) investment banks. Within each of these categories an institution could choose to subscribe to a conventional or an Islamic framework. As a result, six different types of banking institutions existed. In 2006, the categories of offshore banking unit and investment banks were effectively merged into a single new category, now described as wholesale banking. The category of full commercial banks was also renamed as retail banks. The ability to subscribe to either a conventional or an Islamic framework was retained. As a result, four types of banking institutions are now in existence.

Since the financial crisis of 2007, there has been a trend in the banking sector of Bahrain to move away from wholesale banking to retail banking. Bahrain did not witness a generalised, systemic banking crisis. However, as a result of the global financial crisis, there has been a renewed focus on the retail banking sector, while wholesale banks have consolidated operations.

The aggregate balance sheet of the banking system was U.S.\$192.0 billion as at 31 December 2013, U.S.\$189.3 billion as at 31 December 2014, U.S.\$191.0 billion as at 31 December 2015, U.S.\$186.1 billion as at 31 December 2016 and U.S.\$188.2 billion as at 31 March 2017.

The table below sets out the annual aggregate balance sheet of all banking institutions in Bahrain (including conventional and Islamic banks).

	As at 31 December				As at 31
	2013	2014	2015	2016	May 2017

Conventional Banks

Retail Banks

Retail banks include domestic banks, which hold most of the assets of this category and foreign banks, as well as seven Islamic banks.

The table below sets out the aggregate balance sheet of retail banks and a breakdown of loans made by retail banks as at the dates indicated.

	As at 31 December				As at 30
	2013	2014	2015	2016	June 2017
Number of retail banks ⁽¹⁾	28	28	28	29	29
Of which: Islamic retail banks.....	6	6	6	6	6
Aggregate balance sheet of retail banks (U.S.\$ millions) ⁽²⁾	75,313.6	80,008.6	82,187.0	83,014.6	81,929.5
Combined foreign and local deposits of retail banks (U.S.\$ millions) ⁽²⁾	39,704.2	41,484.4	43,489.3	44,063.8	44,066.5
Business loans made by retail banks (% of total loans).....	60.0	55.8	53.0	61.6	52.1
Loans to Government made by retail banks (% of total loans).....	2.4	2.6	3.8	3.6	2.8
Personal loans made by retail banks (% of total loans).....	37.6	41.6	43.2	44.7	45.1

Notes:

Source: CBB

Wholesale Banks

Wholesale banks comprise locally-incorporated banks and branches of foreign commercial and investment banks which use Bahrain as a base. Locally-incorporated wholesale banks are subject to the capital or cash reserve requirements of the CBB and, in the case of branches of overseas banks, may operate with significant tax benefits with regard to their home jurisdiction. Wholesale banks pay the CBB an annual licence fee and under specific conditions and limitations may accept deposits from residents of Bahrain.

Wholesale banks, including wholesale Islamic banks, are the most important sector in Bahrain's financial services industry. As at 31 December 2013, 2014, 2015, 2016 and 30 June 2017 there were 76, 75, 75, 75 and 73 wholesale banks in Bahrain, respectively, of which 18, 17, 19, 19 and 18, respectively, were wholesale Islamic banks.

The table below shows a breakdown of the assets and liabilities of wholesale banks as at the dates indicated.

	As at 31 December								As at	
	2013		2014		2015		2016		31 May 2017	
	Assets	Liabilities	Assets	Liabilities	Assets	Liabilities	Assets	Liabilities	Assets	Liabilities

Islamic Banks

Bahrain is increasingly involved in the rapidly expanding Islamic banking business and hosts the industry's global oversight body, the Accounting and Auditing Organisation for Islamic Institutions, as well as the Islamic Rating Agency and the International Islamic Financial Market. The Islamic banking sector was created in Bahrain in 1978 with the establishment of the Bahrain Islamic Bank and expanded in the 1980s with the issue of four banking licences to Islamic banks. Eight further banking licences were issued to Islamic banks in the 1990s.

The number of Islamic banking licences has remained relatively stable for the past five years, and, as at 30 June 2017, there were a total of 24 Islamic banking licenses, of which six were held by retail banks and 18 were held by wholesale banks.

The aggregate total assets of Islamic banks, comprised of unrestricted investments, have been relatively stable since 2013, increasing from U.S.\$23,298.8 million in 2013 to U.S.\$25,342.5 million in 2015 and U.S.\$25,486.2 million in 2016, with restricted investment accounts (which are off balance sheet items) of U.S.\$1,911.3 million as at 31 December 2016. As at 30 June 2017, the aggregate total assets of Islamic banks comprised of unrestricted investments stood at U.S.\$26,290 million, and restricted investment accounts (which are off balance sheet items) amounted to U.S.\$1,835.6 million.

With restricted investment accounts, the account holder may impose certain restrictions as to when and how such holder's funds are to be invested, and the Islamic bank may be restricted from combining its own funds with the restricted investment account funds for investment purposes.

As at 31 December 2013, 2014, 2015 and 2016 Islamic banks' assets accounted for 12.1%, 13.2%, 13.3% and 13.2% of total banking sector assets, respectively. As at 31 May 2017 Islamic banks' assets accounted for 14.8% of total banking sector assets.

Non-Performing Loans

The table below shows a breakdown of non-performing loans ("NPLs") as a percentage of loans issued by the banking institutions in Bahrain (conventional and Islamic) at the dates indicated.

	<u>June</u> <u>2013</u>	<u>Dec.</u> <u>2013</u>	<u>June</u> <u>2014</u>	<u>Dec.</u> <u>2014</u>	<u>June</u> <u>2015</u>	<u>Dec.</u> <u>2015</u>	<u>June</u> <u>2016</u>	<u>Dec.</u> <u>2016</u>	<u>June</u> <u>2017</u>
	(%)								
Conventional Retail Banks.....	4.3	4.1	3.7	3.7	3.5	3.9	4.8	5.3	5.8
Conventional Wholesale Banks ...	8.3	6.9	6.3	5.9	5.8	5.2	5.2	5.7	5.5
Islamic Retail Banks	13.4	12.1	14.1	12.5	11.3	12	12.7	11.4	9.6
Islamic Wholesale Banks	5.4	5.2	4.9	4.6	4.1	4.6	3	3.7	2.5
Total Banking Sector	7.1	6.2	5.9	5.6	5.2	5.3	5.5	5.9	5.7

Source: CBB

Between 2015 and 2016, NPLs of conventional retail banks increased by 1.4%, from 3.9% as at 31 December 2015 to 5.3% as at 31 December 2016; NPLs of conventional wholesale banks increased by 0.5%, from 5.2% to 5.7% during the same periods. Non-performing facilities of Islamic retail banks decreased by 0.6%, from 12% as at 31 December 2015 to 11.4% as at 31 December 2016; NPLs of Islamic wholesale banks decreased from 4.6% to 3.7% during the same period.

As at June 2017, NPLs of conventional retail banks increased to 5.8%; NPLs of conventional wholesale banks decreased to 5.5%; NPLs of Islamic retail banks decreased to 9.6%, and NPLs of Islamic wholesale banks decreased to 2.5% since December 2016. The NPLs for the entire banking sector decreased to 5.7% as at June 2017.

Although Islamic banks significantly reduced their NPL ratios over the past four years, their NPL ratios still remain the highest amongst other banking segments due to the nature of their financings, which involve a higher exposure to real estate. The CBB continues to work with banks in the sector to decrease their real estate exposure and NPL figures accordingly.

Bank Supervision

The CBB is the sole regulator of Bahrain's financial sector, covering the full range of banking, insurance, investment business and capital markets activities. The CBB's wide scope of responsibilities allows a consistent policy approach to be applied across the whole of Bahrain's financial sector. It also provides a straightforward and efficient regulatory framework for financial services firms operating in Bahrain.

Under the Central Bank of Bahrain and Financial Institutions Law of 2006, the CBB is authorised, among other things, to grant licences to persons wishing to undertake regulated services, determine the types of business which banks may or may not conduct, establish capital requirements for banks, conduct inspections of banks, stipulate reserve and liquidity ratios for banks and, in certain circumstances, to take over the administration of banks and liquidate them.

The CBB has five offsite supervision directorates which undertake supervision of retail banks, wholesale banks, nonbank financial institutions, Islamic financial institutions and insurance firms, respectively. The principal objectives of these directorates are to ensure that the institutions remain adequately capitalised, have effective risk management and internal controls in place, maintain adequate liquidity and operate with integrity and skill. Supervision is conducted by these directorates in a number of ways, including through prudential meetings with banks and their auditors, monitoring of the regular reporting of banks and ensuring their compliance with a range of regulatory requirements.

A separate inspection directorate carries out onsite examinations of banks, including Islamic financial institutions. This directorate has introduced a risk-based approach whereby a particular institution's risk profile will determine the nature and frequency of inspections. A separate directorate, the compliance directorate, investigates suspicious financial transactions, money laundering, terrorist financing and unauthorised business.

Conventional Banks and Bank Financial Institutions

The retail and wholesale banking supervision directorates are responsible for the offsite supervision of all conventional banks and financing companies. The financial institutions supervision directorate is responsible for all non-Islamic non-bank financial institutions (including money changers and money and foreign exchange brokers).

The banking supervision directorates deal with the prudential supervision of banks and require the published accounts of all banks, whether locally incorporated or branches of foreign banks, to comply with International Financial Reporting Standards. Locally incorporated banks and branches of foreign banks operating under a commercial bank licence in Bahrain are required to publish their financial statements on a quarterly basis and semi-annual basis, respectively. The year-end financial statements of all banks must be audited by external auditors, and the interim financial statements must be reviewed by the external auditors. In addition, all banks operating in Bahrain are required to submit prudential information returns on a quarterly basis and statistical returns on a monthly basis to the CBB.

As the banking regulator, the CBB sets and monitors capital requirements on both a consolidated (group) basis and on a solo (parent company only) basis. The CBB implemented the new standards for capital and liquidity requirement proposed by the Basel Committee on Banking Supervision ("**Basel III**") in Bahrain starting from 1 January 2015. Local banks or banking groups are required to maintain a minimum capital adequacy ratio of 12.5% (on a consolidated basis) and 8% (on a stand-alone basis) which exceeds the minimum ratio requirements set by Basel III. All Bahraini banks are currently following the standardised approach to Credit Risk under Pillar One of Basel III. The basic indicator and standardised approaches are permitted for operational risk, while the standardised and internal model approaches are permitted for market risk. As part of Basel III implementation, new more extensive Pillar Three Disclosure requirements came into effect for all locally incorporated banks' financial statements dated 30 June 2015 onward. Additionally, the CBB will require all locally incorporated banks to also report pro forma Basel III ratios on leverage and liquidity on a quarterly basis.

The CBB has established a deposit protection scheme (the "**Scheme**") for compensating eligible depositors (any natural person holding an eligible account with a conventional bank or an Islamic bank in Bahrain) when conventional retail and Islamic banks licenced by the CBB are unable, or are likely to be unable, to satisfy claims against them. A new pre-funded Scheme was established by the CBB at the beginning of 2011 to replace the old post-funded Scheme. The new Scheme creates two funds (one conventional, one Islamic) which will be used to compensate eligible depositors in the event that their bank defaults.

The body established to operate and administer the Scheme is the Deposit Protection Board. The Deposit Protection Board will consider if and when compensation will be available in relation to a particular bank, set out the procedures and rules of operation of the Scheme and be responsible for calculating the amounts of compensation payable.

The Scheme applies to eligible deposits held with the Bahrain offices of CBB licensees, whether in Bahraini Dinars or other currencies, held by persons who are either residents or non-residents of Bahrain. In the event of default, such deposits are protected up to a maximum of BD 20,000 (U.S.\$53,191.5).

Islamic Banking

As the charging of interest is prohibited under Shari'a rules and regulations, Islamic banking institutions operate, *inter alia*, on the principle of profit and loss sharing. Rather than charging interest, they participate in the yield resulting from use of the funds. The depositors also share in the profits of the bank according to a predetermined ratio.

Due to the different way in which Islamic banking operates and the specific risks inherent in the system, the CBB has developed a regulatory framework separate from that for the conventional banking system for Islamic banks. This was first implemented in March 2002 with the introduction of the Prudential Information and Regulatory Framework for

Islamic banks (“**PIRI**”) by the Islamic financial institutions directorate. The objective of the PIRI is to provide an Islamic banking regulatory framework which is based on the Basel III standards and addresses the specific features of Islamic financial products.

Among other measures, PIRI requires Islamic banks to maintain a 12.5% consolidated capital adequacy ratio (8.5% on a solo basis) and to take a capital charge equal to 30% of assets financed by unrestricted profit sharing investments accounts in order to calculate the Capital Adequacy requirements. Islamic banks, like conventional banks, must also submit prudential returns on a quarterly basis. The Basel III capital adequacy requirements are applicable to Islamic banking institutions; however, such requirements are customised to fit the nature of the Islamic banking in accordance with Islamic Financial Services Board (“**IFSB**”) requirements. The deposit protection scheme described above also applies in respect of deposits held with Islamic banks licenced with the CBB.

Banking Sector Liquidity

The impact of the global financial crisis on the Bahraini financial system has been relatively modest so the Government and the CBB have not considered it necessary to resort to some of the exceptional measures adopted elsewhere in the world such as unlimited deposit or interbank guarantees or asset purchases by the state. Nonetheless, the CBB did introduce three measures to improve market liquidity: interest rate cuts, opening of a new foreign exchange swap facility and the acceptance of a wider range of collateral. These adjustments helped to ensure that short-term financial assistance was available to banks at reasonable rates against a wider range of collateral and allowed banks to obtain Bahraini Dinar in return for U.S. Dollars as required. The CBB enhanced its monitoring of bank liquidity during the financial crisis, requiring all locally-incorporated banks to report their liquidity positions on a daily basis and to report their risk exposures on a weekly basis.

The CBB is currently considering new liquidity requirements for banks and has issued two consecutive consultation papers on liquidity risk management within Bahrain. The CBB conducted a comparison between the requirements of the consultation paper and the requirements of managing liquidity risk under Basel III. Currently the CBB receives *pro forma* Basel III ratios on liquidity on a quarterly basis. As part of its implementation strategy of Basel III, the CBB is assessing the readiness of banks in Bahrain in complying with the new liquidity requirements.

Insurance

In light of substantial infrastructure investments anticipated in the GCC over the next decade, opportunities for growth of the insurance industry are considered to be significant. This growth in regional infrastructure spending is expected to result in an increase in insurance activity, in turn, resulting in a growth in gross premiums of the insurance industry in the region. As an economy with a relatively strong insurance sector, the Government believes it is well-placed in terms of market position, regulatory quality and structure to handle and capitalise on this anticipated demand for insurance services, both domestically and regionally.

A significant number of insurance companies and organisations have a presence in Bahrain. The table set out below sets out the number of insurance companies and gross premiums of the insurance market as at the dates indicated.

	As at 31 December				As at 30 June
	2013	2014	2015	2016	2017
Insurance companies and organisations registered in Bahrain	163	150	152	153	152
Gross premiums of the insurance market (<i>U.S.\$ millions</i>) ⁽¹⁾	687.2	728.6	725.5	723.5	n/a
Gross premiums of the insurance market (<i>% change year on year</i>)	8.1	6.0	(0.4)	(0.3)	n/a

Note:

(1) Using the fixed conversion rate of BD 0.376 = U.S.\$1.00

Source: CBB

Since 2002, the responsibility for the regulation of the insurance sector rests with the insurance directorate of the CBB. The insurance directorate conducts its offsite supervision in a manner broadly equivalent to the banking and financial institutions supervision directorates, although insurance firms are now obliged to report to the CBB on a quarterly basis. All legal, regulatory and supervisory insurance frameworks follow the essential criteria of the International Association of Insurance Supervisors core principles and methodology.

As part of the efforts towards enhancement and improvement of the regulatory framework, the CBB introduced its revised and enhanced Operational and Solvency framework for the Takaful and Retakaful industry in 2014 after undergoing deliberations and consultations with the industry and all the stakeholders. The Takaful and Retakaful industry has shown a nominal growth in gross contributions in 2015 from the previous year.

Anti-Money Laundering

In 2001, Bahrain passed its first anti-money laundering law (Legislative Decree № (4) of 2001) which, among other things, established a Financial Investigations Unit (“**FIU**”) within the Ministry of the Interior. Under this law, banks and financial institutions in Bahrain are obliged to submit a Suspicious Transaction Report (“**STR**”) in respect of any banking activity which they regard as suspicious through an on-line reporting system.

Bahrain views the fight against anti-money laundering (“**AML**”) and combating the financing of terrorism (“**CFT**”) as a key priority. Bahrain is part of the Financial Action Task Force (the “**FATF**”), an anti-money laundering and anti-terror financing association which also includes the 29 OECD countries, through the full membership of the GCC to the FATF, as is committed to implementation of all international standards in this area. Bahrain is also the founding member of the regional MENAFATF and hosts its secretariat.

MENAFATF has 18 member states and holds its annual plenaries in Bahrain. In accordance with the sixteenth plenary decision, Bahrain was moved from regular follow-up reporting (annual reporting) to a biennial update process. As per the fourth follow-up report submitted by Bahrain to MENAFATF at the 16th plenary meeting in 2012, it was agreed that Bahrain achieved a largely compliant status with respect to the FATF recommendations.

The CBB has continued its efforts with a particular emphasis on upgrading Bahrain’s regulatory AML/CFT framework through the AML/CFT policy committee (the “**AML/CFT Policy Committee**”); a national committee chaired by the CBB and comprised of nine members from relevant government authorities. The AML/CFT Policy Committee is responsible for formulating AML/CFT policies, procedures and coordinating with relevant internal bodies to ensure that the regulatory framework is in compliance with the latest FATF recommendations. The Government amended Legislative Decree № (4) of 2001 by Law № 54 of 2006 to incorporate FATF’s recommendations concerning the financing of terrorism. In 2013, Legislative Law № (25) was passed to reflect the new FATF recommendations introduced in 2012.

Capital Markets

The Bahrain Bourse (formerly known as the Bahrain Stock Exchange) commenced operations in June 1987; and in late 2010 by the Royal Decree № (60) of 2010, it was converted into a shareholding company and renamed the Bahrain Bourse (BHB).

As at 30 June 2017, a total of 43 companies were listed on the Bahrain Bourse with a total market capitalisation of U.S.\$20.7 billion. In addition, currently one overseas firm is also listed on the exchange as a result of a cross-listing arrangement with another exchange. Bonds (both corporate and government) and mutual funds are also listed on the exchange.

The Bahrain All Share Index closed at the end of 2016 at 1,220.54 and stood at 1,310.0 at the end of June 2017. The value of shares traded in 2016 reached to U.S.\$331.0 million while the volume of shares traded reached 734.4 million. A number of transactions were concentrated in the commercial banks sector which represented 52.4% of the total value of shares traded and 70.4% of the total volume of shares traded in 2016. Bahraini investors accounted for 69.7% of the total value of traded shares, while non-Bahraini investors accounted for 30.3% in 2016.

The table below sets out certain data relating to the Bahrain Bourse transactions as at and for the periods indicated.

	Year ended 31 December				As at 30
	2013	2014	2015	2016	June 2017

Source: Bahrain Bourse

In order to open up Bahrain's economy, the Government relaxed ownership restrictions in 1999 which has had the effect of improving the performance of the Bahrain Bourse. In the mid-1980s, GCC nationals were permitted to own up to 49% of a listed firm and, in 1999, this level was increased to 100%. At the same time, a rule was introduced allowing non-GCC nationals to own 49% of the Bahrain Bourse listed firms.

The CBB regulates the Bahrain Bourse. The issuing of broking licences, changes to listing and trading rules (which are contained in the Capital Markets Rulebook) and market supervision is carried out by the CBB through the capital markets supervision directorate which has adopted a single regulatory model in line with that of the other central bank directorates. The CBB has also commenced custodial services and settlement procedures through a new central depository system.

PUBLIC FINANCE

Bahrain's budget deficit has grown in recent years due to a counter-cyclical policy of continued diversification of investment and public support during a period of low oil prices. However, Bahrain is increasingly focused on ensuring prudent fiscal management through reducing expenditure levels, fiscal diversification and fiscal consolidation.

The Government's policy includes further developing non-oil streams of revenue and involves the introduction of new fees and charges across a number of sectors. To date, the Government has approved and implemented increases to primary healthcare charges, fees for licences and services provided by the Civil Aviation Authority, visa fees, postal and traffic violation fees, as well as recovering Government services costs through capital contributions. See "*Fiscal Policy*" for more information on Bahrain's fiscal policy.

The 2017/2018 Government budget was approved in July 2017 following a seven month delay as a result of discussions regarding a reduction in public expenditure to address the budget deficit. In the 2017/2018 budget, total revenue is budgeted at U.S.\$5.9 billion for 2017, total expenditure is budgeted at U.S.\$9.5 billion for 2017, and the budget deficit is budgeted at U.S.\$3.6 billion for 2017. The 2017/2018 budget is based on an average oil price of U.S.\$55 per barrel. (The Government's breakeven point is U.S.\$119 per barrel.)

The 2017/2018 budget focuses on many of the same themes as the 2015/2016 budget, and the principal goals of Bahrain's 2017/2018 budget are: (i) strengthening fiscal discipline and reducing Government recurrent expenditures (other than manpower expenditures) and projects expenditures; (ii) maintaining basic salaries and continuing to support Bahrain's citizens; (iii) prioritising the diversification of revenue sources; and (iv) focusing on economic growth. The 2017/2018 budget also seeks to increase development programmes, in particular to diversify non-oil related revenues, set out a medium-term strategy to control the public debt, reduce the growth of operating expenditures (other than manpower) by a maximum of 15%, as compared to 2016 levels. Fiscal deficits, as a percentage of GDP, are estimated at 11% for 2017 and 2018.

Government Budget

Bahrain prepares budgets on a biennial basis, taking into account the key priority areas of Vision 2030 during each budgeting process. See "*Overview of The Kingdom of Bahrain—Vision 2030*". The budget is built around a two-year cycle, but separate budgets are also prepared for each calendar year. The financial year commences on 1 January and ends on 31 December.

Bahrain's budget is not consolidated. Local authorities are funded by transfers from the Government budget to cover any shortfall in their own budgets. Local authorities are not permitted to borrow funds in their own name. The social security system is excluded from the scope of the budget, though it is consolidated in the Government Finance Statistics ("**GFS**") published by the IMF.

Two holding companies, Mumtalakat and nogaholding, were established by Royal Decrees in June 2006 and August 2007, respectively. Mumtalakat is an independent holding company for the Government's non-oil and gas assets, while nogaholding is a holding company for the Government's oil and gas assets. Prior to the establishment of these two holding companies, the Government received income from the assets they now hold directly.

Bahrain's budget is presented on a modified cash basis. See "*Certain Defined Terms and Conventions—Fiscal Data*" and "*Risk Factors—Risks relating to the Kingdom—Bahrain's social spending is sometimes recorded off-budget, and Bahrain's fiscal deficit and debt ratio may not be fully reflective of all of the Government's obligations*".

Budget revenues and expenditures

The following table summarises the execution of the Government budget for the periods indicated.

	2013	2014	2015	2016		2017	H1 2017	2018
	Actual	Actual	Actual	Budget	Actual	Budget	Actual	Budget
	<i>(U.S.\$ millions, except where indicated)</i>

2013/2014 Budget

The 2013/2014 budget, prepared by the Government, was approved by the Cabinet and the National Assembly in June 2013 and signed by His Majesty the King in July 2013. It was revised by the Government and approved by His Majesty the King on 20 September 2013. The key item of the revised budget was that revenue was estimated to be U.S.\$7,423 million in 2013, of which U.S.\$6,401 million was expected to have been comprised of oil and gas revenues (assuming an oil price of U.S.\$90 per barrel). The 2013/2014 budget assumed average nominal GDP growth to be 8.3% and 3.6% in 2013 and 2014, respectively, as well as an oil price of U.S.\$90 per barrel (compared to an actual average oil price of U.S.\$106.2 per barrel in 2013).

In 2013, an actual deficit of U.S.\$1,091 million was recorded (compared to a budgeted deficit of U.S.\$2,216 million) with recurrent expenditure reaching U.S.\$7,652 million (compared to budgeted recurrent expenditure of U.S.\$8,119 million) and project expenditure reaching U.S.\$1,268 million (compared to budgeted project expenditure of U.S.\$1,520 million).

In 2014, an actual deficit of U.S.\$1,210 million was recorded (compared to a budgeted deficit of U.S.\$2,432 million) with recurrent expenditure reaching U.S.\$8,235 million (compared to budgeted recurrent expenditure of U.S.\$8,385 million) and project expenditure reaching U.S.\$1,192 million (compared to budgeted project expenditure of U.S.\$2,196 million).

2015/2016 Budget

In 2016, an actual deficit of U.S.\$4,347 million was recorded (compared to a budgeted deficit of U.S.\$4,160 million) with recurrent expenditure reaching U.S.\$8,302 million (compared to budgeted recurrent expenditure of U.S.\$9,794 million) and project expenditure reaching U.S.\$1,180 million (compared to budgeted project expenditure of U.S.\$1,676 million).

The 2015/2016 budget was based on an average oil price of U.S.\$60 per barrel, compared to the actual average oil price of U.S.\$49.8 per barrel in 2015 and U.S.\$38.1 per barrel in 2016. See “Public Finance—Fiscal Policy”.

2017/2018 Budget

The 2017/2018 budget, prepared by the Government, was approved by the Cabinet and the National Assembly and signed by His Majesty the King in July 2017 as Law № (20) of 2017. Revenue is estimated to be U.S.\$5,953 million in 2017, of which U.S.\$4,589 million is expected to be comprised of oil and gas revenues (assuming an oil price of U.S.\$55 per barrel). A budget deficit of U.S.\$3,568 million is forecast in 2017.

Revenue is estimated to be U.S.\$6,307 million in 2018, of which U.S.\$4,777 million is expected to be comprised of oil and gas revenues. A budget deficit of U.S.\$3,499 million is forecast in 2018. Fiscal deficits, as a percentage of GDP, are estimated at 11% for 2017 and 2018.

The 2017/2018 budget does not include the expected revenues to be derived from the introduction of value added tax.

Non-budget expenditures

In March 2011, the Foreign Ministers of the GCC announced the establishment of the GCC Development Fund to be provided as a grant and distributed between Bahrain and Oman, with Bahrain receiving U.S.\$7.5 billion to be distributed over a ten-year period. See “*Risk Factors—Risk factors relating to the Kingdom—Bahrain’s economy is dependent on economic and other conditions of Saudi Arabia in particular, as well as the GCC countries*”. GCC Development Fund proceeds are expected to be utilised towards the achievement of Vision 2030’s developmental goals. For more information on this economic strategy, see “*Overview of The Kingdom of Bahrain—Vision 2030*”.

The Government has identified specific priority projects to be financed through the GCC Development Fund, in the following sectors:

	Saudi Arabia	Kuwait	UAE	Total
	<i>(U.S.\$ millions)</i>			
Housing.....	442	996	990	2,428
Roads & Sewerage.....	758	470	210	1,438
Electricity and Water.....	388	940	50	1,378
Airport.....	—	—	1,000	1,000
Health.....	58	—	150	208
Education.....	85	—	—	85
Social.....	—	62	—	62
Industry.....	—	32	—	32
Others.....	—	—	100	100
To be allocated in next phase.....	769	—	—	769
Total.....	2,500	2,500	2,500	7,500

Source: Ministry of Finance

The Government of Bahrain is coordinating with the Saudi Fund, the Kuwait Fund and the Abu Dhabi Fund to finalise the planned projects.

As at the 31 December 2015 and 2016 and 30 June 2017, U.S.\$5,935 million, U.S.\$6,076 million and U.S.\$6,731 million, respectively, was allocated to projects from the GCC Development Fund. These projects are in various stages (tendering, award, implementation) of progress. As at 31 December 2015 and 2016 and 30 June 2017, U.S.\$183 million, U.S.\$734 million and U.S.\$1,158 million, respectively, had been paid from the GCC Development Fund.

The GCC Development Fund will be in addition to the Government project budget allocations.

Fiscal Policy

Bahrain’s budget deficit has grown in recent years due to a counter-cyclical policy of ensuring continued diversification of investment and public support during a period of low oil prices. However, Bahrain is increasingly focused on ensuring prudent fiscal management and sustainability through reducing expenditure levels, fiscal diversification and fiscal consolidation.

The main objectives of Bahrain’s general budget for the years 2017-2020 are:

- implementation of the Government action plan 2015-2018;
- developing economic initiatives by focusing on certain key sectors with high growth potential;
- implementing fiscal consolidation measures in connection with:
 - developing new non-oil revenue streams;
 - recovering costs on existing Government fees and services;

- reducing Government expenditures; and
- redirecting Government subsidies to target lower-income segments of the population.

Although oil continues to play an important role in Bahrain's economy, the Government continues to focus on (i) reducing subsidies and (ii) further increasing non-oil revenues through various initiatives. Developing non-oil streams of revenue has involved the introduction of new fees and charges across a number of sectors. To date, the Government has approved and implemented increases on special commodities, sand extraction, new commercial registration fees, as well as the recovery of government services costs through other revenue initiatives and capital contributions.

In addition, the table below sets out details of certain initiatives approved and implemented in 2015, 2016 and 2017, which are estimated to have a financial impact of U.S.\$479.3 million *per annum*.

Initiative	Implementation Date	Estimated Revenue/Savings for a one-year cycle from the implementation date
Implemented 100% fees on special commodities	March 2016	U.S.\$199.2 million
Implemented commercial registration fees	September 2017	U.S.\$117.0 million
Increased and implemented new custom services fees	May 2017	U.S.\$67.0 million
Imposed a price on sand extraction equivalent to U.S.\$1.3 per cubic metre	February 2016	U.S.\$6.9 million
Amended the regulations for land and real estate registration	January 2017	U.S.\$37.2 million
Amended public health fees for companies	May 2016	U.S.\$8.8 million
Removed medication subsidies for foreigners	January 2017	U.S.\$5.3 million
Implemented fees on the sales of special number car plates	April 2017	U.S.\$5.3 million
Reviewed and amended Telecommunication Regulatory Authority fees	June 2017	U.S.\$4.5 million
Imposed fees on the examination and marking of precious metals	January 2017	U.S.\$4.0 million
Imposed fees on material laboratory services and research, development and consultancy services	August 2016	U.S.\$3.5 million
Imposed new licensing fees on sand-mining and reclamation	May 2016	U.S.\$1.5 million
Modified judicial and attorney fees	September 2016	U.S.\$2.1 million
Reviewed outpatient fees to cover the cost of medical consultations	January 2017	U.S.\$2.1 million
Implemented fees on prequalification of certifications for engineering contractors	June 2017	U.S.\$1.9 million
Increased hotel services fees from 5% to 10%	January 2016	Redirected to decrease the Bahrain Tourism and Exhibition Authority's expenditure budget
Increased fixed fees for both electricity and water, from U.S.\$1.1 to U.S.\$5.3 per account on a monthly basis	March 2016	Redirected to decrease the Electricity and Water Authority's expenditure budget
Recovery of costs in relation to the main services provided by the National Health Regulatory Authority	August 2016	U.S.\$1.3 million
Implemented collection fees for Bahrain Chamber of Industry and Commerce	January 2017	U.S.\$0.5 million

Initiative	Implementation Date	Estimated Revenue/Savings for a one-year cycle from the implementation date
Amended fees for engineering professions	January 2017	U.S.\$0.3 million
Imposed fees on main land subdivision services	November 2016	U.S.\$2.7 million
Imposed fees on partial land subdivision services	November 2016	U.S.\$0.5 million
Amended fees for engineering professions	January 2017	U.S.\$0.3 million
Imposed fees on main land subdivision services	November 2016	U.S.\$2.7 million
Imposed fees on partial land subdivision services	November 2016	U.S.\$0.5 million
Reclassification of industrial locations' rent fees	December 2015 ⁽¹⁾	U.S.\$7.7 million
Regulated the activities of extracting pearls ⁽²⁾	April 2017	—
Implemented monthly fees on foreign employers for their professional/business activities ⁽²⁾	June 2017	—
Identified the classifications and mechanism for recovering the cost of establishing and developing infrastructure in the existing reconstruction areas ⁽²⁾	June 2017	—
Amended building permit fees and insurance fees ⁽²⁾	January 2017	—

Notes:

(1) Implementation is ongoing.

(2) Estimated revenue/savings as a result of the implementation of the initiative are to be determined.

In addition to these initiatives listed above, on 8 February 2016, the Government announced an increase in the import duty on alcohol from 125% to 225%, and on tobacco from 100% to 200%.

Subsidies

The Government has been pro-active in realigning public subsidies so that they target those most in need of them. Working in conjunction with the World Bank, the Government has identified the best options to redirect food subsidies by introducing a means-tested monthly financial transfer, saving up to U.S.\$50.5 million *per annum*. The Government has committed to raising the gas price by U.S.\$0.25 per year, starting from 2015 through 2021 until it reaches U.S.\$4.0 per MMBtu, which is projected to realise a saving of almost U.S.\$930 million over six years. In addition, re-categorisations of utilities' subsidies are expected to generate savings of over U.S.\$1,679.1 million. Increases in oil and gas prices are expected to save up to U.S.\$1,172.2 million by 2021. See "*Economy of the Kingdom of Bahrain—Principal Sectors of the Economy—Mining—Aluminium*".

Bahrain is in the process of implementing value added tax in line with other GCC countries and expects such implementation to be completed in 2018 with a grace period up to 2019. Value added tax will be unified between GCC countries at a rate of 5% across all sectors, with certain exceptions in each member state.

The following changes to Government subsidies were approved by the Government in 2015 and 2016, and are estimated by the Government to result in savings of U.S.\$854.7 million in 2017, and are expected to increase to savings of

U.S.\$1,679.1 million from 2021 onwards, following the completion of a gradual reduction in subsidies by 2021 as set out below.

Subsidy	Progress	Implementation Date	Estimated Revenue/Savings per annum from 2017 onwards
Food subsidies	Cancelling the meat subsidy and cancelling the provision of monthly financial allowance to over 181,000 Bahraini families.	October 2015	Estimated savings of U.S.\$50.5 million.
Food subsidies - Total			Estimated savings of U.S.\$50.5 million.
Oil & Gas	Increasing gas prices from U.S.\$2.25 to U.S.\$2.50, with an increase of U.S.\$0.25 every year until 2021.	April 2015	Estimated revenue in 2017 of U.S.\$372.8 million, increasing to U.S.\$930.0 million by 2021.
	Amending marine petrol station prices	March 2015	Estimated savings of U.S.\$2.7 million.
	Gradual increase in diesel prices	January 2016	Estimated savings in 2017 of U.S.\$37.2 million, increasing to U.S.\$74.5 million by 2019.
	Gradual increase in kerosene prices	January 2016	Estimated savings in 2017 of U.S.\$13.3 million, increasing to U.S.\$16.0 million by 2019.
	Increase to Mumtaz fuel prices, from U.S.\$0.27 to U.S.\$0.43	January 2016	Estimated savings of U.S.\$106.4 million.
	Increase to Jayyed fuel prices, from U.S.\$0.21 to U.S.\$0.33	January 2016	Estimated savings of U.S.\$42.6 million.
Oil & Gas - Total			Estimated revenue in 2017 of U.S.\$575.5 million, increasing to U.S.\$1,172.2 million by 2021.
Electricity & Water	Removing the electricity subsidy for all consumers with the exception of nationals with one account	March 2016	Estimated savings in 2017 of U.S.\$152.1 million, increasing to U.S.\$307.9 million by 2019.
	Removing the water subsidy for all consumers with the exception of nationals with one account.		Estimated savings in 2017 of U.S.\$77.1 million, increasing to U.S.\$148.4 million by 2019.
Electricity & Water - Total			Estimated savings in 2017 of U.S.\$229.2 million, increasing to U.S.\$456.4 million by 2019.
Total Financial Impact			Estimated revenue in 2017 of U.S.\$854.7 million, increasing to U.S.\$1,679.1 million by 2021.

Source Ministry of Finance

Efficiency savings are also being introduced to streamline the size and cost of the Government. The number of ministries has been reduced from 18 to 16 while a number of Government entities have been merged. Several ministerial working committees have been established to reduce bureaucracy costs of running government departments and organisations, as well as investing in sophisticated information technology to achieve increased productivity.

The total value of the savings from the recent developments to public finance described above are expected by the Government to yield an annual saving of approximately U.S.\$1.5 billion per year (4.4% of GDP), which is expected to assist in alleviating the fiscal challenges presented by the decrease in oil prices. Further fiscal consolidation measures are currently being discussed with the Government. See “*Risk Factors—Risk factors relating to the Kingdom—Bahrain’s social spending is sometimes recorded off-budget, and Bahrain’s fiscal deficit and debt ratio may not be fully reflective of all of the Government’s obligations*”.

In order to control growth of current public spending, the Government has launched the design and implementation of a fiscal sustainability framework and strategy. This process includes the design of a medium-term fiscal strategy and funding plan, a fiscal reform plan and implementation plan and the creation of a fiscal reform unit in charge of implementing the fiscal reform plan and overseeing and monitoring the implementation of fiscal reforms. The Government has also established six ministerial teams which seek to revise and reduce the recurrent expenditures in the following areas:

- Government buildings maintenance contracts and expenditures, headed by the Minister of Works, Municipalities and Urban Planning;
- Travel and transportation expenditures, headed by the Minister of Transportation and Telecommunications;
- Rental contracts for buildings occupied by government entities, headed by Minister of Industry, Commerce and Tourism;
- Printing, advertising and stationary expenditures, headed by Minister of Information and Shura and Representatives Council Affairs;
- IT, telecommunications and electronic systems contracts and expenditures, headed by the E-Government Authority Chief Executive; and
- Medical and drugs supplies expenditures, headed by the Undersecretary of the Ministry of Health.

Fiscal Consolidation

In its effort to reduce and control expenditure levels, the Government has approved a number of fiscal consolidation measures that were passed by Parliament in the 2017/2018 Budget. These measures include the following:

- Manpower Expenditure Measures: freezing incentives, bonuses and non-core allowances for civil servants, while also reducing promotion and training budgets by 75%, as compared to 2016 levels;
- Other Recurrent Expenditures of Ministries & Government Entities: a reduction of a maximum of 15%, as compared 2016 levels; and
- Projects Expenditures: a reduction of over 25%, as compared to 2016 levels.

Also, during 2017, a committee headed by a Deputy Prime Minister has been formulated to look into restructuring the Government sector; this committee is currently preparing the proposals which will be discussed by the cabinet.

Revenue

Total revenues for the years ended 31 December 2013, 2014, 2015 and 2016 and budgeted revenues for 2016, 2017 and 2018, as well as actual revenues for the six months ended 30 June 2017 are set forth below.

	2013	2014	2015	2016	2016	2017	H1	2018
	Actual	Actual	Actual	Budget	Actual	Budget	2017⁽¹⁾	Budget
	<i>(U.S.\$ millions)</i>							
Oil and gas	6,915	7,081	4,241	4,674	3,820	4,589	2,112	4,777
Non-oil and gas	914	1,136	1,190	1,117	1,227	1,364	658	1,530
Of which:								
Taxation and fees	595	540	596	518	632	— ⁽²⁾	346	— ⁽²⁾
Government goods and services.....	140	143	199	189	223	— ⁽²⁾	112	— ⁽²⁾
Government investment and properties	47	219	222	245	134	— ⁽²⁾	70	— ⁽²⁾

Total	7,829	8,217	5,431	5,791	5,047	5,953	2,770	6,307

Notes:

- (1) 80% of custom duties on tobacco revenues in 2017 were removed to account for reconciliation.
(2) Budget line items are not available.

Source: Ministry of Finance

The principal source of revenue for the last four years has been, and is expected to be in 2017, the oil and gas industry, which is highly dependent on world oil prices. In 2013, 2014, 2015 and 2016, revenues from the oil industry represented 88.3%, 86.2%, 78.1% and 75.7%, respectively, of total revenue.

In 2013, 2014, 2015 and 2016, taxation and fees revenue represented 7.6%, 6.6%, 11.0% and 12.5%, respectively, of total revenue.

Other significant sources of revenue include custom duty, primary health care services fees, visa fees, residence permits, car licences, company registration fees and fees for employment permits.

Revenue from Government goods and services (the other significant non-oil contributor to total revenue) principally comprise port charges, airport taxes and airspace use fees.

Revenue from Government investments and properties principally comprise dividends earned on the Government's shareholdings, as well as grants (being amounts paid annually to Bahrain by other GCC countries). The Government's major domestic shareholdings as at 30 June 2017 were its 100% shareholding in each of its holding companies, Mumtalakat and nogaholding. A full description of Government equity holdings in various local and foreign companies is set forth below.

Mumtalakat

Mumtalakat is the investment arm of Bahrain, and was established in June 2006 by Royal Decree as an independent holding company for the Government's key commercial assets.

Mumtalakat manages its portfolio of companies with the objective of enhancing their performance and returns. Furthermore, it actively seeks to invest in commercially sound and sustainable opportunities locally, regionally and internationally. Mumtalakat has shareholdings in strategic commercial assets of Bahrain, which are significant contributors to the Bahraini economy and support directly and indirectly many other businesses in the country and the region.

Mumtalakat's portfolio of companies includes a wide variety of commercial entities across a broad range of industry sectors, including industrial manufacturing, financial services, telecommunications, real estate, aviation, tourism, and food production. Companies such as Alba, Gulf Air, Batelco and National Bank of Bahrain ("NBB"), represent some of the largest and most established businesses in Bahrain, with multiple decades of operating history and a track record of leadership and innovation within their industries. Mumtalakat was created to align and implement the execution of the Government's initiatives to improve governance and transparency, pursue value-enhancing opportunities, and help

achieve operational excellence for its key state-owned commercial assets. The company is wholly-owned by the Government.

As at 30 June 2017, Mumtalakat has minority and majority shareholdings in more than 55 commercial enterprises and held investments in third party managed funds.

The following companies are subsidiaries of Mumtalakat as at 30 June 2017.

Company	Equity holding
	(%)
Aluminium Bahrain B.S.C. (Alba)	69.4
Atbahrain B.S.C (c)	100.0
Bahrain Flour Mills Company B.S.C.....	65.7
Bahrain National Dredging Company B.S.C. (c)	100.0
Bahrain Institute for Pearls and Gemstones (DANAT) B.S.C. (c)	100.0
Bahrain International Circuit Company S.P.C.....	100.0
Bahrain Real Estate Investment Company (Edamah) B.S.C (c)	100.0
General Poultry Company B.S.C (c)	100.0
Gulf Air Holding B.S.C (c) ⁽¹⁾	100.0
Gulf Technics Co. B.S.C (c).....	100.0
MAZAD B.S.C. (c)	100.0
Southern Tourism Company B.S.C (c).....	100.0
Southern Area Development Company B.S.C (c)	55.9

Note:

(1) Gulf Air Holding B.S.C(c) owns 100% stakes in Gulf Air B.S.C(c), Bahrain Airport Company S.P.C, and Gulf Aviation Academy B.S.C(c)

Source: Mumtalakat

Mumtalakat also holds equity stakes in over 45 other companies in various industries around the world.

Mumtalakat achieved a consolidated net income of U.S.\$183.2 million for the year ended 31 December 2016, as compared to a consolidated net income of U.S.\$76.4 million for the year ended 31 December 2015, despite a reduction in operating income from U.S.\$330.9 million for the year ended 31 December 2015 to U.S.\$223.7 million for the year ended 31 December 2016. The decrease in operating income in 2016 is primarily due to a decline in the official London Metal Exchange price of aluminium.

Group revenue declined by U.S.\$0.33 billion, or 12.4%, from U.S.\$3.11 billion in 2015 to U.S.\$2.72 billion in 2016. This decrease was primarily due to lower sales revenues registered at Alba, which was due, in turn, to a decline in the official London Metal Exchange prices of aluminium. Mumtalakat is chaired by H.E. Shaikh Khalid bin Abdulla Al Khalifa, Deputy Prime Minister and is led by CEO Mahmood H. Al Kooheji. Mr. Al Kooheji played an instrumental role in the establishment of Mumtalakat and acted as deputy CEO of Mumtalakat since its inception, and became CEO in 2012. Mr. Al Kooheji is actively involved in the management of Mumtalakat’s portfolio and sits on several boards including Mumtalakat, Durrat Khaleej Al Bahrain Company, the Arab Petroleum Investment Corporation (“**APICORP**”), Bahrain Real Estate Investment Co. (Edamah), Arcapita Group, Governors of the Royal College of Surgeons in Ireland and Bahrain, McLaren Automotive Limited and McLaren Group Limited.

Mr. Al Kooheji served as the chairman of the board of directors of Alba from 2008 to 2014. As the Chairman, he led the company’s restructuring in 2009 and the listing of 10% of its shares on both the London and Bahrain stock exchanges in 2010.

Alba

Alba is one of Mumtalakat’s key portfolio companies and a significant economic contributor to Bahrain. In November 2010, Mumtalakat conducted an offering of a portion of its ordinary shares in Alba (the “**Alba Offering**”). The Alba Offering enabled Mumtalakat, as selling shareholder, to sell ordinary shares (“**Alba Ordinary Shares**”) that it owned in Alba, representing 10.0% of Alba’s total issued, fully paid and outstanding share capital. The Alba Ordinary Shares are listed on the Bahrain Bourse and global depository receipts are listed on the London Stock Exchange. As a consequence of the Alba Offering, Mumtalakat holds a 69.38% equity shareholding in Alba. SABIC continues to hold a 20.62% equity shareholding in Alba.

A feasibility study, which Alba commenced in December 2012, to assess the commercial viability of expanding its production capacity by supplementing its five existing potlines with Line 6 was completed in the first half of 2014. In June 2015, Alba’s Board approved the Line 6 expansion project and, in November 2015, Alba secured the natural gas

supply for the project. Line 6 is expected to begin production in early 2019 and is expected to add approximately 540,000 tonnes to Alba's existing capacity of 936,000 tonnes of aluminium per year. The capital expenditure estimate for constructing Line 6, replacing and expanding the power capacity of the existing power plant facilities, is expected to be approximately U.S.\$3 billion, which Alba will finance without Government assistance. In October 2016, Alba entered into a U.S.\$1.5 billion syndicated term-loan facility, comprising of a conventional facility and an Islamic facility. In April 2017, Alba secured commitments of approximately U.S.\$700 million from ECA supported facilities. See "*Economy of the Kingdom of Bahrain—Principal Sectors of the Economy—Manufacturing—Aluminium.*"

Gulf Air

Since January 2012, Mumtalakat and the Government have been working closely with Gulf Air and its strategic advisers to review and reformulate Gulf Air's strategy in light of changed circumstances by focusing on cost reduction and rationalisation of business operations. A five-year business plan detailing the restructuring of Gulf Air's operations, along with a detailed assessment of the Government funding required to achieve the restructuring, was considered, analysed and presented to the Government and to a parliamentary sub-committee. The five-year plan received final approval pursuant to Royal Decree № (54) of 2012 and the Government began transferring funds to the airline to support its restructuring. Since the commencement of the restructuring programme, the amount of Government funding provided to Gulf Air totalled U.S.\$1,263 million as at 31 December 2016 (including U.S.\$34 million yet to be paid from the 2016 budget). Gulf Air received U.S.\$492 million in 2012, U.S.\$253 million in 2013, U.S.\$199 million in 2014 and U.S.\$173 million in 2015 and U.S.\$146 million in 2016 and is expected to receive a further BD 30 million from the Government in each of 2017 and 2018. The decrease in funding has been due to the positive impact the restructuring has had on Gulf Air. However, the 2016 was a particularly tough year for the airline industry in the region and Gulf Air recorded a drop in its net income to U.S.\$10.6 million for the year (from U.S.\$176.6 million during 2015). See "*Risk Factors—Risk factors relating to the Kingdom—Restructuring of Gulf Air*".

In November 2012, a new board of directors and an executive restructuring committee were appointed at Gulf Air to manage the implementation of its restructuring. The restructuring plan involved rationalisation of the airline's route network, a reduction in its fleet by retiring/returning surplus aircraft, and improving its in-flight product offering. Gulf Air has stopped operations to some destinations in Europe, the Indian Subcontinent and the Far East which were highly unprofitable. Gulf Air currently operates a fleet of 28 aircraft comprising 22 narrow-bodied aircraft and six wide-bodied aircraft.

In January 2016, Gulf Air ordered 29 Airbus A320 aircrafts (including 17 A321neo, 12 A320neo aircrafts) and 10 B787 aircraft from Boeing, in line with its goals to modernise its fleet to more fuel efficient aircrafts. The aircrafts are expected to be delivered starting in 2018.

nogaholding

NOGA was formed in 2005 out of the structural reform of Bahrain's oil and gas industry, and was entrusted with the responsibilities of the former Supreme Oil Council, the former Gas Committee and the former Ministry of Oil. NOGA is a political body responsible for protecting the assets of the Government by acting as the oil and gas industry regulator, and proposing and implementing Government policy.

nogaholding is a wholly-owned subsidiary of NOGA. It is an investment holding company of the Government which invests in various oil and gas companies in which the Government has a strategic interest. nogaholding oversees the activities of its various portfolio companies (details of which are set out in the table below) by liaising and consulting with the board of directors, chief executives and senior executive managements of such companies.

Portfolio companies have a track record of paying annual dividends to nogaholding. In 2012, nogaholding received dividends totalling U.S.\$253.6 million, and paid a dividend of U.S.\$150 million to the Ministry of Finance. In 2013, nogaholding received dividends totalling U.S.\$178.3 million, and did not pay any dividends to the Ministry of Finance in view of the additional future equity requirements of nogaholding as a result of planned operating company development projects and other planned investments, including in the Bapco Modernisation Programme and the pipeline between Saudi Arabia and Bahrain. In 2014, nogaholding received a U.S.\$146 million aggregate dividend and paid a dividend of U.S.\$150.0 million to the Government. In 2015, although dividends were declared, nogaholding did not receive a cash dividend from its operating companies, however, it paid a U.S.\$150 million dividend to the Government. Given the medium- to long-term nature of the ongoing projects, as well as in respect of any future projects, and the need to fund its respective equity requirements, nogaholding did not pay dividends in 2016. nogaholding is in discussions with the Government in respect of any dividends to be paid to the Government in 2017 and in the next several years, as it embarks on the Bapco Modernisation Programme. In 2015, nogaholding did not receive dividends from two of its portfolio companies, Banagas and Banagas Expansion Company, due to falling oil prices and the equity requirements of those

portfolio companies. nogaholding also did not receive dividends from Banagas and Banagas Expansion Company in 2016.

As of 30 June 2017, nogaholding had outstanding debt of U.S.\$265.5 million, Banagas Expansion Company had outstanding debt of U.S.\$117.0 million and Bahrain LNG, an associate of nogaholding, had outstanding debt of U.S.\$79 million, which is guaranteed by nogaholding.

In March 2016, nogaholding obtained a multi-bank Murabaha Financing Facility of U.S.\$570 million from a group of 10 international, regional and local banks. The proceeds from the facility are proposed to be utilised to fund the construction of the oil pipeline between Saudi Arabia and Bahrain, and other projects. nogaholding's portfolio companies are currently involved in a number of major projects. Banagas is undertaking a significant expansion project (Bahrain Gas Plant Project—CGP III) to further increase gas processing capacity within Bahrain for the production of marketable natural gas liquids. Also, nogaholding has entered into a joint venture for development of a LNG import terminal project for the Kingdom of Bahrain. The project will comprise offshore receiving and regasification facility, gas pipeline and onshore gas receiving facility.

NOGA has further plans to increase access to gas in order to meet increased gas requirements resulting from the possible expansion of GPIC, Alba, and the Bahrain oil refinery.

nogaholding's portfolio companies are currently involved in a number of major projects. In particular, NOGA has entered into a joint venture between nogaholding, Occidental and Mubadala, to form the Tatweer Petroleum joint venture. See "*Economy of the Kingdom of Bahrain—Principal Sectors of the Economy—Mining—Oil Production*". On 1 July 2016, nogaholding increased its equity holding in Tatweer Petroleum to 100%. Under the terms of the acquisition, nogaholding's liability in relation to exit costs is capped at U.S.\$150 million.

With respect to gas, Tatweer Petroleum has the responsibility of expanding Bahrain's production to 22.5 billion standard cubic feet per day by 2023, which is expected to satisfy the current and projected future electricity and water demand for Khuff gas.

Offshore and deep drilling projects are ongoing, but alternate plans such as importing gas from overseas, implementing energy conservation measures, and purchasing electricity from the GCC grid are also either underway or being developed.

The table below sets out companies in which nogaholding holds equity as at 31 December 2013, 2014, 2015, 2016 and 30 June 2017.

Company	As at 31 December				As at 30 June
	2013	2014	2015	2016	2017
	(%)

Recurrent Expenditure

The following table shows the structure of the Government recurrent expenditure budget (which includes debt service) for the years indicated.

	<u>2012</u>	<u>2013</u>	<u>2014</u>	<u>2015</u>	<u>2016</u>	<u>2017</u>
	<u>Actual</u>	<u>Actual</u>	<u>Actual</u>	<u>Actual</u>	<u>Actual</u>	<u>Budget</u>
	<i>(U.S.\$ millions)</i>					
Manpower	3,202	3,459	3,668	3,802	3,801	— ⁽¹⁾
Services	489	561	593	634	579	— ⁽¹⁾
Consumables	293	349	393	349	356	— ⁽¹⁾
Assets	82	82	97	81	78	— ⁽¹⁾
Maintenance	162	177	184	160	178	— ⁽¹⁾
Transfers	1,547	1,848	1,940	1,778	1,626	— ⁽¹⁾
Grants, subsidies and payment ⁽¹⁾	938	1,177	1,360	1,484	1,684	— ⁽¹⁾
Total	<u>6,712</u>	<u>7,652</u>	<u>8,235</u>	<u>8,287</u>	<u>8,302</u>	<u>8,643</u>

Notes:

- (1) 2017 budget line item figures are not available.
- (2) Payments on interest constitute the major part of recurrent expenditure under the heading "Grants, subsidies and payment of interest". Payments on interest constituted 42.7% of grants, subsidies and payments of interest expenditure in 2012, 43.5% in 2013, 44.5% in 2014, 48.3% in 2015, and 57.2% in 2016.

Source: Ministry of Finance

Recurrent expenditure on manpower (principally comprising wages and pension contributions) is the most significant part of Government recurrent expenditure. In 2013, 2014, 2015 and 2016 manpower expenditure comprised 45.2%, 44.5%, 45.9%, and 45.8%, respectively, of total recurrent expenditure. The principal employers within the Government sector in Bahrain are the Ministries of Interior, Education, Health and Defence, which between them accounted for 80.0% in 2013, 80.0% in 2014, 80.5% in 2015 and 80.9% in 2016 of total employers.

Services expenditure covers, *inter alia*, rent, expenditure on utilities such as electricity, water, telephones, postage, insurance, communication, travel, and the staging of conferences and exhibitions. Consumables include fuel, medical supplies, general supplies and materials, and printing and stationery. The major consumers of services are the Ministries of Health, Education, Defence, and Interior, which between them accounted for 64.3% in 2013, 64.3% in 2014, 60.2% in 2015, and 55.9% in 2016 of total consumers of services.

The Electricity and Water Authority (which commenced independent accounting operations in January 2009 and was formerly known as the Ministry of Electricity and Water) accounted for approximately 10% of recurrent expenditure in 2015. The major users of consumables in 2013, 2014, 2015 and 2016 were the Ministries of Health, Defence, Interior, and Sheikh Mohamed bin Khalifa Specialist Heart Centre and the King Hamad Hospital and which between them accounted for 91.0%, 91.8%, 92.3% and 92.1% of total consumables in 2013, 2014, 2015 and 2016, respectively.

The principal transfers are to the local authorities in Bahrain, the Electricity and Water Authority, Bahrain University, Bahrain Polytechnic and, accounts and government contributions. Transfers to the Electricity and Water Authority amounted to 50% in 2013, 48% in 2014, 49% in 2015 and 44% in 2016.

In accordance with Vision 2030, the Government aims to reduce its dependence on oil revenues for funding recurrent expenditure. It aims to achieve this by generating additional sources of revenue and cutting inefficient spending. Subsidies for water, electricity, gasoline and food will be targeted to reduce costs. See "Fiscal Policy" above. By funding the majority of its day-to-day expenditure from recurrent revenue (independent of oil), the Government believes it will be able to apply oil revenues for the benefit of future generations.

Project Expenditure

The following table shows the structure of the Government's project expenditure for the years indicated.

	<u>2014</u>	<u>2015</u>	<u>2016</u>	<u>2017</u>	<u>2018</u>

Note:

(1) Includes roll over from roll over from 2016 in addition to the project expenditure agreed in the 2017/2018 budget.

Source: Ministry of Finance

The project expenditure is financed through the general budget. The actual projects expenditure for 2016 was U.S.\$1,092.8 million.

Project expenditure with Government funds principally consist of housing projects, road improvements and maintenance and construction of new roads, the improvement and development of storm-water and waste-water networks and construction and healthcare projects. A number of projects are funded from the GCC Development Fund, including housing, road and other major infrastructure projects. See “—Government Budget—Budget revenues and expenditures—Non-budget expenditures”.

Housing: Since 2012, Bahrain has entered into a series of PPPs for the development of major housing projects. These projects include the construction and development of housing units including the Al Madina Al Shamaliya, the East Hidd and the Al Dur (Southern Governorate) housing projects. The estimated cost of these projects is approximately U.S.\$2.6 billion, of which U.S.\$677 million is expected to be funded through the budget (with the remainder to be funded through GCC funding).

Roads and Transport: Since 2014, Bahrain has implemented a series of road projects aimed at developing Bahrain's main road network, focusing on projects complementing the traffic and connectivity requirements generated by new and future housing projects. Since 2014, various road projects have commenced relating to the improvement and upgrade of the Sh Khalifa bin Salman Highway, the Sh Jaber Al Ahmed Al Sabah Highway, the Muharraq ring road and the Jasra interchange. Further projects are being planned in relation to the Bahrain Northern Highway, Budaiya Highway, Sh Isa bin Salman Highway and Shaikh Zayed Highway.

Bahrain has also taken steps to improve transport and international connectivity. For example, the Bahrain Airport Company is developing a new passenger terminal building at Bahrain International Airport. The project is a part of the airport modernisation programme, a comprehensive development plan designed to improve the infrastructure and services at the airport to cater to future aviation needs. See “Economy of the Kingdom of Bahrain—Principal Sectors of the Economy—Other Services—Transport and Construction”.

Water: Bahrain has taken steps to improve the quality of its water and sanitation. The Tubli Sewage Treatment Plant expansion project, which is expected to double the processing capacity of the plant to 400,000 cubic meters per day, is expected to be started by 2017 and is estimated to cost U.S.\$229 million.

Healthcare: Additionally, Bahrain is in the process of expanding its healthcare industry with the aim of becoming a leading healthcare destination in the region through planned projects for the development of state of the art oncology and cardiac treatment centres. The planned projects include the launch of new specialised medical centres managed by world renowned experts using the latest treatments, medical techniques and technology available to enhance medical care in Bahrain and in the region as a whole. Improving the health sector is amongst the Government's top priorities and aligns with Bahrain's fiscal policy of economic diversification. See “—Fiscal Policy” for more details on Bahrain's economic diversification plans.

The oncology treatment centre is expected to open in 2018. It includes 120 beds and provides both in- and out-patient facilities, palliative care bone marrow transplant and the latest radiotherapy treatments (including linear accelerator and, standard, stereotactic and proton beam). The total cost of the project is estimated at U.S.\$54.0 million.

The cardiac treatment centre is expected to consist of 148 beds situated in a new site in Awali, adjacent to the existing Awali Hospital, and to include imaging, CSSD and a chest pain clinic. The total cost of the project is estimated at U.S.\$150 million, will be funded by the Abu Dhabi Fund and is expected to be completed in 2019.

INDEBTEDNESS

The CBB manages the issue of foreign and domestic debt for, and on behalf of, the Ministry of Finance.

The Certificates offered by this Prospectus are authorised under Legislative Decree № (21) of 2017 (the “**2017 Decree**”). The 2017 Decree establishes Bahrain’s debt ceiling in respect of certain borrowings at U.S.\$34,574.5 million in principal amount outstanding at any time (as increased in July 2017), of which U.S.\$23,667.0 million was utilised and U.S.\$10,907.5 million remained available as at 31 August 2017. Certain additional amounts have been authorised pursuant to separate decrees that do not apply towards the ceiling. See “—*External Government Debt*” and “—*Domestic Government Debt*”.

As at 31 August 2017, Bahrain’s total outstanding debt (comprising its total external debt and its total domestic debt, but excluding debt of the government related entities) amounted to U.S.\$25,089.1 million, of which U.S.\$12,805.9 million was denominated in Bahraini dinars and U.S.\$12,283.2 million was denominated in foreign currencies.

During the last 12 years, Bahrain has paid all principal and interest payments in respect of its outstanding borrowings when they fell due and has not entered into any restructuring arrangements with its creditors to defer the repayment of its borrowings.

The principal strengths noted by the rating agencies are the Government’s prudent fiscal policy (including its programme with its fiscal consolidation plans), its general government net asset position, its monetary stability, well-developed financial system, structural reform targeting sustained economic diversification, strong regulatory oversight of its financial sector and well-educated workforce. See “*Risk Factors—Risk factors relating to the Kingdom—Political considerations relating to Bahrain*” and “*Risk Factors—Risk factors relating to the Kingdom—Bahrain’s sovereign credit rating is subject to revision and downgrade*”.

The following table sets out the Government’s total outstanding borrowing (excluding debt of the government related entities) as at the dates indicated.

	As at 31 December				As at 31 August 2017
	2013	2014	2015	2016	
	<i>(U.S.\$ millions, except where indicated)</i>

Notes:

- (1) U.S.\$401.1 million outstanding under long-term loans from regional development funds and institutions as at 30 June 2017 are not included in the calculation of Bahrain's current debt ceiling because they are covered under several decrees over the years for specific project-based borrowing from GCC funds and the Islamic Development Bank.
- (2) U.S.\$750.0 million outstanding under International Islamic Leasing Securities Issue № 1 as at 31 March 2012 was authorised under Legislative Decree №(23) of 2009 and is not included in the calculation of Bahrain's current general debt ceiling. This debt was subsequently repaid in June 2014.
- (3) Conducted as a private placement.

Source: Ministry of Finance

Each of the loans from the International Development Funds set forth in the above table relates to one or more specific projects and has typically included a significant grace period before any payments under it are required to be made. None of the loans are secured.

The following table sets out the total external debt maturing in each of the years stated.

	Amount of debt to be re-paid in each year	Total External Debt
	<i>(U.S.\$ millions)</i>	
As at 31 August 2017.....	—	12,283.2

Source: Ministry of Finance

The total outstanding external debt as at 31 August 2017 was U.S.\$12,283.2 million. The majority of the Government's external debt as at 31 August 2017 was denominated in GCC currencies and in U.S. Dollars. The current average maturity of the external debt is approximately 14 years.

Domestic Government Debt

The table below shows a breakdown of Bahrain's domestic debt as at the dates indicated.

	As at 31 December				As at 31
	2013	2014	2015	2016	August 2017
	<i>(U.S.\$ millions)</i>				
Treasury bills (three month).....	1,196.0	1,196.8	1,861.7	1,861.7	1,861.7
Treasury bills (six month).....	478.7	478.7	558.5	558.5	558.5
Treasury bills (12 months).....	1,329.8	1,595.7	2,127.7	2,327.1	2,593.1
Al Salam Islamic securities (three month)...	287.2	287.2	343.1	343.1	343.1
Islamic leasing securities.....	1,648.9	1,542.6	2,835.1	2,303.2	2,210.1
Syndicated loans ⁽¹⁾	41.6	25.0	8.3	0.0	0.0
Development bonds.....	2,885.7	2,885.6	3,284.6	4,973.4	5,239.4
Gross domestic debt	7,867.9	8,011.6	11,019.0	12,367.0	12,805.9
Held by SIO.....	550.5	484.8	690.7	538.3	376.3

Net domestic debt	7,238.7	7,522.0	10,197.6	11,773.9	12,382.8

Note:

(1) Syndicated loans are not included in Bahrain's current debt ceiling because these are syndicated loans covered under Decree № (21) of 1997; Decree №(18) of 2002 in respect of debt covering Hidd Phase I, Hidd Phase II, and Abu Saafa Expansion projects respectively.

Source: Ministry of Finance

Bahrain's gross domestic debt amounted to U.S.\$7,867.9 million in 2013 (24.2% of Bahrain's 2013 GDP at current prices), U.S.\$8,011.6 million in 2014 (24.0% of Bahrain's 2014 GDP at current prices), and U.S.\$11,019.0 million in 2015 (35.4% of Bahrain's 2015 GDP at current prices), U.S.\$12,367.0 million in 2016 (38.8% of Bahrain's 2016 GDP at current prices) and U.S.\$12,805.9 million as at 31 August 2017 (39.4% of Bahrain's expected GDP at current prices). This debt is principally in the form of short-term treasury bills and Islamic securities, medium and long-term development bonds, medium-term Islamic leasing securities, and two long-term syndicated loans.

The following table sets out the average interest rates payable in 2017 in relation to Bahrain's domestic debt.

	<u>Average Interest Rate</u>
	(%)
Short-Term Domestic Debt	
Treasury bills (three month).....	2.2
Treasury bills (six month).....	2.3
Treasury bills (12 months).....	3.0
Al Salam Islamic securities (three month).....	2.2
Islamic leasing securities (six month).....	2.3
Long-Term Domestic Debt	
Development bonds	4.5
Islamic leasing securities	4.4

Source: Ministry of Finance

Bahrain's treasury bills have maturities of three, six and 12 months and its short-term Islamic securities have maturities of three and six months. These securities are issued by the CBB and are used as a tool to manage liquidity. Bahrain uses the proceeds of its Islamic leasing securities for funding projects.

A significant proportion of Bahrain's domestic debt is held by commercial banks, Bahrain's Social Insurance Organisation and by Government pension funds. As a result, Bahrain's net domestic debt amounted to U.S.\$7,238.7 million as at 31 December 2013, U.S.\$7,552.0 million as at 31 December 2014, U.S.\$10,197.6 million as at 31 December 2015, U.S.\$11,773.9 million as at 31 December 2016 and U.S.\$12,382.8 million as at 31 August 2017.

The Government has no contingent liabilities in respect of its domestic debt. None of Bahrain's short-term trade finance is recorded as domestic debt. The 2017 Decree establishes a ceiling for Bahrain's debt in the form of development bonds, treasury bills and financing instruments that are compliant with Islamic Shari'a, and such ceiling is currently BD 13,000 million (U.S.\$34,574.5 million) in principal amount outstanding at any time (of which U.S.\$23,667.0 million was utilised and U.S.\$10,907.5 million remained available as at 31 August 2017).

TAXATION

The following summary of certain United States, EU and Bahrain tax consequences of ownership of Certificates is based upon laws, regulations, decrees, rulings, income tax conventions, administrative practice and judicial decisions in effect at the date of this Prospectus. Legislative, judicial or administrative changes or interpretations may, however, be forthcoming that could alter or modify the statements and conclusions set forth herein. Any such changes or interpretations may be retroactive and/or have retrospective effect, and could affect the tax consequences for holders of the Certificates. This summary does not purport to be a legal opinion or to address all tax aspects that may be relevant to a holder of Certificates. Each prospective holder is urged to consult its own tax adviser as to the particular tax consequences to such holder of acquiring, holding and disposing of Certificates, including the applicability and effect of any other tax laws or tax treaties, and of pending or proposed changes in applicable tax laws as of the date of this Prospectus, and of any actual changes in applicable tax laws after such date.

Kingdom of Bahrain

As at the date of this Prospectus, there are no taxes payable with respect to income, withholding or capital gains under existing Bahrain laws. Under current Bahrain laws, no Certificateholder will be deemed to be resident, domiciled or carrying on any commercial activity in Bahrain or subject to any Bahrain tax as a result only of holding any of the Certificates.

Corporate income tax is only levied on oil, gas and petroleum companies at a flat rate of 46%. This tax is applicable to any oil company conducting business activity of any kind in Bahrain, including oil production, refining and exploration, regardless of the company's place of incorporation.

There are no currency or exchange control restrictions currently in force under Bahrain law and the free transfer of currency into and out of Bahrain is permitted, subject to any anti-money laundering regulations and international regulations in force from time-to-time.

In the event that there is any material amendment or change to Bahrain law in connection with the matters referred to above, the relevant Joint Lead Manager shall notify the Certificateholders of such amendment or change in the next following report that is circulated to the Certificateholders after such amendment or change has come to the attention of the relevant Joint Lead Manager.

U.S. Federal Income Taxation

The following summary describes certain material U.S. federal income tax considerations of the ownership and disposition of Certificates that may be relevant to a U.S. Holder (as defined below). This summary applies only to U.S. Holders that purchase Certificates for cash at original issuance at the initial issue price and that will hold Certificates as capital assets. This summary is based on the provisions of the U.S. Internal Revenue Code of 1986, as amended (the “Code”), and administrative and judicial interpretations of the Code and U.S. Treasury Regulations, all as in effect as of the date of this summary, and all of which are subject to change, possibly with retroactive effect, which could affect the consequences described below. This summary has no binding effect or official status of any kind, and we cannot assure U.S. Holders that the conclusions reached below would be sustained by a court if challenged.

This summary does not address aspects of U.S. federal income taxation that may be applicable to U.S. Holders that are subject to special tax rules, such as U.S. expatriates, “dual resident” companies, banks, thrifts, financial institutions, insurance companies, real estate investment trusts, regulated investment companies, a U.S. or non-U.S. partnership or other entity treated as a partnership for federal income tax purposes, grantor trusts, individual retirement accounts and other tax-deferred accounts, tax-exempt organisations or investors, dealers or traders in securities, commodities or currencies, holders that will hold a Certificate as part of a position in a “straddle” or as part of a “synthetic security” or as part of a “hedging”, “conversion”, “integrated” or constructive sale transaction for U.S. federal income tax purposes. Moreover, this summary does not address the U.S. federal estate and gift tax, the 3.8% Medicare contribution tax applicable to net investment income of certain non-corporate U.S. Holders, and gift or alternative minimum tax consequences of the acquisition, ownership, retirement or other disposition of Certificates and does not address the U.S. federal income tax treatment of holders that do not acquire Certificates as part of the initial distribution at the initial issue price (defined below). Each prospective purchaser should consult its tax adviser with respect to the U.S. federal, state, local and foreign tax consequences of acquiring, holding, retiring or other disposition of Certificates.

For the purposes of this discussion, a “**U.S. Holder**” is a beneficial owner of the Certificates that is, for purposes of U.S. federal income taxation, (i) a citizen or individual resident of the United States, (ii) a corporation created or organised in or under the laws of the United States or any U.S. state or the District of Columbia, (iii) a trust with respect to which a court within the United States is able to exercise primary supervision over its administration, and one or more U.S. persons

have the authority to control all of its substantial decisions or a trust with a valid election in effect to be treated as a U.S. person for U.S. federal income tax purposes, or (iv) an estate the income of which is subject to U.S. federal income taxation regardless of its source.

If a partnership (including for this purpose, any entity treated as a partnership for U.S. federal income tax purposes) holds Certificates, the tax treatment of a partner generally will depend upon the status of the partner and the activities of the partnership. If a U.S. Holder is a partner in a partnership that holds Certificates, such holder is urged to consult its own tax adviser regarding the specific tax consequences of the acquisition, ownership and disposition of Certificates.

No ruling is being requested from the U.S. Internal Revenue Service (the “IRS”) and no legal opinion is being given regarding the tax consequences of investing in the Certificates and no assurance can be given that the IRS or the courts will agree with the discussions set forth herein. Investors should consult their own tax advisers in determining the tax consequences to them of holding Certificates, including the application to their particular situation of the U.S. federal income tax considerations discussed below, as well as the application of state, local, foreign or other tax laws.

THE SUMMARY OF U.S. FEDERAL INCOME TAX CONSEQUENCES SET OUT BELOW IS FOR GENERAL INFORMATION ONLY. ALL PROSPECTIVE PURCHASERS SHOULD CONSULT THEIR TAX ADVISERS AS TO THE PARTICULAR TAX CONSEQUENCE TO THEM OF OWNING THE CERTIFICATES, INCLUDING THE APPLICABILITY AND EFFECT OF STATE, LOCAL, FOREIGN AND OTHER TAX LAWS AND POSSIBLE CHANGES IN TAX LAW.

Overview

The Issuer intends to treat the Trust as a mere agency or security device which is disregarded for U.S. federal income tax purposes, and to treat the Certificates under the rules applicable to debt instruments for U.S. federal income tax purposes. Under this characterisation, U.S. Holders will be subject to U.S. federal income taxation as if they owned debt instruments instead of Certificates in a trust, and will not be required to take account of income and expenses incurred at the level of the Trust. It is expected, and this summary assumes, that the Certificates will not be issued at more than a *de minimis* discount for U.S. federal income tax purposes.

Periodic Distribution Amounts

Under the U.S. federal income tax rules applicable to debt instruments, payments of Periodic Distribution Amounts will be treated as payments of interest for U.S. federal income tax purposes. Accordingly, a U.S. Holder will be required to include Periodic Distribution Amounts in its income as ordinary income at the time that such distributions are accrued or are received (in accordance with the holder’s method of tax accounting). The Periodic Distribution Amounts will constitute income from sources outside the United States for U.S. federal income tax purposes and should generally constitute “passive category income” for purposes of computing the foreign tax credit (if any) that may be available to U.S. Holders under U.S. federal income tax laws.

Sale, Exchange, Retirement or Other Disposition of Certificates

A U.S. Holder’s tax basis in a Certificate generally will equal the U.S. Dollar cost of such Certificate to such holder. Upon the sale, exchange, retirement or other disposition of a Certificate, a U.S. Holder generally will recognise gain or loss equal to the difference between the amount realised on the sale, exchange, retirement or other disposition (less any amounts in respect of accrued Periodic Distribution Amounts, which will be taxable as ordinary income) and the holder’s tax basis in such Certificate.

Any gain or loss recognised by a U.S. Holder on the sale, exchange, retirement or other disposition of a Certificate generally will be U.S. source capital gain or loss. For U.S. Holders who are individuals, trusts or estates, which hold the Certificates for more than one year, capital gains may be taxed at lower rates than ordinary income. The deductibility of capital losses is subject to certain limitations.

Potential Alternative Characterisation

The Issuer believes that it is appropriate to treat the Certificates as representing debt obligations of the Kingdom and intends to do so. However, the IRS may seek to characterise the Certificates as interests in a grantor trust for U.S. federal income tax purposes. Under this characterisation, while the taxation of the income, gain or loss attributable to the Certificates would be essentially the same as the consequences described above, the Issuer and U.S. Holders would be subject to certain information reporting applicable to foreign trusts. U.S. Holders that fail to comply with these information reporting requirements in a timely manner could be subject to significant penalties, including a penalty of up to 35% of the amount paid for a Certificate and 35% of distributions received from the Issuer. Moreover, a U.S. Holder

that fails to file the appropriate information return within 90 days after the date on which the IRS mails notice of such failure to the holder may be liable for a penalty (in addition to the penalty described in the preceding sentence) of U.S.\$10,000 for each 30-day period (or fraction thereof) during which such failure continues after the expiration of such 90-day period. A U.S. Holder could also be liable for penalties equal to 5% of the gross value of the portion of the trust owned by a U.S. Holder at the close of the year, if the Issuer failed to file a U.S. annual information return and provide each U.S. Holder with a foreign grantor trust owner statement. Similar penalties would be applicable to the Issuer for failure to comply. The Issuer does not expect that it will provide information that would allow either itself or U.S. Holders to comply with foreign trust reporting obligations if they were determined to be applicable. Alternatively, it is possible the IRS could seek to characterise an interest in a Certificate as a direct interest in two separate instruments for U.S. federal income tax purposes, in which case the amount and timing of U.S. taxable income derived from the Certificates could differ from that described above, but the foreign trust reporting rules (and penalties) would not apply. U.S. Holders should consult their own tax advisers as to the potential alternative characterisation of the Certificates under U.S. federal income tax rules and the potential application of the foreign trust reporting rules and the tax consequences generally with respect to an investment in the Certificates.

Information Reporting and Backup Withholding

Payments of Periodic Distribution Amounts and other proceeds made to certain U.S. Holders of Certificates by a U.S. paying agent or other U.S.-related financial intermediary in respect of Certificates may be subject to information reporting. In addition, a U.S. Holder may be subject to a backup withholding tax in respect of such payments if such holder fails to provide its taxpayer identification number, to certify that such U.S. Holder is not subject to backup withholding or of its exempt status, or otherwise to comply with the applicable requirements of the backup withholding rules.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules from a payment to a holder of Certificates generally may be claimed as a credit against such holder's U.S. federal income tax liability provided that the required information is furnished to the IRS. Holders of Certificates should consult their own tax advisers as to their qualification for exemption from backup withholding and the procedure for obtaining an exemption.

Foreign Financial Asset Reporting

Certain U.S. Holders that own "specified foreign financial assets," including securities issued by any foreign person, either directly or indirectly or through certain foreign financial institutions, if the aggregate value of all of those assets exceeds U.S.\$50,000 on the last day of the taxable year or U.S.\$75,000 at any time during the taxable year may be required to report information relating to non-U.S. accounts through which the U.S. Holders hold their securities (or information regarding the securities if the securities are not held through any financial institution). The Certificates may be treated as specified foreign financial assets, and investors may be subject to this information reporting regime. Significant penalties and an extended statute of limitations may apply to an investor subject to the new reporting requirement that fails to file information reports. Each prospective investor that is a U.S. Holder should consult its own tax advisor regarding this information reporting obligation.

The proposed financial transactions tax (the "FTT")

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**participating Member States**"). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Certificates (including secondary market transactions) in certain circumstances.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Certificates where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States and the scope of any such tax is uncertain. The timing for implementation remains unclear. Additional EU Member States may decide to participate.

Prospective holders of the Certificates are advised to seek their own professional advice in relation to the FTT.

SUBSCRIPTION AND SALE

Each of BNP Paribas, Citigroup Global Markets Limited, Gulf International Bank B.S.C., J.P. Morgan Securities plc and National Bank of Bahrain B.S.C. (the “**Joint Lead Managers**”), pursuant to a Subscription Agreement between the Issuer and the Joint Lead Managers dated 18 September 2017 (the “**Subscription Agreement**”), severally agrees to subscribe for the Certificates at the issue price of 100% of the face amount of the Certificates. The Issuer will reimburse the Joint Lead Managers in respect of certain of their expenses incurred in connection with the issue of the Certificates and the Issuer has agreed to indemnify the Joint Lead Managers against certain liabilities incurred in connection with the issue of the Certificates. The Subscription Agreement may be terminated in certain circumstances set out therein prior to payment to the Issuer.

Certain of the Joint Lead Managers and their affiliates have from time-to-time performed, and in the future may perform, various financial advisory, commercial banking and investment banking services for the Issuer and its affiliates, for which they have received and/or will receive fees and expenses.

United States

The Certificates have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of U.S. persons (as defined in Regulation S) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Accordingly, the Joint Lead Managers have agreed, severally and not jointly, to offer the Certificates for resale in the United States initially only to persons who they reasonably believe to be QIBs in reliance on Rule 144A and to non U.S. persons in offshore transactions in reliance on Regulation S. Terms used in this paragraph have the respective meanings given to them by Regulation S.

The Certificates are being offered and sold by the Joint Lead Managers to non U.S. persons in offshore transactions in accordance with Regulation S. The Subscription Agreement provides that the Joint Lead Managers may, through their respective U.S. affiliates, resell a portion of the Certificates within the United States or to, or for the account or benefit of U.S. persons (as defined in Regulation S) only to QIBs in reliance on Rule 144A.

In addition, until 40 days after the commencement of the offering of the Certificates, an offer or sale of Certificates within the United States by a dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with Rule 144A, or another available exemption from registration under the Securities Act.

United Kingdom

Each Joint Lead Manager has represented and agreed in the Subscription Agreement that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (“**FSMA**”)) received by it in connection with the issue or sale of any Certificate in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer or the Kingdom; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Certificates in, from or otherwise involving the United Kingdom.

United Arab Emirates (excluding the Dubai International Financial Centre)

Each Joint Lead Manager has represented and agreed in the Subscription Agreement that the Certificates have not been and will not be offered, sold or publicly promoted or advertised by it in the United Arab Emirates other than in compliance with any laws applicable in the United Arab Emirates governing the issue, offering and sale of securities.

Dubai International Financial Centre

Each Joint Lead Manager has represented and agreed in the Subscription Agreement that it has not offered and will not offer the Certificates to any person in the Dubai International Financial Centre unless such offer is:

- (a) an “Exempt Offer” in accordance with the Markets Rules (MKT) Module of the Dubai Financial Services Authority (the “**DFSA**”); and

- (b) made only to persons who meet the “Professional Client” criteria set out in Rule 2.3.3 of the DFSA Conduct of Business Module of the DFSA Rulebook.

Kingdom of Bahrain

Each Joint Lead Manager has represented and agreed in the Subscription Agreement that it has not offered and will not offer any Certificates to the public in Bahrain except in compliance with the provisions of Article 81 of the Central Bank of Bahrain and Financial Institutions Law promulgated by Legislative Decree № (64) of 2006.

Kingdom of Saudi Arabia

No action has been or will be taken in the Kingdom of Saudi Arabia that would permit a public offering of the Certificates. Any investor in the Kingdom of Saudi Arabia or who is a Saudi person (a “Saudi Investor”) who acquires any Certificates pursuant to an offering should note that the offer of Certificates is a private placement under Article 11 or Article 12 of the “Offers of Securities Regulations” as issued by the Board of the Capital Market Authority resolution number 2-11-2004 dated 4 October 2004 and amended by the Board of the Capital Market Authority resolution number 3-151-2016 dated 21 December 2016 (the “KSA Regulations”), through a person authorised by the Capital Market Authority to carry on the securities activity of arranging and following a notification to the Capital Market Authority under the KSA Regulations.

The Certificates may thus not be advertised, offered or sold to any person in the Kingdom of Saudi Arabia other than to “Sophisticated Investors” under Article 11 of the KSA Regulations or by way of a limited offer under Article 12 of the KSA Regulations. Each Joint Lead Manager has represented and agreed that any offer of Certificates to a Saudi Investor will be made in compliance with the KSA Regulations.

The offer of Certificates shall not therefore constitute a “public offer” pursuant to the KSA Regulations, but is subject to the restrictions on secondary market activity under Article 18 of the KSA Regulations. Any Saudi Investor who has acquired Certificates pursuant to a private placement under Article 11 or Article 12 of the KSA Regulations may not offer or sell those Certificates to any person unless the offer or sale is made through an authorised person appropriately licensed by the Capital Market Authority and: (i) the Certificates are offered or sold to a Sophisticated Investor (as defined in Article 11 of the KSA Regulations); (ii) the price to be paid for the Certificates in any one transaction is equal to or exceeds SAR 1 million or an equivalent amount; or (iii) the offer or sale is otherwise in compliance with Article 18 of the KSA Regulations.

Hong Kong

Each Joint Lead Manager has represented and agreed in the Subscription Agreement that:

- (a) it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any Certificates (except for Certificates which are a “structured product” as defined in the Securities and Futures Ordinance (Cap. 571) of Hong Kong (the “SFO”) other than (i) to persons whose ordinary business is to buy or sell shares or debentures (whether as principal or agent); (ii) to “professional investors” within the meaning of the SFO and any rules made under the SFO; or (iii) in other circumstances which do not result in the document being a “prospectus” as defined in the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong (the “CO”) or which do not constitute an offer to the public within the meaning of the CO; and
- (b) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue (in each case whether in Hong Kong or elsewhere), any advertisement, invitation or document relating to the Certificates, which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to the Certificates which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” within the meaning of the SFO and any rules made under the SFO.

Singapore

This Prospectus has not been registered as a prospectus with the Monetary Authority of Singapore. Each Joint Lead Manager has represented and agreed in the Subscription Agreement that it has not offered or sold any Certificates or caused such Certificates to be made the subject of an invitation for subscription or purchase and will not offer or sell such Certificates or cause such Certificates to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this Prospectus or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of such Certificates, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor pursuant to Section 274 of the Securities and Futures Act,

Chapter 289 of Singapore (the “**Securities and Futures Act**”), (ii) to a relevant person pursuant to Section 275(1) of the Securities and Futures Act, or to any person pursuant to Section 275(1A) of the Securities and Futures Act, and in accordance with the conditions specified in Section 275 of the Securities and Futures Act or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the Securities and Futures Act.

Where the Certificates are subscribed or purchased under Section 275 of the Securities and Futures Act by a relevant person which is:

- (i) a corporation (which is not an accredited investor (as defined in Section 4A of the Securities and Futures Act)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or
- (ii) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor,

securities (as defined in Section 239(1) of the Securities and Futures Act) of that corporation or the beneficiaries’ rights and interest (howsoever described) in that trust shall not be transferred within six months after that corporation or that trust has acquired the Certificates pursuant to an offer made under Section 275 of the Securities and Futures Act except:

- (i) to an institutional investor under Section 274 of the Securities and Futures Act or to a relevant person defined in Section 275(2) of the Securities and Futures Act or to any person arising from an offer referred to in Section 275(1A) or Section 276(4)(i)(B) of the Securities and Futures Act;
- (ii) where no consideration is or will be given for the transfer;
- (iii) where the transfer is by operation of law; or
- (iv) as specified in Section 276(7) of the Securities and Futures Act; or
- (v) as specified in Regulation 32 of the Securities and Futures (Offers of Investments) (Shares and Debentures) Regulations 2005 of Singapore.

Malaysia

Each Joint Lead Manager has represented and agreed in the Subscription Agreement that:

- (a) this Prospectus has not been registered as a prospectus with the Securities Commission of Malaysia under the Capital Markets and Services Act 2007 of Malaysia (the “**CMSA**”); and
- (b) accordingly, the Certificates have not been and will not be offered for subscription or purchase, nor will any invitation to subscribe for or purchase the Certificates be made, directly or indirectly, nor may this Prospectus, any application for the Certificates or any document or other material in connection with the offering, this Prospectus or the Certificates be circulated or distributed in Malaysia, other than to persons falling within Part 1 of Schedule 6 or Section 229(1)(b) and Part 1 of Schedule 7 or Section 230(1)(b) and Schedule 8 or Section 257(3), read together with Schedule 9 or Section 257(3) of the CMSA, subject to any law, order, regulation or official directive of Bank Negara Malaysia, the Securities Commission of Malaysia and/or any other regulatory authority from time-to-time.

Residents of Malaysia may be required to obtain relevant regulatory approvals including approval from the Controller of Foreign Exchange to purchase the Certificates. The onus is on the Malaysian residents concerned to obtain such regulatory approvals and none of the Joint Lead Managers is responsible for any invitation, offer, sale or purchase of the Certificates as aforesaid without the necessary approvals being in place.

General

Each Joint Lead Manager has represented and agreed in the Subscription Agreement that it will comply in all material respects with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Certificates or possesses or distributes this Prospectus and will obtain any consent, approval or permission required by it for the purchase offer, sale or delivery by it of the Certificates under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and neither the Issuer nor any of the Joint Lead Managers shall have any responsibility therefor.

Neither the Issuer nor any of the Joint Lead Managers has represented that the Certificates may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

TRANSFER RESTRICTIONS

Each purchaser of Rule 144A Certificates, by accepting delivery of this Prospectus and the Certificates, will be deemed to have represented, agreed and acknowledged that:

1. It is (a) a QIB, (b) acting for its own account, or for the account of a QIB, (c) not formed for the purpose of investing in the Issuer, and (d) aware, and each beneficial owner of such Certificates has been advised, that the sale of such Certificates to it is being made in reliance on Rule 144A. If it is acquiring any Certificates for the account of one or more QIBs, it represents that it has sole investment discretion with respect to each such account and that it has the full power to make the foregoing representations, agreements and acknowledgements on behalf of each such account.
2. It understands that the Rule 144A Certificates are being offered only in a transaction not involving any public offering in the United States within the meaning of the Securities Act, and that the Rule 144A Certificates have not been and will not be registered under the Securities Act and may not be offered, sold, pledged or otherwise transferred except (a) in accordance with Rule 144A to a person that it and any person acting on its behalf reasonably believe is a QIB purchasing for its own account or for the account of a QIB, (b) to non U.S. persons in an offshore transaction in accordance with Rule 903 or Rule 904 of Regulation S under the Securities Act, in each case in accordance with any applicable securities laws of any State or another jurisdiction of the United States or (c) pursuant to an effective registration statement under the Securities Act.
3. It understands that Rule 144A Certificates sold in the offering will constitute “restricted securities” within the meaning of Rule 144 under the Securities Act, and for so long as they remain “restricted securities” such Rule 144A Certificates may not be transferred except as described in paragraph (2).
4. It understands that the Rule 144A Certificates, unless otherwise agreed between the Issuer and the Fiscal Agent in accordance with applicable law, will bear a legend to substantially the following effect:

THIS CERTIFICATE HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE “**SECURITIES ACT**”) OR WITH ANY SECURITIES REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES AND MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED EXCEPT (1) IN ACCORDANCE WITH RULE 144A UNDER THE SECURITIES ACT (“**RULE 144A**”) TO A PERSON THAT THE HOLDER AND ANY PERSON ACTING ON ITS BEHALF REASONABLY BELIEVES IS A QUALIFIED INSTITUTIONAL BUYER WITHIN THE MEANING OF RULE 144A (A “**QIB**”), THAT IS ACQUIRING THIS CERTIFICATE FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF A QIB, (2) IN AN OFFSHORE TRANSACTION TO A PERSON WHO IS NOT A U.S. PERSON WITHIN THE MEANING OF REGULATION S UNDER THE SECURITIES ACT (“**REGULATION S**”) IN ACCORDANCE WITH RULE 903 OR RULE 904 OF REGULATION S, (3) PURSUANT TO AN EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT PROVIDED BY RULE 144 THEREUNDER, IF AVAILABLE, IN EACH CASE IN ACCORDANCE WITH ANY APPLICABLE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES. NO REPRESENTATION CAN BE MADE AS TO THE AVAILABILITY OF THE EXEMPTION PROVIDED BY RULE 144 FOR RESALE OF THE CERTIFICATES.

5. It acknowledges that the Issuer, the Registrar, the Joint Lead Managers and their affiliates, and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agrees that, if any of the acknowledgements, representations or agreements deemed to have been made by it by its purchase of Rule 144A Certificates is no longer accurate, it shall promptly notify the Issuer and the Joint Lead Managers. If it is acquiring any Certificates as a fiduciary or agent for one or more investor accounts, it represents that it has sole investment discretion with respect to each of those accounts and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of each account.
6. It understands that the Rule 144A Certificates will be evidenced by the Rule 144A Global Certificate. Before any interest in a Rule 144A Global Certificate may be offered, sold, pledged or otherwise transferred to a person who takes delivery in the form of an interest in a Regulation S Global Certificate, it will be required to provide a Transfer Agent or the Registrar with a written certification (in the form provided in the Agency Agreement) as to compliance with applicable securities laws.

Each purchaser of the Regulation S Certificates, by accepting delivery of this Prospectus and the Certificates, will have been deemed to have represented, agreed and acknowledged that:

1. It is, or at the time the Regulation S Certificates are purchased will be, the beneficial owner of such Regulation S Certificates and (a) that it is not a U.S. person (within the meaning of Regulation S) or purchasing for the account or benefit of a U.S. person, (b) that it is purchasing the Regulation S Certificates in an offshore transaction (within the meaning of Regulation S) and (c) it is not an affiliate of the Issuer or a person acting on behalf of such an affiliate.
2. It understands that such Regulation S Certificates have not been and will not be registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States and may not be offered, sold, pledged or otherwise transferred except (a) to a person that it reasonably believes is a QIB in accordance with Rule 144A or (b) to a non U.S. person in an offshore transaction in accordance with Regulation S, in each case in accordance with any applicable securities laws of any state or other jurisdiction of the United States.
3. It understands that the Regulation S Certificates, unless otherwise determined by the Delegate in accordance with applicable law, will bear a legend substantially in the following form:

“THIS CERTIFICATE HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE SECURITIES ACT), OR WITH ANY SECURITIES REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES AND ACCORDINGLY MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED OR DISPOSED OF WITHIN THE UNITED STATES OR TO A U.S. PERSON EXCEPT PURSUANT TO AN EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT.”
4. It acknowledges that the Issuer, the Registrar, the Joint Lead Managers and their affiliates, and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agrees that, if any of the acknowledgements, representations or agreements deemed to have been made by it by its purchase of the Regulation S Certificates is no longer accurate, it shall promptly notify the Issuer and the Joint Lead Managers. If it is acquiring any Certificates as a fiduciary or agent for one or more investor accounts, it represents that it has sole investment discretion with respect to each of those accounts and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of each account.

GENERAL INFORMATION

Authorisation

The entry by the Kingdom into the transactions contemplated by the Transaction Documents was authorised by the Minister of Finance on 13 August 2017.

The Issuer was established on 22 August 2017 for the purpose of, among others, issuing the Certificates and entering into the Transaction Documents. The issue of the Certificates and the entry into the Transaction Documents have been duly authorised by a resolution of the directors of the Issuer dated 10 September 2017. The Issuer has obtained all necessary consents, approvals and authorisations in Bahrain in connection with the issue and performance of the Certificates and the execution and performance of the Transaction Documents.

Listing of Certificates

It is expected that listing of the Certificates on the Official List and admission of the Certificates to trading on the Main Securities Market will be granted on or around 20 September 2017, subject only to the issue of the Global Certificates.

The total expenses related to the admission to trading are €6,900.

Arthur Cox Listing Services Limited is acting solely in its capacity as listing agent for the Issuer in relation to the Certificates and is not itself seeking admission of the Certificates to the Official List of the Irish Stock Exchange or to trading on the Main Securities Market of the Irish Stock Exchange.

Foreign Language

The language of the Prospectus is English. Certain legislative references and technical terms have been cited in their original language in order that the correct technical meaning may be ascribed to them under applicable law.

Significant Change

There has been no material adverse change in the financial position or prospects of the Issuer and no significant change in the financial or trading position of the Issuer, in each case, since its incorporation.

There has been no significant change in the tax and budgetary systems, gross public debt, foreign trade and balance of payments, foreign exchange reserves, financial position and resources and income and expenditure figures of the Government since 31 December 2016.

Litigation

The Issuer has not been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware) which may have or have had since the date of its incorporation a significant effect on the financial position or profitability of the Issuer.

The Government has not been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Government is aware) during the 12 months preceding the date of this Prospectus which may have, or have had in such period a significance effect on the financial position or profitability of the Government.

Clearing Systems

The Certificates have been accepted for clearance through Euroclear, Clearstream, Luxembourg and DTC. The Common Code and ISIN for the Regulation S Certificates and the Common Code, ISIN and CUSIP number for the Rule 144A Certificates are as follows:

Regulation S Certificates

Common Code: 167585507

ISIN: XS1675855073

Rule 144A Certificates

Common Code: 168181680

ISIN: US12480YAA73

CUSIP: 12480Y AA7

The address of Euroclear is Euroclear Bank SA/NV, 1 Boulevard de Roi Albert II, B 1210 Brussels. The address of Clearstream, Luxembourg is Clearstream Banking S.A., 42 Avenue JF Kennedy, L 1855 Luxembourg. The address of DTC is 55 Water Street, New York, New York 10041, United States of America.

Documents

For the life of this Prospectus, physical copies of (i) this Prospectus, together with any supplement to this Prospectus or further Prospectus; (ii) the Transaction Documents; and (iii) the Issuer's Memorandum and Articles of Association, are available for inspection and/or collection at the specified offices of the Principal Paying Agent as set forth on the back cover of this Prospectus. So long as the Certificates are listed on the Main Securities Market, the following documents will be available by electronic means on the internet site: www.mof.gov.bh (i) the consolidated final accounts of the Government for the years ended 31 December 2013, 2014, 2015 and 2016; and (ii) the latest budget for the current fiscal year, once approved. The consolidated final accounts of the Government for the years ended 31 December 2013, 2014, 2015 and 2016 have been audited by the National Audit Office and were approved by the legislative assembly in accordance with Clause 113 of the Constitution.

The internet site www.mof.gov.bh does not form part of this Prospectus for the purpose of its approval or the listing of the Certificates.

Since the date of its incorporation, no financial statements of the Issuer have been prepared. The fiscal year of the Issuer will end on 31 December of each year, except that the first fiscal year shall be from 22 August 2017 to 31 December 2018. The Issuer will prepare and file its annual audited accounts with the Ministry of Industry, Commerce and Tourism but is not required to, and does intend to, publish annual audited accounts. The Issuer will not prepare any interim accounts.

Contact Details

The telephone number of the Issuer is +973 17547777.

Joint Lead Managers Transacting with the Issuer

All or some of the Joint Lead Managers and their affiliates have and/or may in the future engage in investment banking, commercial banking and other financial advisory and commercial dealings with the Kingdom and its agencies and in relation to securities issued by the Kingdom and its agencies. They have or may (i) engage in investment banking, trading or hedging activities, including in activities that may include prime brokerage business, financing transactions or entry into derivative transactions, (ii) act as underwriters in connection with offerings of securities issued by the Kingdom and its agencies or (iii) act as financial advisers to the Kingdom and its agencies. In the context of these transactions, certain of them have or may hold securities issued by the Kingdom and its agencies. Where applicable, they have or will receive customary fees and commissions for these transactions.
